2,500 ACRES OF LAND FOR SALE.

A agent for Mrs. T. W. Alexander, of North Carolina, I offer for sale 1150 acres of land, lying on the Memphis and Ohio Railroad, in twelve miles of Memphis and Ohio Railroad, in twelve miles and Stanton's Depots.

Any one wishing to purchase a high, dry, healthy home, would do well to examine this Land. Only about 250 acres of the tract are cleared, the remainder well timbered.

I have also lands of my own directly on the Railroad that I will sell on lots of any size to suit purchasers.

Also another tract in Fayette county, on the Wesley and Somerville road six miles from Wesley and eleven from Somerville, containing three hundred and forty acres, with good improvements.

Address me on the ground at Mason's Depot for further information, or call and examine the lots.

For Sale.

IN consequence of the determination of my partner to retire to the North, I offer the MERTHAN SAW AND GRIST MILL for sale. The Mill is situated about one half mile north of W. S. Sherman's Ferry, on the Tallahatchie river, and about the same distance from the town of Sharsville. The mill is in good order, and is capable of sawing from 1,000 to 1,500 feet per hour. The saw is a circular working one—60 inch saw, and is capable of sawing any timber, which possibly can, at least 3000 feet. There is also attached to the Mill a set of Loft Saws, capable of cutting 500 laths daily.

I also offer for sale 278 acres of LAND; 60 acres of which are cleared, and in cultivation. The land will be sold with the Mill if desired; otherwise, in parcels to suit purchasers.

For further information, terms, &c., apply to or address the undersigned at this place.

A Valuable Plantation for Sale

ON THE HERNANDO PLANKROAD,

Six and a half miles south of Memphis.

THIS plantation contains 640 acres, about half of which is cleared, and nearly all under good fence. It has a good dwelling, cabins, stables, &c., excellent smokehouse, and spring; also a branch water, orchard, clover and timothy meadows, with a fine garden. The lands are of the best description, and have been cultivated for the last five years, and have yielded from 1 to 2 of Hunts bales to the acre, without a fertilizer. The plantation is one rent free, and the balance for one and two years, on the premises. Possession can be given on the first day of February, 1858, or sooner, if by that time the growing crops shall have been gathered.

MOORE & HUGHES

Have established themselves for the transaction of a

General Land Agency Business

IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the ordinary of business matters.

They will make personal examinations and give reports of land, in any part of the State, and report upon the quality of the soil, timber, quantity of arable land upon any particular tract, and any desirable information required. Persons residing in other States who may wish to bring their land into market, that we will contract to have similar business done in, and will be ready to report the result of our operations to those who desire it.

Much fine land in this State has been reserved from sale for the last five years, having been reported as swamp and overflowed, and which, by an act of the last Congress was released from the swamp lists, and restored to the public domain. The lists of these lands contain a great deal that has become valuable since its reservation, and, from the knowledge of the surveyors and practical surveyors, one of whom has been employed in the public surveys of the State for many years, and is other in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to make good locations for persons desiring to invest money, when their information of Swamp Lands is offered for sale, or subject to entry, either for a stipulated share of the land or a definite sum up to the money invested.

Persons holding land in Arkansas will find at their office, plats of land surveyed, or farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once directed to cheap and desirable places.

They will buy and sell Land Warrants or locate them for Soldiers. Any business in the above line will be promptly attended to.

W. E. CHILDS & CO.'S

Patent Elastic Water and Fire Proof

CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on our FIRE and WATER PROOF CEMENT ROOFING, it being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, it making no difference how flat or steep the roof may be. We put on our roof for seven dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is the best three extant, for patching around flue walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Block's stove store, No. 184 Main street, and examine samples and satisfy themselves of the durability and practicability of using this roofing.

N. B. We are prepared to do all kinds of cement work, to those residing at a distance, with printed directions for using it.

The subscriber roofs or repairing done, will please call at Block's stove store, or address us through the Post Office.

WEST'S PATENT GALVANIC CEMENT FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that it has been the study of Architects and Builders for years, to discover an article for roofing purposes, that would stand the sudden change of the weather, and be impervious to fire and water, and remain a permanent fixture. Yet, nothing has been adjudged without cooling heard than the people wish. The construction, expansion and rusting of metal roofs, are apparent in chargeable estimates, that they become common, unless being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when cold, and need alter or one or two years expense yearly, and worthless; whereas, the inventor of the Galvanic Cement has labored for my years to overcome existing difficulties, and has succeeded, as I can testify from his long experience, and numerous testimonials from reliable persons, who have had his combination applied to their roofs. Gentlemen, I present to the consumer a best article ever before known. The combination of this Cement insures that it is cheaper for entire new roofs, but at about 50 cents per square, or two dollars and twenty-five cents per square, it being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is the best three extant, for patching around flue walls, chimneys, skylights, &c. We warrant all our work.

Important to Planters.

HAVING been informed that, owing to the prices at which Cotton is now held, many planters, as yet, have decided not to ship their Cotton to Memphis at present, I by this notice, inform you, or all who are interested, that the rolling stock of the Company is of such a character that they will be entirely unable to furnish cars to get the cotton off, should it improve in price (which is of course possible,) when every one would want to get their cotton to market.

Therefore, to avoid detention or complaint, ship your Cotton now, and in event of an increase, your Cotton will be where you all can avail yourselves of it at once.

$20 REWARD.

RANAWAY, about the 20th of August LUCY, a yellow woman, about 5 feet, about twenty-five years old, weighs about one hundred and forty pounds has large black eyes, speaks quiet, and has a small mark of one of her arms, above the wrist, caused by the iron. She was hired of David Kyle, near Grenada, Miss., and is supposed to have returned to that direction, about the 1st of July last. I will pay a reward for her apprehension and delivery to me, or for information of her, at my residence, one mile south of Fort Pickering, on the railroad.
