MEMPHIS DAILY APPEAL OFFICE,
TUESDAY, May 13, 1858.

COTTON.—Owing to causes we have fallen spoken of, the cotton market has been inactive during the past week. Maybe as have been the case, they would have presented a yet dismal aspect were it not for the cotton shipped up the river. We learn, with pleasure, that a distinguished gentleman connected with Ohio river boats, that the amount of cotton going east from this place is likely to increase greatly, as cotton can be placed in the warehouse of the consignee under more advantageous circumstances than when shipped at New Orleans. This subject is worth attention, for if Memphis could secure the whole of the Ohio river market, she would be in a much more advantageous condition than when her enterprise is limited by the demands of a single locality. Prices are somewhat irregular; sales are made at from a quarter to a half lower than a week ago. The best qualities, however, command good and often full prices. The quotations below may be considered approximative—the inside figures being the prevailing ones.

The cotton market continued dull yesterday, and but little business was done.

On Monday last the sales were 400 bales; Tuesday 450 bales; Wednesday 455 bales; Thursday 195 bales at decline; Friday and Saturday but little done.

MONEY AND EXCHANGE.—We were right yesterday in our remarks on the money market. Very little business has been transacted since our last report, and the sales of the three days history sum up 1200 bids, nearly half of which, but for which full prices have been obtained, though no marked advance on previous figures, which we repeat as follows:

Interior and Missing		2¾@ 4	
Common to Good Common		4¾@ 5¾	
Fair to Fully Fair		6¾@ 7	
Prime		7¾@ 8¾	
Choice		7¾@ 8¾	
Contraband to Clarified		6 @ 9¾	
Refined		10 @ 12	

MOLASSES—We note some considerable crease in receipts, but the demand has been sufficient to take off most of the arrivals at the previous range of prices, and we quote for interior, cold, Fermenting to Good 27@ 29 Prime to Choice 30@32 in barrels; half-barrels 32 @34; cents ⅝ gallon for Fermented to Prime; fancy refined 35@37 cents ⅝ gallon in barrels, and 34@ 36 in half-barrels.

TOBACCO—We stated in our last report that more buyers were in the market, though with lower offers, and we now learn that negotiations have been closed for several hundred hogsheads, principally manufacturing, in one or two lots, not reported by us on Friday) to about 4,000 bbls, the bulk of which was disposed of on Saturday. The transactions have all been on private terms except two small lots of Leaf Manufacturing (25 and 26 bbls.) reported at 8¾@ 9 lb. but we understand that the better variety market encouraging have been submitted to, and we have occasion to but slightly modify our quotations, which are as follows:

NEW CROP.

MEMPHIS DAILY APPEAL OFFICE,
TUESDAY, May 13, 1858.

NEW ORLEANS.—From the *Price Current*, May 12: The observations made in our previous review regarding the end of our money market, continue to be applicable. There is still but a comparatively limited amount of first class acceptances offering on the market, and for this description of paper a fair demand exists at 10@12 per cent, and occasionally at even a lower rate. Long dated acceptances with good names are gradually growing into more favor also, but still the rates remain unchanged. The transactions in fact, in all kinds of paper have been small, with a few exceptions, at rates within the range of our previous quotations, say for good mortgage notes from 8@10 ⅝ cent, close long dated acceptances 10@12, and for other grades from 12@15 ⅝ 100 ⅝ cents. The commercial paper returns are better at 16@18 ⅝ cent.

STOCKS.—The stock market continues to maintain the same inactive character referred to in our last Saturday's report. There is still no demand, and no desire manifested on the part of holders of good dividend paying stocks to realize.

EXCHANGE.—Since the date of our last report, the orders from abroad have been comparatively small, and offered, and with a very few inquiry prices have advanced further. The transactions have however, reached a very fair aggregate, principally for short remittances. We notice, however, some round lots taken for New York for exchange purposes. The market ranges from 8¾@9 and 9¾@9¾ for sight, and for commercial bills. Some sales of bills with bills of lading attached have been made at from 9¾@9 and 9¾ per cent. The market closes firmly. Bills on the north have again been sold largely. The market wears a brisk appearance from the fact of having been relieved of the burden of stock. Price ranges as previously noted, say 5 17¾@5 22½ for round amounts according to classification. Small sums sold from 5 15@5 16¾ ⅝ dollar. Some drafts on the North are without chance other than a slight heaviness. The rates is from 10¾ and 1¾ ⅝ cent for 60 days' drafts of prime to good and fair name. Bankers and other first class drawers command a fraction above our limits. Some sight drafts are offered at 1¾ ⅝ cent below. The banks hold to their former quotations, viz: Sight drafts 1¾ ⅝ cent discount. At the range

Beaver Dam Springs.

Hickman County, Tenn.

FORTY MILES WEST OF COLUMBIA.

Change of Proprietorship and Management.

THIS celebrated Watering-Place, having been purchased up the undersigned, has been thoroughly repaired and renovated, will be opened for the reception of visitors on the

Twentieth of May.

The late prop ietors having disposed of their entire interest in the Springs, the subscriber, assisted by Mrs Keller, will assume the entire management of the establishment and neither pains nor expense will be spared to render Beaver Dam one of the most pleasant and comfortable watering p a ces in the Southwest.

ACCOMMODATIONS, &c.—Two hundred new beds have all been placed in our first rooms, and many improvements added, so that FOUR HUNDRED visitors can be accommodated with every comfort and convenience. The table will be abundantly supplied, and will be equal to those of first-class hotels.

THE WATERS—The waters at Beaver Dam consist of White, Gray, Red and Black Sulphur, Chalybeate, (proven by analysis to be the strongest in the State,) and the best of Freestone and Limestone.

MEDICAL ATTENDANCE—The subscriber, who has been for the last ten years, associated with the principal medicine in North Alabama and Memphis, can be consulted at all hours by visitors who may choose to tend his services as physician.

MEANS OF ACCESS TO BEAVER DAM—There are three routes to these Springs, all of which are in good repair. A line of coaches will run from Columbia three times a week, and passengers will go through from that place in one day, and spend over one of the finest roads in the State. Arrangements have been made at Britt's Landing, on the Tennessee river, by which visitors arriving at that place can take a hack and proceed hence.

AMUSEMENTS, &c.—Visitors will find at Beaver Dam a large Dancing Room, Ten-Pin Alleys, &c. A fine trout stream runs near the place, and deer in great abundance may be found in the immediate vicinity.

RATES OF CHARGES.

Per week.....$7 00
Children under ten years of age.....3 50
Servants and all others.....5 00

A liberal deduction will be made in the above rates when families remain one month or during the season.

Shake and Burn! Shake and Burn! Shake and Burn!

THIS is the life of agony endured by the sufferer from Fever and Ague. He wanders like an uncertain shadow, never knowing what moment he may be prostrated, and therefore disinclined to give any serious attention to business. He is a burden to himself and a burden to his friends, who are worn out in administering to his wants. This is the condition of thousands in town and country. It is no exaggeration to say that Fever and Ague kills more people than any twenty other diseases in America. For a sure and speedy cure of this terrible affliction, we take pleasure in recommending Dr. HOSTETTER'S STOMACH BITTERS, which have already achieved a wide reputation for rapid and powerful effects in removing the v-ology protracted and obstinate form of this disease.

For sale by Druggists, and dealers generally, everywhere.

To the Ladies of Lynchburg.

COME and see you lame and suffering! Oh, you rheumatic and dying, you shall be relieved in twenty minutes by application of Prof. DeGRAFF'S ELECTRIC OIL, from 19 South Eighth street, Philadelphia, Pa. More than thirty have been cured in this place, in the last few days, of Rheumatism, Sprains and Bruises, Sores Fresh Cuts, Swollen Glands and Neuralgia—relieved in from three to twenty minutes. Bitter cill; Mr. Welch, of Rochanan, had been laying in his bed over a month with Swollen Glands in his throat, and the doctors gave him up of being cured. Last Saturday, a week ago he was taken very suddenly and could not breathe and all expected him to die. Some one recommended the Oil, chanar, advised his wife to apply some of Prof. De Graff's Electric Oil. She did so, and fifteen minutes it broke and he was entirely relieved. One gentleman came up to the Agent of Prof. DeGraff, at the market house, with the Rheumatism in his ankle, of six months standing, unable to walk, and was relieved in fifteen minutes by the application of the Electric Oil. Don't be without it. It is a family medicine.

See my written name on the wrappers; name blown in glass also.

Prof. De GRAFF.

Bites and Stings of Insects.

AS a remedy against the stings and bites of insects, and of all poisonous reptiles, BRAGG'S ARCTIC LINIMENT is unsurpassed. Such are its disinfecting and penetrating properties, that no matter how virulent may be the poison from a bite or sting, this Liniment at once reaches the seat of the venom, however deep, and neutralizes and extracts it. With Bragg's Arctic Liniment at hand, the bite of a rattlesnake is as harmless as that of a gnat. It relieves the smart of mosquito bites instantly, and in a few minutes entirely destroys the pain in a sting. For sale by druggists generally. my1

THE RESTORATIVE of Prof. O. J. Wood for restoring their personal and permanently, has never yet had a rival, volume after volume might be given from all parts of the world and from the most intelligent to prove that it is a perfect Restorative; but read the circular and you cannot doubt; read and be convinced.

THE HAIR.—People have for centuries been afflicted with bald heads, and the only remedy, heretofore known, has been the scalping knife. By a recent discovery of Professor Wood these articles are being fast dispensed with, but a great many persons still pair-nize them, believe they have tried so often imposed upon by Hair Dyes of different kinds. To all such persons we earnest y make the request that they will try once again, for in Wood's Hair Restorative is the only thing extant that I know of a lady who had, who used the article a short time, and her head is covered completely with the finest, and most beautiful curls. I caught the one bottle of numerous cases where hair was transplanted in fine, which is restored in greater profusion than it ever had before.

It is also without doubt one of the best articles for keeping the hair in good condition, making it soft and glossy; removing dandruff, and has proved itself the greatest enemy to all the ills that hair is heir to.

It is the duty of every one who wishes their persons appearance (which some ma. differ in regard to the ways of doing) but every one will admit that a beautiful head of hair adds much to the appearance, an object which is desired, and there are no means that should be left untried to obtain such a consideration.—Woman's Advocate, Philadelphia.

COSHOCTON, Ohio, November 17, 1856.

O. J. Wood & Co.—Gents: As I have been engaged in selling your Hair Restorative the last season for one of your local agents, R. M. Hackison, and having experienced the beneficial effects of it in myself, I would like to obtain an agency for the State of Ohio or some State in the West, should you wish to make such an arrangement, as I am convinced there is nothing equal to it in the United States, for restoring the hair. I have been engaged in the drug business for several years and have sold various preparations for the hair, but have found nothing that restores the secretive organs or invigorates the scalp as well as yours, being fully convinced that your restorative is what you represent it to be. I would like to engage in the sale of it, for I am satisfied it must sell.

Yours truly,
S. T. STOCKMAN.

WAYLAND, Mass, Feb, 3 1857.

Prof. O. J. Wood & Co.—Gents: Having realized the effects of your Hair Restorative I wish to state, that finding my hair growing thin, as well as falling, I was induced to try what I read and heard to try the article purported by you to promote its growth and change its color as was in youth, both of which it has effected completely. In the operation I have used nearly three bottles.

Yours, &
