THE DAILY APPEAL.
FRIDAY MORNING, SEPTEMBER 4, 1857.

OUR ADVERTISERS.

Our columns are so crowded with the favors of our advertising patrons, that much against our wishes, we are constrained to exclude almost daily, editorial and news items already in type. Of course we will do the very best we can by our readers under these circumstances, but in all cases advertisers must have the preference.

Without noticing each advertisement in detail, we must ask the attention of all who wish to buy or sell anything, or who want anything, to the advertising columns of the APPEAL. They are the best reflex the public can have of what is going on in their midst. Everybody takes the APPEAL, everybody reads the APPEAL, and everybody with judgment, discrimination and taste, advertises in the APPEAL. It is sought after and seen by everybody, and advertisers are shrewd enough to see and know that it is the very paper for their purposes.

Besides, our large sheet enables us to display the advertisements of our customers to better advantage. So that the eye of the reader is attracted to them at once. If you wish to do a thriving business, we say again, advertise in the APPEAL.

☞ We are again placed under obligations to the Agent of the Adams Express Company for late Philadelphia papers.

☞ The camp meeting will commence at the Wesley Camp Ground to day. P. M. PATTERSON & BRO. will have their omnibuses in attendance during the entire meeting. 1t

☞ A portion of the journeymen bricklayers of Memphis are at present on a strike for higher wages. The regular wages is three dollars per day. They demand three and a half.

☞ We learn that a contract has been made for building immediately two large business houses on the property of E. MAGEVNEY, on Main street below Union, adjoining the house occupied by NELSON & NAWELL. We like to see such improvements going on, as they are in almost every part of our city.

THE BOLTON CASE.—MESSRS. E. M. YERGES and R. H. STANTON, counsel for BOLTON, returned last evening with a new writ of habeas corpus, directed to Sheriff FELPS, returnable before Judge FITZGERALD at Paris, Henry county, on the third Monday of the present month.

"THE SOUTHERN CITIZEN."—Such is the title of a new political, commercial, and literary journal, which is to be published in Knoxville, by JOHN MITCHELL and W. G. SWAN. The "Citizen" will be Democratic and State Rights in politics. The first number will appear between the first and fifteenth of October.

☞ It will be seen by a notice in another column, that this and to-morrow evenings will be the last opportunity our citizens will have of seeing HARDING'S Panorama at Odd Fellows' Hall. All who have not witnessed this interesting exhibition, should attend this evening. A gentleman from New Orleans has volunteered to sing the Marseillaise Hymn.

SUCCESSFUL SUIT OF A DISTINGUISHED MISSISSIPPIAN.—By an announcement in the appropriate place, it will be seen that our friend, Prosecuting Attorney, Gen. JOSHUA WHITMORE, has abandoned the utopian idea of single blessedness, and taken captive one of the fair daughters of Tennessee in holy wedlock. It is regarded as one of the best suits ever prosecuted by him, and so adroitly was it conducted that he had a verdict in his favor long before the slightest suspicion of success was aroused. Long life and unclouded skies to him and his.

A MISTAKE.—Messrs. T. B. MYNATT & Co., Detective Policemen, have information contradicting the reported drowning of Dr. BRIAN, mentioned in one or two of the city papers. He was in Cincinnati at latest dates. The report originated in the fact of his having been upset by the swamping of a skiff, in which he was being landed from a flatboat at Gaines' Landing. The two oarsmen belonging to the boat were drowned, but the Doctor escaped, with the loss only of his saddle-bags containing some two or three hundred dollars in money, which he intended to pay to a gentleman at LEAKE'S store. Being without means by this loss, he took the first boat passing and went to Cincinnati. His family have already been apprised of his safety.

BRUTAL AND FATAL OUTRAGE.—A highly intelligent gentleman of Helena yesterday informed us of a most melancholy tragedy, which occurred on Tuesday last, in Philips county, Arkansas, not far from Helena. Mrs. KEYS, the wife of a highly respectable and worthy planter, was stabbed, and, it is believed, mortally wounded, by her step son-in-law, whose name is Norwood. It seems that the overseer of KEYS had been badly stabbed by one of the negroes, and was lying very low from the effects of his wounds. Norwood was engaged with him in conversation on the subject of the stabbing, when Mrs. KEYS took sides with the overseer. Some harsh words passed between her and Norwood, when he drew his knife and stabbed her in several places. No hopes are entertained of her recovery. Norwood lives in Mississippi, and at the time was on a visit to his father-in-law, Mr. KEYS. He made his escape immediately, and has not been heard of since. We do not know how to comment on such a fiendish deed. It is much to be hoped that he may be arrested and brought to condign punishment.

There may be other circumstances connected with the case, but we give the story as we heard it.

THE CASE OF DR. FRAIM.—As there are many and widely exaggerated rumors in the city in regard to Dr. FRAIM having whipped a man named WILLIAMS to death, we deem it but a simple act of duty to give the facts in the case, in order that the public may be rightly informed. Dr. FRAIM, it seems, had reason to suspic on this man WILLIAMS (who had previously been in his employ) of setting fire to and destroying some three hundred cords of wood belonging to him. He was led to this belief by a neighbor of his, Mr. BRIDGEWATER, who, with the Doctor's son, assisted in the arrest and severe whipping of WILLIAMS. The latter assoon as he was released from his lawless prosecutors, came to the city and swore out a warrant against FRAIM and his son before Esq. HORNE. The Doctor was on the same day, by authority of this writ, arrested by Deputy Sheriff POWELL, and on being arraigned before Esq. HORNE, he was required to give a bond in two thousand dollars for his appearance, at the next term of the Criminal Court, which he did. His son also gave a similar bond for his appearance.

Such is a true statement of facts according to the best information; and all subsequent statements in regard to the matter are without foundation, and had their origin in the idle brain of some gossiping newsmonger. WILLIAMS is not dead, but at least accounts was alive and around as ever. Efforts will be made to arrest him in order to secure the release of BRIDGEWATER, who is now wrongly imprisoned, on the charge of being accessory in causing his death. Dr. FRAIM is not a fugitive, as no further charge is rearing against him than that for which he has obligated himself by bond and security to appear and answer. These facts may be relied upon as true.

River Matters

There was considerable business done at the landing yesterday, and we observed a considerable increase in the receipts of produce by the several steamers that arrived. The river is still slowly receding, but there is yet sufficient water in the upper streams for the purpose of navigation.

The elegant steamer *Jas. H Lucas* arrived in port yesterday from St. Louis, and we are indebted to her obliging officers for late papers. She will return this evening at 3 o'clock, connecting at Cairo with the Illinois Central railroad.

The packet steamer *Hickman* left for Cincinnati last evening.

Our elegant New Orleans packet steamer *Ben. Franklin*, left for that place last evening with a very large passenger list.

The steamers *Henry Fitzhugh* and *Gen. Pike* will be in port to-day from Louisville. The *Gen. Pike* will not return until to-morrow.

It is stated that the steamer *J. C. Fremont* is coming into the trade between this city and Cincinnati. If it is true, as intimated by many dissenters from Shakspeare, that there is something in a name, we apprehend that boat will not run well in these waters.

The steamer *Kate Frisbee* will leave for Napoleon at her regular hour to-day, 2 o'clock, P. M.

Capt. Wood's fine little steamer *Winchester* will leave for Vicksburg to-morrow evening at 8 P. M. This boat connects at the latter place with the New Orleans packets.

The steamer *Southerner* will leave this evening for Louisville. She is a fine boat, and persons going North cannot find a more expeditious or agreeable traveling vehicle.

Proceedings of the City Council.

An adjourned meeting of the City Council was held last evening. Quorum present. Alderman CORELAND in the Chair.

The petition of Mrs. KENNY to keep a "movable cake-shop" was laid on the table.

The memorial of Mr. J. R. WRAY, relative to laying down a pavement in front of his premises was received, and prayer of petitioner granted.

Alderman HUGHES offered a resolution that Mr. GRANT be instructed not to pave in front of Mr. WRAY's property until instructed.

Alderman STREET offered a resolution that the Hook and Ladder Company be allowed the privilege of putting up a temporary shed on Adams street to shelter their apparatus. Carried.

Alderman MARTIN moved a reconsideration of an ordinance in relation to the condemnation of property on Huling street, and offered an ordinance repealing that portion of the ordinance relating to pavements on that street, between Shelby and Main.

Mr. Hughes offered a resolution enforcing a penalty, under certain restrictions, in regard to the erection of privies or cess pools on the premises of property holders, to take effect after the 1st of November next. Passed on its second and final reading.

Ald. Street offered to amend by striking out Talbot, from Shelby to Main. Ayes and nays being called, the amendment was lost.

The vote upon the original resolution being taken, the ordinance was passed under a suspension of the rules.

Ald. Hughes offered a resolution that the Mayor be authorized to settle with A. B. Taylor. Carried.

Ald. Leland moved the adoption of the new grade of Poplar street as suggested by the Engineer. Referred.

Alderman Erwin offered an ordinance that when the grade of any street had been made by the City Engineer, that a profile of the same be left in the Mayor's office, and publication be made in the city papers, to afford persons interested an opportunity to object to the same, before the adoption of the grade by the Board.

Alderman Erwin offered a resolution that the Mayor be authorized to purchase suitable grounds for a Potter's Field.

The resolution was amended, adding the Finance Committee, and the resolution passed.

Alderman Leland offered a resolution requiring the Poplar street Plank Road Company to consent to a change of their grade on that street, so as to conform to the other streets in the city. Referred to the Mayor.

Alderman Street offered a resolution relative to the sale of certain property belonging to the city, which, on motion of Alderman Hughes, was referred to the Finance Committee.

[Alderman Street's resolution desired the proceeds of the sale to be appropriated to the building of school and market houses.]

Ald. Leland offered to amend his resolution, relative to the grade on Poplar street, with the proviso that the city should not be requested to replace the plank upon the new grade. Referred to the Mayor.

Ald. Martin offered a resolution that a sum sufficient for the purpose be appropriated to pay the freight on the iron fence for Court Square as it arrives, and that Mr. Fackler and Fonvielle be requested to superintend the erection of the fence. Passed.

The account of J. Hitchler was referred to the Improvement Committee, with power to act.

A resolution was offered by Mr. Finnie, instructing the Street Commissioners to take up the *worthless* plank on Hernando street and sell it, the *valuable* plank to be retained for other uses of the city. Passed.

Alderman Faulkner made inquiry relative to the improvements of Front alley, between Monroe and Union streets, and was referred to the Improvement Committee.

A resolution was offered that the City Attorney and Mayor be authorized to exercise their discretion in the settlement of the fines and forfeitures of the Criminal Court. Referred to the Finance Committee.

A resolution was offered that a stone sewer be made across Main street, opposite Old Fellows' Hall. The sewer to have cast iron cover. Laid upon the table.

A resolution was offered by Alderman Finnie, ordering the City Engineer to grade and pave the north side of Court Square, preparatory to putting up the fence. The resolution, after much discussion, was laid upon the table.

Alderman Hughes offered a resolution that the Engineer make a new survey of the city, in order that the Assessors may better ascertain the value of property. The survey to be made without touching the established corners, and the same to be made under the direction of the Improvement Committee. Referred to the Mayor and Improvement Committee.

Adjourned.

☞ We direct attention to the card of Messrs. CARSON, SEARBOOK & JONES, who have added to their former business that of Cotton Factors and Commission Merchants. The members of this firm are all alligent, active and capable business men and merit public confidence. d&w1w.

MARRIED.

On the evening of the 1st inst., in this vicinity, Gen. JOSHUA WHITMORE, of Marshall county, Mississippi to Mrs. MARTHA D. BOTTS.

DIED,

Suddenly, at Germantown, Tipton county, on Monday night last, THOMAS J. NOLAND, aged 37 years.

Mr. NOLAND was a gentleman highly esteemed by all who knew him. He was noble and kind to a fault, and he has left behind him troops of friends who sincerely mourn his death. His remains were interred last Wednesday, in Elmwood Cemetery, near this city.

Indigestion.

DARNESTOWN, MONTGOMERY Co., MD., January 31st, 1857.
