Commercial Matters.

MEMPHIS DAILY APPEAL OFFICE, SUNDAY, June 13, 1858.

COTTON.—Beside a few sales of small lots, a lot of 200 bales were sold at 10 cents. The feeling is dull, and some of the factors did not offer a bale of cotton last week.

NEW ORLEANS.—Cotton.—Prices are nominal. A more quiet day in financial circles we have not passed for months. The bank discounting to-day had little shown opening though there were several offers of prime paper of long dated paper, and take exchange or say checks on New York to pay. This would be prophecy a month or two ago, but the season of the year is now at hand that many dry goods and other dealers, do not care to anticipate *porte feuille*, and a advantageous to exchange for Northern funds.

In exchange there were some few transactions, say three days' sight on New York at 15-16 discount; sight N discount. Most of the banks were selling checks on New York at ¼ ⅌ ct discount to their regular customers. Some of them also sold small sums at ¼ discount, and sold N discount for round amounts. The market, however, very quiet. Sterling, we note—Pfts—also of bills with shipping documents at 108½, and some at 109. Clear bills ruled from 107½@108 with moderate offerings. We did not hear of any transactions of import in francs, and quote 5 26½@5 23 N up to 5 18 N @5 15

Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, SUNDAY, June 13, 1858.

CINCINNATI.—From the Times, June 8: Money matters remain without alteration. Currency continues in very large supply, and Eastern exchange to-day is rather dealer than it was yesterday. Trade stock is very quiet, and a shade easier in prices. Gold is nominally at par.

NEW YORK.—From the Herald, June 8: The bank statement for last week shows, as was expected, an increase to the specie line and a decrease in loans. This statement cannot be regarded as financially favorable. The increase which is renewed weekly in the specie and deposit accounts combined with, no doubt, a forced reduction in the discount line, in consequence of the want of paper to of sought, indicates a long continuance of the unhealthy state which now exists. As fast as the gold is taken from our banks to be sent off by the government, it returns to us through the ordinary channels of trade. It is doubtful whether the four millions required by government next week will be kept a month out of the bank. Money grows, if anything, cheaper. Brokers can borrow almost any amount on call, on good securities, at 3@3½, and paper is in demand at 5@6. There is no prospect of specie for within 60 days to ship to Europe. The last bankers' bill on London are 108 and 109¼, and there is a no shipping or mercantile bills at 108½. Bills on Paris are held at 5 15@5 18¾.

SOUTHERN DEPOT FOR
SINGER'S
Celebrated improved Premium
Family and Manufacturing
Sewing Machines,
AT McKinney & Co.'s Furniture Store, No. 192, MAIN STREET, MEMPHIS, TENN.
EDWIN DEAN, Agent for Singer's incomparable Sewing Machines, respectfully announces that he has been induced by the extraordinary success attending his efforts in St. Louis, and the increasing demand from Tennessee and Arkansas to establish an Agency in Memphis. It is two years since he opened an office in St. Louis, and in that time several hundred Machines sold, not a single Machine has ever required repairing or failed to give the highest satisfaction. The general remark before this was heard was "I wish my Sewing Machine for a thousand dollars if I could not get another—I can't imagine how I ever got along without it." Ladies no longer sewing, but can now get their sewing done cheap. Relieved from the drudgery of the needle, and the disease consequent thereon, they have leisure for more agreeable employment. Tailors and Shoemakers declare that they have saved the cost of a Machine in a few weeks. The same remarks have been made by Hotel keepers, Dressmakers, Tailors, Harness-makers, Shoemakers, &c. &c. Those who fell to purchase a Singer Sewing Machine will experiment themselves behind the age. No risk is incurred in buying a Singer Machine, in as much as every one is warranted not to get out of order if not abused. Warranted to make perfectly the lock stitch that will seam, hem, tell, gather, etc. It is adapted to all sorts of work, and is the only stitch that will neither rip nor travel. Warranted to do the lightest as well as the heaviest work. The attention of the ladies is respectfully requested to the new Family and Modest Machine, which is ornamented in the highest style of art, and is beyond question the most beautiful as well as the most useful Family Machine ever invented.
All visitors continually received, whether they wish to purchase or to gratify curiosity.
☞ Machines sold at New York prices with the cost of transportation added. my26-dawly
