For Sale.

IN consequence of the delicate health of my wife I propose to return to the North. I offer my STEAM SAW AND GRIST MILL for sale. The Mill is situated about one half mile north of W. N. Sherman's Ferry, on the Tallahatchie river, and about the same distance from the town of Grenada. The Mill is about as all new and in complete running order, having been run only since the 11th of May last. The Mill is a circular sawing mill—40 inch saw, and is worth from $1,000 to $1,500 per month, when properly run, at least 6000 feet. There is also attached to the Mill a set of Lath Saws, capable of cutting 4000 laths per day.

I also offer for sale 278 acres of LAND; 80 acres of which cleared and in cultivation. The land will be sold with the Mill if desired; otherwise, in parcels to suit purchasers.

For further information, terms, &c., apply to or address the undersigned at this place.

Grenada, Miss. WM. L. THOMPSON.

2,500 ACRES OF LAND FOR SALE.

A Agent for Mrs. V. W. Alexander, of North Carolina, I offer for sale 1100 acres of Land, lying near the Memphis and Ohio Railroad, between Mason and Stanton Depots.

Any one wishing to purchase a high, dry, healthy home, would do well to examine this land. Only about 300 acres of the tract are cleared, the remainder well timbered.

I have two lands of my own directly on the Railroad that I will sell in lots of any size to suit purchasers.

Also another tract in Fayette county, on the Wesley and Somerville road six miles from Wesley and eleven from Somerville, containing three hundred and fifty or sixty acres, with good improvements.

All the land on the unsigned at Mason's Depot for further information, or call and examine the land.

Have associated themselves for the transaction of a

General Land Agency Business

IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They will make personal examinations and accurate surveys of land, in any part of the State, and report to parties the character of the soil, timber, quantity of water, and upon any particular tract, and any desirable information in regard thereto; and in cases where owners wish to bring their land to market, they will contract to clear timber deadened upon it, and will find purchasers for either the plantations or wild lands of those who desire to sell.

Much fine land in this State has been reserved from sale for the last five years, having been reported as swamp and overflowed, and which, by an act of the last Congress, was confirmed to the State, and will be subject to entry in a few months. The lists of these lands will be ready in a few months. The lists of these lands will contain a great deal that has become valuable since its reservation, and the above firm, from their experience as practical surveyors, one of whom has been engaged in the public Surveys of the State for many years, and the other in Railroad and Swamp Land Surveying, having thus acquired an extensive knowledge of land throughout the State, will be prepared to make good locations for persons desiring to invest money in Swamp Land Scrip. Lands in Swamp Lands is offered for sale, or subject to entry, either for a stipulated share of the land or commission upon the amount thereof.

Persons having means in Arkansas will find at their office, plats of land surveyed, or farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once direct to cheap and suitable points.

They will buy and sell Land Warrants or locate them for holders. Any business in the above line will be promptly attended to.

FELTON'S IMPROVED

Self-Sharpening Portable Grist Mill.

An Improvement on all Other Patents.

THIS is one of the most valuable inventions of the day, possessing all the qualifications requisite to make it valuable to the farmer. It is designed to supply a want that has long been felt by that portion of community. It is so simple in construction, that any person of ordinary skill can run it and keep it in order. The grinding surfaces are of the most durable character, harder than any tempered steel, and yet liable to get out of order. It will grind wheat, corn, oats, buckwheat, grain and spices, fragrant and grain corn and only adaptable, or shelled oats and corn, and cob may be well ground together. The small size frame mill, with two-horse power, will grind from five to eight bushels of superior corn meal per hour, and from eight to ten bushels of good feed for stock, and requires but little attention, and may be run by one-half without the attention of a person. The large size frame mill will grind over twice that amount per hour. The meal is not heated in grinding, as various other mills do. Prices are, for small size $125; large size $200. We have the right to sell the States of Alabama, Mississippi, Louisiana, Arkansas, Tennessee, Kentucky, and a portion of Texas. A rare chance is here offered for competent and responsible men to engage in the sale of Mills.

County and State rights sold on accommodating terms. All orders, communications, and applications for Rights or Mills addressed to the undersigned will receive prompt attention.

Patent Roofing.

Important to Architects and Builders,

W. E. CHILDS & CO.'S

Patent Elastic Water and Fire Proof

CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on, our FIRE and WATER PROOF CEMENT ROOFING. It being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, it making no difference how flat or steep the roof may be. We put on our roof for seven dollars per hundred square feet. We will apply our cement on the and iron roofs for two dollars and twenty-five cents per square, it being an amount of its elasticity and durability, the cheapest paint that can be used. Our cement is the best iron paint, for painting around fire walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rick's store store, No. 384 Main street, and examine samples and satisfy themselves of the durability and practicability of using the roofing.

N. B. We are prepared to fill orders for our cement, to those who prefer to do it at a distance, with printed directions for using it.

☞ Old working roofs or repairing done, will please call at No. 384 Main street, or address us through the Post Office.

☞ Call, city rights for sale.

CINCINNATI, January 7th, 1867.

We have W. E. Childs & Co.'s Cement Roofing upon some of our buildings. It gives entire satisfaction, and we consider it the best material of which we have any knowledge. We are extensively engaged in building in this city, and have within the last five years, covered buildings with all the various metallic and other roofings which have been introduced, and from experience and observation, we, without hesitation, pronounce Childs & Co.'s, preferable to any other.

The Greatest Invention of the Age!

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S PATENT GALVANIC CEMENT FOR ROOFING.

THE subscribers have now been for over years of building, with a new and better article than ever before known. The public are aware that our Cement has been tried with every variety of weathering, and that it has been the study of Architects and Builders for years, to discover an article for the various purposes, that would stand the scorching heat of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rusting of metal roofs, are so great in the tropic climates, that they are a nuisance, unless kept painted at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and at one or two years become crumbly, and worthless; whereas, the inventor of the Galvanic Cement has labored years to overcome the difficulties, and can testify from his long experience, and numerous testimonials from responsible persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination of this Cement is such, that it is excluded by entire new roofs, flat or steep; covering over old shingles without removing them; lining cars and all kinds of buildings, outbuildings, chimneys and any thing. Covering tops, steamer decks, &c. This Cement, by its non-conductor and galvanic properties, prevents metal roofs from rusting and undermining, and resists the extremes of heat and cold, better than anything ever invented, for entire roofs or for covering metal and the out-sides of wood buildings, making them fire proof. Its appearance is like slate; beautiful for the pride, palace of the humblest cottage. The undersigned having secured the right to the State of Tennessee, will sell rights of Territory, by Counties or Towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This tool is now being used in this city, for the benefit of all concerned, and warranted to excel all other modes of roofing. The undersigned having resided in the city of Memphis one year, and has had his mode of roofing tested as to its qualities, which has proved satisfactory, and which is a number of the most prominent citizens can testify.

See testimonials of the following gentlemen who have used it, with satisfaction of others.

For further information enquire at the office, where samples may be seen, or at the Cement Manufactory, Nos. 2 Walker's Block, Memphis, Tenn., or address, Box 228, P. O.

J. C. W. STURDIVANT & CO., Proprietors.
[Successors to W. S. Bennett.

Attached is a note from John L. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose experience with this mode of roofing, without a doubt, is satisfactory to all.

MEMPHIS, March 12, 1867.

MR. W. S. BENNETT: When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Model Work on Architecture. I asked his opinion as to the durability &c., of West's Patent Roof, which as you are aware is going in the city of Memphis, and he said on that he had no hesitation in saying to me that it is a good and durable roof, and in all that he advertises it to be; I further saying that he is using it on a fine building for himself.

Respectfully, JOHN L. MORGAN, Architect.

MEMPHIS, March 9, 1867.

W. S. BENNETT, Esq.: *Dear Sir:* The facts within our knowledge of the durability, &c., of West's Galvanic Cement, are these: The building you covered for us last Spring, we are happy to state has answered our expectations. We cordially recommend it to the public for all roofing purposes; as a light, cheap, fire and water proof roof. It does not get soft and run from the effects of the heat of the sun, nor does it harden and crack from the effects of the cold. Any person wishing to know more of this article, can call at our manufactory.

M. S. BRUCE & CO.,
Carriage Manufactory, Monroe St., Memphis, Tenn.

MILLS, Miss., Dec. 8, 1866.

TO WHOM IT MAY CONCERN: This is to certify that W. S. Bennett, covered two roofs for me last Spring, with a composition called West's Patent Galvanic Cement; one of them was a new roof, the other an old shingle roof, which was given entire satisfaction. He also repaired a dormant window, which leaked badly, and had tried the skill of carpenters to prevent its leaking, which he succeeded in making tight. I do most cheerfully recommend his mode of roofing to the public, for all roofing purposes, and believe it to be a permanent fixture. Yours truly, D. COCKRELL,
Proprietor Commercial Hotel.

SUPER'D'T'T OFFICE, MEMPHIS & OHIO R. R.
MEMPHIS, TENN., Feb. 19, 1867.

MR. BENNETT, *Dear Sir:* Our Company having been troubled very much by leaky cars, got some of your Patent Paint on them, and so far as my knowledge extends, I can then truly recommend it to any who wish a dry roof of any kind. Yours, &c.

H. COFFIN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1867.

TO THE PUBLIC: W. S. Bennett made application to me last summer to cover our buildings with West's Galvanic Cement; it was the first thing therefore we would try it; he did it, and we have had no cause to regret it. Our Blacksmith Shop and Engine House attached to their Foundry. They have proved all that he claimed for it, and have withstood some of the greatest storms, and are giving good satisfaction. We can only add, try it and you will be satisfied.

CORNELL & KNAPP, Iron Founders.

MEMPHIS, Jan. 14, 1867.

Mr. Bennett has done some small amounts of roofing for me in his peculiar way, a tin Cotton stuff mixed with a preparation the basis of which, it appears to be Coal Tar. It is a very durable article, and appears to possess no considerable durability, from the preservative qualities of the composition, which prevents the cloth and paper from the decomposition of the air and water. The Composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the influence in the cold of winter.

For example: If Ticket No. 11250 draws the $60,000 Prize, the Tickets numbered 11248, 11249, 11251, 11252, will each be entitled to $600. If Ticket No. 550 draws the $25,000 Prize, those Tickets numbered 548, 549, 551, 552, will each be entitled to $300, and so on according to the above scheme.

☞ The 5,000 Prizes of $20 will be determined by the last figure of the number drawing the $60,000 Prize. For example, if the Numbers drawing $60,000 Prize end with No. 1, then all the Tickets where the number ends in 1 will be entitled to $20. If the Number drawing the Prize is No. 2, then all the Tickets where the number ends in 2 will be entitled to $20, and so on to 0.

Certificates of Packages will be sold at the following rates, which is the risk:

Certificate of Package of 10 Whole Tickets			$50 00
" "	10 Half	"	40 00
" "	10 Quarter	"	20 00
" "	10 Eighth	"	10 00

In ordering Tickets or Certificates, enclose the money to our address; for the Tickets ordered, on receipt of which they will be forwarded by return Express. Purchasers can have Tickets coming in any drawing they designate.

The list of drawn numbers will be forwarded to purchasers immediately after the drawing.

Purchasers will please write their Post-office plain, and give their Post Office, County and State.

☞ Remember that every Prize is drawn and payable in full without deduction.

☞ All Prizes of $1,000 and under, paid immediately after the drawing—other Prizes at the usual time of thirty days.

☞ All communications strictly confidential.

Address orders for Tickets or Certificates of Packages to

SWAN & CO., Atlanta, Ga.

☞ Persons residing near Montgomery, Ala., or Atlanta, Ga., can have their orders filled, and save time, by addressing S. Swan & Co., Montgomery, Ala.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published in the following papers: New Orleans Delta, Mobile Register, Augusta Chronicle, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch, and Petersburg Nine O'Clock.
