THE DAILY APPEAL.

SATURDAY MORNING, SEPTEMBER 12, 1857.

☞ Yesterday afternoon the weather was quite warm, reminding us that although the "summer is past," yet its heat has not entirely disappeared.

☞ Among the absentees who have returned, we notice the Rev. A. M. Bevan, D. D. He will resume his ministerial labors on Sabbath next.

Public Schools.—A house having been secured on the south side of Jefferson street, between Third and Fourth, Prof. L. G Marshall will regularly open the Senior School on Monday next.

☞ First Bale from Fayette County.—The first bale of new cotton from Fayette county, was received in this city yesterday by Messrs. E. M. Apperson & Co., from the plantation of Mr. Henry Parish. It classed as Middling Fair.

First Bale of Cotton from Marshall County, Miss.—Messrs. E. M. Apperson & Co. received the first bale of new cotton from Marshall county, on the 10th inst., grown on the plantation of Mr. Wash. S. Taylor. It was classed as Middling Fair.

The Bolton Case.—Judge Fitzgerald has, so we learn, changed his writ of habeas corpus, issued on behalf of Bolton, as to make it returnable before him at Trenton, in Gibson county, on the first Monday of October next, instead of the third Monday of September.

☞ We would call the attention of our readers to the card of H. M. Grosvenor, who has just returned from the East with restored health and unabated energies. He is now receiving one of the largest and most select stock of furniture, carpeting, and every thing in his line, in which he offers great inducements to purchasers.

Detention of the Cars.—The passenger train on the Memphis and Charleston Railroad did not arrive until about 10 o'clock last night, owing to a slight accident which occurred at Lucka in Tishomingo county. The hindmost car ran off the side track in backing the train in the main track. No injury was done to either the cars or passengers. The cars were filled, as usual, with passengers.

The New Theatre.—Owing to an accident which occurred in raising the heavy rafters, a few days since, the progress of the new Theatre was somewhat retarded. It is now, however, under full headway, and begins to display its beautiful proportions. It will soon be covered in, and all the inside work done. After which, but a short time will elapse before it is entirely finished. When completed, in the style designed, it may be pointed to as the most beautiful structure in the city, as well as one admirably adapted, in every conceivable respect, to the purposes for which it was intended. Intending to make it an ornament to the city, the stockholders have not consulted expense. It is estimated that the cost of it will not fall short of $40,000.

Demand for Business Houses.—There could be no better evidence of the prosperity and growing importance of Memphis than the fact that, with even the high rents which are being exacted, it is with the greatest difficulty that business houses can be obtained. We believe there is not at this time a business house in all the city unoccupied. Almost every day we hear of persons, who had intended locating here, leaving the city because they could not, after diligent search, obtain suitable rooms for their purposes. This is truly encouraging. We doubt whether it can, with as much truth, be said of any other city in the Mississippi Valley. Moreover, it should, and we doubt not will, have the effect to impress upon our property-holders the absolute necessity and the great advantage of covering their vacant grounds with fine brick buildings to meet the increasing demand for them. The applications for residences are equally numerous, and the same difficulty is encountered in obtaining such as are suitably located. Fifty or one hundred more cottages might be rented at high prices. We trust that our wealthy real estate holders, looking not less to their own interest than the advancement of our thriving city, will see that this obstacle and difficulty is not met with during another business season. Now is the time to prepare to build, and they should improve it.

A CARD.

We, the undersigned, citizens of Memphis and Shelby county, believing that the ends of justice are observed by a strict observance of the law and a proper respect for the action of its constituted authorities, and having no other motive in view than the best interests of society, respectfully recommend to all whom it may concern, that the citizens of Memphis abstain from any interference with the execution of the writ of habeas corpus issued to the Sheriff of Shelby county, commanding him to have the body of Isaac Bolton before Judge Fitzgerald at Paris, on the third Monday in September, and that said Sheriff be permitted to discharge his duty in the premises, without molestation:

Port of Memphis.

River Matters.

Arrivals and departures at our wharf were not so numerous, or business in the way of shipments, freights, &c., as brisk as the day before.

There was no material change in the stage of water last evening at this point. There continues to be plenty of water between this point and Cairo, Louisville and St. Louis for the largest class packets, which continue to resume their regular trips.

The latest date we have from the upper rivers, report them receding slowly, and freights growing more plenty.

Cone and Gone.—The beautiful steamer *Southerner*, from Louisville, being unavoidably detained, did not arrive until about 3 P. M., discharging her freight and leaving for the same port at 6 P. M. She is the regular Friday packet between this port and Louisville in connection with the Monday packet *Northerner*—two of the best packets on the river.

The fleet steamer *Resolute*, Capt. Bugher, from Cincinnati, will be at the wharf to-day, and will receive freight and passengers for the above port and all intermediate landings. She is an excellent boat for these low water times.

The steamer *City of Memphis* is the next packet due at this port bound for the sunny South.

The fine steamer *Belfast* left New Orleans last Tuesday and will be at the wharf this evening, *enroute* for Cairo, connecting with the Illinois Central Railroad and all Eastern and Northern routes. Mr. Miles Temple will be found at her desk, who will accommodate all those who wish to go up with state rooms.

The steamer *Rodolph* is the next packet from St. Louis; she will be here to-morrow and will leave Monday. She is a new boat with very superior accommodations.

The mammoth steamer, new *Uncle Sam*, moored at our wharf last evening from the South and discharged a good quantity of freight, and left for St. Louis about dusk.

The Traveling Community.

A remedy such as Burkhart's Holland Bitters cannot be too highly recommended. To the traveling community, especially, it is certainly an invaluable remedy; having little or no exercise, constantly exposed, and subject to the effects of a change of climate and water, they require some pleasant medicine of this kind to regulate the bowels.

It will also remove all pimples from the face and skin. PROF. WOOD'S HAIR RESTORATIVE will do all this. Secondly and the following:

ANN ARBOR, November 5, 1856.

PROF. O. J. WOOD—Dear Sir: I have heard much said of the wonderful effects of your Hair Restorative, but having been so often deceived by quackery and quack nostrums, hair dyes, &c., I was loth to place your Restorative in the same category with the unprincipled and foul-stomached quack medicine, so I went to Lawrence county some months since, where you have so much association as to make it, I may say, familiar in my family—first by my good wife, whose hair had become very thin and entirely white and before expiration of your bottle was as black as a raven, and nearly to its original beauty; brown color, and her thickness and natural beauty and glory upon and above every one's head. Shortly after this she took it to a neighbor's, and it so amazed the neighbors with its wonderful effects upon the hair, but also upon the thoroughfare of many years standing, that they were entirely removed; and I can and do most cordially and confidentially recommend its use by all who wish to have their hair restored to its or any other color, or sickness or age to regain color and beauty, and by all young persons who would have their hair beautiful and glossy. Very truly and gratefully yours,

SOLOMON MANN.

FRIEND WOOD: It was a long time after I saw you at Blandford before I got the bottle of Restorative for which you gave me an order upon you at a visit in Detroit, and when I got it we concluded to try it on Mrs. Brady's hair, as the sorest test of its power. It has done all that you assured me it would do. And others of my family and friends, having witnessed its effects, also wish to try and recommend it to others, and I do so. Send me two more bottles, and oblige yours, &c.
