BRAGG'S ARCTIC LINIMENT.

THIS incomparable Liniment, upon which the great mass of the affliction of all lands now rely for relief from the pangs of Rheumatism, Neuralgia, Gout, Sciatica, Caloes, Scrofula, Sprains, Bruises, Burns, Scalds, and all cutaneous diseases, is rapidly superseding all similar preparations. The proprietors give the sum of $500 for the wonderful cures effected by during the past few months. Certificates from the parties named are in the possession of the proprietors, but it is largely provided a the publication of all but a few.

ONE BOTTLE TRIUMPHANT.

Mrs. Mott, No. 245 Morgan street, St. Louis, having suffered for three years with Rheumatism, and during many pregnancies without effect, was cured by one fifty cent bottle of Arctic Liniment.

PITY THE LITTLE CHILDREN.

A little daughter of Mrs. Lee, residing on Lake street, Chicago, was scalded all over by the upsetting of a kettle of boiling water. The Arctic Liniment was applied according to the directions, and "the fire was instantly extracted, and in a few days the little sufferer was well.

RESTORED TO BEAUTY.

Mrs. George K. Taylor, Canal street, N. O. had long suffered from a painful and disfigurine eruption on the face, which yield to the use of one bottle of the Liniment was cured, and restored to her original beauty.

A HORRIBLE TUMOR.

Eugene Mallory, Natchez, was three years the victim of a horrible tumor on the neck, which resisted all remedies until he tried the Arctic Liniment. Three bottles cured him in a few weeks

WONDERFUL CURE!

Mrs. Buford, Mobile, was confined to her couch for three years with numb palsy, and after being given up by her physicians, and all other remedies, was cured by the Arctic Liniment, in a few weeks.

AN EXPLOSION.

MEMPHIS, Tenn., November 26, 1857.

I hereby certify, that having been badly burned and scalded by an explosion of a steam boiler, a friend induced me to try Bragg's Arctic Liniment. The smart was instantly extracted from the scalds, and in a very short time, all the pain was gone from the bruises. In two weeks I was well, and able to attend to my business.

HENRY HAVERSKILL,
Residence Jackson street.

THE BLIND SEE!

WEBSTER CITY, Iowa, November 9, 1857.

DR. BRAGG—D ar Sir: For more than three years I had been afflicted with inflamed eyes, in an aggravated degree, and tried various physicians, and several nostrums, to no effect; I was induced by Dr. Baum to try the Arctic Liniment, and in two months was entirely well. My little daughter was afflicted in the same manner for the same time, and during a portion of the time was entirely blind in one eye. I applied your valuable Liniment, and her eyes are now perfectly sound. Three years I, with my family, lived on Muddy creek near Lancaster, and my own, besides curing the rheumatism in my back, would not be without your invaluable remedy in my house. Yours truly,

WM RUSSELL.

WEBSTER CITY, Iowa, November 9th, 1857.

I hereby certify that I are well acquainted with William Russell, and with the astonishing cures he mentions and know his statement to be strictly true.

J. J. WADSWORTH, P. M., Webster City.

GOOD FOR ANIMALS.

This invaluable Liniment is also equally efficacious in curing the diseases of animals, as witness the following certificate: Messrs. J. B. A. Arnot, and Lynch & Co., keep the two largest livery stables in the West, and are generally known throughout the United States

St. Louis, December 23d, 1857.

We, the undersigned, having used Bragg's Arctic Liniment, for a number of months, cheerfully testify to its superior efficacy in curing the diseases of horses; as well as we are satisfied of the Arctic being the best Liniment made, that we would use no other. We keep and have kept for a number of years, extensive livery stables in this city, and consequently our experience about horses and their diseases is great, and we unhesitatingly state that the Arctic Liniment is the only one we have ever found always effective. We cordially recommend it to all livery stable keepers and others having the care of horses.

J. A. A. ARNOT,
LYNCH, ARNOT & CO.,
Chestnut street.

CAUTION.

Many Druggists, having old Liniments on hand, will try to sell them as the best, but let such be avoided. Invalids refuse to purchase them. Ask for "BRAGG'S ARCTIC LINIMENT" and take no other.

LIBERAL PROPOSITION.

The proprietors agree to furnish each purchaser of a dollar bottle, with a free subscription to the U. S. Journal, for one year. This is one of the best N. Y. illustrated papers. A certificate, entitling the holder to the benefit of this proposition, is enclosed in the wrapper around every dollar bottle. The Arctic Liniment is put up in 25 cent, 50 cent, and $1 size, and $5 per dozen. The 25 cent and 50 cent, put in contain 50 and 100 per cent. more Liniment in proportion to their cost, and are the cheapest. For sale by

BRAGG & RICHOWS,
Sole Proprietors, St. Louis, Mo.

Bragg's Arctic Liniment is warranted to KILL THE SCREW WORM, and prevent the attack of THE BLOW FLY in stock.

D. O. WOODMAN J. WRIGHT & CO., G. N. MORRISHAM and R. B. WHERLOCK & CO., Agents, New Orleans.

DR. R. L. LASKY,
Physician, Surgeon and Accoucher,
Washington Street, between Main and Second,
MEMPHIS, TENN.

Office hours from 7 to 9 o'clock, a. m., and from 2 to 4 o'clock, P. M.

THANKFUL for the kind patronage heretofore extended to me, I take pleasure in informing my customers and the public in general, that it is not my intention to leave this city, as has been reported, and that I am ready at all times to attend to all cases of internal and external diseases, and that I am prepared to undertake the most difficult operations and accouchements, and that I do not use calomel or any preparation of mercury in diseases whatever.

Recent diseases are cured in my own method, in such manner as not to interfere with the business of the patient, and that I do not use any mercury in the treatment of the same.

For the following Rheumatism, Arthritis, Neuralgia, Nervous Headache and Toothache, Dyspepsia, Torpidity of the Liver, Spinal Curvature and Weakness, Uterine Diseases, Hips, Tumor Abscess or White Swelling, Deafness, as well as all diseases of the Eye and Ear, Amaurosis, Chlorosis, Sterility, Spermatorrhoea, &c., or any disease that require an entire regulation of the fluid and nervous system, I use the Magneto-Electric treatment, which is universally known for its practitioners skill.

After a practice of ten years as Staff Physician and Director of several hospitals in Germany, and eight years practice in the United States, my reputation as a Physician, Surgeon and Accoucher is sufficiently established as to use no further comment.

DR. R. L. LASKY.

# Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, SUNDAY, May 23, 1858.

CINCINNATI.—From the *Enquirer*, May 18: In money and exchange here was no special alteration yesterday from the past week. The market was quiet and heavy. Specie continued very abundant, and continued to accumulate. There was no change yesterday in anything.

NEW YORK.—From the *Tribune*, May 17: Transactions in the Money market are characterized by the same features of extensive supply and limited demand. The seattle of satisfactory paper continues, and the offerings at the banks and in the open market are very limited. Nominal rates range as high as from 4 to 6 per cent, the best names going mostly at from 4 to 5, and in exceptional instances even as low as 3@3½. On call the funds rule at from 2 to 3, the bulk of loans being made at 3. The current of the market is inclined to ease and lower rates, which may not however be reached until a larger absorption of good dividend-paying investments takes place. The vast store of the precious metals which now fill our banks (five to seven-fold), continue to accumulate, interrupted only by occasional transfers to the United States Treasury, in exchange for Treasury notes. The commercial history of the country furnishes no example of such profusion, although rates of interest have ruled equally low before. The most palpable this abundance means, and the longer its duration, the more are we liable to those feverish speculative movements, which for the time being make a bonanza for former monetary crop runners. In this point of view and anticipating such results by reactions from the business paralysis of the last eight months, the money cost of the present time may be regarded as a positive evil, from the interest of which there is no escape the better.

Eleven thousand Tennessee bonds sold at 90½.

CHICAGO.—From the *Times*, May 20: The money market is comparatively easy. There is a great deal of complaint about hard times, and the scarcity of money; but money can be raised in any reasonable amount, on good paper, well secured, at 1½@2 per cent. a month. Western currency is tolerably plenty. Eastern exchange is quite too plenty, but still sells at ¼ of 1 per cent. to ½ of 1 per cent. "premium." Land warrants are dull.

J. M. MOORE, | G. W. HUGHES.

MOORE & HUGHES

Have associated themselves for the transaction of a

General Land Agency Business

IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They make personal examinations and surveys of land, in any part of the State, and report to parties the character of the soil, timber, quantity of arable land upon any particular tract, and any desirable information in regard thereto; and in cases where persons wish to dispose their land into market, they will contract to have timber deadened upon it, and will fair ourselves for either the plantations or wild lands of those who desire to sell.

Much fine land in this State has been reserved from sale for the last five years, having been reported as mineral land, which has been found, and which, by an act of the last Congress, was confirmed to the State, and will be subject to entry in a few months. The title of these lands can claim a great deal that has become valuable since its reservation, and the above firm, from their experience as practical surveyors, some of whom have been engaged in the public Surveys of the State for many years, and the others in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to make good locations for persons who may employ them, when this could not interfere of Swamp Lands to offered for sale, or subject to entry, either for a stipulated share of the land or commission upon the money expended.

Persons humbling homes in Arkansas will find at their office, plats of land subdivided, or farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once directed to cheap and suitable farms.

They will buy and sell Land Warrants or locate them for holders. Any business in the above line will be promptly attended to.

Office on the corner of Main and Markham streets, Little Rock, Ark.

MANUFACTURERS OF

Portable & Stationary Engines,

SAW-MILLS AND GRIST-MILLS,

PORTABLE OR STATIONARY.

AFTER the long experience which we have had in building machinery, we don't hesitate in saying, that it can't be excelled by any manufactory. We have large size Portable Engines, which are designed for running Saw-Mills, are placed on the locomotive principle, and in every way as good as Steam Boats. Our fifteen or twenty horse power will run saw-mills to cut 10 and 12 000 feet of lumber per day, and require no other foot than about one-half of the stuff. They are very simple—easy to understand—it liable to get out of order, and we will warrant them to last as long as any other Engine, and about him at all, to run it in one day's time. Warranted to be well made and to make plain work of them. Saw Mills around two kinds, single and double, and are got up with all of the latest improvements. We do not recommend one to our friends, but in both, we have found it to account. Our gearers are large 8½ inches diameter, long bearings, bitbitted with changeable cone feed, stationary guide in the saw.

Our head blocks are connected by gearing and arranged so that you don't have to turn the wheel back to draw the block; it is arranged with a half nut; open the nut and draw it back, thereby saving a great deal of time. They are said to be the best head block that is in use, as acknowledged by all sawers and all that have used them.

We don't hesitate guaranteeing them to cut 12,000 feet of lumber per day, with sufficient men to man the mill and engine. Four men in a mill tend to run the mill and to run the engine, one to tend the saw, one to tend the head block, and one to tend the gearer. We have in a test cut 1800 feet of weather boarding in one hour. Any one wishing to purchase, we will refer them to those that have seen them and to those that used them.

The following are the lowest cash prices at the p.:

| | | | |
|---|---|---|---|
| 20 | Horse Engine, (double mill,) | 32x48 saws..... | $2,150 00 |
| 15 | " " (single mill,) | 30x42 saws..... | 1,850 00 |
| 12 | " " | 30x36 saws..... | 1,650 00 |
| 10 | " " | 42 saws..... | 1,400 00 |
| 8 | " " | 36 saws..... | 1,200 00 |

For plantation use, capable of cutting from 8 to 10,000 feet per day, at.....1,200 00

The above prices include belting and every thing to complete a running mill and engine. Address

Agent and Master Mechanic
Connecting Mills and Manufactory,
WILLARD WARNER, Treasurer, Newark, Ohio.

CERTIFICATES.

HICKORY SPRINGS, Fayette County, Tenn., May 1st, 1858.

Mr. N. D. Gray, Master Machinist and Agent Newark Machine Works, Ohio—Dear Sir: In reply to your favor of the 20th inst. I have to state that the Saw-Mill, which you sold to me at Galloway's Switch, on the Memphis and Ohio Railroad, 57 miles out from the city, I have to say that I have worked it upwards of two years, having been sold me in the Spring of 1855, and which, by an act of the last Congress, was confirmed to the State, and will be subject to entry in a few months. The title of these lands can claim a great deal that has become valuable since its reservation, and the above firm, from their experience as practical surveyors, some of whom has been engaged in the public Surveys of the State for many years, and the others in Railroad and Swamp Land Engineering, having thus gained an extensive knowledge of land throughout the State, will be prepared to make good locations for persons who may employ them, when this could not interfere of Swamp Lands to offered for sale, or subject to entry, either for a stipulated share of the land or commission upon the money expended.

In haste, yours, &c.,

H. B. S. WILLIAMS.

MEMPHIS, TENN., May, 1858.

About the 20th April I was called out to Galloway's Station, about 57 miles from this place; while there I visited the Saw-Mill of our worthy townsman, Capt. H. B. S. Williams, Esq., who has now running a Saw-Mill owned by N. D. Gray, manufactured at Newark, Ohio, Machine Works Ohio. I can say for the time of investigating the machinery and its smooth and great sawing, I pronounce it one of the best for the money I have seen. I am acquainted with It will bear the close inventory, and is one of the most rapid sawing mills of the country.

J. H. JONES.

For Sale.

6,700 acres of Valuable

LAND,

Situated on and near the Mississippi river, in Dyer and Obion counties.

BY virtue of a decree of Chancery Court at Nashville, rendered at the May Term, 1856, in the cases of Sam'l T. Love, ex-rel., &c., vs. John C. McLemore et al., and Wm. S. Williams vs. Same et al., I will on

Monday, July 5th, 1858,

At Dyersburg, in the county of Dyer, offer for sale to the highest bidder, one tract of land containing

Seventeen Hundred Acres,

Being entry No. 1167, and situated on the Mississippi river, about one mile above Mitchell's landing. It lies in the form of a parallelogram, extending east from the river two and a quarter miles, and is nearly equally divided by the road leading from Dyersburg to Mitchell's Landing. It will be sold in three or more separate lots, one fronting the river, the remainder on the road. This tract is very valuable, being nearly all thick cane land, and having on it a large quantity of black walnut timber.

Also, one other tract of land containing

Five Thousand Acres,

Being entry No. 1167, and situated, the southern half of it, in said Dyer county, and the northern half in the county of Obion, in ranges 5 and 6, sections 9 and 10, and bounded as follows: Beginning on the line dividing sections 8 and 9, at a point 1600 poles east from where said line strikes the Mississippi river, at a large cypress, and running west from said point 1600 poles, and south from said point 820 poles, and thence east between parallel lines 1250 poles for the quantity of 5000 acres.

The one tract of said land will be divided by north and south lines, and sold in separate lots of from 250 to 700 acres. The southern half will be distinctly divided, and sold in separate lots of from 400 to 700 acres. Much of this tract is high and valuable for cultivation, while upon the balance is a large quantity of cypress timber.

TERMS OF SALE.

The above Lands will be sold for one-fourth Cash, and the balance in three equal installments, payable at one, two and three years; the purchaser to execute notes bearing interest from date, with approved security, with a lien reserved on the land and improvement of the purchaser, upon the money invested.

In the meantime, until offered as above, the 5000 acre tract, in its subdivisions will be subject to private sale upon the above stated terms. Mr. Joseph Mitchell and Mr. John B. Pate near the 1700 acre tract, will show it to those who wish to examine it. For information relative to the 5000 acre tract, apply to Theodore N. Bradford, Esq., Dyersburg, or the undersigned at Memphis.

GRAFTON BAKER, Commissioner.

N. B. Bills with diagrams of the subdivisions of Lands, and containing a more particular description thereof will be distributed. G. B.
