Bailey's Springs
FOR SALE.

BY virtue of a decree of the Probate Court of the county of Lauderdale, in the State of Alabama, the undersigned, Administrators of the estate of Thomas Bailey, deceased, will sell on the 1st DAY, 15th day of January, 1858 on the premises, nine miles from the town of Florence, Ala., the celebrated Springs, known as BAILEY'S SPRINGS, with the Hotel, Cottages, and other improvements.

These Springs are so widely and favorably known, as being the most remarkable waters for the cure of dropsy and eruptions, and all enfeebled constitutions, that it is unnecessary to speak of their curative properties in this notice. The thousands of persons who have been cured, and relieved to health by the use of the waters are scattered all over the country. North and South, and are so many living witnesses of their virtues. It will be sufficient to say, they are considered the most remarkable Springs in the world, and their waters have effected as cures as any three others combined.

Never since their discovery the throng of visitors has been so great, that the proprietors could never accommodate them, and it is believed, that the waters are as well as the most curative watering-place in the South.

There are nine hundred and twenty acres of land of excellent quality, in a state of cultivation, with orchards, stables, houses and other valuable improvements.

A credit of one, two and three years will be given, the purchaser giving bonds with approved personal security and a lien on the property to secure the payment.

General Land Agency Business
IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They will make personal examinations and surveys of lands, in any part of the State, and report to parties the character of the soil, timber, contiguity of settlements, open or particular track, and such other information in regard thereto; and in cases where owners wish to bring their land into market, they will contract to have them designated upon the ground, whether for either the plantations or mill lands of those who desire to sell.

Much land in this State has been reserved from sale for the last five years, having been reported as swamp and overflowed, and which, by an act of the last Congress, was relinquished to the State, and will be ready to entry in a few months. The lists of these lands contain a great deal that has become valuable since its reserve, and the experience of the Surveyors, and other practical surveyors, one of whom has been engaged in the public Surveys of the State for many years, and the other in the Surveys of Swamp Lands, having thus gained an extensive knowledge of land throughout the State, will be prepared to render valuable assistance to persons desiring to invest money, when this condemned of Swamp Lands is offered for sale, or subject to entry either for a stipulated share of the land or commission upon the above mentioned.

Parents having home in Arkansas will find at their disposal, a field adapted to the employment of the services of their improvements, quality, locality, &c., so that they can be at once directed to sleep and valuable spaces.

They will buy and sell Land Warrants or locate them for holders. Any business in the above line will be promptly attended to.

Patent Roofing.

Important to
Architects and Builders.

W. E. CHILDS & CO.'S
Patent Elastic Water and Fire Proof
CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on, our FIRE and WATER PROOF CEMENT ROOFING. It being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, thereby no difference how flat or steep the roof may be. We put on our roof for seven-dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is the best three years, for patching around flue walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rick's stove store, No. 264 Main street, and examine samples and satisfy themselves of the durability and practicability of using this roofing.

N. B. We are prepared to fill orders for our cement, to those residing at a distance with printed directions for using it.

The working tools or repairing done, will please call at Rick's stove store, or address us through the Post Office.

Where W. E. Childs & Co. put on their Roofing upon some of our buildings. It gives entire satisfaction, and we consider it the best roofing of which we have any knowledge. We are extensively engaged in building in this city, and have within the last five years, covered buildings with all the various metals and other materials which have been introduced, and from experience and investigation, we, without hesitation, pronounce Childs & Co.'s, preferable to any other.

The Greatest Invention of the Age!
PERFECT PROTECTION FROM THE ELEMENTS.
WEST'S
PATENT GALVANIC CEMENT
FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that it has been the desire of architects and builders for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to the heat of summer, and the cold of winter. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and melting of metal roofs, are no great inconvenience, that they become useless, times being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Composition and Cement that have been heretofore into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crazy big, and worthless; whereas, the inventor of the Galvanic Cement has taken the very best qualities from his long experience, and numerous testimonials from reliable persons, who have had the combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination of this Cement is such, that it is calculated for entire new roofs, flat or steep, or for repairing old roofs without removing them; filling save tonnage, running around buttments, and flashing for chimneys, and spouting carriage, manner-drains, &c. This Cement, by the non-conduction and adhesion, prevents metal roofs from rusting and corroding, and consequently preservation of heat and cold, better than anything ever invented, for entire roofs or for covering metal and the outside of wood buildings, and for the preservation of the materials it is elastic, beautiful for the rich palace or the humble cottage.

The undersigned having secured the right for Shelby county, is now prepared to contract by Contract or terms, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, with the Cement, at the shortest notice.

This roof is now being put on in this city, for the benefit of all concerned, and is warranted to stand all climates.

Persons will please write their name and place, and give their Post Office, County and State.

DOVER N. H., Feb 2, 1856.

Messrs. O. J. Wood & Co.—Gents: Within a few days we have received so many orders and calls for Prof. O. Wood's Hair Restorative, that to-day we were compelled to send to Boston for a quantity. (the 4th dozen) the last of which we sold last night, and shall be out again in a few days. Your Restorative is repeating itself at every purchaser. Every bottle we have sold has proved three or four new customers, and the approbation and recommendation of those who have tested and worthy citizens of our vicinity, fully convince us that it is a most valuable preparation.

Send us six or more dozen by express as soon as you can; and one dozen gilt edged and believe us yours very respectfully,

(signed) DANIEL LATHORP & CO.

HICKORY GROVE, St. Charles county, Mo., November 19, 1856.

PROF. O. J. WOOD—Dear Sir: Some time last January we purchased a bottle of your Prof. Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the public, to report it.

Our little son's head for some time had been partially covered with sores, and some called it scald head. The hair also of thirteen same off in consequence, when a friend, seeing his suffering, advised us to use your Restorative; we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the sores entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our little boy is healthy, and has not had a sore or hair as any other child. We can, therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair.

We are, yours respectfully,

GEORGE W. HIGGINBOTHAM,
SARAH H. A. HIGGINBOTHAM.

GARDINER MAINE, June 29, 1856.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the day for restoring and changing the hair. Before using it I was a man of several, my hair has no adjunct to obtain color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

YOUR SINCERE FRIEND,
DANIEL N. MURPHY.

A CARD.
OUR NEW FIRM.

It affords me pleasure to announce to my friends and the public that I have associated with me my former partner, JAS. B. WILKINS, and my well-known assistant, THOS. HILL, under the familiar style of F. H. CLARK & CO.

The new firm will start with an efficient force in each mechanical branch, the Watch department being under the supervision of Mr. Wilkins.

Our stock of all things of the latest fashion, and prices as low as the same quality and style of goods can be purchased in Philadelphia or New York.

Thanks for past patronage, and a continuance of the same is respectfully solicited.

P. S.—The numerous complaints of persons who have been imposed upon by individuals peddling spectacles through the country an inferior article of spectacles, representing them to be Brazil Pebbles, lead us to inform the public that we should continue to supply the public with genuine Brazil Pebbles, and protect the reputation of our glasses. All spectacles sold by us are stamped, over the edge of the glass,

CHRISTIAN MULLER & BRO.
