Commercial Matters.

MEMPHIS DAILY APPEAL OFFICE, WEDNESDAY, July 18, 1866.

COTTON—The closing of the Cotton Bank occupied universal attention yesterday and little was done in cotton. 93 bales were sold at 10½c and some other small sales were made. We could not learn of any indues to be produced upon prices by the European news.

Inferior.....6 @ 7 | Middling.....11 @11 8
Ordinary.....8 @ 8½ | Good Middling...12 @12 8
Good Ordinary...9 @9½ | Middling Fair...13 @13 8
Low Middling...10 @10½ | Fair.....nominal.

COTTON.—The New Orleans Picayune, of July 10th, reports:—Trade with more favorable weather the demand fair, but no sales have reached short 1,500 bales, making a total business for the week of barely 7,000 bale, the market closing at very near prices for the qualities below Middling though mostly within the ranges of our quotations which we create. The better qualities continue scarce and firm. We quote:

Inferior.....5 @ 6¾ | Middling.....11¼ @11
Ordinary.....7¾ @ 8¾ | Good Middling...12½ @12¾
Good Ordinary...9¾ @10 | Middling Fair...13 @13
Low Middling...10¼ @11¼ | Fair.....—@—

The receipts of the week embrace 4,115 bales, against 1,100 for the corresponding week last year. The total receipts since the 1st of Sept. also have been 1,656,510 bales, against 1,300,507 to the same date last year. The exports of the week embrace 3,762 bales, comprising 74, 996 to Liverpool, 4,107 to Barcelona, 1,043 to Genoa, 1,016 to Havre, 2,340 to Ghent, 1,000 to Rotterdam, 1,000 to Boston, and 258 to New York. The total exports since the 1st of September have been 1,091,007 bales, of which 1,000,000 bales have cleared at this port, against 1,000,000 bales, and the total exports to date were 1,074,853 bales. The stock on hand this morning is 63,232 bales, against 33,694 at the same time last year.

Circular of Wm. R. Wright:

CADIZ.—We continue to receive exaggerated accounts of damage done from various quarters, but, as a rule, overdone. I see no good reason to increase the estimate of loss, from this cause, previous to adopted one 250,000 bales, even making due allowance for injury from sign, as its tails not otherwise injured by the crop. I am inclined to think the opinion more general than this opinion of opens cotton, and the most serious loss is occurred, as well as by resident planters, though many parties fully expected formidable an opinion, plant to and to at 200,000 bales. The Upper Mississippi has fallen considerably, and though the process will be slower below Memphis, a fine half freshline of the water will now take place. From all other sections of the cotton growing region should fall from the accounts reports of the position and prospects of the growing crop.

RECEIPTS—For the week under review, as given by the tele. show 34,000 bales, against 30,000 bales for the same week last year; this includes the yearly operation at Charleston. The total received into the ports cars amounts to 2,000,000 bales, against 2,300,000 bales corresponding dates last season.

EXPORTS—To Liverpool for the week, 30,000 bales, and we hear of 21,000 having cleared from New Orleans for the week ending July 2, so that my next table may show a total of 1,700,000 bales shipped to Great Britain out of this crop, and we have eight weeks yet to include before the close of the season. I feel doubtful as to the correctness of my estimate of 1,800,000 bales will be reached if not exceeded.

Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, WEDNESDAY, July 18, 1866.

NEW ORLEANS.—From the Picayune of July 16th: The week opens hopeless. Reflection of the season. Heavy rains have fallen which have interfered with the little out-door business that has to be transacted. The Cotton market has partaken of the general inactivity, though the an allness of the stock necessarily precludes the wants of extended operations. The Money market now a-days is almost a myth. So light is the business that the transactions of a fortnight could be compressed into the forenoon of a banker's day without inconvenience. It is, therefore, a waste of words to dwell on the subject. There is but little prime paper offered, and that is readily snapped at at 12@18 per cent., according to date of maturity. The Banks discount freely all that is tendered. Both Foreign and Domestic Exchange under the lessened sum that offering, have advanced this week. Sterling has been sold to some extent at 108@108¾, and in cases the rates 109 was paid. The whole range is embraced from 107¾@109. There are no tidy of letting draft's making; they would bring 108@108¾. In France the transactions have been quite restricted, and the rates have ruled from 5f 22½@5f 15. Leading drawers held at 5f 18¾@5f 15. Sixty day paper on New York is scarce and sought for. We quote the rate from 1¼@1¾ ⅌ cent. discount. Sight has advanced to ¼ ⅌ cent. premium for bank drafts, and ¼ for outside names. Tennessee Bank notes are from 1¾@2¾ discount.

NEW YORK.—The Tribune, of July 6th, speaking of the money market, thus portrays the impotence of the past six months, it will be seen, are only one-half as large as for the corresponding six months of 1865; and the aggregate of loans, are 18,848,939 less, $55,000,000, of which $25,000,000 is in Dry Goods and about $10,000,000 in general Merchandise. The amount collected or war loaning shows a large falling off, as in the previous fiscal year great quantities of funds were warehoused in anticipation of the war tax tariff, which went into operation on July 1, 1867. The same reason has tended to hasten withdrawals during the present fiscal year. The Exports of June show a large falling off, occasioned by the almost entire cessation of specie shipments. The receipts of customs, are $16,848,939 against $32,385,218 for the previous fiscal year, a decrease of $6,000,000 against $35,000,000 decrease imports. The Bank of West Tennessee, at Memphis, reports a loss of $1,000 in 1866-7. The falling off in cash credits is $14,500,000.

ILLINOIS CENTRAL.—A great fall took place on the 2nd in the price of Illinois Central Stock, the price of Illinois Central Railroad shares on receipt of the intelligence of the call of 50⅌ cent. They are quoted as low as 25 to 32 discount, and closed at 27⅌ cent.

J. M. MOORE.....G. W. HUGHES.

MOORE & HUGHES
Have associated themselves for the transaction of a
General Land Agency Business
IN THE STATE OF ARKANSAS.

THEY will PAY TAXES on lands, and attend to the redemption of forfeited lands.

They will make personal examinations and surveys of land, in any part of the State, and report, when required, the character of the land, quality of arable land upon any particular tract, and any desirable information in regard thereto; and to persons who may wish to settle their land into market, they will contract to have timber deadened upon it, and will find purchasers for either the plantations or wild lands of those who desire to sell.

Much fine land in this State has been reserved from sale for the last five years, which, from its proximity to swamp and overflowed, and which, by an act of the last Congress, was confirmed to the State, and will be subject to entry in a few months. The lists of these lands contain a great deal that has become valuable since its reservation, and the above firm, from their experience as practical surveyors, one of whom has been engaged in the public Surveys of the State for many years, and the other in Railroad and Engineering for the last twelve years, gives an extensive knowledge of land throughout the State, will be prepared to give information to those desiring to invest money, when this confirmation of Swamp Lands is confirmed for sale, or subject to entry, for a stipulated share of the land as compensation upon the money invested.

Persons hunting homes in Arkansas will find at their disposal a large number of improved farms, with full descriptions of their improvements, quality, locality, &c., so that they can be at once directed to cheap and suitable places.

They will buy and sell Land Warrants, or locate them for holders. Any business in the above line will be promptly attended to.

Office on the corner of Main and Markham streets, Little Rock, Ark.

Special Notices.

To Mothers of Philadelphia.

WOULD you apply poisons to the delicate nervous coating of the stomach, for a local difficulty like a Felon, a broken breast, a painful swelling? &c. By no means. Then do not give poisonous narcotics and irritating drugs to your children for the general inactivity, though the an allness of the stock necessarily precludes the wants of extended operations. The Money market now-a-days is almost a myth. So light is the business that the transactions of a fortnight could be compressed into the forenoon of a banker's day without inconvenience. It is, therefore, a waste of words to dwell on the subject. There is but little prime paper offered, and that is readily snapped at at 12@18 per cent., according to date of maturity. The Banks discount freely all that is tendered. Both Foreign and Domestic Exchange under the lessened sum that offering, have advanced this week. Sterling has been sold to some extent at 108@108¾, and in cases the rates 109 was paid. The whole range is embraced from 107¾@109. There are no tidy of letting draft's making; they would bring 108@108¾. In France the transactions have been quite restricted, and the rates have ruled from 5f 22½@5f 15. Leading drawers held at 5f 18¾@5f 15. Sixty day paper on New York is scarce and sought for. We quote the rate from 1¼@1¾ ⅌ cent. discount. Sight has advanced to ¼ ⅌ cent. premium for bank drafts, and ¼ for outside names. Tennessee Bank notes are from 1¾@2¾ discount.

NEW YORK.—The Tribune, of July 6th, speaking of the money market, thus portrays the impotence of the past six months, it will be seen, are only one-half as large as for the corresponding six months of 1865; and the aggregate of loans, are 18,848,939 less, $55,000,000, of which $25,000,000 is in Dry Goods and about $10,000,000 in general Merchandise. The amount collected or war loaning shows a large falling off, as in the previous fiscal year great quantities of funds were warehoused in anticipation of the war tax tariff, which went into operation on July 1, 1867. The same reason has tended to hasten withdrawals during the present fiscal year. The Exports of June show a large falling off, occasioned by the almost entire cessation of specie shipments. The receipts of customs, are $16,848,939 against $32,385,218 for the previous fiscal year, a decrease of $6,000,000 against $35,000,000 decrease imports. The Bank of West Tennessee, at Memphis, reports a loss of $1,000 in 1866-7. The falling off in cash credits is $14,500,000.

ILLINOIS CENTRAL.—A great fall took place on the 2nd in the price of Illinois Central Stock, the price of Illinois Central Railroad shares on receipt of the intelligence of the call of 50⅌ cent. They are quoted as low as 25 to 32 discount, and closed at 27⅌ cent.
