To COTTON DEALERS AND COMMISSION MERCHANTS.—At the solicitation of a number of our Commission Merchants, we will hereafter issue, from the APPEAL office, a Commercial Letter Sheet and Prices Current. Those desiring to be supplied, will please hand in their orders during Monday and Tuesday.

☞ Copies of this morning's APPEAL can be had at our counting-room this morning until 9 o'clock. Price 5 cents. The "dead head" system has been suspended.

☞ There will be services at the Calvary Church to-day, at the usual hours, by Rev. Dr. WHITE, and Rev. Mr. GOODSON.

ST. MARY'S CHURCH—Poplar street, Rev. RICHARD HINES, Rector; service at 11 A. M. and 3½ P. M. on Sunday; every Wednesday and Friday, at 11 A. M. Seats free.

☞ Elder J. R. FRAME will preach in the Christian Church, corner of Linden and St. Patrick, Sunday morning, at 11 o'clock, and 7 o'clock in the evening.

☞ We are gratified to be able to announce that the misunderstanding or disagreement between the *Eagle* office and the Printers' Union, has been amicably and satisfactorily adjusted.

☞ Hon. HUMPHREY BATE passed through this city day before yesterday on his way to Nashville. Col. BATE has already secured a high position as a prudent, reliable and sagacious legislator.

☞ Hon. JNO. J. FLOYD, a distinguished citizen of Georgia, has been a visitor to this city, during the last few days. We are pleased to learn that there is a probability of his becoming a citizen of Memphis.

CATHOLIC CHURCH.—The Catholic Church, at the corner of Third and Adams street, is nearly completed in its internal decorations. It is to be opened on Sunday, the 17th of the present month, by the popular and talented Bishop SPALDING, of Louisville.

JO ABEL IN TEXAS.—A gentleman, now in this city, and resident of Texas, informs us that the citizens of San Antonio had notified Jo ABEL that he would not be permitted to reside there. It is known to our citizens that he very recently removed to Texas.

☞ Mr. JAMES GLOVER, agent for the Express companies who have secured the large mail contract for transporting the mails from the Mississippi river to the Pacific, passed through this city on Thursday last, *en route* for the West, to prosecute his work on the route.

TAX ON MONEY LOANED IN MISSISSIPPI.—Under the new code or revenue law of that State, says the *Mississippian*, in reply to an inquiry, the tax on loaned money is twenty cents on every one hundred dollars of loaned money, or two dollars on the thousand.

☞ Yesterday was murky, drizzly and gloomy, though we are not disposed to complain. Thus far we have had the mildest and most pleasant winter known to the oldest inhabitant. As yet we have had neither freeze nor snow, and a major part of the season has been genial and spring-like. May it continue so to the end.

☞ It will be seen that our young and talented friend, WILLIS L. GREEN, Esq., of Tipton, late of this city, is a candidate for Attorney General of the 11th District, composed of the counties of Hardeman, Fayette, Tipton and Shelby. Our friend is well fitted, both by talents and education, for this responsible position.

☞ We would invite attention to the advertisement of MESSRS. CALDWELL & PATTERSON, Auctioneers. They have secured eligible and spacious auction rooms on Main street, opposite the Worsham House, and we take pleasure in recommending them as reliable and efficient business men who will attend to business entrusted to them with promptitude and dispatch. Mr. CALDWELL was formerly connected with the house of G. R. LOCKE.

GRAND JUNCTION.—On Wednesday next, about four hundred town lots in this place will be offered for sale in Grand Junction. This place is situated at the junction of the Memphis and Charleston, the Mississippi Central and Tennessee railroads on the two great thoroughfares North and South from New Orleans and the Ohio river, and East and West from Memphis to the Atlantic seaboard. Situated eligibly, it cannot fail to become a town of considerable importance, trade and population, and those who now invest at this point must realize handsomely upon the amount invested.

CRIPP'S GAIETTY.—To-morrow evening will be produced, for the first time in our city, MRS. BATEMAN's great comedy of *Self*. Mr. BATEMAN sustains his famous character of "John Unit," supported by the strength of the excellent company. We understand that Mr. BATEMAN has bestowed much care and attention on the "*Mire en scene*," and that we may confidently look forward to the production of a fine play in fine style—a consummation devoutly to be wished. The glorious Keller Troupe will finish the evening's performances with their charming pictures and fascinating Ballets.

Go early (the time is changed to 7 o'clock) if you would get a seat.

EAST TENNESSEE AND VIRGINIA RAILROAD—RAIL ALL THE WAY TO NEW YORK.—We learn that there is now remaining a gap of only sixteen miles which has not received the iron rails. When this shall be completed—it is believed the whole gap will be filled during the approaching Spring—Memphis will be placed within two days' travel of Washington City, and the Southern stockholder can travel over it from one terminus to the other on slave soil, and not be subject to annoyance and loss. This will be a great achievement for the South, and these iron rails will so bind and bind the Southern people together, that they will be unassailable from foes within or without. Southern property being secure, will double in value.

THE TIDE OF IMMIGRATION.—We learn from one of the officers of the Memphis and Charleston Railroad, that from twelve to fifteen hundred negroes have been brought over this road to Memphis within the last thirty days. They were owned by planters from the Atlantic States, who have purchased farms in Mississippi and Arkansas. It is not at all surprising to us that they have found, upon examination and reflection, that sound policy dictated an exchange of the worn-out lands of the old States for the rich soil of the Mississippi Valley. They will continue to come until Mississippi, Arkansas, Louisiana and Texas shall each boast a population equal to any of the States from which they have removed. The West is capacious enough to accommodate all who may pitch their tents here.

FRUIT, SHADE AND ORNAMENTAL TREES.—We invite the attention of our readers to the advertisement of Messrs. JOHN SIGERSON & CO. They have recently established in this city a depot for the display and sale of fruit, shade and ornamental trees, and shrubs. They are producers of all they offer for sale, and consequently can make a full guaranty to their customers. The establishment from which these trees and shrubs are taken, is believed to be the most extensive in the Western States. It is situated near St. Louis and embraces 1,000 acres, 200 of which are embraced in the nursery. They have every variety of the apple, peach, pear, plum, &c., &c., all of which they now offer for sale at their depot. This establishment is worthy of a liberal patronage, which we bespeak for it.

DR. BOYNTON'S LECTURES.—We are pleased to announce that Dr. BOYNTON will give his brilliant course of illustrated lectures on Geology, in Memphis. These lectures have attracted and delighted the largest crowds in other cities. As a brilliant, instructive and amusing lecturer, Dr. B. is said to have no superior, if a rival, in the United States. He speaks without notes, and in a rapid, off-hand style, often exciting his hearers to the highest pitch of enthusiasm. The paintings used during the course, are said to have cost over four thousand dollars, and to be exceedingly beautiful.

And the New York *Musical World* says:

"To be able to popularize science—to invest rocks and shale, and sea and air, and water and dirt, with an interest that sends one's blood tingling and thrilling through the veins, and chains the attention by the hour, is rare and precious gift—a power which is vouchsafed to but few. Dr. Boynton is one of the few who can do this."

The following testimonial was furnished by the Hon. MILLARD FILLMORE:

"BUFFALO, November 10, 1856.

"Having had the pleasure of listening to Dr. BOYNTON's Course of Lectures on Geology, recently delivered in this city, and understanding that he intends going West on his review of repeating them, I am happy to state, for the information of my friends there, that his lectures here, though delivered during the excitement of the political campaign, were listened to by crowded audiences of our most intelligent citizens of both sexes, with apparent delight and satisfaction. His manner of lecturing is much more attractive for being *oral* instead of written, and much more instructive to the popular mind by being divested of all the technicalities of science, and brought down to plain, familiar language to the comprehension of all. The lectures derive additional interest from the splendid Paintings with which they are illustrated, many of which are not only beautiful as works of art, but very instructive in presenting peculiar landscape views and geological formations of the earth. I cannot doubt that his lectures, which are delivered with that enthusiasm peculiar to one whose heart is in his subject, must be useful wherever they are delivered, and be feeling this, I cheerfully commend them to the patronage of my friends.

"MILLARD FILLMORE."

It will be seen by the advertisement in another column, that the lectures are to commence next Tuesday evening, at Odd-Fellows' Hall.

☞ Capt. DAVID EMBREE, Supervising Steamboat Inspector, of the 5th District, is now in the city. His visit is connected with his official duties. He will be here until Monday next, during which time he may be seen at the Commercial Hotel. Capt. EMBREE has made a favorable impression upon us, and we doubt not he will, in his official course, fully meet the expectation of the public.

SPOT ON THE SUN.—A correspondent of the Charleston *Courier* says: "A large spot has recently made its appearance on the face of the sun. It is 40,000 miles in diameter, of rather triangular figure, along the borders of the penumbra, within which are four or five nuclei, and several smaller ones, in the form of dots and lines. The diameter of the spot being five times that of the earth, its surface must be more than six times the whole surface of the earth, or fifteen times greater than the habitable portion of the globe."

River Matters.

The river here is still swelling at the rate of half an inch an hour. All the upper streams are reported in fine boating order. The weather yesterday was cloudy, with a sufficient fall of rain in the afternoon to leave the wharf and streets in the unpleasant condition they were in during the early part of the week. Business on the levee was never duller at this season of the year than at present. There is scarcely business enough offering to give employment to one-third of our regular packets.

The regular New Orleans and Memphis packet *Nebraska*, Capt. Irwin, brought up only a light freight. She is now loading, and will leave for the South at her usual hour to-morrow evening.

The *Kate Frisbee* and *Daniel Boone*, rival packets in the Napoleon and Memphis trade, will leave to-morrow at 2 o'clock, P. M.

The popular and elegant steamer *Moses McLellan*, Capt. Lamb, is the regular Louisville packet for to-morrow evening at 5 o'clock. An excellent boat, clever officers and the best of accommodations.

The *City of Hunterville* left for Nashville at 4 o'clock, P. M., yesterday, and the *Return* for White river at 6 o'clock—both with rather small trips.

Court Street.

For the Memphis Appeal:

MESSRS. EDITORS: Court street, between the Square and the Railroad Depot, is in a horrible condition. Drays, and omnibuses, even, are constantly "miring up." Please call the attention of the City Fathers to the fact, and entreat them to have the street gravelled. It is one of the most used thoroughfares in the city, and deserves to be kept in good condition.

A SUFFERER.

TO THE HOLDERS OF SCRIP OF CRITTENDEN COUNTY, ARKANSAS.—By order of the County Court of Crittenden county the holders of Scrip against said county are required to present the same for payment at the January term of the court—which court meets on Monday next, or they may lose their claim against the county. 2t

☞ All persons indebted to the late firm of L. VEST & CO., are requested to come forward and make payments as early in January as possible. Mr. VEST will continue with me, and assist in winding up the business for the present. [dec30 tf] B. GRAHAM.

PILES IN BOTH FORMS CURED. READ THIS.

"I can only answer for my present sound health, from the constant, though moderate use of BURNAM'S HOLLAND BITTERS—having from youth suffered, at intervals from Piles, in both forms, sometimes so severely as to completely prostrate me. I have for several months past, though subject to loss of sleep, and nervous hysteria, still been entirely free from any symptom of this distressing disease; while my general health is very much improved."

Persons doubting the authenticity of this certificate, are requested to call upon or communicate with the proprietors. They will take pleasure not only in referring parties to its author but to many others who have used the Holland Bitters for the same affection, with equal success.

D., 1852, by Thomas Mull to the undersigned as Trustee, and recorded in the Probate Clerk's Office of Marshall county Mississippi, on the 14th day of January, 1852, in B. of R., pages 141, 142, 143 and 147, for the purpose of securing the payment of certain debts therein specified I will as Trustee in said deed, on TUESDAY, the third day of February next, proceed to sell at public sale, to the highest bidder, for cash, on the premises, so conveyed, of the late Thomas Mull, in Marshall county, Miss., the undivided property real and personal, or as much thereof as will be of value sufficient to pay the said debts, to-wit: The north half of section No. 34, township 1, range 1 west; section 3, township 2, and section 31, and east of 32, township 1, in range 1 west, situated and lying in the county of Marshall and State of Mississippi. $20 REWARD.

RANAWAY from the subscriber, on FRIDAY, January 1st, 1858, a mulatto boy named BILL, aged about 14 years; small for his age; had on when he left a white linsey roll-collar coat; his hair when cut short would be very straight; has a scar on the back of one of his hands; do not recollect which one. I have reason to believe he was decoyed off from Collierville and sold, as he has not been heard from since he was seen there. I will give the above reward for him delivered to me, or half the amount if he is confined in any jail so that I can get him.
