Monetary and Financial.

MEMPHIS DAILY APPEAL OFFICE, THURSDAY, August 12, 1858.

NEW ORLEANS.—From the Delta of August 9: Money continues easy, and the Banks keep a liberal position, which is likely to be increased before being decreased. There was no change in rates to-day; but for the reason of the year there is a good deal of money in circulation, and as we are now approaching the commencement of the next commercial season, a large amount of currency will be out. This season, however, will be composed of gold and silver, or convertible equivalent, not the issues of a thousand Banks, some worthless, and many others not much better. There were transactions in Exchange to-day at ¼ and ⅜ ⅌ cent discount for Sight at New York. Sixty days at 1⅜@1¾ discount. Sterling recorded to 109¼ and 109¾. In fact, the Exchange market is almost a blank. The Banks hold large balances, compared with former years.

NEW YORK.—From the News of August 7: The supply of money on the market is still large beyond all temporary wants. The Sub-Treasury is receiving large deposits for the Government, to be awarded on Monday and the sub proceeds are coming in freely to the relief of the Treasury, and in justification of the Secretary only a fund for his millions instead of the two only authorized by Congress. The bankers' rates are 2 and 3 ⅌ cent on first class collaterals, and those of discount 3 and 6 ⅌ cent—all date. It is thought that money will soon be in greater demand; but the near maturing payments are very light this month. Next month they will be larger, but it will take a vast increase in demand to absorb this large unemployed fund in bank. At present, the balances in Bank will run down slowly.

JULY 16, 1858.

At a regular meeting of the Board of Trustees of Union Academy, in the Town of Union, Miss., the Principal of said Academy, the following resolutions were unanimously adopted:

1. *Resolved*, That in the election of Mr. R. L. Perkins, we have an able Principal, an accomplished scholar, and excellent disciplinarian, and as such, we also insert a very liberal public patronage.

2. *Resolved*, That we think the "Union Schools" pleasantly situated, one mile from the Depot, in a healthy locality, retired, and free from the temptations to vice and immorality incident to towns and villages; and being in the midst of a sober and highly moral community, we confidently recommend them to our friends, who have sons and daughters to educate, believing that their wants, in a moral and intellectual point of view, can be fully supplied.

3. *Resolved*, That the Boarding Department, under the immediate superintendence of the Principal and his estimable lady, is conducted in a manner that will satisfy the most fastidious, and every attention has been manifested to promote the comfort and welfare of those committed to their care.

4. *Resolved*, That we believe these schools are conducted on the most liberal principles, and that they are emphatically what the name purports them to be, a happy union, with the most proficient in their teachings, and sustained only by that spirit of noble emulation, "who can best work and best agree."

Radical Cures.

THE best evidence of the value of a medicine is, that it effects a radical cure and not merely affords a temporary alleviation of the disease. This is emphatically the case with Dr. BRAGG'S ARCTIC LINIMENT, which therefore differs greatly from the quack nostrums so extensively advertised in the public prints. Dr. Bragg is a scientific physician, and his invention of the Arctic Liniment is founded on a twenty years' experience in the treatment of the disease for which it is intended. The first instance of its failing to cure has yet to be recorded.

Bragg's Arctic Liniment is for sale by all respectable Druggists throughout the country. aug-dawtw

PROF. HASKELL.—The following testimony in favor of Dr. Haskell's Electric Oil is furnished us for publication:

PROF. HASKELL—Dear Sir: I feel it to be my duty to inform the public that your Electric Oil "has done for my family. My wife has been alarmingly troubled with falling of the womb and pains in the back and breast. I bought one bottle of your Oil yesterday, and to-day she is entirely free from pain, and sends her warmest respects for your success and prosperity. I have had a rheumatic pain in my shoulders and arms for a long time, and in less minutes from the time I applied your Oil, the pain was all gone. It is truly a wonderful remedy for all pains, such as we have been suffering with, and I cheerfully give this testimonial of its effects.
