Local Matters.

Friday Morning, March 11, 1859.

☞ All persons are requested not to purchase passes from our regular carriers. The papers do not belong to them; they have no authority to sell, and every sale by them is a fraud upon us, and a thief upon our subscribers.

☞ The regular circulation of the DAILY APPEAL is now fifteen hundred and thirty-six. The circulation of the Sunday edition is sixteen hundred and eighty. This is larger by far than the circulation of any other daily paper in the State.

☞ The materials for the Avalanche arrived yesterday, and that paper will make its reappearance on Monday morning next.

A COOL PROJECT.—Seven flatboats, loaded with ice, arrived in this city yesterday afternoon. Their contents will be transferred to the ice house of Duval, Algee & Co.

☞ The Hon. W. T. Avery, our immediate Representative in Congress, arrived on the Charleston cars, yesterday afternoon. We learn that he is in fine health and spirits.

DISCHARGED.—Thos. Roney, whose sentence was commuted from a year in the penitentiary, to imprisonment in the jail, was discharged yesterday, his time being up. His offense was stealing a leg of mutton.

BALL STOPPER.—The Mayor and Capt. Garrett, of the police, yesterday put a stop to a disreputable ball that was to come off at a house called Sanjo Hall. According to the terms of the license, such a house can be closed for being disorderly.

A PENITENTIARY BIRD.—The jailer yesterday received a telegram from the sheriff of Smithland, desiring him to retain in custody for requisition a man named Phillips, alias Stewart, who offers Rose and Garrett arrested on Howard's Row, a short time since. He is a convicted counterfeiter, and had broken out of the penitentiary, at Frankfort, Kentucky.

THE WEATHER.—The weather was cloudy, but warm and spring-like yesterday, and in the afternoon some dusty was blowing about in the streets—a foretaste of coming entrees. In the evening we had a storm of lightning, accompanied with a violent wind that blew down some signs and other objects not well secured.

TRADING WITH NEGROES.—John Deanti, who keeps a grocery at the corner of Hernando and Vance streets, was yesterday fined twenty dollars for trading with a negro. He bought a bag of chickens from the boy, which chickens are said to be stolen, at the price, as the negro states, of twenty cents each. He was afterwards committed to jail for examination on the criminal charge.

CRIMINAL COURT.—At this court yesterday, Samuel Young, charged with inducing a negro to leave his master, was acquitted.

In the case of George Scott, charged with gambling and robbery, fifteen months ago, near the Charleston Railroad, a nolle pros. was entered and he was discharged.

MARAUDING.—As some of the city officers were sitting in the Council chamber, last Sunday morning, a stone was thrown violently through the window, scattering the glass in the face of Collector Newsom, and striking him on the thumb. A singular thing connected with the occurrence was, that although it was raining, the stone was quite dry, as if it had been carried in somebody's pocket.

MESSRS. A. T. WELLS & BRO., DRY GOODS DEALERS.—The advertisement of this old and established house will attract attention. They have on hand and are now receiving a very large stock of seasonable goods of every variety and cost, perhaps the best assortment they have ever had, which they are prepared to sell as they have ever done, as cheap as any of our Memphis merchants. They say it is no trouble to show their goods, so ladies and gentlemen, of town and country, give them a call.

RUNAWAY AND SMASHED.—Two horses were seen tearing up Main street yesterday evening with mad speed, having the shafts, two fore-wheels and other fragments of a wagon rattling behind them. At the corner of Adams street the shaft caught the harness of a mule that stood in a dray and completely stripped it from his back; further on another mule was knocked down and run over. The horses and wagon belonged to Mr. Buschkamp, who keeps a grocery on Main street, below Market.

LABORER AND FORMER CONCERTS.—As discussions has brought to public knowledge the facts respecting the vast powers of Former, his great natural ability, and his lofty cultivation, and as information has become diffused respecting the powers of voice and the charm of manner of Laborde, a great anxiety has arisen to be present at the two concerts on Monday and Tuesday nights next. To-day the sale of tickets begins, at Mons. Flavio's store, and those who desire to secure choice seats will be early and make their selection.

A DARKING HUSBAND.—A decent Irishwoman, who had been employed at Mrs. Backus' boarding house, at the corner of Third and Madison streets, was last evening visited by her husband, who demanded her money, and underhanded to whip it out of her; and, not only that, but to whip anybody who should interfere with his whipping exercise. Officers Rose and Ward arrived, and found the man holding his wife down by the throat. He resisted them violently, but was at length deposited in the calabouse. He will be likely to do the city some service on the chain gang.

A SPLENDID STORE.—The row of stores on Main street, extending toward Madison, is unsurpassed in the city. The store at the corner of Monroe, occupied by Messrs. Horton, Hunter & Co., is especially noticeable for the graceful elegance of its fitting up; the cornices, mirrors and fixtures, are arranged and ornamented in a chaste and tasteful manner. This house has just opened a rich and fashionable stock of useful and beautiful domestic and imported goods. Their selection has been well made, and combines magnificence with fashion in a degree that commands the admiration of the numerous ladies they number among their customers. They have especially a splendid stock of fancy dress goods of the latest fashions; also, white goods, edgings, laces, domestic, useful fabrics, clothing, etc. Purchasers should not omit to call on Horton, Hunter & Co., and look over their large, varied, and well selected stock.

COUNCIL MEETING.—Come it will held an extra meeting to-night at half past 7 o'clock. The object of the meeting is to take further steps with reference to the location of the new market house in Market Square. We learn that very eligible property is offered for sale for the purpose of a market, and that a desire extensively prevails that the present square should be left for "a breathing place for the people." For our own part, we should be glad to see the proposed arrangement made; we wish to see as many squares and parks as we can possibly obtain. They will add to the beauty and healthfulness of the city. We presume the committee will throw no obstacle in the way. Alderman Drew, although he has been in favor of the location in Market Square, is perfectly willing to move the market to another spot, if the people at the north end of the city desire it. Alderman Forrest is in favor of moving the market from Market Square. Alderman Robinson, as a resident of the south end of the city, is willing to leave the decision of the location to the people interested. We must say, however, that if the people of north Memphis cannot agree where they will have their market house, the building of the market at the south ought not to be delayed by it, and if further delay is to occur, with reference to Market Square, Council should remove the barrier they have placed to the immediate building of the market house on Beal street.

Council Meeting.

A special meeting of Council was called last night, but up to half past 8 o'clock a quorum was not assembled. The following document was drawn up and signed by those Aldermen present, who were not on the Market House Committee, and the meeting was adjourned until to-night at half past 7 o'clock:

COUNCIL ROOM, MEMPHIS, }
Thursday Evening, March 10, 1859. }

To Messrs. Robinson, Drew and Forrest,

Special Committee on Market:

The undersigned, members of the City Council, having met here in pursuance of notice from the Mayor, for a special meeting of the Board, and there not being a quorum present, we have concluded not to disperse, without first appealing to the above committee in behalf of ourselves and those we represent, to re-consider, or at least delay, before finally determining to locate one of the city market houses on what is known as Market Square. From what we are informed by the Mayor and others, we are sure a better arrangement can be made by locating it on other ground, and with little or no additional cost, eventually, to the city.

North Memphis needs Market Square for a public square or open ground. It is the only ground that can be obtained for that purpose in that part of the city.

We expect that we, or our successors in the representation in part of the northern wards of the city, will be called on before long to aid southern representatives in the purchase and establishment of a public park for a square in the southern part of the city, and for our proportion, then, we ask you now to secure to North Memphis this piece of ground as lungs and a breathing place for our portion of the city.

Respectfully,

C. KORTRECHT,
SAMUEL T. MORGAN,
JOHN SEA,
JAMES ELDER,
A. STREET.

RIVER NEWS.

For the twenty-four hours ending at 5 o'clock last evening, the river had fallen a half inch, and consequently lacked 8½ inches of the Just rise. Our St. Louis advices report the river still rising. The Republican of Wednesday reports the river as having risen two feet in the past twenty-four hours. The rise is principally from the Missouri, which is reported to be rapidly swelling from St. Joseph down. The Upper Mississippi and Illinois rivers are both rising and in fine stage.

At our wharf yesterday business was brisk, the Alvin Adams leaving for Louisville with 187 bales cotton; the Lucas for St. Louis, with a fine passenger and freight list, including 82 bales cotton; and the St. Francis No. 2 for Vicksburg, also with a paying trip.

The favorite packet Belfast, is the regular boat for New Orleans this evening. Captain Wray in command and Mr. Ed. Booker at the desk.

The steamer Choctaw leaves at 12 m., Messrs. Harmstad & Haynes are agents, and will promptly attend to any business intended for the Choctaw.

The trim, swift boat Oakland, which is now running up the White River—a trade for which her build well fits her—now lying at the landing, and will start on her trip at six o'clock this evening. Captain Barnett is her commander, her clerk is our well known and popular friend Dr. Carr, who instead of taking the features of the people is engaged in taking themselves, and he is as clever at the latter business as he has been skillful at the former.

LARGE SALE OF NEGROES.—The Messrs. Grenshaw, having retired from business as building contractors, made sale of their negroes, stock, etc., on Monday last. The sale was made by our friends, M. C. Cayce & Son, and the negroes were bid off at the following handsome prices:

John, 23 years old brought $1,515; Andy, 25 years old, 1,054; Frony, 11 years old, 935; Frances, a girl 13 years old, 1,200; George, 18 years old, 1,800; Henry, 16 years old, 1,425; Hong, 25 years old, 1,250; Neal, 26 years old, 1,000; Nick, 14 years old, 1,400; Julius, 40 years old, 850; Andrew, 42 years old, 975; Ned, 35 years old, 990; Spencer, 16 years old, 1,400.

BENEFIT OF MISS ELIZA LOGAN.—The benefit of Miss Eliza Logan will take place this evening at the Gaiety, when Miss Logan will appear in the Stranger, as "Mrs. Heller," and as "Juliana" in the *Honey Moon*. Mr. W. H. Crisp will also appear as the "Stranger," in the play of that name, and as the "Duke Aranza" in the *Honey Moon*. The attractions are equal to any during the present season, and the numerous friends of Miss Logan will not fail to show to her their renewed appreciation of her genius. We look for one of the largest houses of the season.

☞ The ladies are reminded that G. B. Locke & Co. have a ladies' auction of jewelry every evening, at 3 o'clock. The stock is very large, embracing almost every article kept in first class jewelry stores. Sales every night at 7 o'clock. Every article warranted as represented, and sold without reserve. The assignee of this stock is desirous of closing it out at as early a day as practicable. Bargains may be expected.

MUSIC, MIRTH AND METROPOLITAN.—On Friday night, Wright's star band of Metropolitan minstrels will appear at Ash's Theatre. We are high commendations bestowed upon them by the press in various places where they have been singing. They give excellent solos, duets and trios, and their burlesques are fine specimens of the comic art. Ash's Theatre will present great attractions during the time the Metropolitans are performing.

☞ We invite attention to the law card of our friends, Messrs. J. & H. M. Somerville, who have taken an office in the Calhoun Building, corner of Main and Monroe streets. With the senior member of the firm we have enjoyed an acquaintance of several years' standing, and we confidently recommend him as a safe and experienced practitioner, and a high toned gentleman of talents and acquirements.

☞ Mr. Seisloff has returned from the East with a splendid stock of new and fashionable dry goods, suited for the season, which he will take pleasure in exhibiting to all visitors. He desires the ladies, particularly, to give him a call, as he has made his selection with an eye to please them. See his advertisement in another column.

HOSTETTER'S
STOMACH BITTERS.

It is a fact that, at some period, every member of the human family is subject to disease or disturbance of the bodily functions; but, with the aid of a good tonic and the exercise of plain common sense, they may be kept in regular order, and in the enjoyment of permanent health. In order to accomplish this desired object, the true course to pursue is certainly that which will produce a natural state of things at the outset, the regulated vital action of life. For this purpose, Dr. Hostetter has introduced to this country a preparation having its name, which is not a new medicine, but one that has been used for years, giving undivided attention to all who have used it. The Bitters operate powerfully upon the stomach, bowels, and liver, restoring them to a healthy and vigorous action, and thus, by the simple process of strengthening nature, enable the system to triumph over disease.

For the cure of Dyspepsia, Indigestion, Nausea, Flatulency, Loss of Appetite, or any Bilious Complaint, arising from a morbid inaction of the Stomach or Bowels, producing Cramps, Dysentery, Colic, Cholera Morbus, &c., these Bitters have no equal.

Debility, dyspepsy or flux, so generally contracted by new settlers, and caused principally by the change of water and diet, will be speedily regulated by a brief use of this preparation. Dyspepsia, in short, the great bane of this country, is a disease that scarcely ever yields to any other remedy, in all its various forms, than any other, and the cause of which may always be attributed to derangements of the digestive organs, can be cured without fail by using HOSTETTER'S STOMACH BITTERS, as per directions on the bottle. For this disease every physician will recommend Bitters of some kind; then why not use an article known to be infallible? All nations have their Bitters, as a preventive of disease and as a strengthener of the system in general; and among them all there is not to be found a more healthy people than the Germans, from whom this preparation emanated, based upon scientific experiments which have tended to prove the value of this great preparation in the scale of medical science.

FEVER AND AGUE.—This trying and provoking disease, which fixes its relentless grasp on the body for many, reducing him to a mere shadow in a short time, and rendering him physically and mentally useless, can be driven from the body by the use of HOSTETTER'S RENOWNED BITTERS. Further, none of the above-stated diseases can be contracted, even in exposed situations, if the Bitters are used as per directions. And as they neither create nuisance nor offend the palate, and render unnecessary any change of diet or interruption of ordinary pursuits, but promote sound sleep and healthy digestion, the complaint is removed as speedily as is consistent with the production of a thorough and permanent cure.

For Persons in Advanced Years, who are suffering from an enfeebled constitution and infirm body, these Bitters are invaluable as a restorative of strength and vigor, and need only be tried to be appreciated. And to a mother while nursing these Bitters are indispensable, especially where the mother's nourishment is inadequate to the demands of the child, consequently her strength must yield, and here it is where a good tonic, such as Hostetter's Stomach Bitters, is needed to impart temporary strength and vigor to the system. Ladies should by no means neglect to try this remedy in all cases of debility, and, before so doing, should ask their physician, who, if he is acquainted with the virtue of the Bitters, will recommend their use in all cases of weakness.

CAUTION.—As imitations are in market, purchasers should see that the signature of the firm of Hostetter & Smith is on the wrapper of each bottle, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

☞ Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany.

We cheerfully recommend this institution, not only from the experience of their having complied with their obligations to us, but from a knowledge that the losses sustained by our neighbors in the late fire, who were unfortunate as to hold policies in the "Phœnix," have been satisfactorily settled.

CARSVILLE, TENN., March, 1858.

Mr. S. R. Wood, Agent Ætna Insurance Company, Stonewall Tenn.—Dear Sir: Permit me to acknowledge the receipt of $1100, the full amount of my policy (No. 50) in your Agency, on my dwelling and furniture which was consumed by fire about four weeks ago. I was fully aware by a provision in the policy that I was not entitled to the money six sixty days after proof, but not hesitating a moment was paid up as soon as proof was furnished, to my entire satisfaction—thirty days before due. I must take this opportunity to express my thanks for the promptness and great liberality with which my claim has been paid, and I now advise every person who lives within the bounds of your Agency to lose no time in having their property secured by insurance in the Ætna Company, as I can assure them it is no bogus concern but sound to the core. CORDING FLUTES FOR THE HAIRARE DANGEROUS.—Professor Wood's hair tonic restores the color, not by the nitrate of silver process, but by a restoration of the healthy functions upon which the original and natural color of the hair and its moisture, its gloss, its life, and consequently its original beauty depended. Professor Wood, at the age of thirty-seven years, was as gray as a man of eighty, and his hair was dry, thin and dead. Now he has not a single gray lock upon his crown, nor is his hair thin or dry, but soft, pliable and moist as that of a child of five years. This preparation acts upon the roots, for after an application, that portion of the hair nearest the scalp is found restored to the original color, whatever it was, while the ends of the hair are gray. Try Wood's hair tonic, and do not apply any other till after you have this. With this resolution you will never have occasion to use a hair dye. See advertisement.

Another Pittsburger testifying to the wonderful curative power of Boerhave's Holland Bitters. Mr. Jacob White, Third street, below Market, says:

"For a year past I have been afflicted very seriously with dyspepsia—so much so that my stomach refused to retain anything. I have tried almost every remedy, and the opinion of several physicians, but without alleviation, until I began the use of *Boerhave's Holland Bitters*, and have now found relief almost amounting to a cure. I found it efficacious in removing the extreme debility occasioned by this disease, and generally as a tonic it has few equals and no superior."

THE IMMENSE DEMAND
FOR
SINGER'S SEWING MACHINES

HAS rendered more extensive accommodations necessary. A SPLENDID LARGE SALESROOM has been fitted up at No. 190 Main street, next door to McClanan & Co.'s Furniture Store, connecting with the latter upon the second floor.

The reputation of SINGER'S SEWING MACHINES, as we well established, is a thing of the past. We now rate upon their merits, especially since it is customary to advertise every kind of Sewing Machine, whether good or bad, as superior, or at least equal to all others. But assertion is not proof, and no sensible person will trust to a puffing advertisement. While he must satisfy of the opportunity of judging by personal inspection what Machine is best suited to his purpose.

It is impossible for the purchaser of a Singer Machine to be deceived, simple trying such Machine is sufficient the privilege or returning it in a given time if it should not prove to be what it was represented.

Were it necessary, we could point to a volume of facts illustrative of the maxim—"Success is a sure evidence of merit." It is well known that I. M. Singer and Company, who constitute the firm of I. M. Singer & Co., have become millionaires. It is an undeniable fact, that Singer's Sewing Machines are now commanded a higher price, and that there is a much larger number of them sold than of any other kind, and that hundreds of these Machines have been in constant daily use for upwards of seven years, being still in good order.

There is now something in Sewing Machines, which, in consequence of the great demand for them, enabling their manufacturers to employ the best talent, and to make such improvements as will enable them to supply the demand, which has more than doubled since the period above referred to, and to place on the market a class of Sewing Machines with which the whole country is delighted.

Those who are about purchasing Sewing Machine trade, would do well to make a thorough examination before they decide.

☞ Prices of Singer's Machines from $60 to $150.
