BRAGG'S ARCTIC LINIMENT.

THIS incomparable Liniment, upon which the great makes of the affliction of all lands now rely for relief from the scourge of Rheumatism, Neuralgia, Gout, Erysipelas, Cancer, Scrofula, Sprains, Bruises, Burns, Scalds, and all cutaneous diseases, is rapidly superseding all other preparations. The proprietors give the following concentrate of sufferers, the following memorandum of a few of the wonderful cures effected by it during the past few months. Certificates from the parties named are in the possession of the proprietors, but their length prevents the publication of all not a few.

ONE BOTTLE TRIUMPHANT.

Mrs. Mott, No. 245 Morgan street, St. Louis, having suffered for three years with Rheumatism, and tried many remedies without effect, was cured by one fifty cent bottle of Arctic Liniment.

PITT THE LITTLE CHILDREN.

A little daughter of Mrs. Lee, residing on Lake street, Chicago, was scalded all over by the upsetting of a bottle of boiling water. The Arctic Liniment was applied according to the directions, and the fire was instantly extracted, and in a few days the little sufferer was well.

RESTORED TO BEAUTY.

Mrs. George K. Taylor, Canal street, N. O. had long suffered from a painful and disfiguring eruption on the face, and for the use of Bragg's Arctic Liniment was cured, and restored to her original beauty.

A HORRIBLE TUMOR.

Eugene Mallory, Natchez, was three years the victim of a horrible tumor in the neck, which resisted all remedies until he tried the Arctic Liniment. Three bottles cured him in a few weeks.

WONDERFUL CURE!

Mrs. Bedford, Mobile, was confined to her couch for three years with rheumatism, and after being cured of her disease from the failure of all other remedies was cured by the Arctic Liniment, in a little over a month.

AN EXPLOSION.

MEMPHIS, TENN., November 28, 1857.

I hereby certify, that having been badly bruised and am dead by the explosion of a steam boiler, a friend recommended Bragg's Arctic Liniment. The so try Bragg's Arctic Liniment. The so try Bragg's Arctic Liniment. The so was instantly extracted from the scalds, and in a very short time, all the pain was gone from the parts, and in two weeks I was well, and able to resume my business. HENRY HAVERSKILL,

Residence Jackson street.

THE BLIND SEE!

WEBSTER CITY, Iowa, November 8, 1857.

Dr. BRAGG—Dear Sir: for more than three years I had been afflicted with inflamed eyes, in an aggravated degree, and tried various physicians, and several nostrums, to no effect; I was induced by Dr. Bates to try the Arctic Liniment, and in two months was nearly well. My little daughter was afflicted in the same manner for the same time, and during a portion of the time was entirely blind in one eye. I applied your valuable Liniment, and her eye was perfectly cured in a few days. Three have I, with one two-bit bottle, cured my daughter's eyes and my own, besides curing the rheumatism in my back. I would not be without your invaluable remedy in my home. Yours truly, WM. RUSSELL.

WEBSTER CITY, IOWA, November 9th, 1857.

I hereby certify that I am well acquainted with William Russell, and with the astonishing cures he mentions and know his statement to be strictly true.

J. J. WADSWORTH, P. M., Webster City.

GOOD FOR ANIMALS.

This invaluable Liniment is also equally efficacious in curing the diseases of animals, as witness the following certificate: Messrs J. A. Arnot, and Lynch & Co. keep the two largest livery stables in New York, and are generally known throughout the United States

ST. LOUIS, December 23d, 1857.

We, the undersigned, having used Bragg's Arctic Liniment, for a number of months, cheerfully testify to its superior efficacy in curing the diseases of horses; as we are we subscribe of the Arctic being the best Liniment made, that we would use no other. We keep and have kept for a number of years, extensive livery stables in this city, and consequently our experience about horses and their diseases is great, and we unhesitatingly say that the Arctic Liniment is the only one we have ever found always effective. We cordially recommend it to all livery stable keepers, and others having the care of horses. J. A. & ARNOT,

LYNCH, ARNOT & CO.,

Chestnut street.

CAUTION.

Many Druggists, having old preparations on hand, will try to sell them to you as the best, but you should refuse to purchase them. Ask for "BRAGG'S ARCTIC LINIMENT," and take no other.

LIBERAL PROPOSITION.

The proprietors agree to furnish each purchaser of a dollar bottle, with extra subscription to the Weekly Journal, for one year. This is one of the best N. Y. illustrated papers. A certificate, entitling the holder to the benefit of this offer, is enclosed in the bottle wrapper around every dollar bottle. The Arctic Liniment is put up in 25 cent, 50 cent, and $1 sizes. The 25 cent size contains 50 and 100 per cent. more Liniment in proportion to their cost, and are the cheapest. For sale by BRAGG & BURROWS,

Sole Proprietors, St. Louis, Mo.

Bragg's Arctic Liniment is warranted to KILL THE SCREW WORM, and prevent the attack of THE BLOW FLY in stock.

Premature Decline

Just Published, Gratis, the 20th Thousand:

A NEW work on the rational treatment without medicine or Spermatorrhea or Lost Manhood, Nocturnal Emissions, Genital and Nervous Debility, Impotency, and Impediments to Marriage generally, by

S. DELANEY, M. D.

The important fact that the many alarming complaints, originating in the imprudence and solitude of youth, may be cured without medicine, is in this small tract, clearly demonstrated; and the entirely new and highly successful treatment as adopted by the author, is explained in such a manner as to enable every one to cure himself perfectly and at the least possible cost, time, trouble and expense, and without exposure to any witness, gratis and post free in a sealed envelope, on receiving (per mail) two postage stamps by addressing DR. LANEY, 65 East 21st street, New York City.

Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, WEDNESDAY, May 12, 1858.

NEW YORK.—From the News, May 8: Money continues in the greatest plenty. But few paper is actually negotiable at 6@8 per for first class, and 8@12 for seconds. Call loans 5@6 per. For foreign exchanges the demand is dull. The Kangaroo steamer will take a Liverpool mail on Friday. The banking drawers of exchange have sold 100K, at the rates of 109 ¾@109 ⅞ for Francs, 8 francs to the dollar. Our commercial bills are on the market. Treasury stocks are dull at 90.

BOSTON.—The Post says: During last week the money market exhibited the usual signs of exceeding abundance. At no period since the panic have there been so many and obvious proofs throughout the market, of great and constantly increasing accumulation. The banks have almost entirely lost their extra charges on New York paper; call loans at the rate of 5 have been paid with many borrowed in the street at 6@8. Some of the banks are taking paper freely at 6@8 ⅌ ct; and nobody thinks of paying more than 8 upon any respectable security. The specie in State street now counts nearly nine and a half millions, and the increase during the last fortnight has been as regular and almost as large as at any previous corresponding period. There is little demand for foreign exchange, and, as often these days, for some past, were the standard bank borrowers. It is extraordinary that so large a sum should be at any price, and private traders seem on the point of being forced into stocks whether they like them or not, if they wish to realize the legal rate of interest on their capital. Business continues tolerably active very fair, and in many cases unexpectedly so. Very much of the renewed paper is actually paid, and most of the houses that suspended in the panic are quite much of means. Upon the whole, it is admitted that much less has been lost all round than people anticipated.

LOUISVILLE.—From the Journal, May 7: Great delivery out today, as is the feature in financial circles. The money market as we predicted it would, is tending toward greater ease now that the 4th is passed. The banks are discounting with some freedom. Eastern exchange continues very dull at ¼ premium, which the bankers' selling rate. There is no demand for New Orleans exchange. No change in currency.

From the Democrat, May 7: The resumption of business has not yet come, trade to-day having been as dull as on several days since which we have to see it. The offerings have been few, while the actual transactions were not of sufficient importance to justify a report.

NEW INVENTION!

Horizontal Progressive Power

Cotton Press,

PATENTED MARCH 9th, 1858.

THE inventor, Rev. J. Loving having constructed one and used in packing thirty bales of cotton, is prepared to recommend to the public as possessing many advantages over any Press heretofore used, some of which is here set forth:

First—CHEAPNESS: The device is so simple that it does not require a mechanic to construct it—it does not take more than half the timber and lumber, and any tree that will make good rails will suit as well as the best of timber.

Second—CONVENIENCE: It is placed at the flat room floor with the entire length of the press-box open, and the cotton can be filled for packing much sooner than usual.

Third—SPEED: The horse having to travel only 30 feet against 2,400 feet with the Screw Press.

Fourth—DURABILITY: The Press is so constructed that it can be operated in a horse power, not part of the work exposed, except the ends of the levers, and they can be shingled and thus preserved. The device overcomes friction at the time the bale is ready for the great resistance, therefore, the wear is quite unperceptible.

Some intelligent gentlemen have expressed the opinion that it would last from 30 to 50 years, with but slight, if any repairs.

I have appointed Mr. A. W. LOVING, of the firm of Beasely & Loving, No. 17 Front Row, Memphis, Tennessee, sole agent, who is provided with a full working model of my Press, and circulars explaining the principles upon which it is constructed. Call and look for yourselves.

The inventor lives five miles east of Moscow Depot, on the Memphis and Charleston Railroad, and will take pleasure in showing and explaining his Press to all gentlemen who may favor him with a call.

THE UNION Patent Circular Mill!

Cuts from 10,000 to 12,000 feet of Lumber per Day of Twelve Hours!

WE are at length enabled to inform our numerous friends and others that we have so perfected, by new important improvements, the Union Circular Saw Mill, that we have no hesitation to pronounce it superior to anything offered the public heretofore. Strong and well made, having short double the stock of wood and iron work in the same class of mill. Our long experience has shown us that if we wish a first class mill
