Local Matters.

Wednesday Morning, : May 11, 1859.

Meeting of the Shelby County Democratic Association.

The members of this association are requested to meet at their hall on Adams street, on Thursday, the 12th inst., at 8 o'clock P. M., over Steinkuhl's saloon. A prompt and punctual attendance is requested.

W. H. CARROLL, President.
MEMPHIS, May 7, 1859.

☞ There was a false alarm of fire at 11 o'clock last night.

☞ We received Cincinnati papers of Monday at noon yesterday, by the Memphis and Ohio Railroad, just thirty hours out.

THE ANNUAL PARADE.—The annual parade and celebration of the Memphis Fire Department, it will be remembered, will take place on Friday.

☞ The pews at the First Cumberland Presbyterian Church, on Court street, will be rented to-night. The pew-holders and congregation are requested to attend.

MOONLIGHT EXCURSION.—A party of ladies and gentlemen made an excursion to a point fifteen miles above Memphis on the steamer *Hartford*, City last evening, and returned at two o'clock this morning.

☞ The Front Row saloon house was thronged last night by persons arrested for drunkenness and disorderly conduct, including one individual who had been taken into custody on the charge of whipping his wife.

THE GREAT FIRE AT PITTSBURG.—The particulars of the great fire at Pittsburg Saturday last, by which no less than ten steamers were destroyed, may be found in our river column this morning.

SIXTH WARD.—Council last night elected Col. John Martin to the seat lately occupied by Mr. Fouke, at the board, as Alderman of the Sixth Ward. Col. Martin has occupied the same seat before, and with much credit to himself and advantage to his constituents.

☞ Capt. W. C. Causey is announced this morning as a candidate for the office of City Marshal. The captain is an old citizen and an experienced officer, and will discharge faithfully whatever duty may be assigned him by the people.

THE LADIES' FAIR.—The attendance at the Ladies' Fair last evening, for the benefit of the First Baptist Church, was large, and the exercises pleasing. The entertainment will close this evening, on which occasion we trust there will be even a larger attendance than upon the opening night.

☞ M. C. Cayce & Son wish to invite all to their real estate sale to-day, one-and-a-half miles south of the city—twelve acres adjoining Col. John Trigg. As all know the value of such rich land on such a choice position, it is expected many will be there for bidding and good eating.

REAL ESTATE.—We invite attention to the real estate sale to come off to-day by J. M. Shaw & Co. The property to be sold is most desirable and in one of the best neighborhoods in the vicinity of Memphis. Go to the sale, and you will get a bargain, even if compelled to pay a high price.

RECORDER'S COURT.—There was a full session this tribunal yesterday. Eight cases were disposed of, and fines to the amount of $30 were assessed, but $10 of which only was paid. There was but little brought to the attention of the court, beyond the routine of drunkenness and disorderly conduct.

☞ Look out for omnibuses this day at ten o'clock, to convey bidders to G. B. Locke & Co.'s sale of city lots. The sale will begin on Webster street, in front of Mr. Fogle's residence. The busses and refreshments will accompany the bidders through the sale. Great chance for bargains.

☞ To-day, it will be recollected, Monsarrat, Dupree & Co. will sell at auction some of the most desirable and pleasantly located lots in the suburbs of our city. All who would secure a lot on long and easy terms, within a few minutes' walk of the business portion of our city, would do well to attend this sale.

THE ENDING OF THE RACERS.—Mr. James Jackson, the noted turfman, left this city for Nashville yesterday by the steamer *Scotland*, taking with him his stable of well-known racers, including the famous horse Hempland, the winner of one of the most exciting races of the recent meeting over the Memphis Course, and the victor likewise in the first heat in the great four-mile race on Saturday.

"DAVENPORT DUNN."—This is the title of the last work of the celebrated Charles Lever, the completion of which has been earnestly looked for. Mr. Hite, who is always on the alert to get the latest arrivals, has received "Davenport Dunn," complete, in advance of all the stores, and has the story for sale at his store on the Webster Block. It is a stirring and well written work—one of Lever's best efforts—which cannot fail to interest and enchain the reader.

☞ On Thursday next the sale of Mr. Gen. Whitman's 24 miles east of the city, in the neighborhood of Mears, McGehee, P. P. Walker, Eli Rayner, etc., on the Memphis and Charleston Railroad, will take place. The lots are divided so as to contain from five to 12 acres, on which there are two splendidly improved places. The land is beautifully and conveniently located in one of the best neighborhoods in the vicinity of the city. Omnibusses and refreshments will be free.

BODY FOUND.—The body of a drowned man was found floating in the river yesterday afternoon, just below the foot of Beale street. The body was dressed in cottonade pants and two shirts, one of which was blue flannel and the other white cotton. The deceased had a cut on the forehead, and the face was considerably swollen. The body had been in the water a considerable time. The Coroner held an inquest on the corpse, and returned a verdict in accordance with the above facts.

FIREMEN'S CELEBRATION.—We announced yesterday morning, by authority, that the display contemplated yesterday by the Fire Department would, on account of the weather, be postponed until Friday next. The members of the gallant No. 6, however, having made preparations for the festival, had their will superior to the weather, and made a turn-out on their own account. The display was a handsome one, in keeping with the taste of the company. The exercises of the day with a ball, which, with the exception of a little episode, in the way of an alarm of fire, was a most agreeable affair.

CAYCE & SON'S SALE OF REAL ESTATE.—Yesterday this unexpressed fame made the following sales: One lot on Chester street, 30 feet front by 300 deep, $9,750; Walter Leakes purchaser. One lot on Chester street 90 feet front by 300 deep, $3,150; Walter Leakes, purchaser. One house and lot on Chester street, 160 feet front by 300 feet deep, $8,000; Wm. Armour, purchaser. Two lots on Shelby street, 40 feet front by 108 feet deep, $4,360; Charley Frayser, purchaser. House and lot with 8 years lease, Shelby street, above Gayoso, $1,500; John Overton purchaser. One house and lot with 3 years lease, between Shelby and Union, $825; D. B. Bair purchaser. Total amount, $19,215.

REAL ESTATE SALE.—Yesterday the enterprising firm of Monsarrat, Dupree & Co. sold the following lots, which are located near the residence of Dr. Wheaton's and Mr. Vaccaro's, beyond Fort Pickering: Lots Nos. 10, 11 and 12, each 60 feet front by 180 deep, sold to Philip Garvin at $8 per front foot, $1440; lot 9, 50 feet front, sold to Mr. Woodard, $9,50, $760.50; lots 7 and 8, 52 feet front, each 106 deep, $8.25, Mr. Adams, $874.50; lots 4, 5 and 6, 162 feet, $9.50, Mr. Monegan, $1653; lots 84, 85 and 86, 50 feet front, each 150 deep, $3.50, Mr. Henderson, $325; lots 81, 82 and 83, 50 feet front, each 150 deep, $2.25, Mr. Kelly, $337.50; lots 87, 88, 89, 90, 91 and 92, 50 feet front, each 300 feet deep, $2.50, C. A. Moore, $750; lots 153, 156, 157, 158, 159 and 160, 300 feet, sold to John R. Robinson, $2.75, $825; lots 148, 149, 150, 151, 152, 153 and 154, sold to John R. Robinson, $2.50, $75; lots 100, 101 and 102, 150 feet, sold to Col. Trezevant, $3.50, $525. Total, $7708.50.

THE OPPOSITION CONVENTION YESTERDAY.—The Oppositionists held a convention at Somerville yesterday, for the nomination of a candidate for Congress in this district, together with a candidate for the office of Senator for the district composed of the counties of Shelby and Fayette, and one, also, for the position of Floater for Tipton, Fayette and Shelby counties. The attendance was rather meager, and was made up mostly of representatives from this city. Dr. Newman, of Madison, presided, and the convention was addressed by Hon. D. R. Nabers. Gen J. L. T. Sneed, of Hardeman, was nominated as the candidate for Congress—receiving the votes of Shelby, Madison and Hardeman counties. Col. J. R. Mosley, who also had aspirations to the nomination, received the votes of Fayette and Haywood counties. Gen. J. Holmes, Esq., of Shelby county, received the nomination for the Senate, and Col. Rufe S. Saunders, of Tipton, that of Floater for Tipton, Fayette and Shelby counties.

Council Meeting.

Council held an extra meeting last night, the President, Alf. Boulger, in the Chair.

PAYING AGENTS.

The Ordinance Committee presented an ordinance, providing that when the property holders or any other shall pave the same from street to alley, or from street to street, no door or any other obstacle shall be allowed to run over the same. Passed the first reading.

ELECTION OF ALDERMAN.

On motion of the Ald. Cleveland, Council went into an election for Alderman for the Sixth Ward.

Ald. Townsend stated that he believed the only party who was willing to accept the seat was Col. John Martin. Maj. Bill and Mr. Milton Hill not wishing to be candidates.

The President said he believed all the candidates stood on the same ground of modesty that was common to the Board and did not wish to push themselves into office.

The first ballot resulted in a tie—Martin, 7; Hill, 7. Second ballot—Martin, 9; Hill, 5.

The Chair declared Col. Martin duly elected.

THE CITY JAIL.

Ald. Robinson, from the Ordinance Committee, reported adversely to a resolution authorizing the city jailer to refuse to receive any longer State prisoners.

The City Attorney said that by a recent decision, the city, having a criminal court at which State as well as city offenders are tried, it became impossible to provide a jail for all classes of criminals by the contract now the sheriff was the jailer. The matter was indefinitely postponed.

NEGRO BALLS.

Ald. Robinson, from the same committee, reported an ordinance, requiring negro balls to prevent all negro balls and parties. Passed finally.

The Mayor, on inquiry, explained that the lamp lighter was paid $4.50 for each lamp for cleaning and lighting, and $3, as was formerly paid.

Resolutions was offered that it the time of Street & Co., or any other lessee, should make any improvement on two lots leased by them in the Navy Yard, which lots are subject to overflow, they should be allowed to no additional allowance on the rent. Adopted.

SMALL.

Ald. Morgan presented some accounts from the "small committee" on printing, which were allowed.

Lodge Woodworth, publisher of the *Avenger* and *Sentinel*, petitioned to have the city printing done in the German as well as in the English language. Referred.

Ald. Hughes offered a resolution to have Main and Second streets cleaned of obstructions placed on them by the Ohio railroad. Referred.

Ald. Robinson offered a resolution that the City Marshal proceed to remove the place obstructions. Adopted.

POTTER'S FIELD.

Ald. Dupree offered a resolution to negotiate for property for a Potter's Field.

Ald. Copeland opposed the resolution.

Ald. Elder said that charity and decency demanded that action should be taken.

Ald. Dupree said that in the present Potter's Field the bodies lie three or four deep, a guilty rain through the ground and arms and legs are sticking out. The resolution was adopted.

Mr. Robinson presented a petition to have a building stopped that was being erected on Shelby street below Union on a public alley. A resolution was passed referring the matter to the City Marshal to give proper notice to the parties.

DETERMINED TO STAY.

At a quarter to 12 o'clock Ald. Finnie offered a resolution to adjourn, but the Board by a vote refused to do so.

Ald. Hamilton offered a plan for grading Clinton street, at the crossing of Gayoso street. Referred to Finance Committee.

Ald. Townsend complained that the gardener in Court Square was trimming in vistors and neglected his duty. He moved a resolution that he be discharged. Resolution adopted.

Col. Dupree offered a resolution that the Jail Committee be instructed to improve cells in the city jail to the amount of ten thousand dollars, under sanction of the Mayor.

Adjourned.

THE NEW SHIRT.—An easy and comfortable fitting shirt is a thing often desired, but hard to obtain; the nearest to a handsome and pleasant fit, the Ballou French, we think should be tried. It is manufactured by Ballou, at the emporium, 499 Broadway, New York. See their advertisement.

AFFRAY.—There was an affray between Patrick Kelley and officer Collier Monday night, in which the policeman sustained serious injury—Kelly having bitten a piece from the officers' lip. Kelly was arrested and held in default of $1,000 bail, to answer to a charge of felony.

RETURNED.—Mr. J. H. Walton, the late popular agent in charge of the overland mail from California at this city, has returned, after a brief absence along the line in the vicinity of Fort Smith.

Drayman's Convention—The Pension Bill.

For the Memphis Appeal:

I would suggest to the Board of Aldermen that all the draymen of this town be pensioned off, like the old soldiers. The divers candidates know that to vote against a pension bill is death to a politician. Every demagogue and ourang-outang in Congress knows this, however shallow his capacity or limited may be his experience. My proposition should surely be as popular as some pension bills I have read about, since, if the drays are pensioned off and lay like old soldiers, say at a cost of $50,000, the city will make in money saved, not less than $50,000 per annum. If the candidates and Aldermen are still afraid of the dray influence, I propose that we have a Convention of Draymen, and let them state what they will charge to abandon our streets, and permit us to have some of the comforts and commercial advantages of street railroads. All other cities are building them; they are enlarging their trade by this means; their people enjoy all the advantages and comforts of pleasant travel and cheap transportation, and it is hardly right that one small class of our citizens should wield so vast an influence as to deprive the whole city of benefits so palpable.

Since it is naught but right to impose burdens on the many for the benefit of the few, and since we cannot otherwise get rid of drays, I offer a pension bill and propose a convention.

Business Notices.

ONE MORE CHANCE.—TAX-PAYERS are hereby notified that I will remove the books to Raleigh on next Saturday morning. Those who desire to avoid the expense of advertising, must pay previous to that time, as I shall, without exception, advertise all property where the taxes for 1858 remain unpaid. You have now a fair chance to save the expense of a trip to Raleigh, and printer's fees.

J. W. ROYSTER.

Dr. J. C. Cole, has removed his office from the old stand of Bryan & Cole, to the building on Union, 4 doors east of Main, opposite D. J. M. Flaherty's Furniture store; office on the grounds floor. my11-1t.

I have two very desirable offices in the Post-office block for rent. B. B. WADDELL.

SOUTHERN PACIFIC RAILROAD COMPANY.—All stockholders must now make the advance of 50 cents per share upon their stock, and send their certificates to D. C. Wilder, Secretary, at Marshall, Texas, for a re-issue. The loan made and paid into my hands, has repelled those who have paid it, and secured thereby the opportunity to all for a temporaryperiod of being also protected, by now promptly paying. All who fail or neglect to do so now, must and will be cut off, as slugs to the enterprise! I have no alternative left, as the President of the company, but to enforce this policy. Those who have paid up have done so with this express and unconditional understanding, that all should be made to pay—thereby enabling the President and Directors to free the company of litigation and every impediment to the successful prosecution of the enterprise—by a compromise. A new policy has been inaugurated. Salaries and expenses have been reduced from $80,000 per annum to $13,000. The whole stock liability has been reduced one-half in amount without injury to any stockholder (who shall pay up) to the actual value of the property of the company, without estimating the rights and franchises of the company at anything.

We must pay promptly our debts, and we must provide the means to construct the road, in order to reap the profits of the enterprise, and secure the grants made by Texas to our company.

The company propose to raise *the money by sale of stock at par* to purchase the labor to construct the road. Stockholders have the exclusive privilege of purchasing the stock for 90 days, from April 6th, 1859. Persons are cautioned against buying and trafficking in the stock of the company, which shall not have been reissued from the Marshall's office, and bearing date since the 6th of April, 1859. The press, generally, friendly to this great Southern enterprise, will please copy this notice: That each and every stockholder shall be fully warned—as they reside in every State, and are in almost every locality in the Union.

I. B. Kirtland, Esq., banker, will receive, loan, or surrender stock, as agent. We desire no misunderstanding, and hope to hear no complaints hereafter. This is *the last call* upon our stockholders; it is the pecuniary interest of those who have paid that others shall not do so; yet they do desire that all may do so, even yet, and share, to the fullest extent, in the benefits of the late compromise and future advantages to be derived from this enterprise.

We expect daily to hear of the dismissal of the State suit. All who intend to pay or surrender two-thirds of their stock without payment must proceed at once to do so, or they will be cut off.

J. FOWLKES, President.

The water is still rising pretty rapidly at this point having swollen a fraction over two inches during the twenty-four hours ending at 6 o'clock last evening. The water last evening was within two inches of the highest point of the present spring freshet, and within seven inches of the flood of 1858.

The telegraph last night announced a fall of two inches at Louisville during the preceding twenty-four hours, and the general impression was that we would have a fall in a few days. Forty stack tinkers had fallen.

It was telegraped from various towns that on the night of the 26th ult., 130,000 Austrians, under General Gyulai, in the corps crossed the Tisino and took the road to Novara, after blowing up Buffalora bridge over which they had crossed. It was reported that Austria had accepted the proposed mediation of England and had proposed a declaration of war—also that France was considering the mediation.

The London Times regards the alliance between France and Sardinia as a menace to England, as Russia guarantees the surrender of her fleet in the Mediterranean to France.

The King of Sardinia had issued an inspiriting proclamation to the army, saying: He regarded Austria's ultimatum as a mere pretext, and trusting to it with disdain. French troops were landing at Genoa in large numbers, and they were being enthusiastically received. The Tuscan army had called upon the Grand Duke proposing to join his troops with those of Sardinia, and declare war against Austria. The Duke declined and fled, whereupon the army declared a military dictatorship.

ENGLAND.—Warlike preparations continue with great activity at Sheerness. The Government had chartered the Cunard steamers Asia and other steamers to convey troops and ammunition to the Mediterranean. There were rumors of an intended proclamation for 20,000 men for the navy. War prospects were generally demanded at Lloyds.

(It was expected that 80,000 French troops would be in Italy by the 20th ult.

Denmark is said to have concluded an offensive and defensive treaty with France.

It was telegraphed to London on the 30th ult. that the Austrian troops had not crossed the Tisino. They had received orders to that effect, but they were countermanded. It is asserted that the advanced posts had crossed, and that the main army would do so on the 29th ult. The Austrian official journals contain the Imperial manifesto, explaining the necessity of war with Sardinia, and denying that a secret treaty had been formed between France and Russia.

The ship Pomona, bound from Liverpool to New York was wrecked off Wexford on the 17th ult. The crew and three passengers, names unknown, were saved. There were over 400 persons on board. The loss of life is not ascertained. Austria had issued a manifesto which was considered tantamount to a declaration of war.

PARIS—Saturday.—Intelligence officially received states that the Austrian troops had crossed the Tisino, and had commenced hostilities.

Additional News by the Steamship Arabian.

NEW YORK, May 10.—Prince Napoleon commands the corps pionnee, and Rowdon is be Major-General of the army of the Alps.

The London Post complains that the policy of the English Cabinet has forced France into an alliance with Russia.

A dispatch from Vienna says: The troops have already violated neutral territory.

The Imperial Guard of France is to be placed on a war footing.

The French Minister of Marine had sent orders to the owners of France, forbidding the departure of Havre for deep sea fishing. Preparations are being made for the enlistment of their crews for the French navy.

Prince Jerome and the Empress are spoken of as regent of France.

Russia had mobilized four *corps d'armee*, two to be advanced toward Austria, and two toward the Prussian frontiers.

The London Times says the Russo-French alliance is most startling, changing the whole aspect of continental affairs.

ENGLAND.—At the Lord Mayor's Ball, Saturday, Lord Derby said that it was enough to upset the Ministry if he decided upon her course, they had instructed their ambassador to protest against a step which he characterized as unexplicable and criminal, and that very day (Easter) England had received a most unfriendly answer. He could not conceive how any Government could have imagined such repudiating the idea that he had a wish to side with either belligerent, and advocated a strict armed neutrality. Sir John Packington said in the same day, expressing his hope that England would be upheld the dignity of England would be found in the Mediterranean and the English channel.

The continental bourses were all much excited. At Amsterdam, on the 26th ult., there was an extraordinary fall of six per cent on the first of Rotterdam.

NAPLES.—Disturbances had occurred at Naples, followed by numerous arrests.

RUSSIA had resolved to place a *corps d'armee* under arms, ostensibly as a war footing, but they were not to advance while Germany refrained, otherwise a corps d'observation would be placed on a war footing.

CHINA.—Lord Elgin had left for Europe. Peiun had refused to visit the English ambassador.

From Washington.

WASHINGTON, May 10.—The contract by carrying the mail between New Orleans and Brownsville, Texas via Mexico, has been awarded to Daniel H. Johnson, of New York, at $182,000 for nine months, semi-monthly service, commencing 1st October. The schedule time between the two cities is fixed at twenty-three days, and between New Orleans and San Francisco twenty days.

Fugitive Slave Rescuers.

LYNDSVILLE, OHIO, May 10.—Reuben Johnson, the negro leader of the rescuers of the fugitive slave Jackson, was yesterday sentenced to one year's imprisonment in the county Mendall Campbell, with a revolver, but it missed fire.

CLEVELAND, OHIO, May 10.—Mr. Langston, one of the Oberlin fugitive slave rescuers, was found guilty to-day.

From Pike's Peak.

ST. LOUIS, May 10.—The correspondent of the Republican gives very discouraging accounts of the Pike's Peak mines. Large numbers of miners were returning to the states without the means of subsistence, and it was feared that many would die of starvation. 21 was thought they would attack the outgoing trains.

THE IMMENSE DEMAND FOR SINGER'S SEWING MACHINE

is a well established, it is deemed superfluous to expatiate upon their merits, especially since it is customary to advertise every kind of Sewing Machine, whether good or bad, as superior, or at least equal to all others. But experience is not proof, and no sensible person will trust to a puffing advertisement, while he can avail himself of the opportunity of judging for personal inspection what is universally acknowledged to be the best.

It is impossible for the purchaser of a Singer Machine to be deceived or disappointed, because he will not have the privilege of returning it in a given time if it should not prove to be what it was represented.

Were it possible to present in a volume of Facts illustrative of the inquiry: "Success is a sure evidence of merit." it is well known that the Singer and Howard Clark, who constitute the firm of I. M. Singer & Co., have been unsuccessful in the endeavor to induce their Singer's Machines have always commanded a high price, and that there is a much larger number of them sold than of any other kind, and that hundreds of these Machines have been in constant use for upward of seven years, and are still in good order.

Singer's new manufactory, in New York, is considered the most extensive and best arranged of any manufacturing establishments; yet with all these facts, they are barely able to supply the demand, which has grown to such proportions as to necessitate the enlargement of the facilities and workmanship of the Singer Sewing Machine.

Those who are not power in the Sewing Machine trade should do well to make a thorough examination before purchasing.

☞ Prices of Singer's Machines from $65 to $150.
