THE DAILY APPEAL.

FRIDAY MORNING, AUGUST 28, 1857.

NOTICE THIS.

We frequently receive remittances for our paper at rates below those advertised. This is entirely useless, as our rates are fixed and will be departed from in no instance. Such remittances are returned in every instance, and to avoid all trouble and hazard of loss hereafter, we desire the especial attention of all concerned to this notice.

☞ All persons are requested not to purchase papers from our regular carriers, as they are not authorized to sell them. An observance of this request will greatly oblige the publishers.

☞ We are indebted to Mr. J. E. CHADWICK, who has just returned from the North, for late New York papers.

☞ We are indebted to Mr. W. McCREIGHT, clerk of the steamer *James H. Lucas*, for late St. Louis papers.

THE revival at Asbury Chapel continues with unabated zeal, and many conversions have been made this week.

☞ Mr. HIRAM F. CUMMINGS, editor of the *Paris Sentinel*, has been in our city some days, and is stopping at the Worsham House.

FIRST SALE OF COTTON.—We learn that the first bales of Cotton, two in number, shipped to New Orleans and sold in that market about five days since, brought 18 cents per pound. It was a fine article.

☞ Yesterday until noon, it rained almost incessantly. In the afternoon the heavens cleared off and the sun shone out, but the atmosphere was quite cool for the season. It is greatly feared that the cotton crop has suffered immense damage by the rains, and a succession of cool nights.

☞ The new verandah being put up in front of MOSBY & HURT's new block on Front Row, was cast by Messrs. WOOD & PAROT, of Philadelphia, and the pattern was original with Mr. ROBT. FLETCHER, architect of this city, who is agent for the above firm. We refer to their advertisement in another column.

HARPER FOR SEPTEMBER.—We are indebted to our friends Geo. PATTISON & Co., Main st., for a copy of Harper's *Magazine* for September. The present number is replete with rich and entertaining matter, particularly the editor's table, which always contains something good. The Messrs. PATTISON have also received the other periodicals for the month.

☞ Hon. D. W. BALLEW, late a Senator from McMinn county, in the Legislature of Tennessee, is in the city. In company with the gallant victor in the Ninth Congressional District, Gen. J. D. C. ATKINS, he made us a visit yesterday. Mr. BALLEW and Gen. ATKINS served together as Senators in the last Legislature. They are both gallant, talented and true Democrats.

CAMP MEETINGS.—A Camp Meeting of the Methodist denomination is being held on the line of the Mississippi and Tennessee Railroad. It will be seen by advertisement in another column that an extra train of cars will run on Sunday next to accommodate those from the city who may wish to attend camp meetings in Fayette and Tipton which are also going on very successfully.

STEAMER WOODRUFF.—This boat, which passed up the river day before yesterday, is one of the very best of the St. Louis and New Orleans packets. In all her appointments complete, in her second season, efficiently officered, the *Woodruff* is one of the most pleasant boats that floats the Mississippi waters. To such of our friends as may desire a quick and delightful trip to St. Louis or New Orleans we most cheerfully commend her and hold ourselves responsible for their comfort.

CROPS IN CENTRAL MISSISSIPPI.—One of the editors of the APPEAL paid recently a short visit to Jackson, Mississippi. The information he was able to obtain in reference to the growing cotton crop was highly favorable. A large crop will most undoubtedly be gathered unless early and killing frosts overtake the planter. From present indications if favored by further propitious seasons, the crop will not only be nearly or quite an average in the Mississippi valley, but it will also command very high prices.

THE NEW GAYOSO.—We learn that our friend COCKRILL takes his departure for New York on Saturday next, for the purpose of selecting furniture for this Hotel, which, when completed, will be without a superior in all the South. It is estimated that the furniture will, at New York prices, cost between $70,000 and $90,000. We doubt whether there is a man, North or South, better qualified to take charge of it, than the present proprietor, so that the traveling public may rely with confidence upon accommodations which will place Memphis on an equal footing with any city North or South. Our rising city needs and deserves a Hotel of the first dignity, and when the Gayoso shall be completed she will have it.

ATTEMPTED SUICIDE.—The parties mentioned in the following from the Aberdeen *Conservative*, it will be recollected attempted to commit suicide in this city sometime in June last:

On last Saturday night a man named John F. Slade, and his wife, a decent young looking woman, arrived here from Memphis and put up at a hotel. That evening they sent down to the bar to send for three ounces of laudanum. The gentleman in attendance refused to permit a servant to bring such an article. On Monday morning, however, the man being out, his wife came down stairs and walked quickly to the drug store. The desire to procure laudanum previously, coupled with the fact that the woman had been almost all the time bitterly weeping, aroused the suspicions of the landlord. He followed her to the store, and ascertained that she had bought a vial of laudanum. The chambermaid was hurried to her room, and after a struggle, succeeded in wresting the vial from her just as she was putting it to her lips. She is said to have respectable parents in Missouri, and gentlemen here offered her money to return to them, but she refused, and followed her husband on foot.

River Matters.

The river at this point is still receding, and reports from above brings us accounts of low water. There is yet plenty of water in both the Ohio and the Mississippi as to not materially interfere with navigation, and it is believed that the rains which have occurred above will soon cause a rise. Red River is up and the Ouachita is also rising; White and Arkansas rivers are still low, the former having hardly sufficient water for the smallest class boats. During yesterday there was some three or four arrivals of boats both from above and below, all with good freights. There will arrive to-day several boats, and we may expect from this time forth to see business at the wharf more animated.

The *James H. Lucas*, a new packet in the trade between this city and St. Louis arrived from the latter place yesterday with a good freight list. She will leave again for St. Louis this evening at 3 o'clock, and we commend her to the attention of shippers and passengers.

Our New Orleans packet steamer *Belfast*, after discharging her freight here proceeded on to St. Louis last evening.

The *Lebanon* will be at the wharf this morning from Cincinnati, and will probably return to that city to-morrow evening.

The steamer *Winchester*, Capt. Will Wood, will leave this evening for St. Louis.

The U. S. mail steamer, *T. C. Twitchell*, passed up yesterday for Cairo, and will return to this place on Monday evening next.

The favorite packet, *Kate Frisbee*, Capt. McManus, leaves at 2 o'clock this evening for Napoleon, where she will connect with the White river mail boats.

The St. Louis *Republican* of the 25th has the following in reference to the condition of the river at that point:

THE RIVER, &c.—The river at this point continues to fall steadily. There is seven feet in the channel hence to Cairo. The *Maria Denning*, bound for New Orleans, is aground at the Barracks. The *Meteor*, in from the Missouri last evening, reports four feet on the worst bars, and the river at a stand. She also reports copious rains all along the river. We have no chance to notice in the Upper Mississippi. The last report was twenty-seven inches on the Upper Rapids. The Illinois river is on the rise, with three feet in the channel. Arrivals were numerous yesterday and business was brisk on the Levee. The weather was cool and pleasant. Toward evening the air became quite chilly, and appearances indicated rain.

The St. Louis *Evening News*, of the same date, furnishes us with the following:

ROBBERY ON THE STEAMER ST. CATHERINE.—This morning the boldest and most daring robberies that has for some time occurred in this community, was perpetrated on board the steamer. One of the passengers named Thos. A. Baker, of the house of Young, Bros. & Co., on arriving, took his money, some $1,500, mostly in checks, and his gold watch from under his pillow, placed them in his vest pocket and hung them behind the door, went to the washroom; and when he returned and put on his vest, found money and watch gone. He gave the alarm, but up to this time, nothing had been discovered.

☞ We publish the following as a matter of information to many of our citizens who are interested in the matter. It should have appeared yesterday morning, but was in some way mislaid:

MESSRS. EDITORS: As our citizens are largely interested in Swamp Lands in the State of Arkansas, and as there have been a great many illegal transfers of the certificates issued by the agents of the Swamp Lands, I take the liberty of furnishing you with the legal form of transfer; also, instructions as to how they should be acknowledged, so as to make the transfer legal:

TERMS OF TRANSFER.

For value received, I, ..., to whom the within certificate of location was issued, do hereby sell and consign unto ..... of ....., and to its heirs and assigns forever, all my right, title, interest and claim to the lands described the rein; and authorize him to receive a deed or patent for the same. Witness my hand and seal this ..... day of ....., 185..

Witness, ... [seal.]

This transfer must be witnessed by two subscribing witnesses; if done within the State, it must be acknowledged before a Justice of the Peace, and if done without the State, must be acknowledged before a commissioner appointed by the Governor of the State of Arkansas, and certified under his seal of office.

A large number of these certificates of location are in the hands of our citizens, having been transferred some two or three times by simple endorsement on the back of them. Persons holding these certificates would do well to attend to them without delay, as they are worthless in their present state.

I am, respectfully, your ob't serv't.

Ague and Fever, or Chills and Fever

CURED BY

SMITH'S

TONIC SYRUP.

THIS justly celebrated medicine has for many years been manifested its superiority over all other remedies, for the certain, speedy, and permanent cure of the Ague and Fever, or Chills and Fever, whether of short or long standing; and in no case will it fail to cure, if the directions be strictly followed and carried out.

This remedy has been extensively used throughout the States of Kentucky, Tennessee, Ohio, Indiana, Pennsylvania, Virginia, Maryland, Iowa, Wisconsin, Illinois, Missouri, Texas, Arkansas, Alabama, Mississippi, and Louisiana, and has permanently cured over TEN MILLION cases, in all its varied forms, many of which had been of from one to thirty years' standing, and had resisted all the usual remedies known to the profession, and in no case did this medicine fail where the directions were properly followed. Such is its invariable success, that a large number of medical practitioners and medicines, in various parts of the country, use and prescribe it in preference to Quinine and all other remedies.

By its superior tonic properties, and its valuable properties added to its tonic qualities, it is rendered eminently superior to Quinine and other remedies as a general and popular tonic, in all cases in which Quinine or Bark is proper to be administered. The proprietor, therefore, respectfully invites practitioners and the public generally to give it but a fair trial, and they will then be convinced of its great superiority over all other remedies now in use for the purposes specified.

Persons living in districts of country subject to Ague and Fever, Chills and Fever, or Bilious Fevers, would do well to keep a supply of this valuable remedy always on hand.

The proprietor has now in his possession thousands of certificates of the value, given by persons who have used it, with many letters from merchants who have sold it largely in their country, and who are well known to the practitioners, who have used it in preference to other remedies, attesting its value.

JOHN SMITH, Proprietor.

Commercial Matters.

OFFICE OF THE DAILY APPEAL,
FRIDAY, August 28, 1857.

The exceedingly light stock of Cotton on hand, and the demand being for only Middling and Low Middling qualities, the market is not very active, and pleases the holders of the few bales offering the entire control of the mart of late. The grades mentioned are in request and readily yield the extravagant price of 16c. per pound. The Wheat market is very irregular. Our prices in this article is big so entirely dependent upon the Northern markets, the figures have rapidly declined. The arrivals of grain are exceedingly light, and there is very little doing of note.

The more active demand for money, incident to the approaching business season, creates more urgent call upon the banks. On the street undoubted paper continues to be negotiated at 10 @ per cent.; good second class, we quote at 12 per cent. a month. Some not rare able descriptions are shaved to the extent of 5 per cent. a month. Exchange is dull; Sterling on New York is 1 @ 2 per cent. premium, and New Orleans par to 1 premium.

BAGGING AND ROPE.—India Bagging 18½@19c; Kentucky Bagging, 17@18 for Hand Loom; and 16@20 for Power Loom; Rope, Hand Spun, 9@10c., Machine Spun, 11@11½c.

FOREIGN MARKETS.

The following summary of the state of the markets on the continent of Europe, embraces, it will be seen, nearly every grain port, or grain producing district, of any importance. They show, with very few exceptions, a settled decline in prices:

In the Dutch markets the tendency of prices was downward. The Hollandsche Koopman, of Amsterdam, has been without much alteration in value, high mixed Polish being nominally up to 60s ⅌ qr. in storeroom, with small arrivals, leaves a quotation of 58s. Meanwhile there was a moderate consumptive demand for wheat, which served to sustain the rates. Rye was also firm. The British markets continue going down. At Antwerp scarcely anything was doing in wheat and barley, and scarcely sufficient business in rye to make a claim to trade, with very little alteration in quotations. At Berlin the return of due wealth r and lowered prices, and it was expected there would be a still further decline. Meanwhile it continued. Wheat was quoted at 37s. 9d. to 38s. 9d. Rye 31s. ⅌ qr. At Stettin, in Prussia, wheat had fallen 6s. ⅌ qr. The last advices from Odessa were full, but with no change in prices. Rye was to be bought at 37s. to 38s. 3d. ⅌ qr. At Taganrog, by last accounts, prices of wheat were declining, good hard being quoted 40s. 9d. to 41s. 3d. ⅌ qr., and soft 40s. to 40s. 6d. ⅌ qr. At Berdiansk, soft wheat, though nominally held at about 40s. 3d. ⅌ qr., was doubtfuls procurable at less money. Letters from Galatz and Ibraila by crops of wheat and rye as of extremely fine quality. Barley had partly suffered from rain; it was nearly all cut. Advices by decline in prices were received from all sides. Marked advance answer to those predicted, prices having steadily fallen. So to have taken place at Tiflis. 100l. ⅌ qr. When gathered, prices of wheat were expected to decline to half their former value, which would bring them to about 20s. ⅌ qr. Accounts from Bagdad for are equally favorable as to future prospects of the whole Pashalic. At Paris the flour market had quite recovered its late superiority to the grain market. Prices were dropped of at 44s. 6d. to 45s. ⅌ 280 lbs. The first marks were held at 44s. 6d. to 45s. ⅌ 280 lbs. Wheat, for the present, was little sought for, now as also for delivery. Rye was not wanted to be had at 26s. 6d. to 28s. ⅌ qr. to deliver in five months, 28s. to 30s. ⅌ qr.; oat, though not plentiful, was quoted at 18s. 10d. to 20s. ⅌ qr. There was no change in rye or barley. Some of the country markets have risen, but others have continued to decline, at Gainsboro, Marcillac and Pamiers, nearly to the same extent.

According to the circular of a prominent house in Liverpool, accounts from all parts spoke very flatteringly of crops. The North of Germany only offered an exception. The deficiency in the imports of cotton from the United States to Liverpool is reckoned by the same authority at 290,000, but in consequence of heavier arrivals from the East Indies the aggregate deficiency is only 90,000. The total cargoes at sea not from Bombay for Europe were more than sufficient to overcome that amount. The following remarks upon the general market, taken from the same circular, contains a notice of a reshipment of lard to the United States:

The market has shown much firmness, although the transactions have been comparatively few. For India, hardly anything is doing; but the production having been refined, the want of the demand is felt less sensibly. There has been less demand for pork, but prices are truly mentioned. The weather continues to be most favorable and harvesting makes good progress; a want of hands is complained of, as all the grain crops have ripened simultaneously. The country markets are recording heavy There was a moderate ash trade on Tuesday, the trade acted with great caution. Wood received 10 qrtl., and three bd. pr barrel. White oats were sold at 46s., but rather was bd. cheaper. To-day's market was affected by the heavy rains which have taken place during the night and the morning, and wheat as well as flour fully received the decline of the last market day, while wheat is worth 2s. @2s. 6d. ⅌ qr. We quote: Wheat, Ohio, 32s. @ 34s.; Philadelphia and Baltimore 35s. 6d @38s. 6d., Ohio 32s @35 d., extra Baltimore 40 d. Indian corn was in small demand, a good deal of supply was expected from the Mediterranean, and the holders were willing to take 1s. @2s less price at 27s. @28s. ⅌ qr. Sugar had relied for a time when it was found that the reports of large shipments from the United States had been much exaggerated, but the article has become dull again and prices have declined 1s.; 400 tons unclaimed Manilla have been sold 27s. d.; about 450 bags Porbanca at 40s., in bonds, the trade is universally complained of as dull. Coffee continues much depressed, no sale has been made. The sales of coffee are limited to 150 bags Rio, at 48s. @48s. for ordinary to good ordinary unwashed, and a cargo of 2,000 bags St. Domingo sold at a price not known. The commencement of the Dutch sales on the 24th August compared only from 5@6d lower than those of the 4th. Sales 4 thousand.

LIVERPOOL MARKETS.

Per Arglo-S. Ind.)

LIVERPOOL, Tuesday, August 11.—Cotton—There has been a firmer feeling in the market for the past three days, but without material change in prices. Sale on Saturday, Monday and to day 12,000 bales, of which 1,000 bales were taken by speculators, and about the same quantity for export, the market closing with an upward tendency.

GREAT SALE

OF

VALUABLE TOWN LOTS.

On the 1st of September next,

I WILL SELL at public auction, the most desirable property within the corporate limits of Jackson, TWENTY ACRES OF GROUND, immediately North of Maj. Bullock's, which will be divided in different size lots, suitable for private residences.

It is in the most healthy and best settled portion of Jackson and in full view of the Mobile and Ohio Railroad Depot, and is sufficiently far off not to be disturbed entirely private. Also, will be sold, also

Fifty Lots,

For Business Houses, opposite and near the Depot of the Mobile and Ohio Railroad. To those who know the property it is not necessary to say that nearly all the hotels, Receiving and Forwarding, Produce and Grocery houses will be located at this Depot.

Hotels and Business Houses will be put up on these lots, so as to be convenient to the Railroad. The above mentioned property will be sold on a credit of 1 to 5 years, with two good securities—interest from date, and a lien retained until the purchase money is paid.

$100 Reward.

RANAWAY from my plantation on the Tallahatchie river, on the night of the 24th of August, two Negro men—ALLEN and STEPHEN.

ALLEN is black about 24 years old; medium size; came from Maryland; belongs to Mr. Marriard, but spring; is to make by W. L. Campbell, of New Orleans. Stephen is a dark or yellow complexion, about 22 years old; came from Cass county, Missouri; last fall.

They took away both working and Sunday clothing. I will give $50 apiece for their delivery to me, or detention in jail so that I can get them, if taken out of Tallahatchee county, or $25 apiece if taken in the county.
