Local Matters.

Wednesday Morning, 12 June 8, 1859.

TAX COLLECTIONS.—The city Tax-collector received $20,076.64 in payment of taxes during the month of May.

CITY INSPECTOR.—The fees received by the city Inspector during the month of May amounted to $211.95.

LATE PAPERS.—We are indebted to our friend Hite for the latest papers from St. Louis and Cincinnati. He will, hereafter, keep a supply of the latest dates.

LEMUEL GIBBERT'S PIANOS.—Three new Pianos of this celebrated manufacture, will be sold at auction to-day, by Messrs. Locke & Co., at their sales rooms, 262 Main street, all in perfect order. The ladies are invited to attend the sale. Sale commences at 10 o'clock, A. M.

WARD IMPROVEMENTS.—In the various wards improvements have been made to the following amount; 1st Ward, $187; 2nd, $305 92; 3rd, $12.37½; 4th, $16; 5th, $206.64; 6th, $69.13; 7th, $182.52; 8th, nothing. Total, $1000.

WHARFMASTER'S REPORT. Mr. Wharfmaster Wolfe's report for the month of June, states that the steamboat arrivals for the month were 187, paying $905.21 wharfage; flat-boat arrivals, 16, wharfage, $299.30. Total wharfage, $1114.51.

☞ The attention of the public is invited to the card of Messrs. Whipple & Montgomery, whose planing mill is situated on Madison street, near the bayou. They keep constantly on hand a full supply of all descriptions of building material, and are always prepared to fill orders on short notice.

SOUTHERN FIELD AND FIRESIDE.—The number for the 4th of June of this valuable family paper has been received at the principal book-stores in Memphis. It is fully equal to the initial issue in the ability, taste and interest of its contents. Price of subscription, $2; single copies, ten cents.

☞ We invite attention to the advertisement of McDonald's Galvanized Iron Refrigerator, in another column, said to be one of the best of all the various articles of the kind in use, for preserving meats, fruits and vegetables, and keeping them sweet in the hottest weather. They are for sale by McKinny & Co., and Grosvenor & Camp.

☞ In addition to the sale of unimproved lots in North Memphis to-morrow by G. B. Locke, there will be offered a few house and lot, with all the conveniences and improvements necessary to comfort. We would advise our friends to attend this sale, if they wish to purchase eligible property at moderate prices in a portion of the city that is improving rapidly and is pleasant and agreeable. The property lies in the neighborhood of John L. Saffarans'.

RECORDER'S REPORT.—The Recorder's report for the month of May states that during that time 290 persons were brought before him; 247 of them were found guilty; 133 paid their fines, and 114 were sent to the chain-gang. The total amount of fines paid was $366.40. It is intended in future to have the report made ready for us to show what were the nature of the charges made and how many were convicted on each charge.

AVERAGE LODGE No. 168, A. Y. M.—An election of officers of this Lodge for the ensuing year, was held Monday evening last, resulting in a fulness: Henry M. Lusher, re-elected W. M.; Wm. Gay, elected S. W.; Wm. H. Fitch, re-elected J. W.; F. M. Cash, elected Treasurer; D. C. Trotter, elected Secretary. And the following appointments were made, Rev. G. P. Slacky, Chaplain; J. J. Suter, S. D.; J. E. Legwood, J. D.; Corn'ls. Smith and J. F. Marshall, Stewards, and Benj. Titus, Tyler.

☞ We call attention this morning to the advertisement of Kirchen's Sarsaparilla in our columns elsewhere. We deem it a good thing from several facts, though we have never tried it. 1. It is not one of those patent humbugs which are flooding the country. 2. Every agent has the formula for it, and direct reference is to its merits is made through them to every physician. 3. The proprietors say to the purchaser—take one or more bottles as the case may require; give it a fair trial—using as directed on the wrappers, and if after that it does not effect a cure, go to the agents, who will, on a fair trial being proved, refund the money. Having [illegible] on a fair trial, they are perfectly satisfied as to its powers to effect a cure. We say, therefore, give it a trial.

☞ Our Mississippi Valley is destined to become the garden of the world, but a dead setting on its population is the miasma which engenders billious diseases all over it. Could an absolute antidote be found to the miasma which exhale from its marshes, it is impossible to over estimate the consequences to our country. We congratulate our fellow-citizens and fellow-sufferers, that such an antidote, we, on the commencement, important, if true, that Dr. J. C. Ayer, the celebrated medico-chemist of the East, has discovered just such antidote—his "Ague Cure"—which is supplied at a price that can exclude no one from its benefits, and that is sold to cure fever and ague and kindred diseases, to a moral certainty.—*Memphis Family Visitor.*

NORTH MEMPHIS.—The immense number of improvements which are in course of construction in North Memphis, together with the fact that as soon as the material can be procured, fully as many more buildings will be commenced, indicate, we think, that North Memphis will have quite as many buildings erected this season as the part of our city below Madison street. The Overton Hotel, and other evidences of improvement, have directed the attention of capitalists to this portion of the city, and there is as much property changing hands in this section as in any other. To-day it will be remembered that the great sale of lots takes place in the subdivision of Hon. James C. Jones, will take place, on long time, by Menzaries, Dupree & Co. This sale is particularly attractive to those doing business in the upper part of the city, as they can procure a lot upon which to build their homes at a less price than it will require for rent in the city. See advertisement.

MEETING OF THE DEMOCRATIC ASSOCIATION.—At a called meeting of the Democratic Association, held at the club room last night at Sulliby, the following gentlemen were appointed committee on organization, and are requested to meet at the club room on Thursday evening, at 8 o'clock.

1st Ward.—J. H. Edmondson, S. O. Drew, Pol. Mcdonald, Moses Bomberger, Sam. Shock.

2nd Ward.—Wm. Lofland, Michael Cashin, D. W. Hall, R. C. Banks, R. R. Norris.

3rd Ward.—M. S. Hawley, Wm Park, N. S. Forrest, Vincent Bringslope, Fred. Kooper.

4th Ward.—Wm. Bohlen, S. H. Williamson, H. J. Porter, J. W. Coleman, B. F. Dill.

5th Ward.—J. S. Stratton, J. B. Gatte, J. T. Wynne, H. Bowen, C. K. Holtz.

6th Ward.—Jacob Miller, P. Cirello, Wm. McKeen, ——— Welsh, J. B. Cook.

7th Ward.—J. N. Barnett, W. R. Hunt, P. C. Key, F. W. Arlt, G. W. Fisher.

8th Ward.—J. W. Keller, John Frick, Andrew W. Dow, Neil B. Holt, D. Hewitt.

Fifth Civil District.—M. Dunlaiter, Jno. H. Mosby, Watt C. Bradford, G. R. Powell, Jas. Holt.

Fourteenth Civil District.—T. H. McNeill, J. M. Fletcher, Joseph Lenow, E. Boyner, E. W. King.

WM. CARROLL,
President Democratic Association.
JAS. T. WYNNE, Secretary, *pro tem.*

GENERAL CITY IMPROVEMENTS.—In the report from the city Engineer for the month of May, made to the city council, we are informed that the iron work and framing work of the South market house are nearly completed. The north market house is in the same condition that it was a month ago; both lots are in the course of being filled. The work of grading Center Landing is nearly completed, and some progress has been made in filling up the adjoining streets. Nothing has been done during the month under existing contracts for graveling and guttering.

The following pavements have been ordered and were advertised on the 30th of April: Madison street, both sides, to Charleston railroad; Jefferson street, both sides, from Pigeon Roost road to the bayou; the southwest side of Pigeon Roost road from Madison to Jefferson, Washington street from Madison to Jefferson; Washington street from Third to the Bayou; Beale street from Lauderdale to the Bayou, both sides; St. Patrick, from Linden to Pontotoc street, west side; Poplar street from the Bayou to the city limits; Vance from Lauderdale to DeSoto; Causey street from Beale to South, both sides; Jackson street from Main to second, both sides; Calekasaw from Mill to auction, east side; also pavements laid and repaired on both sides of Adams street. None of the above pavements have yet been laid.

The estimates for the improvements in the various wards are as follows: First Ward—Underpinning the Mississippi House, $99.37; stone gutters, $12.56; total $112.02. Second Ward—Turpriding, $333.60; stone gutters, $12.60; total, $346.30. Third Ward—Stone gutters, $32.80. Seventh Ward—Grading, $234.22. Eighth Ward—$549.70. Total estimates for the month of May, $1871.19.

MAINTAINING PRISONERS.—The expense of maintaining city prisoners at the jail during the month of May was $633.

Council Meeting.

Council met yesterday afternoon in regular session—the President, Ald. Douglas, in the chair

The chair read a communication from the Mayor, calling the attention of the Board to the fact that he had, on a former occasion, proposed to the Board to appoint a committee to take measures for paving Main street, from Poplar to Beal streets, at the expense of the property owners, and by their consent. Referred to a special committee. Messrs. Neal, Copeland, and Finnie were appointed the committee.

The Register being called upon for his regular monthly report, stated that he had no report to present.

The City Attorney not being present had no report.

The Chair suggested a change in the Recorder and Police reports, so as to show a classification of crime.

Ald. Dupree, from the Finance Committee, presented a report, which had been published in the APPEAL, against granting an application of the Mississippi Railroad for aid from the city to put iron upon a portion of their track now grading; but recommended that the next Legislature be applied to for power to issue bonds. Ald. Dupree moved that committee be appointed to apply to the Legislature.

Ald. Martin thought it would be better to obtain more money on a mortgage on the navy yard.

The subject was referred back to the committee.

Ald. Copeland reported in favor of a resolution to put gutters down on the north side of Linden street, from Hernando to Causey, also both sides of DeSoto from Beal to the Bayou. Adopted.

The same offered a resolution to have the Bayou straightened from Beal to Linden street, as soon as relinquishments of the right of way were obtained. Adopted.

The same offered the plan of the grade for straightening Madison, east of the Bayou. A long discussion took place upon the subject which was recommitted to the Improvement and Finance committees.

Ald. Robinson from the committee on Accounts offered a number of accounts which were acted upon.

Ald. Copeland inquired whether the accounts for paying the police force included the payment of the secret police, a body of men for paying whom Council had made no appropriation. The Alderman asked for no name, but on the ground that it would not do openly to discuss the subject of the secret police, the information asked for was withheld.

Ald. Copeland said the measuring and carting of sand in the sand market was done recklessly, and in a manner no person would do or allow to be done for himself. They had ruined a portion of Main street, below Gayoso, by spilling the soil upon the gravel.

No. 5 Fire Company applied to have their pay allowed from April 1 to October 1, 1859, $250—granted by a note due October 1.

Ald. Jefferson, from the Committee on Fire Department, reported adversely to granting Fire Company No. 3 $1500 for a new engine. Concurred in.

A resolution was passed against submitting matters in dispute between the Sheriff and the city, respecting the jail, to arbitration.

Ald. Forrest said the calaboose was in a state so abominable that the prisoners ought not to be kept there another night. He would rather make one to guard them than let them stay. He moved that the Mayor have power to remove the prisoners to some safe place until the necessary improvements shall be made; power to be given to have those improvements made. Adopted.

Ald. Street offered a resolution that the Marshall take down the Washington House, at the corner of Second and Washington streets. Referred to the Fire Committee.

Ald. Hamilton offered petitions from Fire Companies No. 5 and No. 7, asking for appropriations. Referred to Fire Department Committee.

Adjourned until to-morrow evening at 3 o'clock.

OHIO RAILROAD. ARRIVAL.—Col. Coffin returned to the city last evening from a trip on the business of the Ohio railroad line; the prospects of the road, we are happy to learn, are encouraging in the extreme. By a charge which will be generally to the public benefit, the trains will, on Monday next, leave [illegible] in the morning, and the connections will be so arranged as to carry the traveler from Memphis to New York in fifty-six hours. We thank Col. Coffin for St. Louis and Cincinnati papers only one day old.

LOCATED.—We are glad to see, by a card we publish this morning, that our friend Frank Smith, who was burned out on Main street near Washington, has obtained a location below Madison on the same street, in the store lately occupied by Battis & Co. He is a deserving gentleman, and will, we hope, meet with a liberal and liberal support in his new location.

☞ We saw yesterday our friend, M. Grossberger, who keeps the trunk manufactory at 324 Main street. His trunks are made of tested in a superior style, and he is prepared to sell them either at wholesale or retail. We advise dealers to give him a call, and thereby show a disposition to encourage home manufactories. The merchants of Memphis especially should call and examine his stock.

THE DISTANCE.—The *Kentucky* and the *Philadelphia* left our landing together in a great hurry on Monday evening; it was said there was a desire to see which would reach Cairo first. The *Gen. Pike*, which came in last night, met the *Philadelphia* at an hour's distance behind the *Kentucky*.

INCENDIARISM.—Wm. Lacey, accused of setting fire to a building in the Navy Yard, was examined before Esq., Horne, yesterday afternoon and committed to jail for trial in default of $1000 bail.

FINES.—William Sullivan, a hackman, was fine $5 yesterday for driving a drunken noisy party by the Real street Baptist church, where their noteries disturbed divine worship.

BELLIGERENT.—A malignant star was predominant yesterday, the streets for fighting were considerably above the average.

☞ We offer our acknowledgments to our clever friend in the office of the *Gen. Pike*, Eugene Bowers, for favors.

☞ We are under obligation to Mr. Bowen, of the firm of Priest & Bowen, for kind and acceptable courtesies.

THANKS.—We thank Mr. Hite, whose news and periodical depot is at the Wareham House, for late papers.

CONCEALED WEAPONS.—Aaron Johnson was fined yesterday $25 for carrying concealed, a revolver.

TO DELINQUENT TAX PAYERS.—From now until the 20th inst. I can be found at the office of Charles Potter, 38 Front Row, with the Tax Books for 1858. After that date, they will be removed permanently to the country. Office hours from 9 A. M. to 3 P. M.

J. W. ROYSTER.

☞ Dr. Sloan, of Memphis, Tenn., is going to Mississippi in a few days on a business tour. He expects to visit Hernando, Cold Water, Batesville, Panola and other points. All who want the services of a Dentist will do well to call on him; he warrants all his work, and gives good references. jw4-3t*

TO CABINET MAKERS.—We have now on hand and for sale low, a lot of superior walnut lumber.

PRIEST & LOWEN,
jw8 No. 7 Monroe street.

JUST DROPPED IN.—A gentleman in a neighboring city, having occasion to get a note changed, dropped into a broker's office, and having accomplished his errand, was induced to try his luck by purchasing a whole ticket in the Georgia Lottery, which resulted in his obtaining the capital prize. That was his "tide," "which," as Shakespeare says, "if taken at the flood, leads on to fortune." There is, indeed, "a tide in the affairs of men," and no one would be more likely to realize the sentiment of the "Bard of Avon," than those who avail themselves of the chances offered by the great firm of WOOD, EDDY & CO., of Augusta, Ga., and Wilmington, Delaware. An investment of $10, $5 or $2.50, in any of their lotteries, may be the tide for many, if they address the above firm at Wilmington, Delaware, or Augusta, Georgia, and enclose the money for a whole ticket or shares in any of their liberal and attractive schemes. *Sunday Leader.*

A. J. WARREN & CO.,
Late Gilliss & Warren, have associated with them
W. T. ARCHIE, of South Carolina.
They are again opening at
NO. 293 MAIN STREET
with a large stock of Goods just purchased, consisting in

ARRIVED YESTERDAY.

Dr. Robertson.....Louisville | Imperial.....St. Louis
Dunleith.....Pinsburg | A. T. Lacey...New Orleans
L. M. Kennett...N. Orleans | Ameret.....New Orleans
Gen. Pike.....Louisville

DEPARTED YESTERDAY.

Imperial.....New Orleans | Dunleith.....New Orleans
A. T. Lacey.....St. Louis | L. M. Kennett...St. Louis
St. Francis No. 3...S. P. river | Kate Pritchet...Vicksburg
Ameret.....Continued

The weather was very warm yesterday, and the dust of course horrible. The river continued sinking rapidly, and the great flood of 1859 is nearly over.

The Dr. Robertson, Capt. J. M. Davis, arrived last evening with a load of railroad iron for Tuscumbia, Alabama, which was received at Smithland, bateoing to the low stage of water in Tennessee river, the boat was obliged to return with her cargo after getting 125 miles up the river. The only reasonable way to bring the iron to this place and it will be re-shipped by railroad to its destination. The Doctor brought 20 hhds of tobacco for New Orleans.

The Kate Pritchet left at the usual hour last evening with a good trip of freight and passengers.

The Imperial, Capt. Rogers, came in about 6 o'clock yesterday, en route for New Orleans with a fair freight trip, and left again about 7 o'clock after taking a lot of Pittsburg manufactures, dry goods, etc., from the Henry Fitzhugh.

The steamer Red River, one of the Nashville and New Orleans packets, has been laid up at the former place on account of low water, there being only thirty inches at Harpeth shoals, and the river still falling. The Rover will, if the river rises sufficiently before fall, commence running as a regular packet between Memphis and New Orleans.

The Dunleith, a large stern-wheeler from Cincinnati, bound for New Orleans, arrived at the wharf yesterday, and discharged a large lot of dry goods, etc., for this place, and went on her way rejoicing.

The steamer Gen. Pike arrived last night with a big trip including 140 hogsheads of tobacco for New Orleans, and 100 tons of freight to be re-shipped to Arkansas river. The Pike will leave again for Evansville, Louisville, Cincinnati and other ports on the Ohio to-morrow at noon. She is one of the very handsomest that comes to our landing, and is a great favorite with the traveling public. Her clerk, Captain Riley Jones, and Reuben Romes, one of the politest gentlemen and best of officers traveling, will be found aboard.

The St. Louis Republican reports:

We are glad to be able to report the river at this place decidedly better, at the rate of one foot in 24 hours. This has been its condition for several days past, and the water has declined from eight to ten feet shallower. Unless a very unusual rise should come immediately, at which there is no present prospect, we have seen the highest water we will have this year. This will be good news to steamboats and steamers in the tributaries of the lower river, who have been watching the flood, thereby unable to move from them with great profitableness.

A rise of considerable extent has taken place in the Upper Mississippi. The river is now high from St. Paul to Dubuque, but we, in St. Louis, know little about the upper waters. This unusual swell originated from two or three successive days of heavy rain, the effect of which there is no present prospect, we have seen the highest water we will have this year. This will be good news to steamboats and steamers in the tributaries of the lower river, who have been watching the flood, thereby unable to move from them with great profitableness.

This unusual swell originated from two or three successive days of heavy rain, the effect of which there is no present prospect, we have seen the highest water we will have this year. This will be good news to steamboats and steamers in the tributaries of the lower river, who have been watching the flood, thereby unable to move from them with great profitableness.

The same paper says:

The Florida was sold by the Marshal on Saturday, for $3,050, to Mr. A. Block. There were claims against her to the amount of $2,000.

The Cairo correspondent of the same paper says:

The river is falling steadily, and the owners being more, are hard hailing to support within the towns in Cairo. The season for rechinking has not fairly opened, but preparations to be hatched. Freights are plenty and looking up.

The New Albany correspondent of the same writes:

The bar at Portland continues to be very bad, owing to the continued sinking of the sands, and boats being repeatedly aground, as well as side-wheel and half-wheel. Yesterday, a large array of steam-sheelers unmanned the bar throughout the day. The Southerner, bound for Memphis, grounded on the bar, and took a long rest, but after calling on the services of a heavy hand detachment, succeeded in getting her off this morning, and went on her way rejoicing.

The Louisville, night between 31 and 12 o'clock, the steamer R. H. Whaley, bound for the Campbell county trade, on the Green river, was discovered to be in a sinking condition. At about one o'clock she was beached in very shallow water. The cause of her sinking was the bursting of her "chow" which supplies her "chow" with water. It was stolen, by a colored man, who took it to Cincinnati, and was about selling it, when he was arrested. Benjamin are uncertain that the "chow" does not cover all the facts in the case.

The Cumberland is still falling rapidly, with four feet scant on Harpeth. The J. O. Tardiell went up one hundred miles above the mouth and not half her load there. On her return she will probably go to St. Louis for a trip, but may run between Paducah and New Orleans.

Boats are withdrawing from the lower trades, and the stores at Alpine and Carrollton begin to assume the air of a steamboat hospital, where their sails little pay may be bartered up for the march in prospective.

Arrival of Vessels.

NEW ORLEANS, June 7—Arrived—The ships Sewall, from Boston, and Menshion, from Cardiff. The barque Transit, from Cardiff, David Kimball, from Boston, and the Brilliant, from Philadelphia.

THE GREAT ENGLISH REMEDY!
SIR JAMES CLARKE'S
Celebrated Female Pills.
ALL those painful and dangerous diseases incident to the female constitution.
To moderate all excesses and remove all obstructions, from whatever cause, and at any period they may be found on.
TO MARRIED LADIES
It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.
CAUTION.
These Pills should not be taken by females that are pregnant, during the first three months, as they are sure to bring on Miscarriage; but at every other time, and in every other case, they are perfectly safe.

☞ Dinner promised, with perhaps to be added to the list.
G. B. LOCKE & CO.,
jw6-1d Auctioneers and Real Estate Brokers.

Latest News by Telegraph.

Further Intelligence by the Steamship City of Washington.

NEW YORK June 7—The steamship City of Washington arrived at this port to-day. The following is additional intelligence to that which was telegraphed from Cape Race:

BERNE, May 28.—It is reported that Garibaldi at the head of 80,000 men, has succeeded in entering Lombardy, and has barricaded himself in the town of Turco without cannon. The Austrians with artillery were in the neighborhood, and the fight is said to have commenced.

GENOA, May 29.—The Bay of Tunis has offered two auxiliary steamers to Piedmont.

TRIESTE, May 26.—The Commander of the port of Venice, has received a notice to the effect that the town was being blockaded.

ALEXANDRIA, May 23.—The Emperor Napoleon passed several hours at Vaccarino. There has been nothing definite decided upon respecting the departure of troops. Advices received from Constantinople of the 18th state that the Porte has promised to recognize Prince Couza. The Bulgarian population on the coast of Anatolia are exhibiting decided hostility toward Austria.

PARIS.—Letters received from Paris evince a great want of confidence, and increased disturbances in foreign relations is hinted at.

The London Times calls the battle of Montebello a tenth-rate victory, and accuses Napoleon of selling himself to the demons of military conquest. It also says: The Viceroy of Egypt expects to be designing to take advantage of the condition of affairs to assert his independence, or a large measure of authority, but the slightest disposition on his part to evade the treaty of 1840, will bring upon him the wrath of England's power. The details of the battle of Montebello show that Napoleon, Second, and Canrobert Corps were above the Mincio. The Vienna correspondent of the London Times says: The Austrians' strength consisted of three brigades, and their loss was about the same as the French. The Times says: The Austrians fought well, for they were allowed to carry the town, Castiziz, before they resolved Montebello.

The Austrians seem to have at first been successful, and were only driven back after the arrival of French supports. Gen. Forsons estimates the Austrian force to have been from 15,000 to 18,000 strong, but the captured prisoners estimated it much higher. Great praise was awarded to the Sardinians for their conduct during the battle. The contest was a hand to hand fight in the village, which had to be burned house after house. Gal' Claldinis' contest took place at the village of Villeta. The loss was insignificant, although the cardinal was fierce.

A dispatch from Vienna says: "At noon, on the 21st, 12,000 allies attacked 3,000 of our troops at Verceil. Our men retreated, fighting, to Ortenga, when two Austrian brigades came to their rescue. The enemy then retreated across the Sesia."

At Vercelli, the Austrian reconnoitering party put a squadron of Piedmontese dragoons to flight. It was reported that all the Austrian detachments on Lago Maggiore had been withdrawn.

An Austrian dispatch says: Preventions have been taken against Garibaldi, whose object is to cross Como to a revolt, and revolutionize Lombardy. The Austrian Government had issued instructions to prepare for the defense of Tyrol.

A dispatch from Berne says: The Austrians have left Como and Milan, and are concentrating on the river Adda, fifteen miles east of Milan.

The French and Sardinian troops are advancing.

ENGLAND.—Kossuth, in a recent speech, said he would soon be in Hungary. He is reported to be President of a Hungarian committee at Genoa, to encourage deserters from the Austrian army.

The Peninsular and Oriental Company have bought four Cunard screw steamers which are to be replaced by steamers of greater size and power.

The accounts from Hungary are of a very serious and alarming character. The country is filled with Russian agents who act almost openly.

It was reported at Vienna, that Prussia would place an corps d'arme on the lower Rhine and two on her eastern frontier.

TURKEY.—It is asserted most positively that a general insurrectionary movement exists throughout all the Sclave population, which is supposed to be favored by foreign influence.

The Montenegrins are destroying the Austrian Telegraph line in Sutorina, thereby cutting off communication between Cattaro and Ragusa.

The Overland Mail.

ST. LOUIS, June 7.—The overland mail arrived in this city to-day, with San Francisco dates of the 19th ult. The crops are reported to be in a favorable condition. The advices from Fraser river were discouraging. The miners were starving.

A large fleet of clippers were expected at San Francisco whose cargoes, it was supposed, would depress the markets. There was no prospect of an advance in prices. The state of trade was brisk. Mining was reported favorable.

Financial.

NEW YORK, June 7.—Dispatches from Charleston state that the banks have agreed to carry $700,000 of the bills of Fraser & Trenholm, and protect the bottom in Liverpool until the first of November. This arrangement will enable them to resume. The amount of cotton sales now here is not large.

SHELBY COUNTY DEMOCRATIC ASSOCIATION. The Committees of Organization for the several wards of the city, and from the Fourteenth and Fifth Civil Districts, are requested to meet punctually on Thursday evening, 9th inst., at 8 o'clock, at the hall of the association, on Adams street.
J. KNOX WALKER,
2t Chairman Executive Committee.

TO MARSHAL UNDERWOOD.—The following paragraph appeared in the *Avalanche* yesterday morning:

The cob-cork was removed by G. in a trice, when an odor as strong as that which ascends from the rear of Henrich's establishment diffused itself through the room.

Now, we challenge an investigation into the above by Marshal Underwood; and we shall be very much mistaken if he does not find that the "odor" spoken of belongs to the *Avalanche* office. HENRICH & BRO.
