MOORE & HUGHES
Have associated themselves for the transaction of a
General Land Agency Business
IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the searching of Land Titles.

They will make personal examinations and surveys of land, in any part of the State, and report on the quality of soil, timber, quantity of arable land upon any particular tract, and any desirable information in regard thereto; and in cases where we wish to bring their lands into market, they will contract to have timber deadened upon it, and will in all respects, either for the plantations or wild lands of those who desire to sell.

Much fine land in this State has been reserved from sale, for the express purpose of being brought into market by the swamp and overflowed, and which, by an act of the last Congress, was confirmed to the State, and will be subject to entry in a few months. The lands of these lands now offer a great deal that has become valuable since its reservation, and the above firm, from their experience as practical surveyors, one of whom has been engaged in the public Surveys of the State for many years, and the other a Register and Receiver of the Land Office, and thus gained an extensive knowledge of land throughout the State, will be prepared to make good locations for those who may employ them, when this most valuable class of Swamp Lands is offered for sale, or subject to entry, and secure a handsome share of the land or commission upon the money invested.

Persons making homes in Arkansas will find at their office, ready for sale, improved and unimproved farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once directed to cheap and suitable homes.

They will buy and sell Land Warrants or locate them for holders. Any business in the above line will be promptly attended to.

Patent Roofing.

Important to Architects and Builders.

W. E. CHILDS & CO.'S
Patent Elastic Water and Fire Proof
CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on our FIRE and WATER-PROOF CEMENT ROOFING, in being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability equal if not superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, it making no difference how flat or steep the roof may be. We put on our roof for seven dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being an amount of its elasticity and durability, the cheapest paint that can be used. Our cement is the best timber cement, for patching around fire walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rick's store above, No. 184 Main street, and examine sample and satisfy themselves of the durability and practicability of using this roofing.

N. B. We are prepared to fill orders for our cement, to those residing at a distance, with printed directions for using it.

These writing roofs or repairing done, will please call at Rick's store above, or address us through the Post Office.

The Greatest Invention of the Age!
PERFECT PROTECTION FROM THE ELEMENTS

WEST'S
PATENT GALVANIC CEMENT
FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and beautiful article that never before known. The public are aware that our Government has had scientific men experimenting and that it has been the study of Architects and Builders for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rending of metal roofs, are so great in changeable climates, that they become useless, unless being repaired at great expense. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been heretofore used for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and of or one or two years become true by, and leaves the buildings bare. The inventor of the Galvanic Cement, has labored twenty years to combine articles to obviate those difficulties, and can boldly from all his experience, and the testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination of this Cement is such that it is calculated for entire new roofs, flat or steep; also for old shingles without removing them; lining cars troughs, sending around battlements, chimneys and sky-lights. Covering car roofs, steamboat decks, &c. This Cement, by its non-conduction and galvanism, prevents metal roofs from rusting and other deleterious effects, and holds the extremes of heat and cold, better than anything ever invented, for entire roofs or for covering metal and the out-side of wood buildings, making them fire proof. It adds greatly to the elegance of the edifice; beautifully for the rich palace or the humble cottage.

The undersigned having secured the right to the State of Tennessee, will sell rights to County, by Counties or towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This roof is now being put on in this city, for the benefit of all concerned, and warranted to excel all other modes of roofing. The subscriber having resided in the city of Memphis ever year, and has had his mode of roofing tried, and to do the contrary would be prejudice to his credit, according to patterns, and finishes three equal to any brown spots or slate; from silk Dresses in a dry way, without injuring the color of stuff. He also cleans and refinishes Curtains, in Silk and Woolen Tulle de Peyse and Tulle.

C. W. STURDIVANT & CO., Proprietors,
[Successors to W. S. Bennett.

Attached is a note from John M. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose opinion with this made of roofing, without a doubt, is satisfactory to all.

MEMPHIS, MARCH 12, 1857.

MR. W. S. BENNETT: When in Philadelphia, by a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Slate Work on Architecture. I asked his opinion as to the durability, &c., of West's Patent Roof, which as you are aware in the city of Memphis, and he said he had had no hesitation in saying to me that it is a good and durable roof, and is all that its advocates claim it to be; further saying that he is going it on a fine building for himself.

Respectfully, JOHN L. MORGAN, Architect.

MEMPHIS, March 2, 1857.

W. S. BENNETT, Esq., *Dear Sir:* The facts within our knowledge of the durability, &c., of West's Galvanet Cement, are these: The building you covered for us last Spring, we am happy to state has answered our expectations. We can therefore, recommend it to the public for all roofing purposes, as a light, cheap, fire and water proof roof. It does not get soft and run from the effects of the heat of the sun; nor does it harden and crack from the effects of the cold. Any person wishing to know more of this article, can call at our manufactory.

Carriage Manufactory, Monroe St., Memphis, Tenn.

MEMPHIS, TENN., Dec. 8, 1856.

TO WHOM IT MAY CONCERN: This is to certify that W. S. Bennett, covered two roofs for me last Spring, with a composition called West's Patent Galvanic Cement, which then was a new article, and I have no cause to doubt the durability of the roof, which are giving perfect satisfaction. He also covered a small house for my father, in the same way, and had baffled the skill of carpenters to prevent its leaking, which he succeeded in making perfectly tight. I do most cheerfully recommend the Cement to the public, as a good and durable roof, and believe it to be a permanent fixture against fire and water.

D. COCKRELL.

SUPERINTENDENT'S OFFICE, MEMPHIS & OHIO R. R. MEMPHIS, TENN., Feb. 13, 1857.

MR. BENNETT, *Dear Sir:* Our Company having been troubled very much with leaky cars, put some of your Patent Galvanic Cement on one of our passenger cars, and I can cheerfully recommend it to any who wish a dry roof of any sort.

TOURE, Jr.,
H. CRAVEN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC: W. S. Bennett made application to me last Spring to cover our building with West's Galvanic Cement; it being a new thing thought we would try it; had it applied to our Blacksmith Shop and Engine House attached to the Round House, and have proved as required of a water proof roof, having withstood some of the heaviest storms, and are giving good satisfaction. We can only add, that if any thing more is needed.

CURTIS & KNAPP, Iron Founders.

MEMPHIS, Jan. 14, 1857.

Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton stuff coated with his composition, and I am well satisfied with it so far. It is a very effectual and light roof, and appears to promise considerable durability, from the preservative qualities of the composition, which effectually shuts out the cold and protects it from the influence of the air and water. The Composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the influence in the cold of winter.

5,000 prizes amounting to.....$320,000

Whole Tickets, $10; Halves, $5 00; Quarters, $2 50.

PLAN OF THE LOTTERY.

The Numbers from 1 to 60,000, corresponding with these Numbers on the Tickets printed on separate slips of paper, are enrolled with small tin tubes and placed in one wheel.

The first 365 Prizes, similarly printed and enrolled, are placed in another wheel.

The wheels are then revolved, and a number is drawn from the wheel of numbers, and at the same time a Prize is drawn from the other wheel. The Number and Prize drawn out are opened and exhibited to the audience, and registered by the Commissioner; the Prize being placed against the Number drawn. This operation is repeated until all the Prizes are drawn out.

APPROXIMATION PRIZES.—The two preceding and the two succeeding Numbers to those drawing the Prizes will be entitled to the 32 Approximation Prizes, for example: if Ticket No. 11250 draws the $60,000 Prize, those Tickets numbered 11248, 11249, 11251, 11252, will each be entitled to $200. If Ticket No. 559 draws the $20,000 Prize, those Tickets numbered 557, 558, 560, 561, will each be entitled to $200, and so on according to the above scheme.

☞ The 5,000 Prizes of $20 will be determined by the last figure of the number that draws the $60,000 Prize. For example, if the Numbers drawing $60,000 Prize ends with No. 1, then all the Tickets where the number ends in 1 will be entitled to $20. If the Number ends with No. 2, then all the Tickets where the number ends in 2 will be entitled to $20, and so on to 9.

Certification or Packages will be sold at the following rates, which is the risk:

Certificate of Package of 10 Whole Tickets.....$50 00
" " 10 Half " 40 00
" " 10 Quarter " 20 00
" " 10 Eighth " 10 00

In ordering Tickets or Certificates, enclose the money to our address for the Tickets ordered, and if ordered what they will be forwarded by first mail. Purchasers can have Tickets sent by any Express Company they designate.

The list of drawn numbers and prizes will be forwarded to purchasers immediately after the drawing.

Purchasers will please write their directions plain, and give their Post Office, County and State.

☞ Remember that every Prize is drawn and payable in full without deduction.

☞ All Prizes of $1,000 and under, paid immediately after the drawing—other Prizes at the usual time of thirty days.

☞ All communications strictly confidential.

Address orders for Tickets or Certificates of Packages to

S. SWAN & CO., Atlanta, Ga.

☞ Persons ordering near Montgomery, Ala., or Atlanta, Ga., can have their orders filled, and save time, by addressing S. Swan & Co. at either of those cities.

☞ A list of the Numbers drawing Prizes will be sent from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing in the following papers: New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Enquirer, New York Dispatch, and Pantaling (Miss.) Clarion, Augusta (Ga.) Constitutionalist.

BOERHAAVE'S
HOLLAND BITTERS

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE.

SUCH as Indigestion, Acidity of the Stomach, Oddness, Pains, Heartburn, Loss of Appetite, Drowsiness, Costiveness, Blind and Bleeding Piles, In all Nervous, Rheumatic and Neuralgic Affections, it has in numerous instances proved highly beneficial, and in others effected a decided cure.

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhaave. Because of its great success in most of the Eastern States, its introduction into the United States was intended more especially for those of our fellow-citizens who have emigrated from the land of this stalwart country. Meeting with great success among them, I now offer to the American people, knowing that the intrinsic medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have become shattered by the immoderate use of ardent spirits, or other forms of intoxication. Gloomy forebodings of evil, and a feeling as if some dreadful calamity impended over you, will quickly give way to the seat of disease, thrilling and quickening every nerve, invigorating the drooping spirit, and, in fact, infusing new life and vigor into the whole system.

NOTICE—Whoever expects to find this a beverage will be disappointed, but to the sick, weak and low spirited, it will prove a Cordial of Priceless Value, worthy of the expression and distinctness has to equal—in fact the Holland Bitters is the picture, or image, seems suspended in air, entirely independent of the land or ground.

For this picture we have the exclusive right for Memphis, and nothing can be seen in our Gallery where pictures are also taken in the various styles, by our Artist.
