COTTON—Nothing was done in this market yesterday worth reporting.

Inferior	7 @ 7¾	Middling	8 11-16
Ordinary	7 @ 8	Good Middling	8 7-16
Good Ordinary	8 @ 8¾	Middling Fair	13-16
Low Middling	8 @ 8	Fair	nominal.

From the New Orleans *Picayune* of July 27th: Prices were easier to-day and coming within the limits of a few orders, two or three buyers came forward and took about 1,000 bales, mostly at Union Square. We however retain our quotations for the week. Two bales of the new crop were received yesterday from Texas, the first arrival of the season. One came from the plantation of Mr. H. Kirkland, Esq., in Wharton Texas, and consigned to Messrs. Varnum, Whiting & Tuttle, 11 of good staple, and well picked, classing fully Middling, and sold today at the same price of 10 ¾ ¾. The other from the plantation of Judge A. M. Campbell, Colombia, Colorado county, Texas, and consigned to Messrs. S. de Vezer & Co. It is of good staple, and classes as a good style of Liverpool Mid'ing, but is badly ginned. It is to be for Liverpool New York. The first complaints last year were that bales on the 15th of August—three weeks later. They were also from Texas.

Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, SATURDAY, July 31, 1858.

NEW ORLEANS—From the *Picayune* of July 27th: The state of the market to-day does not call for much comment. Money continues to be obtained with much facility on the right kind of securities, but there is not much demand for it, and it appears to absorb the large balances in the hands of private dealers and the Banks. A round amount was passed this morning at 6 7 and 8 ¾ cent. for October, November and December securities. The Exchange market does not indicate any alteration to-day. We quote Sterling from 109 @ 109¾, and document bills 109¾ @ 110. Francs are offered sparingly. They may be rolled from 5f. 15@5f. 17½. Sixty day bills on New York continue in request at ¾ @ ¾ cent. discount, and some good names are selling at 1¼. Sight was offered more freely, and there were large sales at 1-16 @ ⅛ ¾ cent. prem. Bank checks are ¾.

NEW YORK—From the *News* of July 26th: The dullness is complete. There is no demand and large balances are lying idle. Prime business paper continues scarce, but offers are in the demand at 8 ¾ cent., and short dates 8 @ 9; inferior kind range from 5 to 6 ¾ cent. ¾ cent.

From the New York *Herald* of July 27th: The Bank of England has compared with last week, shown a decrease of loans of $212,700, of deposits of $1,630,165 and an increase of specie of $187,000, and of circulation of $4,000. The only change of importance is in the deposit line, which has fallen off over a million and a half. Most persons will be taken by surprise by the increase in the specie reserve, in the face of the quite considerable export of last week. The California steamer, which will be due before the next statement is made up, will in all probability add a million and a half to the quantity in hand, which will thus stand at thirty-seven millions before the close of the week. Nor is there much reason to say of a large export or higher prices for exchange. A few days ago we were asking 109¾, and one house asked 110 to-day for exchange on London. These prices were put up as usual, as anything in order to avoid drawing. A return which we have seen of the exports from Liverpool, Bugland, to the United States, for the month of June, shows that for ten years they have not been so light, which does not look at though exchange was going to be very active or buoyant.

THE WORLD TURNS OVER.

FULL and complete assortment of GOODS in our line and circumstances.

Which we will sell as a straight forward way, and round about—

Unless they s ll themselves.

They were bought to be sold—

We wish to see them fulfil their destiny—

To do so we will give some little help.

We have an anxiety to prove ourselves liberal—

As we sell the Goods, we will give the bargains in—

The world is full of risks and ventures—

To one who does not understand the advanced points, venture anything is most hazardous.

You are astonished, perhaps, at our temerity in giving away bargains.

What will be your astonishment when we tell you that the world is turned over?

It is a fact—

To a most complicate way—

To one who is not up to all the wheresoever, in a frightful and most alarming way—

It has happened since the sun set last—

It will turn a sain very soon.

Look out, that your money does not slip out of your pocket in the world turning.

Money slips out easily as a man's pocket,

And from between his fingers—

When the world turns round.

If the Banks are in the way to disturb it;

Just now the world is wagging strangly—

And the Bank wag's not wagging—

You may feel the vibration—

Let us speak a word on the citizens to steady the world

Hold on to it here before it goes any further!

Take a strong grip!

One of Tyler's—Top and Tye.

As the tips let her be tied—

Go to MERRIMAN'S and get a pa'r of Pants!

Take a strong one—Nice and Strong—Strong!

Steady, altogether, gently and strong!

Now, let the water roll back!

So!

She rig's again!

The gas has formed an equilibrium.

The sun in the tail of Drex Miner comes back to its right place.

Hurra!

The Dipper dips as it ought to—

The spoke in the Citizens Bank vanits is not heavy enough to cause another o cillation, at present.

Let us go round to MERRIMAN'S and get the thing.

Still the world turns!

Still the Watches are turning!

Still the Bargains are given! [July 30-tf

Sugar, very primes, necessarily remained offered the palate, and rendering unnecessary any change of diet or interruption to usual pursuits, but promotes sound sleep and healthy digestion, the complaint is thus removed as speedily as is consistent with the production of a thorough and permanent cure. In fact, HOSTETTER'S STOMACH BITTERS are only to be tried for the numerous diseases for which they are intended, and which we heretofore named and our word for it they will be appreciated. The fact that over one hundred imitations have made their appearance in different localities, since the medicine was introduced, is a sufficient guaranty of itself that Hostetter's Stomach Bitters are undoubtedly appreciated by an afflicted public.

Therefore, we caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork.

Sold by all druggists and dealers generally throughout the United States and Canada, South America, Germany and other countries.

A supply of this wonderful Medicine for the cure of rheumatism, Deafness, Piles, Corns and all nervous diseases, Headaches and Pains, has been received by HARBIN & CO., where it can be obtained. The suffering should purchase a bottle immediately. See advertisement in another column.

PROF. HASKELL—The following testimony in favor of Dr. Haskell's Electric Oil is furnished us for publication:

PROF. HASKELL—Dear Sir: I feel it to be my duty to advise the public, through you, what your wonderful "Electric Oil" has done for my family. My wife has been alarmingly troubled with falling of the womb and pains in the back and breast. I bought one bottle of your Oil yesterday, and to-day she is entirely free from pain, and sends her warmest respects for your success and prosperity. I have had a rheumatic pain in my shoulders and arms for a long time, and in two minutes from the time I applied your Oil, the pain was all gone. It is truly a wonderful remedy for all pains, such as we have been suffering with, and I cheerfully give this testimonial of its effects.

G. T. SWIFT, Merritt House.

Sworn and subscribed before me, this day, 24th of July 1857. LIBERTY WEITE, Justice of the Peace

Both testimony tells an "over true tale," worth volumes of made certificates all over the land, and a great way off.
