Local Matters.

Saturday Morning, May 7, 1859.

Meeting of the Shelby County Democratic Association.

The members of this association are requested to meet at their hall on Adams street, on Thursday, the 12th inst., at 8 o'clock P. M., over Steinkirk's saloon. A prompt and punctual attendance is requested.

W. H. CARROLL, President.

MEMPHIS, May 7, 1859.

THANKS.—We thank Mr. Borden, of Adams Express, for late papers.

PERSONAL.—D. A. Gillis, Esq., a young gentleman of talent, connected with the editorial department of the New Orleans Crescent, is in the city.

COMMITTED.—John Brown, the free negro arrested on the charge of stabbing a slave named Tom, was examined day and committed for trial in default of $1,000 bail.

☞ By reference to the correspondence in another column, it will be seen that Dr. G. T. Hunter declines the canvass for Baxter in this district.

RECORDER'S COURT.—There were but three delinquents before the Recorder yesterday, one of whom was discharged. Michael Cowan and Thos. Lawler were convicted of the charge of vagrancy, and sent to the chain-gang.

☞ We call attention to the sale of a business house and lot on Adams street, near the Wesham House, which will take place at 5½ o'clock this evening. See advertisement of Mossavrat & Co.

PADUCAH ELECTION.—At the election for municipal officers in Paducah, Ky., on Monday last, Mr. Reaves, was elected Mayor, Mr. Quincey, City Attorney, Mr. Duke, Treasurer, and Mr. Ferry Assessor.

☞ We learn that our friend, Dunlap, Professor of Book-Keeping and Penmanship, designs leaving us in a day or two for Jackson, Tenn. We most cheerfully commend him to the favor of our friends in that place.

THE GENUINE O'FALLON.—Clarke J. Morton, the great flour dealer on Howard's Row, yesterday received a large consignment of the celebrated O'Fallon brand from St. Louis. We are using the article and know it's superiority. Try it.

LITERARY.—Hite has all the best papers and periodicals on his stand at the Worsham House, the latest New York *Herald*, *Harper's Weekly*, (May 7,) *New York Ledger*, (May 14,) *Foster Notions for Home Use*, and other interesting papers.

DISCHARGED.—We announced, a few days ago, that T. P. Smith had been re-arrested in this city upon the charge of killing R. H. Wilkerson. He had been arrested at the request of parties in Petersburg, but was promptly discharged yesterday, there being no proof against him.

SOUTHERN PACIFIC RAILROAD.—We direct the attention of all concerned to the advertisement of Dr. Fowlkes, President of the Southern Pacific Railroad Company. Stockholders will find it to their advantage to heed this call upon them.

☞ Rev. C. A. Davis, of Lexington, Mo., having accepted a call to the pastoral charge of the First Cumberland Presbyterian Church in this city, his arrived here with his family, and will commence his labors in that Church to-morrow at 10½ A. M.

A QUIET VISITOR.—The Captain of the day police informs us that he never knew a more quiet week than the present, notwithstanding the fact that the races have drawn a large number of strangers to the city. There have been no fights or affrays, and little or no pick-pocketing or other similar rascality.

MARTHA WORSHAM.—We announce in the appropriate place, this morning, the result of the race over the Memphis Course, yesterday, for the magnificent Plate Stake, won by Mr. Roundtree's charming filly. At the conclusion of the race, Mr. R. bestowed upon her at once the name of *Martha Worsham*, in honor of the estimable lady of J. J. Worsham, Esq., the proprietor of the Worsham House.

ARREST OF A FUGITIVE.—It will be remembered that a negro boy named Moses stole the sum of $125 from his master, Mr. John Corraway, who lives about six miles from the city, on the Raleigh road, about two weeks since, and made his escape. We learn that the nigro has been arrested, and is now in jail at Helena, Ark., near the residence of his former owner.

SCHOOL ON UNION STREET.—Mrs. Tippett, a lady every way competent for the task she undertakes, will on Monday open a school on Union Street, near De Soto, in the house lately occupied by Madame Poffard, the music teacher. We are acquainted with Mrs. Tippett, and have pleasure in commending her school to public support.

☞ The number of prisoners in the city jail at present is one hundred and nineteen. Of this number sixty-five belong to the department known as the calaboose, four of whom are women; and fifty-one are confined in the jail proper, five of whom are negroes. There are also four lunatic in the custody of Gov. Mallory. The jail and adjoining grounds have been much improved recently, and are now in a cleanly condition.

SIXTH WARD.—We hear that Col. Jno. Martin and Hume F. Hill are spoken of in connection with the vacancy made in the Board of Aldermen by the resignation of Alderman Foote. Col. Martin has already been an active and vigorous member of the Board. Esquire Hill has a host of titles to the Board. Either one of the two would make a good Alderman.

THE JEVENILES.—Our young friends and the ladies will be glad to learn that 3 o'clock this afternoon, at Odd Fellows' Hall, the Juvenile Continentals and Campbells will give one of their fascinating concerts. On this occasion only fifteen cents will be charged. This evening there will be a concert as usual, only being the last they will give in this city. It will be one that will do learn that and amuse and delight the audience.

CAPT. JOHN M. SHARPE.—This gentleman, who so much distinguished himself as Captain of the Mississippi Rifles in the bloody and memorable battle of Buena Vista, is at present on a visit to his only child, the wife of our esteemed townsman, Col. C. H. Williams, who, we regret to learn, is seriously sick. We deeply sympathize with the gallant soldier in his sore affliction, and hope that the speedy recovery of his daughter's health may bless and comfort him.

HANNA'S REAL ESTATE SALE.—The sale of property made in John Cannavan's sub-division of the Cooper tract as sub-divided by M. A. Carr, surveyor, took place on Wednesday last, but owing to the fact that the races were proceeding in close proximity to the property at the hour of sale, the owner judiciously postponed the sale after disposing of some seven lots, the first being made to R. Sinic, Front Row, 100 feet deep by 18 at $9 per foot. To the same, lot No. 2, 100 feet by 208, at $6.50 per foot. To the same, lot 3, 100 feet deep by 208, $6.50 per foot. Lewis Dolch, lot 4, 100 feet deep by 208, $5.50 per foot. To the same, lot 5, 100 feet deep by 208, $5.50 per foot. Judge King, lot No. 6, 100 feet deep by 208, $5 per foot. This property is situated immediately opposite the race track, immediately at the stepping place, the first station of the Memphis and Charleston railroad, where it crosses the Raleigh Avenue, where a new town, "Glendale," is being put into existence. This sale was made at an average of over $1800 per acre, and was part of Cannavan's forty-eight acre tract. John Wilkerson was the salesmen.

THE CALABOOSE.—We have several times used such efforts as our feeble pen is capable of, to call the attention of the Board of Aldermen, the citizens in general, and especially of the religious and professedly Christian portion of the public, to the condition of our jail, and of the unfortunate beings incarcerated therein. We must confess, and we do it with sorrow, that our attempts to awaken compassion for the sick and the prisoner, have hitherto failed; but we have found a coadjutor in our self-imposed task, and one where a pleader for compassion on the prisoner is popularly believed to be seldom met with. It is generally believed that jailers are hard, stern, unfeeling, and destitute of kindly emotions. If that be correct, the condition of a jail that would move its inflexible keeper, and win from him a prayer for the prisoner, must be bad indeed. Yet such is the case with the jail of Memphis. Its jailor, C. A. Mallory, on Tuesday night, sent in a communication to Council, from which we copy the following: "I have asked for an addition of four rooms, of twenty feet square each for the accommodation of the chain-gang. I really think if you would in a body visit the calaboose at this time, you would at once see the necessity of enlarging it. At this time there is not less than sixty persons in confinement in that dismal place, and it is too much crowded for any degree of comfort. It is impossible with such a set of men to keep it in tolerable condition for two days at a time; whereas, if I had some large enough, I could make it healthy. Gentlemen, I wish you in a body to look for yourselves."

MEMPHIS RACES—SPRING MEETING.—The 4th day of the meeting afforded a season of rare sport, embracing two races. The weather was fine, and the attendance larger. The first race was for the Harding Stake for three year olds, two mile heats, $300 subscription, $100 forfeit, $200 added by the club. In the first race there were but two entries, *Bill Alexander* and Col. Campbell's Wagner colt. *Bill* by the rules of the course, got the inside track, and at the tap darted off with the Wagner colt, pressing him hard to the turn. On rounding in the stretch the Wagner colt took the front, but *Bill* soon came up to his hips and lay alongside, giving Wagner a most desperate run to the half-mile post. On the next turn *Bill's* rider asked for the lead, and his horse responded to the call, passing Wagner just before entering the run to the stand. Wagner's jockey was not, however, willing to "give it up so," and made one flourish of his whip which drove the colt up square with *Bill*, when a spirited run was made down the stretch, passing the string almost neck and neck with the advantage in favor of *Bill*. Immediately on rounding the first turn of the second mile, Wagner gave up, and dropped three lengths behind. The pace, which had been quite rapid till now, began to slacken, and both horses took a moderate gait to the last turn coming home, when Wagner began to close up, but *Bill* let out a little, and won the heat, coming to the string under a pull, in 3:49¼.

The betting was now $100 to a pair of boots on *Bill*, with few takers. In the second heat Wagner got off in the lead; *Bill* down hill hard at every jump, and passed him on the turn home, leaving him two lengths in the rear as they swept by the stand. In the second mile Wagner made every effort to come up, but without the least success. The heat was won easily by *Bill* in 3:50.

The second race was for the plate stake for a silver service, valued at $250, two mile heats, free for all ages—$25 entrance, which was added. There were four entries, three of which started, *Rex Berry* having been withdrawn, his unmanageable disposition being a terror to the riders, none of whom could be hired, "for love or money" to make an effort to back him. At 4 o'clock they all got off together. On the turn Roundtree's filly showed in the lead, *Gazelle* close up, and *Effie Bynum* a length behind. Soon after reaching the second quarter *Gazelle* collared *Roundtree*, when the race became quite rapid in the stretch, *Effie* falling wry behind in a long gallop. On the last turn in the run for the first mile, Roundtree's filly gained a half length, but *Gazelle* held her lopped all the way to the stand, and forced the best run possible from her fleet antagonist. The mile was a most desperate struggle all the way, both nags striving for the lead to the end, which was reached by Roundtree's filly a length in the lead—*Effie Bynum* barely saving her distance time 3:50.

The 3 Kneeing nags, "few begin to look out for an opening hole" in the field," which had been loser all the week, would listen to no sort of compromise, and refused a draw even when "big pay" was showed.

In the second heat all went in a bunch together for the first half mile, the head of *Roundtree* sticking farthest out, and *Effie's* tail behind. On making the third turn, *Roundtree* took the front, followed close by *Gazelle*—*Effie Bynum* trailing. At the meeting of the quarter stretch, *Gazelle* came up again by the side of *Roundtree*, and put in her best licks for the string, passing it squarely with the Roundtree filly. On settling for the farther stretch in the second mile, *Gazelle* dropped behind fully two lengths, and the running became quite slow, which brought up the "rear guard" almost within reach of *Gazelle*. At the turn *Gazelle* closed up a portion of the gap, and her rider made a move for a fight, which was seconded by *Effie's* jockey. On entering the last run *Gazelle* and *Effie* became the victims of unmerciful vengeance showered from the hands of their riders, but *Roundtree* led them home three lengths ahead, *Gazelle* second and *Effie Bynum* last.—Time 3:44.

Time: 3:50—3:50—3:44.

The Spring Meeting will close to-day with the finest sport of the week, with four-mile heats for the Post stake, free for all ages. There are six subscribers at $250, play or pay, the club to add $1,000. As remarked above, there are six entries for the race, including Col. A. L. Bingamon, Col. John Middleton, Jas. Jackson, Gen. Wm. G. Harding, Duncan F. Kenner and Col. John Campbell. As the names are to be given at the p st, we are not permitted to indicate the entries. The sale of pools last evening, however, the bidding was spirited, and Col. Bingamon's entry was the favorite by heavy odds.

Business Notices

SOUTHERN PACIFIC RAILROAD COMPANY.—All stockholders must now make the advance of 50 cents per share upon this stock, and send their certificates to D. C. Wilder, Secretary, at Marshall, Texas, for a re-issue. The Union made and paid up bonds, has protected those who have paid it, and secured thereby the opportunity to all for a temporary period—the opportunity of being also protected, by now promptly paying. All who fail or neglect to do so now, *must and will be cut off, as clogs to the enterprise!* I have no alternative left, as the President of the company, but to enforce this policy. Those who have paid up have done so with this express and unconditional understanding, that all should be made to pay—thereby enabling the President and Directors to free the company of litigation and every impediment to the successful prosecution of the enterprise by a compromise. A new policy has been inaugurated. Salaries and expenses have been reduced from $60,000 per annum to $13,000. The whole stock liability has been reduced one-half in amount without injury to any stockholder (who shall pay up) to the actual value of the property of the company, without estimating the rights and franchises of the company.

We must pay promptly our debts, and we must provide the means to construct the road, in order to reap the profits of the enterprise, and secure the grants made by Texas to our company.

The company propose to raise *the money by sale of stock at par* to purchase the labor to construct the road. Stockholders have the exclusive privilege of purchasing the stock for 90 days, from April 6th, 1859. Persons are cautioned against buying and trafficing in the stock of the company, which shall not have been retained from the Marshall's office, and hearing date since the 6th of April, 1859, the press, generally friendly to this great Southern enterprise, will please copy this notice: That each and every stockholder shall be fully warned—as they reside in every State, and are in almost every locality in the Union.

J. B. Kirtland, Esq., banker, will receive, loan, or surrender stock, as agent. We desire no misunderstanding, and hope to hear no complaints hereafter. This is the last call upon our stockholders; it is the pecuniary interest of those who have paid that others shall do so; yet they do desire that all may do so, even yet, and share, to the fullest extent, in the benefits of the late compromise and future advantages to be derived from this enterprise.

Expecting daily to hear of the dismissal of the Slate suit, all who intend to pay or surrender two-thirds of their stock without payment must proceed at once to do so, or they will be cut off.

J. FOWLKES, President.

The river is still rising at this point, having risen one inch and a quarter in the twenty-four hours ending at six o'clock last evening. The water last evening was within fifteen and a quarter inches of the flood of 1858. The weather yesterday was cool and pleasant.

The tow-boat Scioto, which left for Louisville on the 15th of last March, and was lost in the Ohio, has been found and brought up to this city. She was found by the Cincinnati wrecking company, and was brought up by the steamer Ben Lewis. The Scioto was found about 300 miles from Louisville, and about 100 miles from Cairo, in a good state of preservation, and will be put into the wrecking business.

The Louisville Courier says that preparations for war continue in all parts of the Old Dominion, and troops are still concentrating at Lorell. A French army is to be collected on the Rhine frontiers, and numerous cavalry regiments are on the march.

PRUSSIA.—The Augsburg Allgemeine's mission to Berlin has entirely failed. A counter-project to move the Western Powers Prussia agrees to send 30,000 men under the Prince Regent to the Rhine, in case negotiations should fail. The contingent force of Bavaria is to be increased to 60,000 men, the federal military corps to 40,000 men, and other contingents are to be held in readiness. The newspapers of Prussia had been requested not to publish anything respecting these preparations. The Prussian Government ordered a corps d'armee of 70,000 men to be placed on a war footing. These measures are said to be purely on the defensive.

The Turin correspondent of the London Times says:—"Piedmont must fall if war is not declared, and in such an event, would speedily be the object for incursions from its vast neighbors of Italy, and perhaps, in the issue of certain disturbances in Piedmont, where 50,000 Italian refugees are said to be at a great rate of fermentation. Congress Water.

MUCH spurious Mineral Water is imposed on the public as "CONGRESS WATER" by unprincipled persons or counterfeiters, who, to deceive the unwary, call it "Saratoga" Water; which many persons suppose to be the real title of the Congress Water, although it is only the name of the town where the Spring is. The genuine Congress Water is bottled at the Springs, and has the signature of Gurney & Cottrell on the cork of every bottle. Ask for Congress Water, and see that the cork is branded with the name of the Springs.

COTTON.—The news by the Niagara threw not a deeper gloom on the market yesterday, and little was done. Merchants generally express the opinion that even if war should break out, the stock of Cotton remaining in India, would not be large enough to meet the wants of Europe.
