THE DAILY APPEAL.

MEMPHIS, TUESDAY MORNING, DECEMBER 21, 1857.

IN TOWN.—The celebrated Rev. W. G. BROWNLOW, editor of the Knoxville *Whig*, is staying at the Commercial Hotel.

☞ Take the cars and go to WELLS' sale this morning; at 10 o'clock the cars start; sale positive, rain or shine.

RELIGIOUS SERVICE.—Watch-night's meeting will be held this evening at the First Methodist Church, services to commence at nine o'clock.

RENTING OF PEWS.—At the Episcopal Church, on Saturday afternoon, at 3 o'clock, a number of pews will be rented for the next year.

PHONOGRAPHY.—We learn that a gentleman residing in this city, eminently qualified for the task, is about to explain the principles of the beautiful and useful art of Phonography, in a public lecture.

WILLOW WARE.—We call attention to the card of INGRAHAM & LEES, in this morning's paper. Every article used by house-keepers can be found in their unusually large stock of Wood and Willow Ware.

THE CAMPBELLS.—Tois celebrated Troupe are producing their usual impression, attracting applause, and provoking laughter. MATT PAUL is a host in himself. Old Fellows' Hall holds a large crowd, and the Campbells are the folks to fill it.

THE WEATHER.—After noon yesterday, to everybody's joy, the gloomy clouds which had so long obscured the sky, disappeared, allowing the sun to shed his glad beams upon our soaked streets. Fine weather was once more a "fixed fact," and glad should we be to see it "stay fixed" for sometime.

☞ The Hon. W. S. FEATHERSTON, is a one of the distinguished Representatives in Congress from Mississippi, is now on a visit to this city. Having voluntarily retired from public life, he is devoting his whole attention to the legal profession, of which he is one of the brightest ornaments in his State.

THE CHAIN-GANG.—This institution yesterday received an accession of three new members. The Captain of the gang informs us that a surprisingly small number of the men under his care are residents of this city, scarcely two in ten; they are generally from cities East and North of us that are connected with the navigable rivers.

☞ A matter of interest to the ladies, we are called upon to announce that the last auction sale of Messrs. E. BARKER & Co., for the present year, will take place at the usual hour this evening, in their show rooms up stairs. We are authorized to say that a variety of fine goods will be offered, and good bargains will no doubt be had.

Due notice will be given at what time in the new year these auction sales will be resumed.

CROSSINGS.—Memphis was muddy yesterday, that was natural, but the crossings, at least in the principal thoroughfares, might have been kept in a state approaching decency—but they were not. The condition of ladies who were compelled to go out was pitiable. There are daily entering the city's service volunteer laborers, who are ready to sweep the crossings without salary. Their disinterested industry could not, just now, be turned to a better account than in cleansing the crossings and the gutters of footwalks. This volunteer gang is actually called the chain-gang.

THE TABLEAUX.—As we declared would be the case, the Keller's are keeping Ash's Theatre crowded to its utmost capacity every night. We are quite certain that no frequenter of exhibitions ever saw an exhibition to surpass KELLER'S Tableaux in grace, beauty and fascination. This is the first visit of the Troupe to this city, but in other cities we have seen the most spacious Theatres wedged and crowded every night of their exhibiting. We take pleasure in announcing that they have been re-engaged for three more nights performance. None should omit seeing these glorious productions of artistic power.

STATION HOUSE.—We are glad to learn that a Police Station House is in the course of being established; the location is on the lower part of Front Row, a place chosen for its contiguity to the levee and to the southern part of the city. The police force, having a central place of meeting, will be thoroughly organized. Stringent rules for their government will be adopted; punishment for misdemeanor will be prompt and severe, and the superintendence vigilant and active. Such is the state of things intended to be produced, and we hope the intention will be completely carried out. To establish an efficient police system will be a highly creditable act on the part of the Vigilant Committee, its active and energetic Chairman and the City Marshal.

SABBATH NIGHT LECTURES IN THE SECOND PRESBYTERIAN CHURCH.—Rev. R. C. GRAHAM, D. D., of the Second Presbyterian Church, will deliver twelve lectures, beginning the first Sabbath night in January, 1858, on the following subjects:

1. The Piety and Character of the Primitive Christians.
2. Their Faith.
3. Their Regard and Reverence for the Word of God.
4. Their Educational Efforts and Family Training.
5. Their Family Devotion.
6. The Marriage of the Early Christians.
7. Their Amusements.
8. The Primitive Christian as a Citizen.
9. The Position of the Primitive Christians as to Unlawful Callings.
10. Their Benevolence and Benevolent Givings.
11. Their Missionary Spirit.
12. A Summary Review of the Whole.

A DEATH AND A BIRTH.—To-night, aged twelve months, a valuable and respected resident of this and other States, Kingdoms and Republics, Eighteenhundred Fiftyseven, Esq., attended by some mourners and many rejoicers, will be buried in Eternity Cemetery. Our fast departing acquaintance was a member of the great family of Time. He will be succeeded in the dating business by his offspring Eighteenhundred Fiftyeight, whose birth is expected to occur the first thing to-morrow morning. It is confidently anticipated that his name will be closely connected, during the next fifty-two weeks, with a series of remarkable and important events, to attend to which occurrences with due punctuality, he will be at his office, with books open for business, day and night. The respected party now near his latter end, is understood tearfully to have declared that his business was as bad as that of a newspaper office, and that for Year, however vigorous, could stand the wear and tear of his toilsome profession more than twelve months.

A SPLENDID EXHIBITION.—How much money is spent on exhibitions of curiosities, which have often little that is entertaining or instructive about them, while the glorious objects that people the blue expanse around us rarely are made subjects of observation. What scene can be more glorious than the moon with its vast mountains, its fathom'less cavities and its sealess plains; or than Jupiter with his four moons, Saturn with his gorgeous rings, Venus with her lunar-like phases; the binary stars, the nebulæ in Orion and other constellations, beside the colored stars and a thousand other glorious wonders that exist beyond our little globe. The means, a good telescope, are not in the hands of many, but Prof. J. L. TAYLOR has fitted up a fifteen-foot telescope that will magnify three hundred and fifty times; with this he will, every favorable night, be present in Main Street to show the "splendid exhibition" in the heavens above, for less than half the price paid to witness the contortions of dancers and listen to the screeches of singers. We last night saw Jupiter and his four moons through this instrument, and wished not say that we were gratified at the sight. The ladies should not fail to look at stars fair as their countenance and bright as their eyes, through the wondrous tube. We are not to be understood as puffing the big telescope, but as drawing our readers' attention to an interesting subject.

MAYOR OF HUNTSVILLE.—ZEBULON B. DAVIS has been elected Mayor of the city of Huntsville, Alabama, for the ensuing year.

LITTLE THINGS.—Springs are little things, but they are sources of large streams—a line is a little thing, but it governs the course of a ship—a bristle bit is a little thing, but see its use and power; nails and pegs are little things, but they hold the large parts of large buildings together; a word, a look, a frown—all are little things, but powerful for good or evil. Think of this, and mind the little things. Pay that little debt—if's promised. Return it—if it's a shilling hand it over—you know not what important event hangs upon it.—Keep your word sacredly—Keep it to the children; they will mark it sooner than anybody else, and the effect will probably be as lasting as life. Mind the little things.

BOARDING.

A FEW more gentlemen can be accommodated with board in early application, on Second st. between Madison and Monroe. L. N. GREEN.

River Matters.

The river is falling rapidly, having gone down nearly four feet since our last report. The condition of the levee yesterday was horrible in the extreme; so horrible that only those whose fate drove them through the deep, deep mud, can guess its condition. Business was, of course, greatly impeded by this state of things, though wharfage was collected as usual.

The *Simonds* left for New Orleans last evening with over 800 bales of cotton on board.

The *Memphis* left for Cincinnati. She took about 500 bales of cotton up with her.

The *Eclipse*, the gem of steamers, is at the landing. She goes out on Saturday evening—a fact people bound for New Orleans should note.

The *Katie Frisbee*, Capt. Shirley's comfortable and much approved boat, will be leaving for Napoleon at 2 o'clock to-morrow evening. We like "the *sixty Kate*," so does everybody that has traveled upon her.

The *Belfast* leaves for New Orleans to-morrow evening.

At 4 o'clock this evening, the *Daniel Boone* starts for Napoleon.

☞ All persons indebted to the late firm of L. VEST & Co., are requested to come forward and make payments as early in January as possible. Mr. VEST will continue with me, and assist in winding up the business for the present. [dec30-tf] B. GRAHAM.

TO ASSOCIATED PRESS OF MEMPHIS,

BY THE NATIONAL TELEGRAPH LINE.

Walk's Affairs—Com. Paulding's Instructions.

WASHINGTON, December 19.—Letters have been received by the Navy Department from Com. Paulding, in which he defies the Department to foment mischief. He says he could not remove Walker and his followers oftener than as outlaws, and had escaped the vigilance of officers, and had left our shores for replots and murder, and he therefore saw no other course but to send them home. He also said he was fully aware of the responsibility that he had taken upon himself, and asks justification for our Government.

The Cabinet were considering the matter to-day, and thought that Com. Paulding was not strictly justifiable by his instructions, but think his conduct palliated by circumstances which he details.

It is reported that Walker will be released from arrest and be prosecuted for violation of the neutrality laws.

Capt. Engle had an interview with the President and detailed to him the circumstances of Walker's capture.

Walker arrived in Washington this morning, and was accompanied by Marshal Rumsey, of New York, and was received with cheers by a large concourse of people as he entered Brown's Hotel.

WASHINGTON, December 20.—It is positively asserted that Commodore Paulding will be recalled. Walker means to ask the Government to reinstate him in the position and place from which Paulding took him. He was surrendered to Secretary Cass, who declined having anything to do with him, except by orders from judicial authority.

Walker Meeting in New Orleans.

ST. LOUIS, December 20.—Leavenworth dates to the 26th have been received. At Leavenworth, the vote for the Constitution stood 235 for, and 9 against slavery. There was great excitement. Many Missourians were present. Some took oath that they were inhabitants of the Territory. Several of them were arrested, but Judge Lecompton issued writs of habeas corpus for their release.

Calhoun was burned in effigy. Ely Moore was shot in the leg. It was rumored that Gov. Denver had issued orders for the arrest of Lane.

ST. LOUIS, December 20.—*Later*.—The vote in Johnson county, Kansas, was 2,000 votes for slavery, having a majority. In Oxford, 1,300 votes were cast. In Wyandotte, there is 34 anti slavery majority.

Denver gives up the territorial seat to the militia.

ST. LOUIS, December 20.—Kansas advices to the 21st say that civil war is raging in Marion county, and that there had been several conflicts between the pro-slavery and anti-slavery parties. A number of prisoners were taken on both sides. The United States Marshal, with a force of 50 men, demanded the surrender of the free-state party. They were assaulted by a volley of musket balls; the fire was returned; the fight lasted an hour. The pro-slavery men finally retreated, with the loss of one killed and two mortally wounded. The Marshal was dangerously wounded. Lane was entrenched at Sugar Mound, determined to fight if the dragoons attacked him. A battle was regarded as inevitable. Troops had been marching details at the Lane encampment. Speeches were rational and reconciliatory.

Stolen.

A YOUNG, green broke mare, stolen at our stable on Saturday morning last, and hired a saddle nag, saying he wished to ride into the country a few miles on business, he returning soon; but has not yet made his appearance. He was seen to take the road leading to Hernando. The mare he rode was about three-years-old dun-colored mare, about fourteen and a half hands high, two or three white feet, a small star in her forehead, and a peculiar hollow place on the left side of her neck near the shoulder, and of sprightly movement. The thief will probably attempt to palm himself off as a circuit preacher; he is not a very bright span; rind man, in medium size, rather stout; a liberal reward will be given for his arrest and imprisonment that he may be brought to justice. Also for the recovery of the mare. ELLIS, HOWARD & CO.

They were assaulted by a volley of musket balls; the fire was returned; the fight lasted an hour. The pro-slavery men finally retreated, with the loss of one killed and two mortally wounded. The Marshal was dangerously wounded. Lane was entrenched at Sugar Mound, determined to fight if the dragoons attacked him. A battle was regarded as inevitable. Troops had been marching details at the Lane encampment. Speeches were rational and reconciliatory.

MEMPHIS DAILY APPEAL OFFICE, THURSDAY, December 21, 1857.

NEW ORLEANS.—From the *Price Current* of December 22: We have no information to refer to the last week's market, and therefore have to begin our review in our usual way, and so far as it regards the general run of commercial paper it leaves more doubt than ever of a resumption of specie payments. The market has been exceedingly inactive, capitalists, generally, showing that little inclination to invest their funds at the prices ruling. For short commercial paper, we give the wide range of 2@3 per cent per month, the rates in most instances, however, having been at 2½@3 per cent. Some good short acceptances and mortgage bonds, with favorite signatures, are now and then passed at 12 per cent, but in general the rates are from 15@18 per cent per annum. The banks, we understand, are actually discounting to about the extent of their resources. In the banks we have still to report a very irregular market, the capacity of bills being very soon supply the demand only moderate, at about the range of the following quotations, which do not indicate any very marked change since our last report: Sterling, cheap bills, 108@109 asked, 107 cent; sight, bill on London, 9½@9¾ cents; Paris, 5 francs for 1 dollar; New York and Boston 60 days, 3@4 per cent; Sight drafts, ¾@1 cent dis.; Bank checks, ¾@1 cent discount. Tant cents money is quoted at 1@2 per cent dis.

NEW YORK.—From the *Tribune* of December 20: Merchants continue of great discretion, and the almost entire impossibility of making sales of merchandise, expiring at such low prices as to induce speculative purchases. This inactivity must, however, disappear as Spring approaches. There is the new Tariff to the cause market, exceptions, perhaps, a well understood demand, consequent of the general settling of credits which is fairly occurring this season of the year. Gilt-edged paper is still in small supply, and passes freely at 7@9 per cent. In the stock-houses, money is abundant and seeks an satisfactory operation, rates ranging as low as 3 per cent. The great accumulation of money at this point, seeking temporary employment, is shown by the rates at which Government stocks ranged to take it, as New Tennessee 6's sold at 3 per cent interest.

It is stated in some quarters that the advance of the Bank of England, which has not yet been followed by a corresponding advance in the money market, but if so, it has only temporarily, as the disbursements of the Treasury will be made in a few days, and will flow back into the channels of commerce. The Treasury notes cannot be re, by until the middle of January, and as the Treasury need not, and will not be supposed to receive the money of speculative and risky enterprises, it will be redeemed with the notes which really do those purposes, however, which is, depositing money on these drafts, holding upon such receipts as furnishing no valid security.

OUR NEW FIRM.

It affords me pleasure to announce to my friends and the public that I have associated with me my former partners, JAS. S. WILKINS, and my well-known assistant, THOS. HILL, under the familiar style of F. H. CLARK & CO.

The new firm will start with an efficient force in each mechanical branch, the Watch department being under the supervision of Mr. Wilkins.

Don't fail at all times of the latest fashions, and prices as low as the same quality and style of goods can be purchased in Memphis or New York.

I am thankful for the liberal patronage extended to me during my fifteen years' residence in Memphis, and my aim will be to merit its continuance.

F. H. CLARK.

ESTABLISHED 1841.

OUR aim has been to keep pace with our growing city, and furnish those who want goods in our line with good articles, and at fair prices. Our assortment, for years, has been a little if any behind our Eastern cities. It is now extensive this season than ever. Our leading branches are, first—

WATCHES,

Of which we have every variety to several use, together with a large assortment made to our order, which for neatness of style and time-keeping, are surpassed by none. In our assortment will be found the Eight Day Watch and the Repeating chrono meter, giving the time to a minute in the dark.

JEWELRY.

Our assortment in this important branch is kept full by frequent receipts of all the new styles, whether of foreign or domestic production.

GUNS, GUNS.

We have made this branch of our business a study for several years, and may possibly congratulate ourselves with regard to the different qualities of guns of the different styles and makers, but of the kinds best suitable to our market. Our assortment, for a number of years, has been large, to which we have recently made many additions of our own importation. We can furnish our customers with SHOT GUNS from $8 to $300; RIFLES from $10 to $150. Also, the celebrated BELT PISTOLS.
