Local Matters.

Sunday Morning, 12 o'clock April 10, 1859.

☞ *All persons are requested not to purchase papers from our regular carriers. The papers do not belong to them; they have no authority to sell, and carry sale by them is a fraud upon us, and a cheat upon our subscribers.*

☞ Religious services to-day at 10½ A. M. and at 7½ P. M. in the auditorium at Odd Fellows' Hall.

LETTER LIST.—The list of unclaimed letters at the Memphis post office will be found in this morning's paper.

☞ The Rev. Dr. McPheeters, of St. Louis, will preach in the Second Presbyterian Church this morning at 11 o'clock.

☞ Rev. W. Carey Crane, President of Temple Brookline College, will preach at the Beal Street Baptist Church this morning, at 11 o'clock.

SUNDAY APPEAL.—The APPEAL this morning is made up of such matter as will commend it to the attention of general readers. Copies of it may be had as usual at our counting room.

☞ Humphrey Marshall, of Kentucky, the Courier Informer, says that his party changes so often that he can't keep up with it. He intends to run for Congress as an Old Line Know-Nothing.

☞ The remains of the late Logan McKnight, Esq., who died recently in New Orleans, were on board the steamer *Eclipse* yesterday. They are to be taken to Louisville for interment.

☞ The report that a boarder at Mrs. Grillo's boarding-house, on Front Row, was robbed recently, was incorrect. The robbery was committed in the vicinity of Mrs. G.'s house, but the parties to the transaction were not her boarders.

☞ The atmosphere last night was really sultry, indicative of the season "that is shortly coming on." We chronicle the advent of the first mosquito of the season, and commiserate the dilemma of the firemisers for the press in that "winter" no longer "lingers in the lap of spring."

OFFICIAL FIND.—Jude McKiernan, of the Criminal Court, does not stand upon etiquette when he deems an official at all culpable. By order of the court officers R. L. Smith and Thos. D. Bynum were fined for contempt yesterday—the former $10 and the latter $5. Their offense consisted in an informality in obtaining a jury.

ELECTIC MAGAZINE.—We are requested by the editor to inform its patrons in Memphis that the letter containing the order and list of names was lost on the steamer Princess. A duplicate list of names has just been forwarded, and the order promptly filled to the address of all her new subscribers.

RELIGIOUS NOTICE.—The Rev. Bishop Kavanaugh, of Kentucky, will preach the dedicatory sermon, at the New Church in Hopefield, Arkansas, this morning at 11 o'clock.

The Ferry Boat will leave the foot of Jefferson street at 9 o'clock, and every half hour after until 11 o'clock. Fare—one dime for the trip or less if a good many go over. Nice dry walk from the landing to the house.

DARING ROBBERY.—Some adroit thief picked the pocket of Mr. James A. Reynolds, either in the omnibus or at the depot of the Memphis and Charleston Railroad, Friday evening. Mr. R's loss consisted of $300 in money, a draft for $500, and some papers, which are valuable to him only. If the thief will return the papers to him through the Appeal office, he may retain the money.

RECORDER'S COURT.—The Recorder disposed of eleven cases yesterday, the majority of which were upon charges of drunkenness and disorderly conduct. Fines to the amount of $75 were assessed, and seven additions were made to the chain-gang. A song the delinquents straighted were for vagrants. Jasper Clark, for very disorderly conduct, was fined $25.

NEW MUSIC.—We are indebted to J. A. McClure & Co. of No. 256 Main street, for several pieces of new and beautiful music, the bracing selections from the latest operas, arranged for the piano forte, songs, etc. Messrs. McC. & Co. are constantly in receipt of new music and musical instruments, and keep at their depot the finest collection of everything novel and beautiful in their line. They are enterprising and deserving young men, and we take pleasure in commending them to the public.

MESSRS. PRIEST & BOWEN.—The business of these gentlemen has steadily extended since their establishment here, and the Louisville and Memphis packet has become recognized as an institution in this city. They are both gentlemanly and energetic business habits, which is the great secret of their success. Their house, at No. 7 Monroe street, is the headquarters for Ohio river produce, and the articles they sell are always as represented.

THE CITY PRISON.—The total number of prisoners in the city jail at present is sixty-eight. Of this number fifty-nine are white males, two are black criminals, and six are fugitive slaves. There is one white woman confined in prison upon a charge of felony. There are twenty-three persons in the calaboose, which comprises the force employed on the chain-gang. Three persons are held in custody upon the charge of lunacy. The city prisoners have been materially improved of late, having been thoroughly cleansed and purified.

DR. BARBEE'S LECTURES.—We would remind our readers that Dr. Barbee will commence a series of lectures at Odd Fellows' Hall tomorrow evening, on the interesting science of Geology. He is a scientific and interesting lecturer, and undertakes the present series under the patronage and at the invitation of some of the leading and most intelligent citizens of Memphis. Dr. Barbee is one of our own citizens, and we ought to do our own city the justice to give encouragement to men of science and learning among them. We doubt not they will be worthy the high character of the Doctor, and we are anxious to see Odd Fellows' Hall crowded with our most intelligent citizens of both sexes.

NEW BUILDINGS ON MAIN STREET.—We understand that arrangements are being made to erect a splendid four-story building, embracing six large stores 150 feet deep, on the east side of Main street, between Beale and Gayoso. The buildings will be owned by Joseph Lenow, J. D. Williams & Co., Farrington & Howell and John Harbert. On Monday next the digging out of the foundation is to be commenced. We also learn that Mr. E. F. Rink and W. F. Lewis have purchased lots immediately adjoining, upon which they will soon build two factory tenements. Nearly opposite, Mr. Barney Graham will, it is said, during the approaching spring or summer, erect five stores five stories high. Similar improvements are being made on other portions of Main street, which is destined to be at no distant day one of the most beautiful streets in all the South.

☞ THE PEN IS MIGHTIER THAN THE SWORD.—To those who have much writing to do a good pen is a very desirable thing, and the best, cheapest and most durable is acknowledged to be the gold pen. But these are subject to accidents, and are frequently ruined by falling from the desk, or otherwise having their points brought into contact with some hard substance. They are then thrown away as worthless. This is extravagance, and at the risk of incurring the frowns of those who sell them. We can inform our friends how they can save the price of a new pen for a very trifling outlay. Inclose the injured pen with fifty three cents in stamps to Hoskins & Barnes, at Louisville, and they will return it as good as new. Thus a five dollar pen may be repaired and made to write as well and last as long as a new one, at a saving of over four dollars. We speak confidently for we have tried them in several instances. See their advertisement in another column.

Dr. VON MOSCHZISKER.—Since the arrival of this eminent oculist and aurist, he has been consulted by some of our best citizens, both for deafness and blindness; and we doubt if there ever came any one to our city who in so short a time acquired such a popular name as Dr. M. His reputation has been long known to the press by the praises that have been lavished on his skill as an eye and ear surgeon in other cities; and he has proved that he is truly worthy of all that has been written about him. Dr. Harby, editor of the *Bee*, himself a physician, is sopping of Dr. M., remarks: "We have witnessed repeated opportunities of witnessing Dr. Von M.'s mode of examination of diseases, and have particularly admired his rapid and unerring diagnosis, his lucid explanation to patients, and the beautiful theory of the treatment he proposes." As the period designated for Dr. M.'s departure is approaching, we would earnestly advise those who suffer from any defect, either of the eye or the ear, to consult him at once, if they have not already done so, as many cases may require his special attention for some time. We direct the attention to some extracts from several of the best papers in the Union, in praise of Dr. M., they will be found in another part of our paper.

A GENERAL VARIETY ESTABLISHMENT.—One of the most complete establishments of the kind kept in this or any other city is that of our young friend Mr. N. D. Wetmore, in the new block on the south side of Jefferson street, near Main. Mr. W. denominates his establishment a grocery, but he deals in all descriptions of family supplies, including choice wines and liquors, for family use, wild game, and all articles in the grocery line. His stock is large, and he supplies the trade, as well as hotels and families. Mr. Wetmore's success here has been remarkable, for, with a residence of less than one year, and from small beginnings, he is now recognized as a leader in the city trade. And he has attained to his present enviable position simply by application to business and general probity of character. He deserves success, and we commend him to the patronage of our friends.

CRIMINAL COURT.—The case of Hiram Brumley, charged with complicity in stealing a mule from the late Geo. Fraser, suddenly took a new turn yesterday. So much of the jury as had been obtained was dismissed, and the Attorney-General entered a *nolle prosequi* in the case, in view of the absence of the material witnesses for the State.

The case of John Reggie, charged with larceny, was called up and a panel of forty ordered from which to make up the jury.

Twenty cases upon indictments for gambling were submitted, and the ordinary fines assessed. The aggregate of the fines in these cases amounted to $143, with the costs of suit added.

PERSONAL.—Mr. J. R. Drake, the late well-known telegraphic Agent of the Associated Press in this city, left here yesterday for Louisville, having resigned the position which he has filled here during the past two years with credit to himself and satisfaction to those with whom he was associated. Wherever his inclination may invite him in future, we wish him prosperity. Mr. Drake will be succeeded by Mr. W. H. Cody, late of Columbus, Miss., a young gentleman who is highly recommended, both as a telegraphic operator and reporter.

ARRESTS.—There were no arrests yesterday upon charges of felony. Three or four persons were taken into custody, charged with violations of city ordinances.

BOARD OF HEALTH.—List of interments for the week ending Saturday, April 9, 1859:

April 5th.—David Cook, age 8 years, disease congestive chill.....April 6th, Jno. Dearing, 28 years, inflammation of Stomach. S. S. Davidson, 28 years, typhoid Fever. Jno. H. FLANNERY, Sexton.

April 4th.—Mr. Frank, age 35 years, disease mortification. Pauper, name, age and disease unknown.....4th—Albert Brown, 34 years, consumption.

W. R. SMITH, Sexton.

April 7th.—Robert Gillaspie, age 5 months, disease inflammation of the bowels.....April 8th, Mary Ann Bell, 3 months, disease not known.

J. M. HOLST & SON, Sextons.

W. J. TICK, Secretary of Board of Health.

SHELBY COUNTY DEMOCRATIC ASSOCIATION.

HARDWARE, AGRICULTURAL IMPLEMENTS, &c.—If you are in want of such goods, read advertisement of Lowndes, Orgill & Co., on fourth page.

Municipal Election.

For Mayor.

TO THE VOTERS OF MEMPHIS: Influenced by the suggestions of many friends, I announce myself as an independent candidate for Mayor at our next municipal election. If elected, I will faithfully and impartially discharge the duties enjoined on me to the best of my humble abilities.

mr30d&f W. M. PERKINS.

For Mayor.

WE are authorized to announce RICHARD D. BAUGH, as a candidate for re-election to the Mayoralty of Memphis. J. D. Williams & Co., Farrington & Howell and John Harbert. On Monday next the digging out of the foundation is to be commenced. We also learn that Mr. E. F. Rink and W. F. Lewis have purchased lots immediately adjoining, upon which they will soon build two factory tenements. Nearly opposite, Mr. Barney Graham will, it is said, during the approaching spring or summer, erect five stores five stories high. Similar improvements are being made on other portions of Main street, which is destined to be at no distant day one of the most beautiful streets in all the South.

☞ THE PEN IS MIGHTIER THAN THE SWORD.—To those who have much writing to do a good pen is a very desirable thing, and the best, cheapest and most durable is acknowledged to be the gold pen. But these are subject to accidents, and are frequently ruined by falling from the desk, or otherwise having their points brought into contact with some hard substance. They are then thrown away as worthless. This is extravagance, and at the risk of incurring the frowns of those who sell them. We can inform our friends how they can save the price of a new pen for a very trifling outlay. Inclose the injured pen with fifty three cents in stamps to Hoskins & Barnes, at Louisville, and they will return it as good as new. Thus a five dollar pen may be repaired and made to write as well and last as long as a new one, at a saving of over four dollars. We speak confidently for we have tried them in several instances. See their advertisement in another column.

Dr. VON MOSCHZISKER.—Since the arrival of this eminent oculist and aurist, he has been consulted by some of our best citizens, both for deafness and blindness; and we doubt if there ever came any one to our city who in so short a time acquired such a popular name as Dr. M. His reputation has been long known to the press by the praises that have been lavished on his skill as an eye and ear surgeon in other cities; and he has proved that he is truly worthy of all that has been written about him. Dr. Harby, editor of the *Bee*, himself a physician, is sopping of Dr. M., remarks: "We have witnessed repeated opportunities of witnessing Dr. Von M.'s mode of examination of diseases, and have particularly admired his rapid and unerring diagnosis, his lucid explanation to patients, and the beautiful theory of the treatment he proposes." As the period designated for Dr. M.'s departure is approaching, we would earnestly advise those who suffer from any defect, either of the eye or the ear, to consult him at once, if they have not already done so, as many cases may require his special attention for some time. We direct the attention to some extracts from several of the best papers in the Union, in praise of Dr. M., they will be found in another part of our paper.

STEAMBOATS LEAVING MONDAY.
(*For Particulars See Advertisements.*)

For Louisville.....ELVIR ADAMS.....Lamb.
For Louisville.....PATIENS.....Mobell.
For St. Louis.....PHILADELPHIA.....Marshall.
For New Orleans.....NEBRASKA.....Irwin.
For New Orleans.....CHICTAW.....Silver.
For Pittsburg.....JOURNAL.....Hayes.

The river was falling at this point yesterday, and had declined about one-half an inch during the twenty-four hours ending at twelve last evening. Last evening the water was within six and a quarter inches of the highest point of 1858.

The Mississippi, as we learned by telegraph from St. Louis last evening, was falling at the rate of six or eight inches in twenty-four hours, and the upper rivers are on receding.

At Louisville yesterday the Ohio declined six inches, with six feet three inches on the falls.

The weather yesterday was hazy and sultry, temperature 75°. Sunshine in the forenoon with cloudy afternoon.

We learn from the officers of the Southerner, which arrived from Louisville yesterday, that the Ohio river was rising slowly at Louisville on Thursday, and falling at Pittsburg and Cairo.

From the New Orleans Picayune of Wednesday, the 6th inst., we have information as to the condition of the river in the South:

A report circulated that a crevasse had occurred in the Bonnet Carre State levee. From information from a gentleman connected with the department of the Swamp Commissioners for that district, we can state that the levee is now repaired safe. The crevasse which prevailed had foundation. There have been eight breaks in this levee. The water pouring through some of these breaks attained so large a stream that fish ran through in hearing. The levee is now feet high, and the water comes through underneath the base of the levee some two feet below the surface of the ground. On the outside of the levee the water boiled up in a stream some three feet thick, like the water issuing out of a fountain. The origin of the breaks is crawfish holes. The crawfish commence at the bottom on the river front on the levee, and work through the levee either into the ditch or into the air on the land side of the levee, making a hole from one to two inches in diameter, which by the pressure of the water is enlarged, if neglected, until the levee is the even weight crews in. This is the cause of most of the crevasses which occur in old levees. It is not so much the weakness of the embankment, as the neglect to watch the threads of these little pests of our levees, that cause such widespread disaster. The mode of arresting the work of these Rogers at Bonnet Carre levee has been to make a complete line of planking on the outside of the ditch, the planks being set up perpendicularly; the earth is piled against the planks on the land side, forming a proper slope, and the plank are bound inside, and earth, with bagasse, filled in between the planks and the main levee. The water rises between the planks and the main levee, and the acid of the bagasse arrests the working of the crawfish. Whenever the crawfish have attained a lodgment in a levee, by neglect and using bagasse, it is certain that the crawfish are driven from the neighborhood. This is a fact of which planters should take advantage, as it will remove a lesson that experience might fail. Two small breaks yet remain to be closed in the Bonnet Carre levee, but the laborers are engaged on it will speedily secure it.

The total shipments of cotton to the various points from this port, during the week ending last evening, were as follows: To New Orleans, 2331 bales; to the Ohio river, 2092 bales; to St. Louis, 288 bales. Total shipments for the week, 4711 bales, against 6780 bales last week.

The J. H. Rainey, for St. Louis last evening, had a good trip of passengers, among whom were Col. Reif Saunders and Charles Morris, Esq. The Dickey also had 141 bales cotton.

The Southerner, for Louisville last evening, had a good passenger list, but no cotton.

A large assemblage witnessed the departure of the Southerner and Dickey last evening, as it was generally understood there would be a trial of speed between them. The Southerner started out ahead, and the Dickey well out five minutes behind her. The Southerner run the channel to the "cut-off-island" point, and the Dickey went through the cut-off just above the mouth of Wolf river. As the Southerner had gained no her advantage somewhat at the head of the cut-off, it was thought that the Dickey had overhauled, or lost some time in the chute.

These were very few travelers made to the Inst Hospital, and the activity at the labbing was confined to the packet business.

The large steamer Imperial, Capt. Rogers, lay at our landing from an early hour until five o'clock yesterday afternoon. A large party of Memphis celebrities dined with Capt. Rogers on board yesterday. The arrival of the train yesterday afternoon, made a substantial addition to the passenger list of the Imperial.

The Uncle Sam will not leave for the Memphis last evening, with a big trip, both of freight and passengers.

The John J. Ray, the packet edition of a steamboat, engaged at our landing to read yesterday afternoon, after having made the rim all the way from Pittsburg on one wheel—and that the smallest wheel we ever saw attached to a steamer. The Ray is splendid new, and is intended for the regular trade of the head waters of Red river, above the raft. She was heavily freighted with glassware, whisky, and other Pittsburg manufactories.

The Eclipse rather anticipated her advertised hour of arrival, and passed up about three o'clock yesterday morning. The Eclipse will leave Louisville again for New Orleans on Tuesday.

The Return departed for White river last evening, with a heavy freight and a large number of passengers.

RATES OF FREIGHT ON COTTON.—The following are the ruling rates of freight on cotton to the leading points to which cotton is shipped from this port: To New Orleans 75 cents per bale. To Pittsburg $1.75. To Cincinnati $1.50. To Louisville $1. To New York, by rail Baltimore and Ohio Railroad from Parkersburg, $4. To Philadelphia, by rail same route, $4.50. To Baltimore, by rail same route, $4.25. To Boston, $5 cents.

Freight generally are not abundant at this point. The following are the ruling rates:

To New Orleans.—Found freights, 20 a 30; Whisky, 30c. per bbl.; Flour 30c. per bbl.; Pork 40c. per bbl.; Bacon 40 per bbl.; way bbls. 50 per bbl.

To Vicksburg.—Same rates as to New Orleans.

To St. Louis.—Found freight Flour, 30c.; Whisky, 50 per bbl.; Pork, 50c.; Bacon, 50 per bbl.

To Cincinnati.—Found freights 35 a 40c. and other articles in proportion.

To Louisville.—Found freight 30c.

To Nashville.—Found freights 20 a 25c. per 100 lbs. and other freights in proportion.

For White River.—Found freights, 50c.; Whisky, $1 @1.25 per bbl.; Flour, 50c.; Bacon, $4 $5 load.

To Arkansas River.—Found freights, to Dardanelle below Little Rock, 40c.; above Little Rock, 50@60; Barrels in proportion.

St. Francis River.—Found freights, 20c.; Flour, 40c. per bbl.; Pork, 20c. per bbl.

FOR NEW ORLEANS.—The fine and popular steamer Nebraska, Capt. Irwin, is the regular packet boat for New Orleans after the arrival of the train Monday evening. She has elegant accommodations for cabin passengers, and her commodious decks are adapted to others, their along whom is our friend Capt. Temple, the clerk Mr. S. H. Shock is the passenger agent.

FOR PITTSBURG.—The staunch light-draught steamer Potomac, Capt. Harry, will leave for Pittsburg direct to morrow afternoon. Messrs. Barnards & Bryan will receive consignments of cotton and other freights to be shipped by her.

FOR ST. LOUIS.—The splendid steamer Philadelphia, Capt. Marshall, will leave promptly as above, at 4 o'clock to-morrow afternoon. The Philadelphia was the pioneer in the trade, and, by admirable management, her popularity has steadily increased. Mr. Schuld, the accomplished clerk, has charge of the office. Messrs. Thos. E. Walker & Co. are the agents.

The Jas. Johnson, from the Cumberland river, passed down last evening. She has accident at the bridge at Nashville could not have informed her search.

We are indebted to the attentive clerk of the Eclipse for late New Orleans papers.

Thanks to Capt. Archer, of the Southerner, for Cincinnati, Louisville and St. Louis papers.

The Kanawha and Kentucky rivers are both very high, and the falls at Louisville will no doubt be navigable again in a few days.

The new steamer J. N. Kellog, one of the largest and staunchest steamboats ever built, arrived at Louisville Wednesday. She is intended for duty around the falls.

The Pulaski packet, River Star, on her last trip, broke a cylinder head, which is the third one within a few months.

We learn that it is its contemplation to form a coalition between the boats of the Memphis and New Orleans packets and the association of a new one, to be "Railroad Line" of steamers, which will insure a daily line of splendid boats hence to New Orleans.

The following packets will arrive to-day: The Memphis, from Cincinnati; the St. Francis, No. 3, from St. Francis river, and the Dunmar, from New Orleans.

FOR NEW ORLEANS.—The Pacific, Capt. Moffitt, the favorite of all the Louisville fleet, will arrive at 5 o'clock Monday morning, and have immediate dispatch for New Orleans. For passenger accommodations she is not excelled in any trade, and her officers are universally popular. Capt. W. P. Halliday has charge of the office. Messrs. Priest & Bowen, No. 7 Monroe street, are the agents.

FOR LOUISVILLE.—The popular steamer Alvin Adams, Capt. Wm. Lamb, the best that runs all the bends and nobbs all the landings, is the regular mail and passenger packet for Louisville at 4 o'clock to-morrow afternoon. The Adams is the fastest on the trade and as prompt as the sun. Travelers will find in Mr. M. W. Baldwin, the clerk, an attentive and efficient officer. Messrs. Priest & Bowen are the agents of the line.

FOR NEW ORLEANS.—The large side-wheel steamer Choctaw, Capt. Silver, will arrive Monday, and have immediate dispatch for New Orleans. Her capacity is known, and she will be prepared to take huge piles of cotton. Those interested should apply to Harnstat & Hayman, the agents.

S. R. LAKE,
S. S. THOMAS, Secretary. Jn15 No. 249 Main street.

Latest News by Telegraph.

TO ASSOCIATED PRESS OF MEMPHIS

Additional News by the Steamship Canada.

SPAIN.—The Cortes Deputies, on Saturday, for papers relative to negotiations between France, England and the United States for the purchase of Cuba by the latter, the Minister of Foreign Affairs replied that some despatches had expressed a desire to see the administration of Cuba improved and the President of the United States had expressed the same wish, the latter thought the United States, on account of higher intelligence, had a moral duty to fulfill in putting cheaping and governing Cuba.

The best reply to certain orators on this point was the prosperity of Cuba. The question of the acquisition of Cuba was imposing and menacing, but the Spanish Government felt security in its great national resources. It has not rendered insult for insult but has conducted itself with present dignity. It had not applied to other powers for assistance. It would have felt gratified, but decline it. It did not think any aid was necessary, as the question is happily being almost terminated.

River News.

ST. LOUIS, April 9, 9 P. M.—The river is falling at the rate of six or eight inches during twenty-four hours. The upper streams are receding. Arrived—Lackland, Falls City, Scotland and Uncle Sam; departed—Uncle Sam, Anderson and Swon.

LOUISVILLE, April 9, M.—The river is falling, with 6½ feet on the falls, and 9½ in the canal.

Pikes' Peak Emigrants.

LEAVENWORTH CITY, April 9.—The departure of Russell's first Pikes' Peak Mail train is postponed on account of the non-arrival of ambulances, etc. The equipment comprises 75 wagons, 50 coaches, 400 men, 800 mules and 300 cows.

Arrival of Vessels.

NEW ORLEANS, April 9.—Arrived—the ship Far West, from New York; the Kentuckian, from Havre, and the Wurtemburg, from Liverpool. The Pacific steamer brought a million and a half of gold on Panama.

From Mexico.

NEW ORLEANS, March 9.—The Quaker City's mails confirm the retreat of Miramon, with the liberals in the rear.

The Sickles Trial.

WASHINGTON, April 9.—In the Sickles case, Mr. Graham opened for the defense.

Telegraphic Markets.

NEW ORLEANS, April 9.—Cotton—sales of 5000 bales at 12½. Flour—the market closed with a declining tendency, having declined 10c. Pork closed very dull at 27. Gunnies 10c.

NEW YORK, April 9.—Cotton—the market closed heavy; sales 3000 bales at an advance of ⅛; Middling Uplands, 11⅛; Orleans, 12¼, with 7-16 freight. Flour, the market closed quiet; sales 8000 bbls. Wheat closed with a declining tendency; sales 16,000 bushels, at 54@57c. for prime. Corn closed firm at 11@11½c. Sugar closed steady at 6@7½c.

Commercial Matters.

MEMPHIS DAILY APPEAL OFFICE,
SUNDAY, April 10, 1859.

COTTON.—The market was brisk yesterday, and the sales were nearly free for the season of operations. The sales were as follows: 1 bale at 7c, 2 at 8, 2 at 9¼, 225 at 10, 363 at 11, 4 at 11⅛, 20 at 11¼, 4 at 11⅜, 20 at 11½, and 20 at 11⅝—total 1020 bales. Of this number 1184 bales sold at 11c and above that sum, and 252 bales below.

Offerings.....7 @ 8 | Middling.....11⅛@11⅜
Ordinary.....9¼@10 | Good Middling.....11¼@11½
Good Ordinary.....11@11⅛ | Middling Fair.....11⅝@11¾
Low Middling.....10½@11 | Fair.....

WEEKLY STATEMENT.—The receipts of Cotton from the commencement of the season to the ending of the week, are as follows:

To this date	4,000	4,000
Previous date	4,000	4,000
To this date	500	500
Total	8,500	8,500

The New Orleans Picayune of April 8, says: In Cotton we have to report a very dull market for the week, and the receipts in the city, produced an active demand, which resulted in sales of about 24,000 bales, the closing rates showing the market to have recovered from the previous decline. We quote:

Ordinary	9 @ 9¾	Middling	11¾@12
Ordinary	9¾@10	Good Middling	12¼@12½
Low Middling	10½@11	Middling Fair	12¾@13
Low Middling	11 @11¼	Fair	—@—
