We're Making History in Boys' School Suits

\$7.50 to \$17.50

Two weeks ago when school suit selling opened we set our teeth to attain the biggest boys' clothing business in the city.

Today, on top of accomplishing our aim, we are advised by personal friends that mothers of Winnsboro are connecting the name of Propst and Boys' Clothing as easily as one would connect the name of Eastman with Kodaks—

If you haven't heard this before—inquire about.

When your friends vouch for this statement—inquire within.

Bunny Says

When spinster-hood is bliss 'tis folly to be wives.

They bobbed their skirts, then their hair. What next? Oh woman, what next?

A chilly reception doesn't cool one off on a hot day.

Too much tin-can food has caused many a husband to "can" his wife.

The angels that fear to tread where fools rush in must miss a lot of fun.

A man that never lends his money never has any friends—also he doesn't need them.

Women say that the argument the skeeters are making is the strongest yet advanced against the wearing of short skirts.

When a man is arrested for intoxication and refuses to tell where he got it, he is no friend to the court or the crowd.

Pretty School Frocks

Particular mothers are vey careful in selecting togs for school wear. They know that recess time is a trying time on children's clothes—

Therefore in selecting materials they select strong, serviceable wash cotton or wool fabrics. We understand the problems of the mothers in dressing the growing children, and in purchasing our dress goods we provide for their needs—

This year we are showing a splendid assortment of tub-able cotton materials that will stand school tumbles—go to the wash-tub—and come up smiling. Prices are right.

In woolens we are showing the best line of serges that money will-buy and at prices that will move you to action. Serge is in demand for jumper dresses. Yes, we have the braid and all the fixin's—

No, we didn't mention prices. You see our patrons know that they can depend on us to live and let live.
