THE DAILY APPEAL.

WEDNESDAY.....SEPTEMBER 8, 1858.

THANKS.—For late papers our thanks are due to Wm. FEATHER of the *Resolute*, and J. H. MCMAHAN, of the *Uncle Sam*.

FINED.—C. R. BROWN, for giving concerts at the "Banjo," was yesterday fined ten dollars by the Recorder.

WORSE.—"French Lou," the courtesan stabbed by ELIZA MILLINER, was still worse yesterday.

A MARKET HOUSE AT LAST.—It will be seen by our Council report that Council has at length come to a resolution to build a Market House, to be located near the railroad depot.

NEW SUBSCRIBERS.—We return our thanks to Mr. JAMES H. PERRY, of Friendship, for a club of eleven new subscribers. Such substantial tokens of approval from our friends are always acceptable, and it shall be our constant aim to make the APPEAL more worthy its daily increasing patronage.

NEW COTTON.—W. HOWARD & Co. received last Monday four bales of new cotton from the plantation of Col. J. J. WILLIAMS, of Hardeman county. This is the first cotton received this season from that county. It is of fine staple and classes middling fair. The four bales were sold yesterday at 13 cents.

FINE PEACHES.—Our old friend, Col. J. M. SHELBY has sent to the senior editor a couple of sugar loaf peaches, cling stone, from Union depot on the Memphis and Ohio railroad, which would take the premium at any Agricultural Fair. We recommend to him to send specimens to the next fair.

WHARFMASTER'S REPORT.—The obliging Wharfmaster, Mr. WOLFE, in his monthly report to Council last night, stated that during the month of August, the amount paid for wharfage by steamboats landing here was $1,052 05; by flatboats $270 90. Total amount $1,322 95.

THEATRICAL.—The WEBB sisters are most attractive performers, and their timely pieces are just the things to enjoy after the toils and harrassing of the day. The ladies are sprightly and talented, and win the approbation of their audiences. Ash's Theatre has not yet ceased to be a charming place of amusement. The bill for to-night is well selected.

FANCY AND STAPLE DRY GOODS.—The reader's attention is called to the advertisement of Mr. A. SESSEL, (late of the firm of SIMON & SESSEL) wholesale and retail dealers in fancy and staple dry goods, on Main street, opposite Court Square. He offers a varied and elegant assortment of articles in his line, and is, withal, a pleasant gentleman to deal with.

THE WOUNDED.—We are glad to be able to state that the gentlemen who were injured by the gas explosion at the Memphis Bank on Monday morning, are doing well. Mr. DELOACH, of the firm of E. M. APPERSON & Co., was much bruised by the explosion; he was at the brick door which was broken to pieces. He was struck by the fragments and knocked down. He was able to get about yesterday.

PENNSYLVANIA SAFE.—We yesterday saw at the Wharfboat—where it was lying—the safe of the exploded steamboat *Pennsylvania*; it is a mere box made of boiler iron, and is no safe at all. The second clerk of the boat told us when in this city, that there was but a small portion of the money in the safe belonging to the boat—by far the greater part of it was the property of the passengers. We should think the boat would trust but little of its funds in such a miserable sham of a safe.

THE NONCONNAH CREEK MURDER.—We learn from a communication from D. SENDE, Esq., that Mr. GIDEON BOWDEN, who was killed on Nonconnah Creek, by negroes, was overseer for Col. F. R. SENDE. He was sent for by MASK & HOGAN, to pursue the negroes with dogs, when he met with his death. Mr. SENDE states he was a highly respected gentleman, and he leaves a widow and three little children. The negroes, except one in our jail, have not been arrested.

MAD.—JOHN ABLE is raving mad in jail with *delirium tremens*. He has long been drinking to excess, and the sudden and complete stoppage of stimulating drinks in jail has brought upon him this fearful disease. He raves of EMERSON, whom he killed, and thinks he is again pursued by the mob, who were so near lynching him. This is a sad but striking testimony to the power of conscience. Man cannot dare the vengeance of heaven, with impunity—"Vengeance is mine; I will repay, saith the Lord."

FINE BRANDS.—Messrs. O. COLEMAN & Co., agents for the manufacturers, are daily receiving all the best brands of Virginia tobacco. While we write we are rolling a "chaw" of "Jeems River," as sweet morsel under our tongue, and know whereof we speak when we say, that if you wish to get a *quid pro quo* for your money, go to COLEMAN's, on Madison street, a few doors west of our office, when you wish it in quantities and of qualities to suit the wants and tastes of all.

TOBACCO.—Messrs. J. B. SHARPE & Co., at No. 12 Front Row, have presented us with a sample of very fine chewing tobacco, of the brand of the *Golden Sceptre*. J. B. S. & Co. are enterprising dealers, and keep on hand a very large supply of all the best brands. Merchants would find it to their advantage to purchase from them, as they propose to fill any orders of from one to a thousand boxes at manufacturers' prices. We commend the gentlemen connected with the house to the patronage of the retail trade, who will find them prompt, reliable and accommodating business men.

TRADE WITH BALTIMORE.—THE HOUSE OF P. TIERNAN & Co.—It gives us pleasure to call attention to the card of P. TIERNAN & Sons, wholesale grocery dealers in Baltimore. They keep constantly on hand every variety and grade of imported liquors, and other choice groceries, and their character as gentlemen affords the strongest guaranty that the purchaser will receive exactly the article he bargains for. Recently this house has made a number of patrons in this locality, and we trust that they may be the nucleus for establishing a large and uninterrupted trade between Memphis and Baltimore. We know that their shipments to this place have given the highest satisfaction.

THE BIRD THAT TRIUMPHS.—We are indebted to our friends, Messrs. DALTON, KIRK & WILLIAMS, booksellers, Main street, between Madison and Court, for a genuine Democratic present, a fitting ornament and implement for the sanctum of a Democratic newspaper. It is a rooster, shining in all the brilliancy of gold, with an eye bright, clear and firm, and a mien that unmistakably expresses, No Surrender! The figure is so made as to serve as an inkstand. To use an inkstand so moulded, will be to receive inspiration as well as ink. Every dip will bring vigor for the fight; every glance, assurance of victory. We have got the rooster that carries Democratic ink for the Democratic APPEAL. *Cock-a-doodle-doo!* and three cheers for DALTON, KIRK & WILLIAMS.

RIOT AMONG FIREMEN.—It is with extreme regret we state that a number of our firemen were on Monday night engaged in a riot that may, on some future occasion, lead to deplorable results. Between 10 and 11 o'clock a false alarm was given, and several of the companies took out their engines, amongst other companies, 1's and 6's. On Main street, a little north of Washington, these two companies came together. An unpleasant feeling existed between them, in consequence, as it is alleged—for it is difficult to obtain exact intelligence upon the subject—of some persons running with the No. 6's having thrown brick-bats, on a recent occasion, at the hose company of the No. 1's. As the two came together, bricks were thrown, and on arriving at the corner of Main and Poplar, a through fight took place. Bricks were thrown so freely that in the morning the spot was covered with these missiles. Several pistols were also fired. Officer MAGENNEY pulled down a boy who was pushed up a lamplpost for the purpose of putting the light out. The Mayor was on the ground, and also officer WEBB. The No. 6 company, after a brief struggle, were either driven from their engine, or they left it on account of the representations of the Mayor, the officers, and other gentlemen. When they were gone, a shout was raised to throw their engine into the river. It was seized apparently for the purpose, when the above officers and gentlemen succeeded in dissuading the excited parties from their design, and in putting an end to the riot. There were several persons bruised by blows from the flying bricks, but no one was seriously injured, so far as we can learn. We are sure the public will hear of this occurrence with regret, and we know that none will regret it more than the mass of the firemen themselves, who are well aware that such broils are injurious to the prosperity and good standing of the Department, as well as damaging to the character of the city.

Council Meeting.

Council met last night, Alderman Elder in the Chair in the absence of the President, Alderman Hughes.

A petition was presented by the inhabitants of Robinson street asking that the street might be improved; the Improvement Committee reported against it on account; Alderman Copeland stated, of the expenditure it would require and the city is out of money. Referred back to the committee.

A petition to have the gutters so laid as to turn the water on a portion of Second street, from Union street to Gayoso street, was reported against by the Improvement Committee. Report concurred in.

Alderman Copeland, from the Improvement Committee, offered an ordinance to have sidewalks placed on Vance, south side, from De-Soto to Lauderdale, and on Pigeon Roost road from Adams to Madison street, southwest side. Referred back.

Alderman Copeland presented three accounts from Mr. Greenlaw for $8,205 for graveling.

The Mayor stated that Mr. Greenlaw had not graveled as he had contracted to do.

Alderman Copeland explained that the Improvement Committee were satisfied with the manner in which the work was done.

The Mayor doubted the authority of the committee to interfere in the matter. The accounts were allowed.

The Chairman of the Improvement Committee, Aldermen Copeland, offered plans of the following grades: Second, between Gayoso and Beal; Third, from Union to Monroe; Clinton, at the junction of McCall; McCall, from Shelby to Clinton—all of which were adopted.

Alderman Robinson, from the Committee on Accounts, presented various accounts of the salaries of the city officers, which were generally allowed.

Alderman Finnie, from the Vigilance Committee, presented a petition against the Recorder, which, being frivolous and groundless, was not granted.

The same reported to pay an account for mattresses furnished by the steamboat *Frisbee* to the sufferers by the *Pennsylvania*. Allowed.

Alderman Robinson offered an ordinance to allow saloons to keep open until 11 o'clock. Mr. Jefferson moved to lay it upon the table. It was referred back.

A petition from the Hook and Ladder to have a new ladder, at an expense of $150, was granted, and provided it be made in Memphis.

A petition of Mr. James to deposit coal near the river was refused.

Alderman Forrest, from the Committee on Markets, reported that they found the city in great want of a market house; that a number of citizens had donated $2,000 for the purpose of erecting one near the Charleston depot; they believed that amount and the rent of the house until paid for, not over $10,000, will meet the expense, and they recommend the appointment of a special committe to contract for the same, using only the proceedings of the rent and the donations of the citizens.

Alderman Copeland objected that the place was out of the way, and would suit nobody.

Alderman Jefferson was in favor of placing a market house on the spot designated, retaining the present location and adding a third house in South Memphis.

Alderman Robinson wished the committee to report a plan for at once providing the city with three market houses.

Alderman Finnie was in favor of building two market houses, but not at great expense. Let them be so built that they can be extended when wanted.

Alderman Kortrecht offered a resolution limiting the amount of rent to be paid for raising the building, to four years, no expense to be paid by the city.

Alderman Robinson moved to purchase a piece of ground (for $6,100) south of Union street, before contracting for the depot market house.

Alderman Finnie thought the South Memphis people were illiberal, like the dog in the manger. They said, you cannot have a market house without we have one.

Alderman Forrest accepted the addition offered by Alderman Kortrecht.

Alderman Hamilton said that a lot of ground that cost over $16,000 was proposed to be given for a market house at the depot, yet $6,100 was refused for one in South Memphis. He moved that the Mayor advertised for contracts for building a market house 100 feet long, on Market Square, according to a plan he exhibited.

Alderman Kortrecht offered a resolution upon the proposition for a market house in South Memphis, which Alderman Robinson said, if adopted, "would kill the thing" at once.

Alderman Robinson's resolution to buy ground, for $6,100, for a market house in South Memphis, was lost, by 7 votes to 4.

Alderman Finnie wished it "distinctly put down" that he did not vote as a South, North or Middle Memphis man. He wanted one market house building, now, and would vote for others as they were wanted.

On a vote being taken, Alderman Kortrecht's resolution, which follows, was adopted by ten votes to one, the opponent was Alderman Hamilton:

Resolved, That a special committee of three be appointed with power to contract with solvent and responsible parties for the building of a substantial market house on the property purchased by the city for that purpose near the Memphis and Charleston Railroad depot, provided they contract to have the same built without any expense to the city, but by voluntary contributions and out of the rents for a period of not exceeding four years.

The chair appointed the following the committee: Messrs. Forrest, Robinson, and Jefferson.

A number of petitions were offered and referred.

Alderman Jefferson stated that the Committee on Potters Field had an opportunity of purchasing such ground as was wanted for a Potters Field, at $150 an acre, on the Hernando Plank Road, two miles from town. A resolution was passed empowering the Mayor to close a purchase.

A petition was read from a number of cigar dealers to be allowed to sell cigars on Sunday mornings and evenings. Alderman Jefferson moved to lay it on the table.

The Mayor spoke in favor of the petition for the sake of travelers. On a vote the petition was laid on the table.

The Mayor stated that Dr. Smith desired a license to sell liquors on the wharfboat to transient boats coming along at nights. No action was taken.

Widow Mooney asked to have her flatboat "The Crystal Palace," lie at the mouth of Wolf river for sale, without paying wharfage; she is in poverty and she and her family are sick. Petition granted.

Alderman Copeland offered a resolution that the persons representing the city stock in the Memphis railroad be instructed to support only such Directors as will oppose any forwarding business being done by the said road. The mover said if the present system pursued by the road continues, Memphis is ruined.

Alderman Kortrecht was in favor of leaving parties appointed by the city to the exercise of their own judgment. The Mayor stated that he had voted for reappointing the old Directory, except two, in whose place he had put Q. C. Atkinson and R. C. Brinkley. Alderman Copeland complained that sugar, whisky, &c., came by the road and were put on boats without any one in the city having anything to do with it. Alderman Finnie contended that to pass the resolution would be to drive business to other roads and other routes. Alderman Hamilton, in a very good speech, supported the views of Alderman Copeland.

On a vote the resolution was laid on the table.

Alderman Robinson offered a resolution, which was passed, to have a metal mark placed by the city Engineer, to show the high-water mark of 1858.

The same offered an ordinance regulating dray licenses; also permitting all vehicles to go to the railroad depot. Referred.

Alderman Forrest offered a resolution, that proposals be received and contract made for building a bridge on Chickasaw street. He stated that the Main street bridge would fall down in three weeks. Referred to Improvement Committee.

Alderman Forrest moved to allow livery stables to do business on Sundays. Referred.

The same moved to compel persons offering for sale negroes in the city, to take out a $10 license, and that auctioneers selling slaves take out a negro trader's license.

Alderman Copeland, in the name of Mr. Greenlaw, invited the Mayor, Board and the Press to visit his works where he is getting gravel. Accepted for Saturday morning, at 8 o'clock. Adjourned to meet on Thursday night.

FINE STATIONERY.—C. W. ALEXANDER, whose stand is in Flavio's music store, on Madison street, opposite our office, yesterday sent us some of the most elegant fancy note paper we have seen; it is water-lined, so as to show likenesses of various public and celebrated personages. Mr. ALEXANDER has a fine stock of fancy stationery for sale. We commend him to public patronage.

Latest News by Telegraph

TO ASSOCIATED PRESS OF MEMPHIS.

Further News by the Fulton.

NEW YORK, September 7.—The steamer Fulton has arrived. The *Vanderbilt* arrived at Cowes on the 25th of August. The *Fulton* passed the *Arago* on the 29th one hundred miles from Cowes. Hurley, the actor, is dead.

LONDON.—The demand for money was moderate. 2 ends not slightly improved.

Yellow Fever in New Orleans.

NEW ORLEANS, September 7.—Deaths from yellow fever yesterday for thirty hours 109. Deaths for the week 450.

Ship Wellington Arrived.

NEW ORLEANS, September 7.—The ship *Wellington* has arrived from New York.

Washington News—Captured Africans.

WASHINGTON, September 7.—Judge James B. Bowlin, of Missouri, has been tender of the mission to Paraguay. It is believed he will accept.

The American Colonization Society propose to take charge of the captured Africans on their arrival at Liberia and support them for one year for $50,000. It is believed the Government will accept.

It is thought that Senator Benjamin will decline the Spanish mission.

Port of Memphis.

Arrivals and Departures.

TUESDAY, September 7, 1858.

Arrivals.
Adriatic, St. Louis to New Orleans.
Resolute, Cincinnati to Memphis.

River News.

The river continued falling throughout yesterday. The arrivals were very scant, but business at the landing was quite lively.

We learn from Frank Smith, agent, that the Diamond, Capt. Holcroft, McHuston clerk, will leave this afternoon at 4 o'clock for Louisville.

The agreeable passenger packet Resolute, Capt. Bugher, will leave for Cincinnati and all intermediate points on the Ohio, at 3 o'clock this afternoon. This is the regular weekly packet boat, bound to run where water trickles, and is just the boat for the present stage of the Ohio.

The Langley is the regular packet boat for Napoleon at 3 o'clock this afternoon, she carries the United States mails, and is a fine boat to travel on.

The splendid packet Lucas is the St. Louis boat to-morrow.

MAN WOUNDED.—The mate of the steamboat *Messenger*, whose name we understand is YOUNG, was arrested last evening for wounding one of the deck hands by laying open the flesh on the cheek bone. He gave twenty five dollars security for his appearance when the boat returns.

MEMPHIS AND CHARLESTON RAILROAD.—The election for directors of the Memphis and Charleston Railroad Company will take place to-day at the office of the company in this city and in Huntsville. Stockholders will govern themselves accordingly.

Special Notices.

Common Sense.

IN view of the rainy season this Spring, and in consequence a large portion of the South being inundated by the overflow of the Mississippi and other rivers, it is reasonable to suppose that the general health of the country will, to a corresponding extent, suffer from the pestiferous miasma or miasms, which such a state of affairs will naturally produce, in admitting itself certainly and without fail in some one or more of the many diseases so common to the south during the Summer months. Yellow fever is yearly becoming more common in our country, and if not yellow fever, cholera will be sure to take its place, to say nothing of the many types of bilious and typhoid fever, and fever and ague, which always claim their share of victims for the grave. In view of these facts, the true course to pursue is certainly that which will produce a natural state of things at the least hazard of vital strength and life; for this end, Dr. HOSTETTER has introduced to this country a preparation called HOSTETTER'S STOMACH BITTERS, which at this day is not a new medicine, but one that has been tried for years, giving not only satisfaction to those who have used it, but has increased in popularity and has gained favor throughout not only the Atlantic States, but California, Oregon, and Islands on the Pacific; they have also been introduced into South America, Germany, and other countries successfully. This great medicine has been compounded by one who has a profound knowledge of the nature of disease, and it is especially designed to attack the insidious enemy in his stronghold. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus by the simple process of strengthening nature, enable the system to triumph over disease. Its adaptation to cure all affections of the digestive organs is positive to itself. Diarrhoea, dysentery or flux readily yield to its potent agency; also, debility, which is frequently produced by the enervating climate of the South, is banished by a brief use of this preparation. Dyspepsia, a disease which is probably more prevalent when taken in all its various forms, than any other; the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS as per directions on the bottle, and in addition take a glass of cold water after rising in the morning, which will facilitate the cure. For this disease every physician will recommend Bitters of some kind, then why not use an article known to be infallible? Every country have their Bitters as a preventative of disease and strengthening of the system in general, but among them all there is none not to be thought more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which has attended to advance the destiny of this great preparation in the medical scale of science. Further, any of the above stated diseases cannot be contracted when exposed to any ordinary conditions producing them. If the Bitters are used as per direction, a perfect immunity once has proved that it will effectually cure any case of dyspepsia which can be produced. This desirable result is obtained in a brief space of time. And as it neither creates nausea nor offend the palate, and rendering unnecessary any change of diet or interruption to usual pursuits, but promotes sound sleep and healthy digestion, the complaint in time can be removed as completely as if it never had existed, the production of a thorough and permanent cure. In fact, HOSTETTER'S STOMACH BITTERS are only to be tried for the numerous diseases for which they are intended, and which we heretofore named and our word for it they will be appreciated. The fact that over one hundred imitations have made their appearance in different localities, since the medicine was introduced, is a sufficient guaranty of itself that Hostetter's Stomach Bitters are undoubtedly appreciated by an afflicted public.

To refer, we caution the public against taking any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork.

Sold by all druggists and dealers generally throughout the United States and Canada, South America, Germany and other countries. HOSTETTER & SMITH, Pittsburgh, Pa.

WORSHAM HOUSE.
FALL & WINTER SEASON.
Worsham House.
Memphis, September 1st, 1858.
THIS being the first day of Autumn, its beginning of the new collection year, and the commencement of a new business season, the Proprietor of the Worsham House avails himself of the occasion to return his acknowledgments to his friends, and the public generally, for their liberal patronage in the past, and to solicit a continuance of their support for the future.
He assures them that he is fully prepared for the Through Travel, and the Wholesale and Retail trade, and offers as much comfort, and prompt attention as are to be found in any house in the Southwest.
He has abandoned, for the present, if not forever, the idea of changing his business; and, having made every preparation to keep as heretofore, a first, FIRST-CLASS HOTEL, in all its departments, he will continue to devote his undivided attention to the management of his Respectably,
J. J. WORSHAM,
sept-tf Proprietor of Worsham House.
