6 107 Acres of Land for Sale.

I OFFER for sale the following Tract of Land in the 20th District, Tenn., to-wit: One tract of 365 acres, in one mile of the Memphis and Ohio Railroad, and three from Mason's Depot; 220 acres cleared, but now well timbered. There is a good dwelling house, gin house, cabins, stables, fencing complete. Also, on said premises, 40 acres of land within the last two years. One tract of 2,250 acres, 500 acres cleared, and is an fine condition; balance well timbered; is a good quarter, and a very large framed gin house, outhouses, &c. It is within four miles of Covington and ten of Mason's Depot. One tract of one half of the Hatchie river at the foot of the mills. One tract of 2,425 acres, known as Lucy's Bluff, about five miles from Covington, on Hatchie river. It would make a fine place to manufacture lumber. One tract of 1,700 acres of burnt woods. One tract of 700 acres, within six miles of Mason's Depot, and five of Wesley, all woods. One tract of 372 acres, on Hatchie river, and six miles or so Covington, known as the Mills Mountain. I have also a Steam Saw and Grist Mill to sell or rent. I will sell large or small tracts of land as I choose to change my plan. Mr. THOS. T. SOMERVILLE, or Maj. THOMAS T. HUNT will take pleasure in showing these lands. Address, at Mason, Tenn.

MOORE & HUGHES

Have associated themselves for the transaction of a

General Land Agency Business

IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They will make personal examinations and surveys of land, in any part of the State, and report to parties the character of the soil, timber, quantity of arable land upon any particular tract, and any desirable information in regard thereto; and in cases where owners wish to bring their lands into market, they will contract to have timber deadened upon it, and will for purchasers for either the plantations or will lands of those who desire to sell.

Much fine land in this State has been reserved from sale for the last five years, having been reported as swamp and overflowed, and subject to entry by the act of Congress, was confirmed to the State, and will be subject to entry in a few months. The lists of these lands can claim a great deal that has become valuable since its reservation, and the above firm, from their experience as practical surveyors, one of whom has been engaged in the public Surveys of the State for many years, and the other in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to make good locations for parties employing them. Will also look out claims of Swamp Lands to offered for sale, or subject to entry, will for a stipulated share of the land or commission upon the money invested.

Persons running homes in Arkansas will find at their office, plats of land surveyed, or in course of, with full descriptions of their improvements, quality, locality, &c., so that they can be at once directed to cheap and suitable places.

They will buy and sell Land Warrants or locate them for purchasers. Any business in the above line will be promptly attended to.

Trustee's Sale.

PURSUANCE of a deed of trust executed by — Jones, and duly recorded in Shelby county, Tennessee in book No. 11 and pages 65, 66, 67 and 68, I will sell to satisfy the payment of certain notes executed by said Jones and Desperdoux, on the 1st day of March, 1858, in the city of MARSHALL NEXT in front of the Wareham House in the city of Memphis, for cash, to the highest bidder, an ISLAND in the Mississippi river, about three miles above the city of Memphis known as the most western or chute of Island Number Eleven, containing about 640 acres, more or less, which is included in said deed of trust. I will sell and convey as Trustee.

WILLIAM GRIFFIN, Trustee.

Trustee's Sale.

BY virtue of a Deed of Trust, executed on the 16th day of February, 1856 by W. Lowry, to me as trustee, and recorded in the Register's office of Shelby county, Tennessee, on the 21st day of January, 1856, in book 32, pages 601 and 602, for the purpose of securing the payment of certain debts therein specified, I shall, as trustee in said deed, on WEDNESDAY, the 10th day of March next, proceed to sell at public auction, for cash, on the premises, about three miles east of Memphis, on the new State Line road, the following described lands, or so much thereof as will satisfy the claims specified in said deed of trust, to-wit: Two Lots of Land situated in Shelby county, Tennessee, on the new State Line road, about three miles east of Memphis, containing in the aggregate 12 acres more or less, which said two lots are bounded as follows: Beginning at a stake, on the north side of said State Line road, thence north 1 chain and 50 links; thence west 2 chains and 66 links to a stake; thence south 1 chain and 50 links to a stake; thence east 2 chains and 66 links to a stake in the centre of the new State Line road; thence west 4 chains, north with the centre of said road 10 chains and 50 links to the beginning—known as Lots Nos. 2 and 3 in Wm. Cooper's survey and sub division.

The title to the above property is believed to be undoubted, the right of redemption being waived; but I shall give a warranty deed, as is provided in the trust deed.

JAMES T. PETTIT, Trustee.

Notice.

IN pursuance of the power and authority vested in me under a Deed of Trust, in which I am trustee, executed by Thos. McKee, on the 10th of May, 1856, and registered in the Register's office of Shelby county, Tennessee, in Book No. 32, pages 625 and 629, for the purpose of secure to James Jenkins, the payment of certain debts therein mentioned, I shall sell at public auction to the highest bidder for Cash, on WEDNESDAY, the 24th day of February next, in front of the Court House, in the Master of the Chancery Side of the Common Law and Chancery Court of the city of Memphis, a certain tract of Land, situated in the county of Shelby and State of Tennessee, about four miles above the city of Memphis on the Mississippi river, known as Riverside Point, and bounded as follows, to wit: On the North by several small tracts of land, conveyed and granted to A. B. Carter, a 4 the north line conforms to the call of the grants to said Carter; on the East, it is bounded by a tract of 6000 acres granted to McLemore & Carr; and on the West, it is bounded by the meanders of the Mississippi river, and contains 640 acres more or less, (including a gravel bar heretofore conveyed to Daniel Holbrook, but which gravel bar, from high water mark on the river is excluded from the line,) being the same tract of land conveyed to me said M ll by the said Jenkins on the 10th day of May, 1856. The title to this tract of land is believed to be perfect; but as I am a trustee, I shall convey only such title as I have to the purchaser.

ABEL H. SHAW, Trustee in said Deed.

Important to Architects and Builders.

W. E. CHILDS & CO.'S Patent Elastic Water and Fire Proof

CEMENT ROOFING.

WE would respectfully announce to the citizens of Memphis, and the surrounding country, that we are prepared to put over and put on, our FLAT AND WATER-PROOF CEMENT ROOFING, is being the only article yet invented, that will successfully resist the action of the atmosphere in every climate. It is perfectly Fire and Water Proof, and in point of durability, equal if not superior to any metallic roofing. We can put it on over old tin, tar or shingle roofs, it making no difference how flat or steep the roof may be. We put on our roof for ten dollars per hundred square feet. We will apply our cement on tin and iron roofs for two dollars and twenty-five cents per square, it being an amount of its elasticity and durability, the cheapest paint that can be used. Our cement is the best thing extant, for patching around fire walls, chimneys, skylights, &c. We warrant all our work.

We invite all that want new roofs, or their old ones repaired, to call at Rich's above store, No. 184 Main street, and examine samples and satisfy themselves of the durability and practicability of using the roofing.

N. B. We are prepared to fill orders for any amount, to those residing at a distance, with printed directions for laying it.

Those wishing roofs or repairing done, will please call at Mr. Rich's above store, or address us through the Post Office.

CINCINNATI, January 7th, 1857.

We have W. E. Childs & Co's. Cement Roofing over some of our buildings. It gives entire satisfaction, and we consider it the best roofing of which we have any knowledge. We have extensively engaged in bid ding in this city, and have within the last five years, covered hundreds with all the various metallic and other roofings; but find none to compare with it, from experience and investigation, we, without hesitation, pronounce Childs & Co.'s, preferable to any other.

W. E. CHILDS & Co.—The roof on our park house gives entire satisfaction. It has proved tight both Fire and Water Proof.

Some four months since, a large fire occurred directly adjoining us, and our roof was severely tried by the flames and burning brands, but stood the test unharmed. We cordially recommend this roof as a good article.

CINCINNATI, May 5th, 1857.

We have fully investigated W. E. CHILDS & Co.'s. Patent Cement Roofing, and are satisfied that it is a Patent Cement Roofing, and are satisfied that it is superior to any other kind we have seen, not excepting the metallic. We recommend it to all who wish a cheap, durable and excellent roof. J. A. D. DRIGAMP, Builders.

The Greatest Invention of the Age!

PERFECT PROTECTION FROM THE ELEMENTS.

WEST'S PATENT GALVANIC CEMENT FOR ROOFING.

THE subscriber is now prepared to cover roofs of buildings, with a new and beautiful article that never before known. The public are aware that our Government has had scientific men experimenting, and that they have spent the services of Architects and Builders for years, to discover an article for roofing purposes, that would resist the sudden changes of the weather, and be impervious to fire and water, and remain a permanent fixture. As yet, nothing has been attained without costing more than the profits would be. The inventor, a practical working of metal roofs, are so great in change of temperature, that they become useless. Shingles are not fire proof, and cannot be used on flat roofs, and the various Compositions and Cements that have been brought into use for roofing, do not stand the action of the weather, but they run when it is warm, and crack when frosty, and after one or two years become crumbly, and worthless; whereas, the inventor of the Galvanic Cement, has taken five years to complete his invention to obviate those difficulties, and can boast of his long experience, and numerous testimonials from reliable persons, who have had his combination on their buildings, that his Cement is the cheapest and best article ever before known. The combination of this Cement, is such, that it is designed for entire new roofs, flat or steep; covering over old shingle without removing them; lining eave troughs, seaming around chimneys and skylights, and all leaky covering; cap tops, steamer decks, &c. This Cement, by its non-conduction and expansion, prevents metal roofs from rusting and undercutting, and resists the extremes of heat and cold, better than anything ever invented, for entire roofs or covering metal; and the outside of wood buildings, making them fire proof. Its appearance is like slate; beautiful for the rich palace or the humble cottage. The undersigned having secured the right to the State of Tennessee, will sell rights of Territory, by Counties or towns, on reasonable terms.

The subscriber is also prepared to cover roofs of buildings, in any part of the State, at short notice.

This roof is now being put on in this city, for the benefit of all concerned, and warranted to excel all other modes of roofing. Its commendation has resulted in its use in Memphis one year, and has had his mode of roofing traced as to its qualities, which has proved satisfactory, in which a number of the most prominent citizens can testify.

See testimonials of the following gentlemen who have used it, with the hottest climes.

For further information enquire at the office, where samples may be seen in J. J. Morgan's Architectural Room, No. 2 Walker's Block, Memphis, Tenn., or address, Box 230, P. O.

C. W. STURDIVANT & CO., Proprietors, (Successors to W. S. Bennett.

Attached is a note from John L. Morgan, Esq., Architect, by which may be seen the opinion of Mr. Samuel Sloan, the celebrated Architect, and writer upon Architecture, whose experience with this mode of roofing, without a doubt, is satisfactory to all.

MEMPHIS, March 12, 1857.

MR. W. S. BENNETT: When in Philadelphia, Pa., a few days ago, I called upon Mr. Samuel Sloan, the celebrated Architect, and author of the Book Work on Architecture, and exhibited your Cement Roofing. Mr. West's Patent Roof, such as you are using in the city of Memphis, and he told me that he had no hesitation in saying to me that it is a good and durable roof, and he is of that its advocates claim it to be; farther saying that he is using it on a fine building by himself.

Respectfully, JOHN L. MORGAN, Architect.

MEMPHIS, March 2, 1857.

W. S. BENNETT, Esq.: Dear Sir: The facts within our knowledge of the durability, &c., of West's Galvanic Cement, are these: The building you covered for us last Spring, we are happy to state has answered our expectations. We can therefore, recommend it to the public for all roofing purposes; as a light, cheap, fire and water proof roof. It does not crack and rot from the effects of the heat of the sun; nor does it harden and crack from the effects of the cold. Anyone wishing to know more of this article, can call at our office.

W. S. BRUCE & CO., Carriage Manufactory, Monroe St. Memphis, Tenn.

MEMPHIS, TENN., Dec. 5, 1856.

TO WHOM IT MAY CONCERN: This is to certify that W. S. Bennett covered some for us last Spring, with a composition called West's Patent Galvanic Cement; one of these roofs, was a new roof, the other an old shingle roof, which are giving perfect satisfaction. He also repaired a dormant window, which leaked badly, and had baffled the skill of another person to prevent its leaking, which he succeeded in making perfectly tight. I do most cheerfully recommend his method of roofing to the public, for all roofing purposes, and believe it to be a permanent future security, fire and water.

D. COCKRELL, Proprietor Commercial Hotel.

SUPERINT'D'T OFFICE, MEMPHIS & OHIO R. R. MEMPHIS, TENN., Feb. 19, 1857.

MR. BENNETT, *Dear Sir:* Our Company having been troubled very much with leaky cars, put some of your Patent Metal upon them, and so far as my knowledge extends, I can cheerfully recommend it to any who may wish a dry roof of any sort.

YOURS, &c.

H. COFFIN, Superintendent.

MEMPHIS, TENN., Jan. 14, 1857.

TO THE PUBLIC: W. S. Bennett made application to me last summer to cover our buildings with West's Galvanic Cement; I at first thought it would be wrong to try it; but it applied to our Blacksmith Shop and Engine House attached to the Foundry. They have proved all required of a water proof roof, having withstood some of the greatest storms, and are giving good satisfaction. We can only add, that we feel disposed to recommend it.

CURTIS & KNAPP, Iron Foundrers.

MEMPHIS, Jan. 14, 1857.

Mr. Bennett has done some small amount of roofing for me in his peculiar way, with Cotton stuff, coated with a composition made by himself, which appears to be Coal Tar. It is a very effectual and light roof, and appears to promise considerable durability, from the preservative qualities of the composition, which penetrates the cloth, and protects it from the influence of the air and water. The Composition does not liquify and run from the effects of the heat of the sun in summer; nor does it harden and crack from the influence of the cold of winter.

PLAN OF THE LOTTERY.

The Numbers from 1 to 80,000, corresponding with these Numbers on the Tickets printed on separate slips of paper, are enclosed with small tin cubes and placed in one wheel.

The first 487 Prizes, similarly printed and enclosed, are placed in another wheel.

The wheels are then revolved, and a number is drawn from the wheel of numbers, and at the same time a Prize is drawn from the other wheel. The Number and Prize drawn out are opened and exhibited to the audience, and registered by the Commissioners; the Prize being placed against the Number drawn. This operation is repeated until all the Prizes are drawn out.

APPROXIMATION PRIZES.—The two preceding and the two succeeding Numbers to those drawing the first 2 Prizes will be entitled to the 20 Approximation Prizes. For example: if Ticket No. 11250 draws the $70,000 Prize, those Tickets numbered 11248, 11249, 11251, 11252, will each be entitled to $400. If Ticket No. 500 draws the $20,000 Prize, those Tickets numbered 498, 499, 501, 502, will each be entitled to $300, and so on according to the above scheme.

☞ The 5,000 Prizes of $20 will be determined by the last figure of the number that draws the $70,000 Prize, for example, if the Number drawing $70,000 Prize ends with No. 1, then all the Tickets where the number ends in 1 will be entitled to $20. If the number ends with No. 2, then all the Tickets where the number ends in 2 will be entitled to $20, and so on to 0.

Certificates of Packages will be sold at the following rates, which is the risk:

Certificate of Package of	10 Whole Tickets	$80 00
" "	10 Half "	40 00
" "	10 Quarter "	20 00
" "	10 Eighth "	10 00

In ordering Tickets or Certificates, enclose the money to our address for the Tickets ordered, on receipt of which they will be forwarded by first mail. Purchasers can have Tickets ending in any figure they may designate.

List of drawn numbers and prizes will be forwarded to purchasers immediately after the drawing.

Purchasers will please write their signatures plain, and give their Post Office address in full.

☞ Remember that every Prize is drawn and payable in full without deduction.

☞ All Prizes of $1,000 and under, paid immediately after the drawing—other Prizes at the usual time of thirty days.

☞ All communications strictly confidential.

$50 Reward.

RANAWAY from Dr W. A. Booth, near Memphis, on the 29th of December last, two negroes belonging to me, BEN and NANCY, his wife. Ben is a black man about 5 feet 10 or 12 inches high, and 160 or 170 pounds, shows the whites of his eyes when spoken to. Nancy, a yellow woman, delicate and smiles when spoken to 26 or 28 years old. The said Negroes may have gone North, if so, and are taken up and brought to the south of the Ohio river, I will give a fair jail so I can get them, I will give $100 Reward.

DOVER N. H., Feb 2, 1856.

PROF. O. J. WOOD & Co—Gents: Within a few days we have received so many orders and calls for Prof. O. J. Wood's Hair Restorative, that to-day we were compelled to send to Boston for a quantity, (the six dozen you forwarded all being used,) which we have received a quantity from you. Every bottle we have sold seems to have produced three or four new customers, by the approbation and patronage it receives from the most substantial and worthy citizens of our vicinity, fully convince us that it is a most valuable preparation.

Send us as soon as may be one gross or $1 size; and one dozen $3 size; and believe us yours very respectfully,

(Signed) DANIEL HALL & CO.

RICKORY GROVE, St. Charles county, Mo., November 19, 1856.

PROF. O. J WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were astonishing, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with scurf and dandruff, and his hair and head almost entirely came off in consequence, when a friend, seeing his suffering, advised us to use your Restorative; we did so, and the result was beyond our expectation, and that of all our friends, a very few applications of the Restorative entirely cured a few and inconvenient crop of hair soon started out, and we can honestly say that very far has its healthy a scalp and as luxuriant a crop of hair as any other child. We, therefore, do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp.

We are, yours respectfully,

GEORGE W. HIGGINBOTHAM, SARAH A. HIGGINBOTHAM, GARDINER MAINWARING.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it I was a man of seventy. My hair was perfectly white and thin. I can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours respectfully,

DANIEL N. MURPHY.
