THE DAILY APPEAL.

THURSDAY MORNING, NOVEMBER 5, 1857.

☞ See the Gen. advertisement of LOWNES, OGDEN & CO. They have everything in this line of the most approved styles and finish.

☞ Among the arrivals at the Commercial Hotel last night, by the Charleston Railroad, was Wm. D. Haywood, Esq., the Mayor of Raleigh, North Carolina.

☞ For late papers, we think J. F. LEVY, now and J. T. COWAN, of the *E. H. Fairchild*; W. S. BERRY, of the *Ocean Spray*, and DAVIS, WILLIAMS & CO.

THANKS.—Our friend Maj. R. T. REDMAN, the gentlemanly and energetic agent of the Cairo and New Orleans Mail Line, has our thanks for a can of fine oysters.

☞ It will be seen that our advertising friends are not frightened from their propriety and sound policy in advertising liberally, in order to secure the largest number of cash customers.

SADDLES AND BRIDLES.—The recent exhibitions at our County Fair, showed the importance of good harness for horses. To get first quality articles in this line, call at W. P. LEWIS' store, at the corner of Main and Monroe streets.

DEAD.—Young PUCKETT, who was shot on the Fair Grounds by officer FELIX G. BUTLER, with a bullet intended for TOM LEWIS, died yesterday morning at 10 o'clock. Mr. BUTLER, who demanded an investigation, is held in $1,500 bail.

☞ Messrs. GEO. PATTISON & CO. have received *Russell's Magazine* for November. It is worthy the patronage of the South, being fully equal to the demands of a sound Southern literature. We shall speak more at length of the claims of this Magazine upon the patronage of our people.

METEOROLOGICAL.—During the month of October, the monthly mean of the barometer was 29.794, the variation being very small. The mean of the barometer was 62.3 degrees; the lowest point being 36 deg., the highest 79 deg., a difference of 43 deg. during the month. The first frost of the season occurred on Thursday morning last; it was slight, the thermometer not descending below 40 deg., which is 8 degrees above the freezing point of water. Less than 14 inches of rain fell during the month, which is below the average quantity. With us October was a pleasant, genial month, but in the East he brought disastrous storms and floods.

GUY PRINTER.—In accordance with a resolution passed at a previous meeting, Council last Tuesday night proceeded to elect a city printer. Although bids for the work to be done had been advertised for, only one bid had been made, and that was not accepted. The printer was elected by Council without application on his part or agreement as to price. Col. DUPREE explained to the meeting that the printers duties were to do all printing ordered by the Board at an agreed price if he be the proprietor of a daily newspaper, (as is the case) to prepare and publish an abstract of the proceedings of Council free of charge, and to publish in said newspaper all ordinances passed by Council, at an agreed price. Council can discharge him at will. That body or a committee of it, can let out any city printing they may choose, to other than the city printer, if they make a lower bid than he for it.

ABEL'S TRIAL.—Several witnesses were examined in this case yesterday, principally with reference to the character of the defendant. Dr. PICKETT, Esq., addressed the Court for the State; he was replied to by Col. CHEEKS. Col. FRAZER followed on the same side, and will conclude this morning, when he will be followed, also for the defense, by Mr. PARRINGTON. Mr. WYNN is engaged also for the defense, but the Court having ruled that only three of the counsel for the prisoner should speak, he courteously gave way to the senior gentleman. Col. SALE, the Attorney General, will deliver the closing speech. The attendance of citizens since the commencement of the trial has been large. To-day it is expected the Judge will sum up the case and give it into the hands of the Jury.

FORTY THOUSAND DOLLARS WANTED.—At a meeting of the Board of Directors of the Memphis and Charleston Railroad, held on Wednesday, the following resolution was unanimously passed:

WHEREAS, It appears from the books of the M. & C. R. R. Co., there is a considerable balance due from the city of Memphis. And, whereas, in the present position of the Company it will require all the means thereof to provide for pressing liquidations and maintain its credit; therefore,

Resolved, That the attention of the corporate authorities of the city of Memphis is urgently directed to this matter, and that such steps be taken as will lead to the speedy liquidation of the debt; and that Mr. President be instructed to report at the next quarterly meeting of this Board what arrangements the city can make for the liquidation of this debt.

In consequence of this the President wrote to Mayor BAUGH, calling his attention to the fact that the city owed the road *forty thousand* dollars on back coupons taken off the bonds of the city. The communication was presented to Council on Tuesday evening and by it referred to a committee for consideration.

SHIVARIC.—Among the injudicious crowd who appeared before the Recorder's Court yesterday, as applicants for judicial examination, was SAM THOMPSON, who, on the previous evening, taking it for granted that everybody knew "Sam," entered the Germania House on Shelby street, and refused to quit at the hour the law requires houses of entertainment to be closed. Thompson was served as "Sam" has been served in several other States; he was unceremoniously put out. He then seized a chair and with it demolished a window. On arresting him, it was discovered that he had stolen a handkerchief from the bar-keeper's sleeping room. The Recorder sentenced him to pay a fine of ten dollars, when one of the officers becoming suspicious, took him aside and searched him; it was found that "Sam" had preceded against coming contingencies by putting on less than five shirts upon his back. He was finally sent to the workhouse for twenty-six days.

SERIOUS FIRE.—We are informed by Dr. SNOWDEN, who came down the river on the *Fairchild*, that when the boat reached Cairo, on Monday evening, the large depot of the Central Illinois Railroad was a mass of smouldering ashes. It appears that about 3 or 4 o'clock in the afternoon a gas pipe was broken, and the gas escaped in great quantity; it became ignited, and an open barrel of turpentine burst at once into flame. The fire spread with indescribable rapidity, so instantaneously, indeed, that the alarm was not time to close the safe, the contents of which, along with the whole building and the goods stored within it, was entirely consumed. It was also stated that a neighboring machine shop was burned down. The loss must be very serious, and is especially unfortunate at a time when the energetic proprietors of Cairo are straining every effort to improve their city. The fire was at the upper depot; a child lost its life during the conflagration.

River Matters.

Boats arrived since last report: From New Orleans, the *New Mississippi* for St. Louis, and the *Pelican* for St. Louis, and the *Hawatha* also for St. Louis; from St. Louis, the *S. H. Judson* for New Orleans; from Louisville, the *Fairchild* for New Orleans. The *North Star* left this port for White river, the *Evansville* for the same destination, and the *Simonds* for New Orleans. The river last night was slowly falling. The levee was without animation.

The *Ocean Spray* got in at 9 o'clock last night, from St. Louis, with one of the largest loads of passengers and freight she ever carried. She leaves on her return to St. Louis, at 4 o'clock this afternoon. We need add no word of commendation of the *Spray* or its excellent officers. Capt. Waldo Marsh and Berry are well known and esteemed.

The St. Louis *Republican* of Monday says: "The river at this point is stationary, with six feet in the channel to Cairo. We have no change to report in the condition of any of the upper rivers. They are all reported falling excepting the Illinois, which is stationary at present. Arrivals were scarce Saturday, and business dull as usual. C. H. KILGOUR.

At Louisville, on Friday, says the *Courier*: "The river was falling rather slowly yesterday, with scant thirty inches water on the falls in the evening. In the canal there were four feet six inches water. During the previous twenty-four hours the river had receded some three inches at the head of the falls."

At Cincinnati, on Saturday, the river has fallen five inches since the preceding night.

At Louisville, on Saturday, the report was: River four feet three inches in the canal, and two feet nine inches on the falls and falling.

At Pittsburgh, on Saturday, the water was falling with six feet two inches by the work.

The officers of the *Challenge*, from the Illinois river Saturday, reported that the steamer *Louisville* had sunk at Bath on last Friday night, but that she had been temporarily repaired, pumped out and set afloat, and was on her way down. The accident was caused by her running on a log. The freight in the hold was damaged, but was removed as soon as possible on deck.

Causes not disposed of on the day for which they are set, will appear first on the calendar the ensuing week.

MARCUS J. WRIGHT, Clerk.

By CHAS. W. JOHNSTON, Deputy Clerk.

KICKED OUT.—Some stir was raised at the corner of Front Row and Washington street on Tuesday; a fellow went into a coffee-house and used insulting language to the bar-keeper, who *instanter* gave him, with his boot, "warning to quit," and, to speak artistically, "he done so" with wonderful rapidity. We are requested to say that no policemen were either active or passive parties in the leathery ejectment.

MARRIED.

In this city, on the 4th inst., by Rev. Mr. Lowry, Mr. R. J. TORRENTINE and Miss JULIA E. POWELL.

☞ Dyersburg Recorder copy.

On the 29th ult., by the Rev. Reuben Burrow, Mr. JOHN M. NUNNERY, merchant of Mt. Zion, Tipton county, Tenn., and Miss E. W. HILLIARD, of Fayette county, Tenn.

"I bless thee for the noble heart,
The tender and the true,
Where mine hath found the happiest rest
That earth hath to impart."

On the 29th ult., by the Rev. N. W. Green, Mr. GEO. WILKINS and Miss NANCY SHAW, both of Tipton county, Tenn.

Weakness of the Stomach and Indigestion.

Another Great Cure Effected by Burkhart's Holland Bitters.

The wife of PETER DE WITTE, living in Holland Town, Sheboygan county, Wisconsin, suffered much from *Weakness of the Stomach and Indigestion*. She had been under a physician's care for some time, but the disease seemed to baffle even his skill. She purchased some HOLLAND BITTERS at our office; which has given tone to her stomach; her appetite and strength are returning, and we firmly believe that this is another great cure effected by your medicine.

We have still to record many wonderful cures effected by this remedy, but most wait another opportunity. One thing you can rely upon, what we have published are from persons much respected in our community, and are literally true. S. QUINTUS

Ed. Newsbode, Sheboygan, Wis.

VINCENT'S OYSTER SALOON,
NO. 98 FRONT ROW,
Corner of Washington Street.

THE proprietor of this popular Saloon has the pleasure of announcing to his patrons, and the public generally, that it is now regularly open for the season. The choicest of these delicious bivalves, can be served in any style, from the shell, stewed, roasted, scalloped or fried. He intends keeping a large stock, and will furnish by the dozen, can or barrel, at reasonable rates. nov3-6tm

Important to Architects and Builders.

W. E. CHILDS & CO.'S
Patent Elastic Water and Fire Proof
CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on our PIAIN AND WATER PROOF CEMENT ROOFING, it being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, it making no difference whether flat or steep roof may be. We put on our roof for seven dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is the best thing extant, for patching around fire walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Kirk's stove store, No. 358 Main street, and examine samples and satisfy themselves of the durability and practicability of using this roofing.

N. B. We are prepared to fill orders for our cement, to those residing at a distance, with printed directions for nailing it.

To whom it may concern: Memphis, Tenn., Oct. 1, 1857. We have W. E. Childs & Co.'s Cement Roofing upon some of our buildings. It gives entire satisfaction, and we consider it the best roofing of which we have any knowledge. We are extensively engaged in building in this city, and have within the last five years, covered buildings with all the various metallic and other roofings which have been introduced, and from experience and investigation, we, without hesitation, pronounce Childs & Co.'s, preferable to any other.

MERRIT & KEMPTON, Builders.

CINCINNATI, O., May 19th, 1857.

W. E. CHILDS & CO.—The roof on our pork house gives entire satisfaction. It has proved itself both Fire and Water Proof.

Some four months since, a large fire occurred directly adjoining us, and our roof was severely tested by burning timbers and burning brands, but stood the test unharmed. We cordially recommend this roof as a good roofer.

JOHN RICE & CO.

OFFICE OF CINCINNATI, HAMILTON AND DAYTON RAILROAD.

CHILDS & Co's. Patent Cement Roofing, is now used here on our best class of buildings. We are covering our freight cars with it, and our Master mechanic reports it very favorable to it.

S. S. L. HOMMEDIEU, President.

CINCINNATI, May 6th, 1857.

Have fully investigated W. E. CHILDS & Co.'s Patent Cement Roofing, and are confident that it is superior to any other kind now in use, not excepting the tin-tile. We recommend it to all who wish a cheap, durable and excellent roof. J. A. D. DECAMP, Builder.

LITTLE MIAMI & CIN & COLUMBUS & XENIA R. R., Superintendent's Office, Cincinnati, Oct. 3, 1857.

This company have adopted Childs & Co's. Patent Elastic Water and Fire Proof Cement Roofing, for their rolling houses, also for painting tin and iron on bridges, depot, and water stations, and covering cars, and we are well pleased with it. C. H. KILGOUR, Superintendent.

Important to Planters.

HAVING been informed that, owing to the press of which Cotton is now held, many, in fact all, have decided not to ship their Cotton to Memphis at present I hereby inform my friends, as all who are interested, to ship their Cotton by the Memphis and Ohio Railroad; that the rule of which the Company is of such a character that they will be entirely unable to furnish cars to get the cotton off, should it improve in price, (which is of course probable) to every one who would want to get their cotton to market.

Therefore, to avoid disappointment or complaint, ship your Cotton now and be ready at an increase, your Cotton will arrive safely and uninjured at its old place.

Memphis, Oct. 15, 1857. HENRY COFFIN, Superintendent.

Notice.

PERSONS having claims against the late firm of R. R. THRALL & Co., are requested to R. R. Thrall, designated will please present them for payment to Dr. T. B. Thrall, office of Drs. Shanks & Thrall, 187 Main street. Those indebted will also be expected to call and settle, or to hold themselves in readiness to pay when called upon. A liberal discount will be made on notes falling due. oct21-1 w

A WORD TO MY FRIENDS.

I HAVE this day sold out my interest in the SADDLERY AND HARNESS business to Messrs. FORD, BURBIE & Co., (late of Charleston, S. C., and Augusta, Ga.) It gives me much pleasure to say to my old customers that my successors will be found careful and anxious to please, to win, in their turn, the favor and confidence and obliging in their attention, and prepared by their increased facilities to sell as cheap, if not cheaper, than any other similar house in the Western trade.

My friends will please accept my thanks for the favors during the last fifteen years, and permit me to recommend my successors to their notice.

E. J. B. I. WINN.

Memphis, July 15, 1857.

The subscribers having purchased the establishment of E. J. B. I. WINN, respectfully solicit a share of the patronage of his old friends and customers, and will endeavor to merit their favors by a close attention to business and a determination to please. Our stock will be found full and complete in all the leading articles of our business, and we will be prepared to fill orders for our customers, to those residing at a distance, with printed directions for nailing it.

To whom it may concern: Memphis, Tenn., Oct. 1, 1857. We have W. E. Childs & Co.'s Cement Roofing upon some of our buildings. It gives entire satisfaction, and we consider it the best roofing of which we have any knowledge. We are extensively engaged in building in this city, and have within the last five years, covered buildings with all the various metallic and other roofings which have been introduced, and from experience and investigation, we, without hesitation, pronounce Childs & Co.'s, preferable to any other.

MERRIT & KEMPTON, Builders.

CINCINNATI, O., May 19th, 1857.

W. E. CHILDS & CO.—The roof on our pork house gives entire satisfaction. It has proved itself both Fire and Water Proof.

Some four months since, a large fire occurred directly adjoining us, and our roof was severely tested by burning timbers and burning brands, but stood the test unharmed. We cordially recommend this roof as a good roofer.

JOHN RICE & CO.

OFFICE OF CINCINNATI, HAMILTON AND DAYTON RAILROAD.

CHILDS & Co's. Patent Cement Roofing, is now used here on our best class of buildings. We are covering our freight cars with it, and our Master mechanic reports it very favorable to it.

S. S. L. HOMMEDIEU, President.

CINCINNATI, May 6th, 1857.

Have fully investigated W. E. CHILDS & Co.'s Patent Cement Roofing, and are confident that it is superior to any other kind now in use, not excepting the tin-tile. We recommend it to all who wish a cheap, durable and excellent roof. J. A. D. DECAMP, Builder.

LITTLE MIAMI & CIN & COLUMBUS & XENIA R. R., Superintendent's Office, Cincinnati, Oct. 3, 1857.

This company have adopted Childs & Co's. Patent Elastic Water and Fire Proof Cement Roofing, for their rolling houses, also for painting tin and iron on bridges, depot, and water stations, and covering cars, and we are well pleased with it. C. H. KILGOUR, Superintendent.

Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, THURSDAY, November 5, 1857.

MONETARY.—No change. Exchange stands at 8 per cent, but is not selling freely; gold at about 10 premium.

The Louisville Courier of Oct. 31, says:

Our money market continues dull for sale, and quote Eastern exchange at ¾ to 1 per cent, while the brokers charge 4 to 5. Gold continues to be in demand, and the supply from Southern money is discounted 4 to 10 per cent. Kentucky paper is much greater after, while the demand for it is very considerable, and the supply is not so numerous as to be in excess of the demand. Our money market is growing easier day by day, and our people have much trouble in making a circulating medium. The Mt. Louis Republican of the 31st, reports that gold is more plentiful, and currency not in so great supply as at times. Wagons and wheated Western bills are from 2½ to 5 per cent discount. Kentucky, Ohio, State Bank of Indiana, State of Illinois and Wisconsin free banks from 6 to 10, according to the Bank issuing. Knoxville and New-Orleans bank notes are occasionally variant, yet in Missouri at par, but must be quoted at a difference of from 2 to 5. New-Orleans notes are in greater demand. Currency is still forwarded to Chicago to make exchange. Rates of exchange will probably rise, as our area to which it has been put gradually close, which is discharging or selling. Comparatively speaking, our money market is much more better. Sal. sellers Indiana free bank paper is also improving, and it cannot be purchased to any extent, except at a very small discount. Several of our bankers are now in favor of making this paper bankable. It is in good repute at home, and is selling at par and cool term at the banks of the State Bank or of the Bank of Ohio.

Parties who have remittances to make to Indiana for the purpose of buying produce, take it on the same terms as funds that are bankable here. As soon as the park notes are bankable, it will be time enough.

Advice received in New Orleans on Saturday last informs us that the run on the Galveston banks had subsided. Specie was still paid out for notes, but payments to depositors were delayed on all advices could be received from New orleans.

A CARD.

In order to relieve the business community we will after November 1st, receive on deposit and in payment of collections the following Bank Notes, reserving the right to pay all checks in any of said currency at our option.

We will not receive on deposit notes of any Bank under the following Bank:

COMMERCIAL BANK OF TENNESSEE,
SOUTHERN BANK OF TENNESSEE,
RIVER BANK OF TENNESSEE,
BANK OF MEMPHIS,
BANK OF WEST TENNESSEE.

October 31, 1857.
