IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the collection of delinquent lands.

They will make personal examinations and surveys of land, in any part of the State, and furnish parties with a bring their land into market, they will contract to have timber deadened upon it, and will be prepared for letting the plantations or wild lands of those who desire to sell.

Much fine land in this State has been reserved from sale for the last five years, having been reported as swamp and overflowed, and which, by an act of the last Congress, was confirmed to the State, and will be subject to entry in a few months. The lists of these lands contain a great deal that has become valuable since its reclaiming, and the above firm, from their experience in practical surveyors, one of whom has been engaged in the public surveys of the State for many years, and the other in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to make good selections for persons desiring to invest money, when the cash subscription of Swamp Lands is offered for sale, or subject to entry, either for a stipulated share of the land or cash, as may upon the money invested.

Persons interested in lands in Arkansas will find at their office, plans of land surveyed, or farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once advised of the value of their property.

They will buy and sell Land Warrants or locate them for holders. All business in the above line will be promptly attended to.

W. E. CHILDS & CO.'S

Patent Elastic Water and Fire Proof

CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to contract and put on, our FIRE and WATER PROOF CEMENT ROOFING, it being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. Wooden pitch is cheaper of tin, tar or shingle roofs, it making no difference how flat or steep the roof may be. We put on our roof for seven dollars per hundred square feet. We will supply our cement on its sale and put roofs for two dollars and seventy-five cents per square. It being on account of its elasticity and durability, the cheapest paint that can be used. Our cement is the best thing extant, for patching around fire walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rick's store there, No. 184 Main street, and examine samples and satisfy themselves of the durability and practicability of using this roofing.

N. B. We are prepared to fill orders for our cement, to those residing at a distance, with printed directions for laying it.

Those wishing roofs or repairing done, will please call at Rick's shoe store, or address us through the Post Office.

CINCINNATI, January 7th, 1857.

We have W. E. Childs & Co.'s Cement Roofing upon some of our buildings. It gives entire satisfaction, and we consider it the best roofing of which we have any knowledge. We are prepared to contract for roofing in this city, and have within the last five years, covered buildings with all the various metallic and other roofings which have been introduced, and from experience and investigation, we, without hesitation, pronounce Childs & Co.'s, preferable to any other.

W. E. Childs & Co.—The roof on our park house gives entire satisfaction. It has proved itself both Fire and Water Proof.

Some four months since, a large fire occurred directly adjoining us, and our roof was severely tried by the flames and burning brands, but stood the test unharmed. We cordially recommend this roof as a good thing.

The Greatest Invention of the Age!

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S

PATENT GALVANIC CEMENT

FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and better article than ever before known. The public are aware that our Government has had scientific men experimenting, and that at the expense of Architects and Builders, for years, to discover an article for roofing purposes, that would stand the sudden changes of the weather, and be impervious to fire and water, and a permanent fixture. As yet, nothing has been attained without costing more than the people wish. The contraction, expansion and rendering of metal roofs, are so great in changeable climates, that they become useless, unless being repaired at great expense yearly. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and all or one or two years become useless, and worthless; whereas, the inventor of the Galvanic Cement, has labored twenty years to combine articles to obviate these difficulties, and can boldly claim the lost expensive, and numerous testimonials from reliable persons, who have had his combination applied to their buildings, that his Cement is the cheapest and best article ever before known. The combination of his Cement is such, that it is calculated for shingle roofs, flat or steep; covering over old shingles without removing them; also for repairing tin, soaring around battlements, chimneys and sky lights. Covering car roofs, steamer decks, &c. This Cement, by its non-conducting and adhesive properties, prevents metal roofs from rusting and undermining, and resists the extremes of heat and cold, better than anything ever invented, for entire roofs or covering metal; and the outside of wood buildings, making them fire proof. Its appearance is like slate; beautiful for the rich palace or the humble cottage.

The undersigned having secured the right to the State of Tennessee, will sell rights of Territory, by Counties or towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This roof is now being put on in this city, for the benefit of all concerned, and warranted to excel all other roofs of similar kind. The subscriber having resided in the city of Memphis one year, and has had his mode of roofing tested as to its qualities, which has proved satisfactory, to which a number of the most prominent citizens can testify.

See testimonials of the following gentlemen who have used it, with books of others.

For further information enquire at the office, where samples may be seen by J. L. Morgan's Architectural Rooms, No. 3 Walker's Block, Memphis, Tenn., or address, Box 129, P. O.

C. W. STURDIVANT & CO., Proprietors,
[Successors to W. S. Bennett.

Attached is a note from John L. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose experience with this mode of roofing, without a doubt, is satisfactory to all.

MEMPHIS, March 12, 1857.

MR. W. S. BENNETT: Mr. Sloan, of Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Sloan Work on Architecture. I showed him specimens of the durability &c., of West's Patent Roof, such as you are using in the city of Memphis, and he told me that he had no hesitation in saying to me that this is a valuable invention, and he believed that its pretensions claim it to be; further saying that he is ready to do all in his power to introduce it.

Respectfully, JOHN L. MORGAN, Architect.

MEMPHIS, March 2, 1857.

W. S. BENNETT, Esq., Dear Sir: In reply to your inquiry, to the best of my knowledge of the durability, &c., of West's Galvanic Cement, are these: The building you covered for me last Spring, we have found it has answered our expectations. We can therefore, recommend it to the public for all roofing purposes, as it has stood the wind, fire and water well so far. If does not get wet and run from the effects of the heat of the sun; nor does it harden and crack from the effects of the cold. Any person wishing to know more of this article, can call at our manufactory.

MEMPHIS, TENN., Dec. 8, 1856.

TO WHOM IT MAY CONCERN: This is to certify that W. S. Bennett, covered two roots for me last Spring, with a composition called West's Patent Galvanic Cement; and I have to state that it has answered my expectations. We can therefore, recommend it to the public for all roofing purposes, as it has stood the wind, fire and water well so far. It does not get wet and run from the effects of the heat of the sun; nor does it harden and crack from the effects of the cold. Any person wishing to know more of this article, can call at our manufactory.

H. F. FARNSWORTH & CO.,

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC: W. S. Bennett made application to me last winter to cover a building with West's Galvanic Cement; it being a new thing thought we would try it; had it applied to our Blacksmith Shop and Engine House attached to the Foundry. They have proved all required of a water proof roof, having withstood some of the severest storms, and giving good satisfaction. We can only add, try it and you will be satisfied.

CURTIS & KNAPP, Iron Founders.

MEMPHIS, TENN., Jan. 14, 1857.

Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton stuff coated with his composition, which I believe to be equal to Coal Tar. It is a very effectual and light roof, and appears to possess the requisite elasticity to resist the propulsive force of the expansion, which penetrates the cloth and protects it from the influence of the air and water. The composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the influence in the cold of winter.

For example: if Ticket No 11250 draws the $70,000 Prize, those Tickets numbered 11248, 11249, 11251, 11252, will each be entitled to $400. If Ticket No. 40,000 draws the $20,000 Prize, those Tickets numbered 39,998, 39,999, 40,001, 40,002, will each be entitled to $200, and so on according to the above scheme.

☞ The 5,000 Prizes of $30 will be determined by the last figure of the number that draws the $70,000 Prize. For example, if the Number drawing $70,000 prize ends with No. 1, then all the Tickets where the number ends in 1 will be entitled to $30. If the Number ends in No. 2, then all the Tickets where the number ends in 2 will be entitled to $30, and so on to 9.

☞ Certificates of Packages will be sold at the following rates, which is the risk:

Certificate of Package of 10 Whole Tickets			$50 00
" "	20 Half	"	40 00
" "	10 Quarter	"	20 00
" "	10 Eighth	"	10 00

In ordering Tickets or Certificates, enclose the money to our address for the Tickets ordered on receipt of which they will be forwarded by first mail. Purchasers can have Tickets ending in any figure they may designate.

The list of drawn numbers and prizes will be forwarded to purchasers immediately after the drawing.

Purchasers will please write their signatures plain, and give their Post Office, County and State.

☞ Remember that every Prize is drawn and payable in full without deduction.

☞ All Prizes of $100 and under, paid immediately after the drawing—other Prizes at the usual time of thirty days.

☞ All communications strictly confidential.

Address orders for Tickets or Certificates to

S. SWAN & CO., Augusta, Ga.

☞ Persons residing near Montgomery, Ala., or Atlanta, Ga., can have their order filled, and take time, by addressing S. Swan & Co. at either of those cities.

☞ A list of the numbers that are drawn from the wheel, with the amount of the prize that each one is entitled to, will be published after every drawing in the following papers: New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette, Atlanta Intelligencer, New York Weekly Day Book, Savannah Morning News, Richmond Dispatch, New York Dispatch, Pathfinder (Miss.) Clarion, and Augusta (Ga.) Constitutionalist.

CIRCULAR.

MEMPHIS, January 1, 1858.

THE commercial crisis has caused us to adopt a different course to be pursued in our business affairs. We intend to transact all our business on a STRICTLY CASH BUSINESS, but time has been extended to some of our patrons who manifested a disposition to patronize us on this principle.

From this date we shall sell EXCLUSIVELY FOR CASH, and shall not depart from it in any instance.

We shall be pleased to retain the patronage of our friends on these terms.

Those indebted to us will come forward and settle as it will save us the expense of sending a collector.
