**General Land Agency Business**

IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They will make accurate surveys and searches of land, in any part of the State, and report to parties the character of the soil, timber, quantity of prairie and other lands, and give any particular information in regard thereto; and in case where owners wish to bring their land into market, they will contract to survey, clear and improve the same, or any part thereof, for either the plantations or wild lands of those who desire to sell.

Those who have land in this State has been reserved from sale for the last five years, having been exposed to swamp land overflowed, and which, by an act of the Congress, was confirmed to the State, and will be subject to entry in a few months. The lists of these lands contain a great many of the most valuable tracts of prairie, and the above firm, from their experience as practical surveyors, one of whom has been engaged in the public Surveys of the State for many years, and the other in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to make good locations for persons desiring to invest money, when this confirmation of Swamp Lands is confirmed, or subject to entry, either for a quarter share of the land or commission upon the sum so invested.

Persons holding bonds in Arkansas will find at their office, plat of the State, showing the location of settlements of their improvements, quality, locality, &c., so that they can be at once directed to clump and suitable parties.

They will buy and sell Land Warrants or locate them for holders. Any business in the above line will be promptly attended.

## Patent Roofing.

**Important to Architects and Builders.**

W. E. CHILDS & CO.'S

Patent Elastic Water and Fire Proof

**CEMENT ROOFING.**

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on, our FIRE and WATER PROOF CEMENT ROOFING. It brings the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, and of use superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, it making no difference how flat or steep the roof may be. We put on our roof for seven dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is the best thing extant, for patching around fire walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rick's store above, No. 384 Main street, and examine samples and satisfy themselves of the durability and practicability of using this roofing.

N. B. We are prepared to fill orders for our cement, to those residing at a distance, with printed directions for using it.

Those wishing roofs or repairing done, will please call at Rick's store above, or address us through the Post Office

CINCINNATI, January 7th, 1857.

We have W. E. Childs & Co.'s, Cement Roofing upon some of our buildings, and it gives us satisfaction, and we consider it the best roofing of which we have any knowledge. We are extensively engaged in building, and have within the last five years, covered buildings with all the various metallic and other roofings which have been introduced in this city, and have had ample experience and investigation, we without hesitation, pronounce Childs & Co.'s, preferable to any other.

W. E. CHILDS & CO.—The roof on our pork house gives entire satisfaction. It has proved itself both Fire and Water Proof.

Some four months since, a large fire occurred directly adjoining us, and our roof was severely tried by the flames and burning brands, but stood the test unharmed. We cordially recommend this roof as a good thing.

**The Greatest Invention of the Age!**

PERFECT PROTECTION FROM THE ELEMENTS.

**WEST'S PATENT GALVANIC CEMENT FOR ROOFING.**

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that it has been the study of Architects and Builders for years, to discover an article that will withstand the effects of the elements, that would withstand the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rust of metal roofs, are so great in the extreme climates, that they become useless, unless being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crum bly, and worthless; whereas, the inventor of the Galvanic Cement, has taken twenty years to combine articles to obviate these difficulties, and can justly claim for his preparation, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination of this Cement is such, that it is calculated for entire new roofs, flat or steep; covering over old shingles without removing them; also for stone work, cementing around battlements, chimneys and sky lights. Covering carpet, steamer decks, &c. This Cement, by its non-conductive and galvanic properties, prevents metal roofs from rusting and underscalding, and resists the extremes of heat and cold, better than anything ever invented, for entire roofs or for covering metal and the outside of wood buildings, making them fire proof. Its appearance is like slate; beautiful for the rich palace or humble cottage.

The undersigned having secured the right to the State of Tennessee, will sell rights of Territory, by Counties or Towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

The public will now have put on this city, for the benefit of all concerned, and warranted to excel all other modes of roofing. The subscriber having resided in the city of Memphis one year and has had his mode of roofing tested as to its qualities, which has proved satisfactory, he will give a number of the most prominent citizens can testify.

See testimonials of the following gentlemen who have used it, with hosts of others.

For further information enquire at the office, where samples may be seen in J. L. Morgan's Architectural Room, No. 3 Walker's Block, Memphis, Tenn., or address, Box 230, P. O.

Attached is a note from John L. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Sarmon Shaw, the celebrated Architect, of New York on Architecture. I asked his opinion as to the durability &c., of West's Patent Cement Roofing, which has been put on the city of Memphis, and he told me that he had no hesitation in saying to me that it is a good and durable roof, and in all that is claimed for it. I feel no hesitation saying that he is using it on a fine building for himself.

Respectfully, JOHN L. MORGAN, Architect.

W. S. BENNETT, Esq., *Dear Sir:* The facts within our knowledge of the durability, &c., of West's Galvanic Cement, are as follows: This Cement has been used for no last Spring, we am happy to state has answered our expectations. We can therefore, recommend it to the public for all roofing purposes; as a hard, cheap, fire and water proof roof. It does not get out and run from the effects of the heat of the sun, nor does it crack and break from the effects of the cold. Any person wishing to know more of this article, can call at our manufactory.

MEMPHIS, TENN., Dec. 6, 1856.

TO WHOM IT MAY CONCERN: This is to certify that W. S. Bennett, covered two roofs for me last Spring, a composition called West's Patent Galvanic Cement; one of them was a new roof, the other an old shingle roof, which are giving perfect satisfaction. He also repaired a dormant window, which leaked badly, and has not leaked a drop since. Mr. Bennett is a worthy mechanic, which he conceded in making a perfectly tight. I do most cheerfully recommend his Cement to the public for all roofing purposes, and believe it to be a permanent Entire again w. fire and water. D. COCKRELL,

Proprietor Commercial Hotel.

SUPERINT'D'T OFFICE, MEMPHIS & OHIO R. R.,
MEMPHIS, TENN., Feb. 19, 1857.

MR. BENNETT, *Dear Sir:* Our roof on your building have troubled very much with leaky cars, put some of your Patent Paint upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who may stay roof of any sort. YOUNG, Jr.,

H. COFFIN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC: W. S. Bennett made application to me last summer to cover our buildings with West's Galvanic Cement; I doubted the propriety of his doing so, fearing it had applied to our Blacksmith Shop and Engine House attached to the Foundry. They have proved all required of a water proof roof, have withstood some of the greatest storms, and are giving good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & KNAPP, Iron Founders.

MEMPHIS, Jan. 14, 1857.

Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton stuff, coated with a preparation the basis of which appears to be Coal Tar. It is very effective and light cost, and it appears to promise considerable durability, from the preservative qualities of the composition, which penetrates the cloth and protects it from the effects of the sun and water. The Composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the influence of the cold of winter.

The Number and Prize drawn out are opened and exhibited to the audience, and registered by the Commissioners, and the Prize posted against the Number drawn. This operation is repeated until all the Prizes are drawn out.

APPROXIMATION PRIZES.—The two preceding and the two succeeding Numbers to those drawing the first 7 Prizes will be entitled to the 28 approximation Prizes. For example: if Ticket No. 11250 draws the $70,000 Prize, those Tickets numbered 11248, 11249, 11251, 11252, will each be entitled to $400. If Ticket No. 800 draws the $20,000 Prize, those Tickets numbered 548, 549, 551, 552, will each be entitled to $200, and so on according to the above scheme.

☞ The 5,000 Prizes of $20 will be determined by the last figure of the number that draws the $70,000 Prize. For example, if the Number drawing $70,000 Prize ends with No. 1, then all the Tickets where the number ends in 1 will be entitled to $20. If the Number ends with No. 5, then all the Tickets where the number ends in 5 will be entitled to $20, and so on to 9.

Certificates of Packages will be sold at the following rates, which is the risk:

Certificate of Package of 10 Whole Tickets..... $50 00
" " 10 Half " ..... 40 00
" " 10 Quarter " ..... 30 00
" " 10 Eighth " ..... 10 00

In ordering Tickets or Certificates, enclose the money to our address for the Tickets ordered, on receipt of which they will be forwarded by first mail. Purchasers can have Tickets sending in any of these three ways.

The list of drawn numbers and prizes will be forwarded to purchasers immediately after the drawing.

Purchasers will please write their orders plain, and give their Post Office, County and State.

☞ Remember that every Prize is drawn and payable in full without deduction.

☞ All Prizes of $1,000 and under, paid immediately after the drawing—other Prizes at the usual time of thirty days.

☞ All communications strictly confidential.

Address orders for Tickets or Certificates to

S. SWAN & CO., Augusta, Ga.

☞ Persons residing near Montgomery, Ala., or Atlanta, Ga., can have their order filled, and save time, by addressing S. Swan & Co. at either of those cities.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that up to date is entitled to, will be published every day, in the following papers: New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Baltimore Sun, Morning News, Richmond Dispatch, New York Dispatch, Panola (Miss.) Clarion, and Augusta (Ga.) Constitutionalist.
