IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They will also perform all professional services of land, in any part of the State, and report to parties the character of the soil, timber, quantity of arable land, and any particular tract, and any other information in regard thereto; and in cases where owners wish to bring their land into market, they will contract to do the labor necessary to put it in good order, and cheaper for either the plantations or will lands of those who desire to sell.

Much fine land in this State has been reserved from sale for the last five years, having been reported as swamp and overflowed, and which, by act of the last Congress, has been ceded to the State, and will be subject to entry in a few months. The lists of these lands will be a great deal that has been reported as dry, and the above firm, from their experience as practical surveyors, one of whom has been engaged in surveying almost every township in the State, and other in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to render good locations for persons desiring to invest money, when this modification of Swamp Lands is offered for sale, or subject to entry. Attention will be paid to the business of examining up the money invested.

Persons looking homes in Arkansas will find at their office, good of land unimproved, or farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once directed to what and suitable suited.

Patent Roofing.

Important to Architects and Builders.

W. E. CHILDS & CO.'S

Patent Elastic Water and Fire Proof

CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on our STAR and WATER PROOF CEMENT ROOFING, it being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. We can put it in over old tin, tar or shingle roofs, in nothing no difference how flat or steep the roof may be. We can put on our roof for seven dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is of the best timber extant, for painting around the walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rick's stove store, No. 384 Main street, and examine samples and satisfy themselves of the durability and practicability of our roofs this roofing.

N. B. We are prepared to fill orders for our cement, to those residing at a distance, with printed directions for using it.

The washing roofs or repairing done, will please call at Rick's stove store, or address us through the Post Office.

CINCINNATI, January 7th, 1857.

We have W. E. Childs & Co.'s Cement Roofing upon some of our buildings. It gives entire satisfaction, and we consider it the best roofing of which we have any knowledge. We are extensively engaged in building in this city, and have within the last five years, covered buildings with all the various metallic and other roofings which have been introduced, and from experience and investigation, we, without hesitate, pronounce Childs & Co's. preferable to any other.

CINCINNATI, O., May 29th, 1857.

W. E. CHILDS & CO.—The roof on our pork house gives entire satisfaction. It has proved itself both Fire and Water Proof.

Some few months since, a large fire occurred directly adjoining us, and our roof was severely tried by the flames and burning brands, but stood the test unharmed. We cordially recommend this roof as a good thing.

The Greatest Invention of the Age!

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S

PATENT GALVANIC CEMENT

FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before invented. The public are aware that our attention has had scientific some experimenting, and that it has been the study of Architects and Builders for years, to find a cement which would perfectly resist the elements, and which would not crack and leak, the ever changing roof, which are giving perfect satisfaction. He also prepares a cement window, which, looked fairly, and has lasted the test of time in every climate, for painting which he succeeded in making perfectly tight. I do most heartily recommend my cement roofing to the public, for all roofing purposes, and believe it to be a permanent FIRE PROOF. Fire and water. D. COCKRELL.

MR. BENNETT, Dear Sir: Our Company have been troubled very much with leaky cars, put some of your Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who wish a dry roof of any sort. Yours, &c.,

H. COFFIN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC: W. A. Bennett has applied the paint to an last summer to cover our buildings with West's Galvanic Cement, and I believe it will do what he says it will try it; had it applied to our Blacksmith's and Engine House attached to the Foundry. They have proved all tight and have stood the test of the weather, one of the greatest storms, that we ever had, and give good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & ENAPP, Proprietors.

MEMPHIS, Jan. 14, 1857.

Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton and Gum, and is a preparation the basis of which appears to be Coal Tar. It is a very efficient and light roof, and appears to promise considerable durability; from the experimental qualities of the composition, which penetrates the cloth and protects it from the influence of the air and water. The proprietor is a gentleman of high character, and I think the best of the cent in currency for does it harm and crack from the influence in the cold of winter.

Messrs. Lehman & Co.,

Memphis, Tenn:

GENTS: On account of the very great decline of goods in this market, many styles being sold from one-fourth to half of former rates, you will receive consignments to present value, regardless of former cost.

As your trade is all cash, we can replace the goods without loss, and the reduction will greatly benefit your customers and increase your trade.

Respectfully,

R. W. LEHMAN & BRO.,
