THE DAILY APPEAL.

WEDNESDAY MORNING, SEPT. 16, 1857.

☞ Mr. Enlow, the Jailor, died yesterday.

☞ Cash has the best collection of scenery in the Union.

☞ A mad dog was slaughtered yesterday on Beal street, near the second bayou.

☞ A delightful rain yesterday cooled the atmosphere considerably. We do not think it was extensive enough to injure the rotten crop.

☞ We are indebted to Mr. J. H. Sedgwick, dealer in fruit, at Jonesboro' Station, on the Illinois Central Railroad, for a sample of his excellent soft peaches he is sending to this market. They are the finest we have seen this season.

A Repentant Suicide.—On Saturday last, an Irishman named Hassing, living in the upper part of the city, attempted to commit suicide by taking arsenic. Repenting of the action soon after, he told what he had done and desired that a physician should be sent for. Dr. Shanks came to his relief, and restored him to usual health.

☞ We call the attention of our readers to the card of Wm. Roberts, Merchant Tailor, on Jefferson street. Mr. R has just returned from the Eastern cities with one of the most elegant assortments of Gent's Furnishing Goods ever brought to this market, and is prepared to furnish his old friends and customers with a magnificent outfit at his usual liberal cash prices. He has been doing business in Memphis for eight years, and deserves what he is sure to receive: an extensive patronage. Call and see him.

Hernando Street.—The city authorities have removed the old decayed plank from Hernando street. This is well. But we trust they will not stop here. The plank track, as it now stands, is in a most wretched condition. The dirt should be thrown up in the middle, and the street graded and guttered. If it cannot be graveled now, let at least this much be vouchsafed to the tax-payers in that part of the town. As it is now, it is a disgrace to the city. We trust the Aldermen who represent that part of the city will see that something is done in the premises before the winter months come.

Robbery in Arkansas.—The *Evening News* has information of a daring robbery committed about three o'clock yesterday afternoon, on the Military road, some three miles beyond Marion, Arkansas, and about twelve miles from Memphis, on the person of Mr. Alfred Carter, a respectable Mississippi farmer. Mr. Carter was on his return from Arkansas to Mississippi, and at the time and place indicated, was riding along very slowly, when three men sprang into the road, seized his horse, presented guns and demanded his money. The faces of the men were covered with clothes, hanging down to their waists, having holes cut for their eyes. Two were armed with double barrel guns and the other with a rifle and pistol. Being taken completely by surprise, and having no means of resistance, Mr. Carter was, perforce, compelled to "stand and deliver," especially as he was told that the sooner he did so the better, and if he did not he was a dead man. They took from him $38—$22 of which was in silver halves, one $5 U. S. gold piece, and two five dollar bills. They gave him back one dollar. They also took from him several notes of hand—one from P. B. Bayon to A. Carter, for $36, due in January next; two notes to Clark & Caldwell, of Pinola, Miss; one by Jno. E. Carter and R. G. Carter, living in Arkansas, amount not remembered; and one on C. W. Mynick to Dr. San Martin.

The robbery was committed in broad daylight, in sight of Harris' cabins, on a straight stretch of a public road. On arriving at Marion, Mr. Carter related the circumstance, and several men started in pursuit of the robbers, but they could not be traced.

Proceedings of the City Council.

The Board met pursuant to adjournment. Quorum present. Alderman Fannie, Chairman *pro tem.*

The Board being organized, Mr. I. M. Hill was qualified as Alderman from the Fourth Ward, this gentleman having been absent from the Board since his election.

The minutes of the preceding meeting were read, upon which a great deal of discussion ensued between gentlemen as to the correctness of a certain clause. Gentlemen did not like to be placed in a wrong position, and exhibited great anxiety that the record should show them exactly as they were. After consuming much time, they were finally adopted with the corrections cited.

The account of Mr. Crane, late City Engineer, was laid on the table.

The petition of J. H. Stevenson, and others, asking commendation for opening Robinson street, was rejected.

The account of the late Perry Humphreys was allowed.

The Improvement Committee asked for further time to examine certain accounts. Granted.

Ald. Copeland from the Improvement Committee offered the following report relative to market houses, which, upon being read, was referred to a special committee of one from each Ward.

Your Committee to whom was referred the subject of a Market House, beg leave to make the following report:

First: That we buy two hundred feet, running from Saint Martin to Causey streets between Linden and Beal streets, which will cost about $4,000, and that the city buy 100 feet in addition to the above, which, say four thousand dollars, will give two fronts of four five hundred feet to the Market House, and which can be sold for $50 per foot, 1000 feet, will bring at $50 per foot, $50,000. We would also recommend the selling, in compliance of an order of this Board, the 300 feet we own near the Memphis and Charleston Railroad Depot, which is estimated will bring $75 per foot—$37,500. This will give us, if well managed, the snug sum of $79,500, to commence with, after deducting the cost of the lot we propose to buy. We, therefore, recommend that a Committee be appointed to negotiate for the ground as above proposed, and to superintend the selling of the same, in connection with the Mayor.

F. M. Copeland,
T. A. Hamilton.

Alderman Lofland offered a report changing the Fire limits, which was received.

The report was changed to an ordinance, and the Committee allowed further time.

Alderman Lofland also offered a report from the Fire Committee relative to the Improvements of Fire Engine House No. 5. Referred to the Finance Committee.

Alderman Jones, from the Committee on Accounts, reported in favor of the paying of a number of accounts, which was adopted.

Alderman Copeland desired that the petition of certain parties proposing to erect water works, should be referred to the Committee on Wells and Cisterns. It was moved that a meeting be held on Monday night to receive the report of the Committee on the subject. Carried.

It was moved that the Finance Committee settle with Mr. Grant, who relinquishes his contract for paving the city. Adopted.

Alderman Hughes offered a motion that the Mayor and City Attorney be instructed to force the claim of the city against the owners of the steamer *Mayflower*, wrecked at this landing. Passed.

A petition of a number of citizens for the opening of Fourth street, was referred to the Improvement Committee.

The Petition of Patrick Flaherty was referred to the Vigilance Committee.

The petition of John Wilson was on the table. The petition of James Wickersham, on behalf of the Memphis Theatre Company, referred to the Improvement Committee.

The petition of Mrs. Satterfield was referred to the Committee on Fire Department.

The petition of Mr. Ralph Wormley was received.

Alderman Copeland offered a resolution for the opening of Fourth street between Monroe and Union, which was rejected, and condemned as a public nuisance. Passed to second reading.

The petition of Mr. Miller, the Street Commissioner, for an increase of salary, was received, and the prayer granted by raising his salary to fifteen hundred dollars per year.

The petition of James Swann was referred to the Mayor and Finance Committee, with power to act.

Alderman Hughes offered a resolution for the City Engineer and Improvement Committee to assess the damages of property by the straightening of the Bayou. Adopted.

A resolution was passed appointing a Committee to inquire into the controversy between the city and the owners of the Farmers' and Merchants' Banking House.

A resolution was offered that a Committee of three be appointed to inquire into the right of the city to sell property on the Promenade.

A resolution for the relief of the widow of Mr. Keat, by paying her the back salary of her husband, which was passed.

Alderman Lofland offered an Ordinance that all persons selling or storing cotton, or other merchandise, on the Bluff, be charged for the same, under penalty to be collected as other fines and forfeitures. Laid on the table.

A resolution was passed directing the Street Commissioner to fill the well east of Court Square. Referred to the Improvement Committee.

The resolution of Alderman Lofland condemning the side-walk in front of the Hebrew Congregation on Exchange street passed.

The report of the Mayor releasing Mr. Anderson from taxes upon his negro that was killed was not concurred in.

The report of the Committee on W. R. Duncan's petition was concurred in.

Mr. Moore was allowed $40 per month extra salary for clerk of the Recorder's Court.

Adjourned.

River News.

The river opposite this point is now within about two feet of low water mark and continues to fall. Navigation is becoming more difficult every day to large class packets, and should the river continue to recede for four or five days at the rate it has for the past week, large class packets will have to suspend operations entirely, which many of them are doing now. There is seven feet scant to St. Louis on all the bars. The steamer *Scotland* passed up yesterday evening from New Orleans with a light freight. The *Choctaw* came down, only drawing 4½ feet. She reports the Ohio falling very fast, and nothing but small class packets are plying between Louisville and Cincinnati.

Business transactions at the levee yesterday were very limited, only two transient boats having passed during the day. The steamer *Escanaba* is up for White river this evening after the arrival of the cars. She is the regular Wednesday packet for White and Little Red rivers.

The rival packets *David Boone* and *Ocean Spray*, are due to-day from St. Louis. To-morrow at three o'clock is the time of their departure. They are both number one packets, and possess every qualification that is required to make the traveler comfortable.

The fine steamer *Virginia*, Capt. Reynolds, is due to-day from New Orleans, en route for Cairo, carrying the United States Mail, and connecting at Cairo with the Illinois Central Railroad, and all Eastern and Northern routes. Mr. R. T. Redman, No. 51, Front Row, is her attentive agent.

The floating palace steamer *Ben. Franklin* is due from above to-day. Capt. J. D. Clark is her commander, and Mr. Ed. Booker chief clerk. She will leave for the sunny South this evening, after the arrival of the cars.

The regular packets *Lebanon* and *Hickman* are due to-day from Cincinnati.

We learn from the officers of the *Choctaw*, that the fine steamer *Alvin Adams*, is coming into the Memphis and Louisville trade in place of the steamer *Northerner*, that has gone on the ways at St. Louis for repairs.

There are several fine packets due to-day from above and below.

Captain Shirley's packet, *Kate Frisbee*, punctual to the hour, may be looked for at the wharf this evening. Friday at 2 P. M., she will leave for Napoleon and all intermediate ports.

The fine passenger and mail packet *Virginia*, Capt. Chas. V. Reynolds, will be at the landing this evening at 5 o'clock P. M., bound for Cairo. Passengers bound up the river would do well to wait for the *Virginia*, as her accommodations are not surpassed by any boat that floats, and she always connects at Cairo with the cars. 1t.

We have in store and are now receiving much the largest and best stock we have ever offered for sale in this market, all of which we have purchased for cash, consisting in part of Power Looms, Kentucky and India Bagging; Machine Rope, made from Hand-spun Rolled Jersey Jean and Linen Yarns; Bacon, Mess Pork, Lard, Tobacco, Bourbon, Rye and Corn Whiskey; Sugar, and a general stock of Staple Groceries, &c., &c., all of which we will offer for sale at the lowest market prices on the usual terms.

Ship Cotton, as heretofore.

Cotton in store, and for which we have paid the advance, will be sold at the highest market price, for which we will give to the St. Louis Industrial Exhibition, at Paris, in 1855, was awarded to the Hoe Company, the only premium given for Cotton Gins, and which was awarded to us by the committee in 1856, in preference to all others.

This saving from 3 to 5 bales in the staple is not cost on both sides of the gin, under all known circumstances, doubling the value of the gin, and the saving of labor, more than pays for the difference between the two gins.

There are now over 4,000 in use, some with entire satisfaction, and that demonstration, we have established an extensive manufactory, and are prepared to deliver at the shortest notice, the gin, and 3 horse power, complete, of a size, from two-horse power to two bales. The smaller ones, up to twelve-horse power, are ready for use on the Boilers, with all the pipes attached, ready for operation.

The Boilers are built on an improved plan, being horizontal, with tubes the whole length, making them very effective and durable. The fire is in a large office, passing through below the centre, and the heat returns through the tubes, giving the greatest amount of fire surface, in the smallest and most compact form. The whole is so simple, and so easily managed, that it is a wonder that it has not been in use before.
