TO TEACHERS!

A RARE OPPORTUNITY.

THE property known as Shelby Military Institute, is offered for sale. It is situated within one mile of Memphis, on the Memphis and Charleston Railroad, and within a half mile of Germantown. The property consists of one hundred acres of land, half of which is cleared. The buildings consist of the College edifice, which is roomy, and well arranged, with all the necessary accessories; a residence and all the usual out buildings connected with a first class educational establishment. On the place is a small orchard of choice fruit, the best of water, &c. The location is high and healthy, and one of the most healthy in the State of Tennessee. The surrounding country is delightful, and settled by thriving farmers of a wealthy, intelligent and highly respected class of people.

This place has become favorably known, and already enjoys an extensive patronage, but which might be even greatly increased. It is worthy the attention of an able Teacher, who under proper management, and the examination and course of instruction, would meet with complete success. For further particulars, address

Hundreds

Of our citizens complain of debility and languor of the system, derangement of the liver or stomach, want of appetite, etc. They are frequently the cause of the dose application, and a thousand other causes that we cannot here name, but we would say to all afflicted, do as we done—use Dr. J. HOSTETTER'S CELEBRATED STOMACH BITTERS, and our word for it, you will be cured. We recommend this medicine, knowing from experience that it is much superior to the generality of patent medicines.

For sale by Druggists, and dealers generally, everywhere. jy14-dtwawtw

Facts for the People.

IT was a noted saying of the great Dr. Magoulin, when lecturing before a college in France, "I care not a button for theories; give me facts." This is likewise the motto of the equally great Dr. Brady, who by a careful observance of facts alone has been enabled to bring his medical preparations to such perfection. His latest invention, the "ARCTIC LINIMENT," is also his greatest invention, and we state it as a "fact for the people," that it is the best liniment now in existence, and destined to supersede all others. Another fact is, that it never fails to cure those diseases for which it is recommended.

This great Liniment is for sale by all respectable Druggists throughout the country. jy14-dawlw

Doctor J. White,

IN connection with his Cincinnati Medical Institute, has opened a Branch Office and Depot, for his invaluable Family Medicines, in Memphis, Tenn., on Union street, between Front and Main, where he may be consulted and his remedies dispensed and furnished to physicians, druggists and dealers in medicines on favorable terms.

In the employment of his remedies, the afflicted will quickly learn that they do not depress the system or vital forces, but are constantly renovating the entire organism and building up and giving to the constitution and mind their youthful freshness, stamina and strength.

Some of Dr. J. WHITE'S REMEDIES, planters and families, on becoming acquainted with them, can no more think of being without them than they can think of doing without their bread, so useful and ready are they in relieving nearly every kind of disease—all injuries, aches and pains wherever located.

Being NATURE'S REMEDIES, and acting in specific harmony with NATURE'S laws, they are adapted by Dr. White, which I will give a bargain in, if early application be made, as I am engaged in mail contracts and want the money. For terms, and a gift of the property, apply to J. F. SMITH, No. 86 Front Row, Memphis, or myself on steamer Daniel Boone.
