Farm for Sale.

INTENDING to change my business, I offer for sale my Farm, containing 220 acres, one mile from Union Depot, 11 miles from Memphis, Memphis and Ohio Railroad, two daily trains passing each way. 90 acres are in cultivation; the rest is well timbered, growth of Poplar, Oak and Hickory; the Good Creek Bottom; abundance of never failing stock water, and the best well water in the county. The improvements are reasonable, a cider-mill, Apple and Peach orchard, in fact one of the most convenient and desirable situations in Shelby county. The crop, public farming implements, mules, &c., will be sold with the place if desired. For further particulars, inquire of Moses Wallace & Vangoitz Memphis, or the undersigned on the premises. R. S. DUNN.

sept28-dawtm

Valuable Plantation for Sale.

I OFFER for sale my Plantation in Madison parish, Louisiana. The tract consists of 1630 acres. It is situated on the Tensas River, and the Vicksburg Railroad runs through the northern boundary. There is a depot on the place, and a planter can ship any day in the year by railroad, or by River, which is to be provided with locks and dams to incorporated navigation. The land is level bottom—the best kind of cotton land. The place is well improved, and has a lake on one and a half of cotton to the acre in a good crop. The place is provided with a good gin (Hunt's gin stand), two steam cotton presses. On the place are two hands of every description, which will pay the price of the place in a year or two. The remainder is to be paid in five annual payments, with interest, if I will prefer to take it on January next. I will sell the place with all the stock and implements of all kinds. To persons working a number of hands I can give a good bargain. Payment one half in cash, and the balance in three annual payments, with interest and lien on the property. The place is to be delivered at any time, but after October next, if I can get a good crop off it. Any person wishing to become the owner of it are requested to call on G. S. LOCKE, Auctioneer and Real Estate Broker, Memphis, Tenn., or myself at Point Lisa, Miss. JAMES P. PEACOCK, M. D.

sep28 dawtm

Valuable Farm for Sale.

THE subscriber will sell on reasonable terms his desirable farm, 21 miles from Memphis, on the Memphis and Charleston Railroad, at the Mingo Station and Germantown Flag Station. The farm contains 400 acres, 185 of which are cleared, and the whole well watered. The improvements are good, consisting of a good residence, excellent negro cabins, gin and all necessary outhouses, with a good well, cisterns and plenty of good water. There is also on the place a fine orchard of choice fruits. The place is admirably adapted for either a stock or cotton farm. For terms, &c., apply to H. Hay, near the place, or to the undersigned in Memphis.

sep28 dawtm EYDD HILL.

Valuable Plantation for Sale.

I OFFER for sale my Plantation, containing 1,120 acres, 200 of which are in a high state of cultivation and 100 more can be cleared. Good Dwelling House, Cotton Gin and Press and Negro Cabins, all new. About 800 acres of bottom land, 400 of which is first-rate quality. This tract lies four miles west of Taylorville, in DeSoto county, and six miles west of the Mississippi and Tennessee Railroad. Situation pleasant and healthy.

In my absence, call on Col JAMES R MATTHEWS son and a half miles south of my residence, who will show the premises to any person wishing to purchase and who will make known my terms, &c. The place can be found at all times on the place, and will give all information in regard to the farm.

J. L. SIMKINS

aug1-dawtm

Valuable Plantation for Sale.

A FINE valuable Plantation, front 1 of a mile on the Mississippi river two miles, containing 970 acres—cold acres in a high state of cultivation, and 300 acres more three years deadened; having all the improvements necessary, of the best character—negro cabins, framed, well with chimneys.

Price, $40 per acre. One-third cash, balance payable in twelve and twenty four months from date, with interest. Apply to R. E. QUINN.

aug6-tf At Phillips & White's, 233 Main street.

LOOK HERE!

DESIRING to improve another lot immediately, I will sell my present residence to a purchaser prepared to make a bargain. It comprises 4½ acres, is comfortably improved, and unquestionably one of the most beautiful and most healthy sites in the vicinity of Memphis.

sep16 tf WM N. POSTON

Labor-Saving Machines.

Important to Planters & Millers.

FELTON'S IMPROVED

Self-Sharpening Portable Grist Mill.

An Improvement on all Other Patents.

THIS is one of the most valuable inventions of the day for economy of the qualities requisite to make it valuable to the farmer. It is destined to supply a want that has long been felt by that portion of community. It is so simple in its construction, that any person of ordinary skill can run it and keep it in order. The grinding surfaces are of the most durable character, harder than any known cast steel, and are so adjusted as to grind wheat, corn, oats buckwheat, drugs and spices crush and grind corn and cob meal, grind or crush oats and corn, and cob meal together, all ground together. The small size frame mill, with two-horse power, will grind from two to four bushels in a barrel of wheat per hour, and from eight to ten bushels of good feed for stock, and requires but little attention, and may be run by six-bell without injury or expense of a miller. The larger mills will grind over twice that amount per hour. The meal is not heated in grinding—a valuable feature. Prices are from small $150 large size $300. We have the right to sell the States of Alabama, Mississippi, Louisiana, Arkansas, Tennessee, Kentucky, and a portion of Texas. A rare chance is here offered for competent and responsible men to engage in the sale of Mills.

County and State rights sold on advantageous terms. All orders, letters of inquiries, and applications for Rights and Mills addressed to us will be promptly responded to.

JOHN GRIFFITH & BETHUNE

P. S. DAVIS, HODGE & WILLIAMS, Commission and Forwarding Merchants, are our agents in Memphis, Tenn.

S. D. TRUEHART ..... M. WOODSON.

TRUEHART & WOODSON,

Manufacturers of Southern Star Cotton Gin,

GERMANTOWN, TENN.,

RESPECTFULLY call the attention of the public, particularly the Cotton Planter, to their GIN MANUFACTORY, now in successful operation in this place. We deem it unnecessary to publish any testimonials of the good performance of our Gins, though many could be produced of persons who are now with them—men of high reputation as planters and would not be satisfied with any other gin. We will only add that our Gins are determined to spare no pains or income to make a Cotton Gin that will please the Planter.

In attaching to the Gin we formerly advertised and sold for $5 per saw, we are now fitting up at improved style, at considerable additional expense, which we will sell at $5 per saw.

A sample of our Gins can always be seen at Mowry, Graham & Mills, who are our agents in Memphis.

Gentlemen Planters, send in your orders with special cautions, and they shall be promptly attended to. A set of Saws always on hand and for sale.

☞ Repairing done with neatness and dispatch.

mar26-dawtm

Premium Cotton Gin

THE attention of Cotton Planters is respectfully called to the above superior Gins, manufactured by R. Carver & Co., East Bridgewater, Mass. Before a recent improvement, the Carver Gins are regarded as the best now in general use; their superiority needs no comment from us, as thousands are now in successful operation in the Southern country.

We have on hand forty Gins, embracing all the different sizes and numbers of saws.

Also 10 and 12 feet screw-post bolts, washers, &c., complete, all of which we offer to sale on accommodating terms and time. GWYNN & GIBSON,

Memphis, Sept. 26, 1856.—1y Nos. 1 and 2 Exchange Building.

Medical Colleges.

Memphis Medical College.

THE Regular Lectures of this College will commence on MONDAY, the 3d of November, and will continue four months.

FACULTY.

JOHN MILLINGTON, M. D., Professor of Chemistry and Toxicology.

ATRES P. MERRILL, M. D., Professor of Principles and Practice of Medicine.

LEWIS SHANKS, M. D., Prof. ssor of Obstetrics and Diseases of Women and Children.

ARTHUR E. SEWARD, M. D., Professor of Anatomy.

HOWELL S. ROBARDS, M. D., Professor of Surgery.

C. B. GUTHRIE, M. D., Professor of Materia Medica and Pharmacy.

DANIEL F. WRIGHT, M. D., Professor of Physiology and Pathology.

GEORGE F. JONES, M. D., Demonstrator of Anatomy.

JOHN T. MARAHL, M. D., Curator of the Museum.

The fee for the entire course is $105, payable in advance. Matriculation Fee, $5; Graduating Fee, $30; Anatomy and Dissection, $10, to be taken once before graduating. Rooms open from the 1st of October.

A Preliminary Course of Lectures, free to all students, on the public, by each Professor, on subjects connected with his department, which course is fully equivalent to regular course, will be delivered during the month of October commencing on Monday the 12th of the month.

CLINICAL INSTRUCTION.—The Memphis Hospital is open for the accommodation of the class at all times, and upon a clinical institution will be given in the wards of the institution on two days Wednesday and Saturday of each week. The Dispensary, in one of the rooms of the College, receives a large number of patients every morning. Surgical operations are performed in the presence of the class, and patients sufficiently from a great variety of diseases are prescribed for, and medicine compounded and dispensed, with such instruction as may be illustrated by particular cases.

The College possesses an ample Museum, Chemical and Philosophical Apparatus, and every jar now carry to demonstrate the course of lectures in each branch.

Students desiring further information will address Professor I. Shanks, M. D.

L. SHANKS, M. D., Dean.

Educational.

BYRD'S COMMERCIAL COLLEGE AND Scientific Writing Academy,

MEMPHIS.

THE above Institution is permanently established and now in successful operation at 262 Main street, where young men will be thoroughly prepared for the Mercantile life. The friends of Education are particularly invited to visit the Institution and see the system in all departments of foreign and domestic commerce.

I have the honor to refer to the following gentlemen: Rev. J. N. Temple, D. B. Turner, Esq., President, T. A. Jones, Esq., Cashier, Commercial Bank; Messrs. Lamb, Young & Co.; Messrs. F. Lane & Co.; Messrs. Bratton, Wilson & Co.

☞ Terms are moderate. sep8-7 m

LaGrange Synodical College,

LAGRANGE, TENN.

THIS Institution, located at LaGrange, Tennessee, established by the Synod of Memphis, and controlled exclusively by that body, will be opened for the reception of Students on the first WEDNESDAY in October next. The following constitute the Faculty, all of whom have accepted and are expected to enter upon the discharge of their duties at the beginning of the session:

JOHN H. GRAY, D. D., President and Professor of Ethics, Metaphysics and Sacred Literature.

JOHN N. WADDELL, D. D., Professor of Greek and Roman Literature.

JOHN B. BLAKE, M. A., Professor of Natural Philosophy, Chemistry, &c.

JAMES L. MEIGS, M. A., Professor of Mathematics, Astronomy and Civil Engineering.

GEORGE R. GRANT, M. D., Lecturer on Physiology.

JOHN W. C. WATSON, Esq., Lecturer on International Law.

The Tuition and College Fees are as follows:

Tuition for one-half the 1st October, the other due 1st February.....$50 00

Contingent Fee, for Fuel, Servants, Attendance, &c.... 5 00

Students will board in private families, making such arrangements as may be agreed upon between the parties concerned. The price of board will vary from $10 to $12 50 per month, exclusive of washing.

The advantages offered for a finished Southern education at this Institution are believed to be rare, and such we address themselves to the interests of Southern parents and guardians. Every member of this Faculty is a Southern man by birth and education.

The situation is high, beautiful and healthy, and accessible by Railroad in every direction.

The moral and religious influences which will be brought to bear upon Students are of the most salutary kind. The Code of Laws adopted by the Board of Trustees is designed to suppress all tendencies to vice or immorality, or to separate incorrigible offenders from the body.

Measures are in successful progress for procuring a Library as rapidly as possible. A member of the Faculty is now under commission of the Board of Trustees, engaged in an agency for the Eastern Cities to purchase so much of the library as the funds will allow.

With these advantages offered to the public, the Trustees respectfully solicit and anticipate a share of patronage for the College. CHAS. R. ABBOT,

Secretary of the Board.

N. B. Allowed. J. W. D. SALE, President, pro tem of Bd. of Trustees.

sep4-w1m

MEMPHIS FEMALE COLLEGE.

THE seventh session will commence the second MONDAY in September.

The Institution really offers the best facilities and accommodations that can be furnished in any place in the South-West. For full particulars, apply to

3,456 prizes amounting to.....$330,000

Whole Tickets, $10; Halves, $5 00; Quarters, $2 50.

PLAN OF THE LOTTERY.

The Numbers from 1 to 50,000, corresponding with the Numbers on the Tickets printed on separate slips of paper, are enclosed with small tin tubes and placed in our wheel.

The first 5,000 Prizes, similarly printed and enclosed, are placed in another wheel.

The wheels are then revolved, and a number is drawn from the wheel of numbers, and at the same time a Prize is drawn from the other wheel. The Number and Prize drawn out are opened and exhibited to the people and registered by the Commissioners; the Prize being placed against the Number drawn. This operation is repeated until all the Prizes are drawn out.

APPROXIMATION PRIZES.—The two preceding and the two succeeding Numbers to those drawing the First Prize will be entitled to the 25 Approximation Prizes. For example: if Ticket No. 11250 draws the $40,000 Prize, those Tickets numbered 11248 11249, 11251, 11252, will each be entitled to $400. If Ticket No. 880 draws the $10,000 Prize, those Tickets numbered 878, 879, 881, 882, will each be entitled to $200, and so on according to the above scheme.

☞ The 3,000 Prizes of $20 will be determined by the last figure of the number that draws the $60,000 Prize. For example, if the Numbers drawing $40,000 Prize end with No. 1, then all the Tickets where the number ends in 1 will be entitled to $20. If the Number drawing the No. 2, then all the Tickets where the number ends in 2 will be entitled to $20, and so on to 9.

Certificates of Packages will be sold at the following rates, which is the risk:

Certificate of Package of 10 Whole Tickets.....$50 00

" " 10 Half " 40 00

" " 10 Quarter " 20 00

" " 10 Eighth " 10 00

In ordering Tickets or Certificates, enclose the money to our address—for the Tickets ordered, on receipt of which they will be forwarded by first mail. Persons ordering have Tickets ending in any figure they may designate.

The list of drawn numbers and prizes will be forwarded to purchasers immediately after the drawing.

Purchasers will please write their signatures plain, and give their Post Office, County and State.

☞ Remember that every Prize is drawn and payable in full without deduction.

☞ All Prizes of $1,000 and under, paid immediately after the drawing—other Prizes at the usual time of thirty days.

☞ All communications strictly confidential.

Address orders for Tickets or Certificates of Packages to S. SWAN & CO., Atlanta, Ga.

☞ Persons residing near Montgomery, Ala., or Atlanta, Ga., can have their orders filled, and save time, by addressing S. Swan & Co. at either of those cities.

☞ A list of the numbers that are drawing while the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing in the following papers: New Orleans Bulletin, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Herald, Philadelphia New Era, News, Richmond Dispatch, Baltimore Patriot, and Pedding (Miss.) The Greatest Invention of the Age!

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S

PATENT GALVANIC CEMENT

FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than any before known. The public are aware that our Government has had scientific men experimenting, and that it has been the study of Architects and Builders for years, to discover an article for roofing purposes, that would stand our sudden changes of the weather, and be impervious to fire or water, and remain a permanent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great in changeable climates, that they become useless, and require a great deal of expense yearly. Shingles are not fire proof, and cannot be used as flat roofs, and the various Compositions and Cements that have been brought to our notice, do not withstand the action of the weather, but they run when it is warm, and crack when cold, and at or on a year or two become crumbly, and worthless; whereas, the inventor of the Galvanic Cement has labored for six years to complete articles to obviate these difficulties. And from the long experience, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that has never yet failed to prove a great artistic ever before known. The combination of this Cement is such, that it is calculated for entire new roofs flat or steep; covering over old shingles without removal thereof; lining cave troughs, covering around battlements, chimneys and sky lights. Covering on the sides of steamer decks, &c. This Cement, by its non-conductor, on and galvanism, prevents metal roofs from rust and rot, and underneath, and resists the expansion of heat and cold, better than anything ever invented, for entire roofs, covering metal and the out-side of wood buildings, making them fire proof. Its appearance is like stone, and adapts itself to the rich palace or the humble cottage, beautiful in its appearance. I have secured the right to the State of Tennessee, and the Territories, and Counties or towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This roof is now being put on in the city, for the benefit of all concerned, and warranted to stand all other modes of roofing. The subscriber having resided in the city of Memphis one year, and has had his mode of roofing tested as to its qualities, which has proven satisfactory, to which a number of the most prominent citizens can testify.

See testimonials of the following gentlemen who have used it, with better results.

For further information enquire at the office, where samples may be seen in J. M. Morgan's Architect's Rooms, No 3 Walker's Block, Memphis, Tenn., or address, B. A. 120, P. O.

C. W. STURDIVANT & CO., Proprietors.

Attached is a note from John L. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose experience with the mode of roofing, without a doubt, is satisfactory to all.

MR. W. S. BENNETT: MEMPHIS, March 12, 1857.

Dear Sir: When in Philadelphia, on Friday, a few days ago, I called upon Mr Samuel Sloan, the celebrated Architect, and author of the Sloan Work on Architecture. I asked his opinion as to the durability of Mr. West's Patent Roof, such as you are using in the city of Memphis, and he told me that he had no hesitation in saying to me that it is a good and durable roof, and all that its advocates claim it to be; farther saying that he is using it on a fine building for himself.

Respectfully, JOHN L. MORGAN, Architect.

MEMPHIS, March 2, 1857

W. S. BENNETT, Esq., *Dear Sir:* The facts within my knowledge of the durability, &c., of West's Galvanic Cement, are these: The building you covered for Jas Spring, two years ago, has been subjected to all conditions. We can therefore, recommend it to the public for all roofing purposes; as a light, cheap, fire and water proof roof. It does not crack or peel, and is free from all the heat of the sun; nor does it harden and crack from the effects of the cold. Any person wishing to know more of this article, can call at the residence of

N. S. BRUCE & CO.,

Carriage Manufactory, Monroe st., Memphis Tenn.

MEMPHIS, TENN., Dec. 8, 1856.

TO WHOM IT MAY CONCERN: This is to certify that W. S. Bennett, or myself, have made the entire substitution of a composition called West's Patent Galvanic Cement for the tin or sheet iron roof, the other an old shingle roof, which was giving perfect satisfaction. He also repaired a dormant window, which leaked badly, and had baffled the skill of carpenters to prevent its leaking which he succeeded in making perfectly tight. We cheerfully recommend his mode of roofing to the public, for all roofing purposes, and believe it to be a permanent fixture and a fire and water proof.

D. COCKRELL,

Proprietor Commercial Hotel.

SUPERINTEND'T'S OFFICE, MEMPHIS & OHIO R. R.

MEMPHIS, TENN., Feb. 19, 1857.

MR. BENNETT, *Dear Sir:* Our Company having been treated very much with leaky cars, put some of your Patent Paint upon them, and so far as my knowledge extends I can cheerfully recommend it to any who wish a dry roof of any sort. Yours &c.,

H. COFFIN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC: W. S. Bennett made application to us last summer to cover our buildings with West's Galvanic Cement, it being a new thing thought we would try it; had it applied to our Blacksmith Shop and Engine House attached to the Foundry. They have proved all required of a water proof roof, having withstood some of the greatest storms, and are giving good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & KNAPP, Iron Founders,

MEMPHIS, Jan. 14, 1857.

Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton stuff coated with preparation the basis of which appears to be Coal Tar. It is a very effectual and light roof, and appears to promise considerable durability, from the preservative qualities of the composition, which penetrates the cloth and protects it from the influence of the air and water. The Composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the increase in the cold of winter.

D. KELLY'S.

may6-dly A. P. MERRILL.

Clerk's Sale of Valuable Real Estate.
