Commercial Matters.

MEMPHIS DAILY APPEAL OFFICE, FRIDAY, May 9, 1856.

COTTON.—The stagnation in the cotton market still continues. Sales are very limited and yesterday prices were less firm, especially for the lower qualities; inside rates prevailed. There is some demand for middling qualities and above to supply orders to the river. The sales yesterday were: 4 bales at 9; 41 at 9¾; 7 at 9¾; 8 at 9¾; 17 at 10¼; 20 at 10¾; 15 at 11; 7 at 11¼; 8 at 11½; 17 at 11¾; 34 at 12¾.

Ordinary.....8¼@ 9¾ | Good Middling...12¼@12¾
Good Ordinary...10 @10¾ | Middling Fair...12¾@13
Low Middling...11 @11¼ | Fair.....no total.

The New Orleans Crescent of Monday says: There has been a very perceptible decline for the week in sales of merchandise—especially of dry goods, groceries, hardware and other branches of trade. We believe there are no complaints on the "Sugar Coast" of slow sales. Some trades may not realize at their bills receivable so readily as they expected, though there is no doubt by winding over be paper matured, and the use of exchanges in drawn from Texas, Arkansas and upper Mississippi. Still some more are expected. The sea was unusually calm, however, for some days past, and this part of the trade.

COTTON.—The New Orleans Crescent of May 2 reports: The market continued active with advanced prices, and yesterday 600 bales were engaged or, Our quotations are still nominal.

In adverting to the movements of the week it will be observed that the depression in cotton has caused considerable change in the relative value of the various grades. It hardly necessary to say more for future reference than that buyers and sellers of cotton have been for the days at a standoff, the two first days of the week were marked with some few transactions—the nature of the division of the 7th April, which was received in New York, having completely paralyzed buyers. Concurrent with these are the doubts engendered of the extent of the crop, which, we have stated, we estimate at from now for 2,000,000 bales on one side, and 2,100,000 and above on the other side. Every cargo is watched, its arrival and number of bales is duly recorded. The mail is watched daily for the receipts at Mobile, Charleston and Savannah. Most every important house has its own paper and pencil—hence, "hedging." In the meantime the accounts of frost and cold weather, as having been of any serious injury, are frequently and positively contradicted by the theory of Rocky Mountain Sharps. The expected advices due on Monday at Quebec may, however, lead the consuming parties to be more and more accommodating.

BRAGG'S ARCTIC LINIMENT.

THIS inimitable Liniment, upon which the great mass of the afflicted of all lands now rely for relief from the pangs of Neuralgia, Rheumatism, Gout, Bruises, Pains, Cancer, Scrofula, Sprains, Bruises, Burns, Scalds, and all cutaneous diseases, is rapidly supersoding all similar preparations. The proprietors give for the relief and cure of sufferers, the following mere mention of a few of the wonderful cures effected by it during the past three months. Certificates, the genuine of which are in the possession of the proprietors, but they deem precisely the publication of all but a few.

COW BOY'S INVALUABLE COMPANION.

MR. MOSS, No. 345 Morgan street, St. Louis, having suffered for three years with Rheumatism, and tried many remedies without effect, was cured by one forty cent bottle of Arctic Liniment.

PITY THE LITTLE CHILDREN.

A little daughter of Mrs. Lee, residing on Lake street, Chicago, was scalded all over by the upsetting of a bottle of boiling water. The Arctic Liniment was supplied according to the directions, and the flow was instantly arrested, and in a few days the little sufferer was well.

RESTORED TO BEAUTY.

Mrs. George K. Taylor, Canal street, N. O. had long suffered from a painful and disfigurint eruption on the face, and by the use of one bottle of the Liniment was cured, and restored to her original beauty.

A HORRIBLE TUMOR.

Eugene Mallory, Natchez, was three years the victim of a horrible tumor on the neck, which resisted all treatment until he tried the Arctic Liniment. Three bottles cured him in a few weeks.

WONDERFUL CURE!

Mrs. Hubbard, Mobile, Ala., pronounced by doctors to be incurable for three years with nasal polypus, and after being in despair from the failure of all other medies was cured by the Arctic Liniment, in the space of a month.

AN EXPLOSION.

MEMPHIS, TENN., November 28, 1857.

I hereby certify, that having been badly bruised and scalded by the explosion of a steam boiler, a friend advised me to try Brags's Arctic Liniment. The smart was instantly extracted from the scalds, and in a very short time, all the pain was gone from the bruises. In two weeks I was well, and able to resume my business.

BENJAMIN HAVERSTIL,
Rockcastle Jackson street.

THE BLIND SEE!

WEBSTER CITY, IOWA, November 8, 1857.

DR. BRAGG—Dear Sir: For more than three years I had been afflicted with inflamed eyes, in an aggravated degree, and great various physicians, and several nostrums, to no effect; I was induced by Dr. Reese to try your celebrated Liniment, and in two months was perfectly well. My little daughter was afflicted in the same manner for the same time, and obtained a complete cure from the same cause. I applied your valuable Liniment, and her eyes are now perfectly sound. They have I, with good reason, entire confidence in the efficacy and its use, besides curing the rheumatism in my back. I would not be without your invaluable remedy in my house. Yours truly,

W. M. BEARDSLEY.

WEBSTER CITY, IOWA, November 9th, 1857.

I hereby certify that I am well acquainted with William Beardsly, and with the astonishing cure he mentions and know his statement to be strictly true.

J. J. WADSWORTH, P. M., Webster City.
GOOD FOR CANCERS.

I find the Arctic Liniment is also equally efficacious in curing the diseases of animals, as witness the following certificate: Messrs J. S. A. Arnot, and Lynch & Co., keep the two largest livery stables in the West, and are generally known throughout the Cotton States.

ST. LOUIS, December 22d, 1857.

We, the undersigned, have used Brags' Arctic Liniment, for a considerable time, in our stables, on horses, as well as our selves, and do certify that some of horses, as well as we ourselves, have received great benefit from the use of the Liniment. We have used it in our stables for many years, and never livery stables in the city, and can say, from our experience and knowledge of its effects, that the Arctic Liniment is the only one we have ever found always effective. We cordially recommend it to all livery stable keepers and others having the care of horses.

J. S. A. ARNOT,
LYNCH, ARNOT & CO.
Corner Fourth and Chestnut street.

CAUTION.

Many Druggists, having old Liniments on hand, will try to sell them to you as the best, but we hope you will positively refuse to purchase them. Ask for "BRAGG'S ARCTIC LINIMENT," and take no other.

LIBERAL REMUNERATION.

The proprietors agree to furnish each purchaser of a dollar bottle, with a free subscription to the U. S. Journal, containing a description of the best N. Y. Unstrained papers. A certificate, entitling the holder to the benefit of the premium, is enclosed in the wrapper around every bottle of the Arctic Liniment in place of the 50 cent and $1 bottles contain 50 and 100 per cent more Liniment in proportion to their cost, and are the cheapest. MEMPHIS DAILY APPEAL OFFICE, FRIDAY, May 9, 1856.

NEW YORK.—The state of the stock market appears to be the principal point of attraction with Eastern capitalists last now. The Tribune of Saturday last reports:

The improvement noticed in the stock market yesterday, extended through the operations of both boards to-day, and there were more decided symptoms of a strong market than have been perceptible for some time past. The movement first begins to tell upon the speculators, and after wait for making for a decline during the interval of business, buyers again came into the market for the purchase of an upward movement. The effort on the part of the bears to bring about a decline during the interval of business, appears to have been entirely unsuccessful; the market resisting the pressure to which it has been extensively subjected, with a strength hardly exposed in the absence of belligerent operations by rival, or extensive bull operations from any other quarter. The market is giant of fact has stood up firmly on its own real strength, and has developed an elasticity to which can only be accounted for by the easy condition of the money market, which has rendered it exceedingly unnecessary for bidders to put stocks upon the market. The accounts from the interior were more the that which preceded the great rise in December and January than anything we have written and since, and many believe that we are approaching the end of a speculation which will attain equal intensity, in which opinion, however, we do not share. We have from time to time anticipated a further rise, but it is certain that we have had a very decided and strong market, except for one or two leading shares.

Special Notices.

A Card.

THE Treasurer of Crisp's Gaiety takes great pleasure in announcing that his BENEFIT will take place at the Theatre on WEDNESDAY EVENING, May 8, 1856. On which occasion, through the kindness of the Company, who have generously volunteered their services, he is enabled to offer them as strong a bill as has been performed this season, and he confidently relies upon the many warm friends of the Theatre for their patronage and support.

E. C. LEMOYNE.

Holloway's Ointment.

THE fable that Scrofula or King's Evil could be cured by a Monarch's touch, has long been exploded. But the great truth that not only Scrofula and Saltrheum, but all malad. s developed in the skin and flesh, can be removed by this preparation is beyond cavil.

Sold at the manufactory, No. 80 Maiden Lane, New York, and all druggists, at 25c., 62c., and $1 per box.

Dr. Hostetter's

JUSTLY celebrated and never failing STOMACH BITTERS, will effectually cure all diseases of the body, of a morbid nature. The Doctor is calling the attention of the public to this valuable specific, done so with a notice of the "Bitters" contained in his virtues and adaptation to the diseases for which it is recommended. It is no quack article, one that has stood the criticism of the American press and people. The testimony given in its favor, by the most eminent and well known proprietors and private individuals in all parts of the Union, is immense, and clearly evinces that its virtues are many. The use of the "Bitters" continued in its
