Local Matters.

Tuesday Morning, 11 o'clock June 14, 1859.

THIRD WARD.—The voters of the Third Ward are requested to meet at the office of N. R. Forrest on this (Tuesday) evening at 8 o'clock. The object of the meeting is to select candidates to represent the ward in the incoming City Council.

☞ The first blackberries of the season have made their appearance in our market.

PERSONAL.—Captain James McCord, the well known license inspector and steamboat agent of St. Louis, is in the city.

☞ Capt. T. Dean, of Cincinnati, the principal owner of the Memphis Gas Works, left Cincinnati for this city by the steamer Hickmen on Thursday last.

☞ Workmen are engaged in putting down gas pipes on Beale street, from Shelby to the Bayou, and the lamps will soon be lighted in that locality.

RAILROAD AGENT.—Mr. A. Hill, the traveling agent of the Illinois Central Railroad, passed through this city yesterday en route to Cincinnati.

PROTRACTED MEETING.—A very interesting meeting is in progress at Asbury Chapel of the M. E. Church in this city. The regular Quarterly Meeting was held on Sunday last.

THANKS.—We thank Mr. Latimer, of the Columbus and Calico stone pockets, for his papers. We are under many obligations to this gentleman for kind attentions.

☞ Roger A. Pryor has retired from the editorial conduct of the Washington *States*, and designs beating again in Richmond, with the view of engaging in the practice of the law.

A CALL FROM MR. CHAS. POTTER.—We are requested to say that if Mr. Chas. Potter will become a candidate for the Board of Aldermen he will consult the wishes of many citizens of the Fourth Ward.

OVERLAND MAIL.—The overland mail from California, with San Francisco dates to the 20th ult., arrived at 4 o'clock Sunday afternoon. We are indebted to Mr. J. B. Nichols, the efficient agent, for papers of the latest dates.

NOTICE.—The Sons of Malta of Memphis and this vicinity should not forget that a business meeting has been called for at their hall this evening at eight o'clock, at which a punctual attendance is earnestly requested, as matters of great importance will be considered and decided.

LUNTSFORD'S.—The Worsham House keeps a table unsurpassed in this city at every hour of the season is abundantly supplied. The Worsham worthily maintains its fame. Our handsome friend Mason is always on hand in the office, with his unwearied and polite attentions.

CONSTITUTIONAL.—We announced Saturday that a man named F. L. Pendry had been arrested on the charge of stealing a roll of leather from Mr. John Wilson, near Germantown. The accused was taken before Squire Horne at a late hour Saturday evening, and committed in default of $1,000 bail to answer during the present term of the Criminal Court.

ELOPEMENT.—We are reliably informed says the Augusta Dispatch, that a Mrs. Holroyd, wife of Mr. William Holroyd, a well known and worthy engineer on the Georgia Railroad, eloped from Atlanta last Monday night, with a Mr. Tomlinson, a salesman in the dry goods store of Mr. M. Myers, taking $3,000 in cash being the earnings of Mr. Holroyd, saved by years of industry and economy.

THE WEATHER.—We have had a season of protracted dry weather in this latitude of late, the monotony of which was broken in upon Sunday night by the most delicate shower imaginable. Heavy rains fell in the vicinity of the city, especially toward the north, and barely sufficient descended here yesterday after noon to allay the dust. A beautiful rainbow spanned the eastern horizon last evening—the rainbow promise of dry weather for many days to come.

MUNICIPAL ELECTION IN HOPEFIELD.—The election held last Saturday for the civic authorities of the town of Hopefield, in the State of Arkansas, passed off in a manner highly creditable to all parties.

At the close of the poll the number of votes given to each of the successful candidates were as follows:

G. T. Hubbard for Recorder	25
J. Evans, 1st Councilman	25
T. P. Allen	25
J. G. Ely	25
J. S. Hinton	25
J. S. Gardner for Constable	27

ST. LOUIS MERCHANTS.—The merchants of St. Louis are offering great commercial inducements to the business men of Memphis to deal with them. They are enterprising men, who well merit the liberal attention of the commercial public of this city. The trade with St. Louis is increasing; last week the amount of cotton sent north by St. Louis, from this place, was greater than that sent by Cincinnati. We this morning publish an advertisement received from the firm of Hamilton & Comstock, who are doing a wholesale and commission business on Commercial street, St. Louis, and who wish to form and extend a business connection in this place. Let them be well encouraged.

CRIMINAL COURT.—This tribunal met yesterday, his Honor B. P. McKinnon presiding. The grand jury was organized, and embraced the following names: H. D. Connell, foreman; Jos. Mosby, Robert Wormsley, James Banks, Lemuel Smith, J. B. Smith, J. M. Provine, John Brown, John A. Allen, J. S. Erwin, J. F. Johnson, H. S. King, C. A. Stockley, O. C. Jones was appointed officer of the grand jury. The jury was duly and eloquently charged by G. P. Foote, Esq., who dwelt with force upon the evils of gaming, and especially that species of gaming indulged in by those who let upon elections. We trust that we could not obtain a copy of the charge for publication. The court will convene also o'clock this morning, at which time the miscellaneous docket will be taken up.

HEAD BODY FOUND.—The body of a drowned man was found in the river, in the vicinity of Fort Pickering, on Sunday, which had evidently been in the water for some time. A subsequent examination satisfied the friends of the deceased that the remains were those of Thos. Deery, who came to this city from Vicksburg about six weeks since, and who drowned himself about that time in a fit of mental derangement. Esquire Horne held an inquest on the body Sunday evening, and returned a verdict to the effect that the deceased had committed suicide by drowning, while labouring under a fit of insanity.

THE MISDEMEANOR DOCKET IN THE CRIMINAL COURT.—We are requested to give notice for the information of parties interested, that the misdemeanor docket will be called and disposed of during the first week of the Criminal Court. As there is a heavy criminal docket to be tried, it is not likely that freeys, in the way of delays, will be shown to either the State, defendants or witnesses. It is, therefore, to the interest of the latter especially to be in attendance, if they wish to avoid the cost and annoyance of forfeitures, which will inevitable be taken in all cases in which the parties are absent.

THE SONS OF MALTA.—It will be remembered that an appropriation was asked at the last meeting of the Board of Aldermen, for the benefit of the Sons of Malta, as a remuneration for the expenditure made by that order in behalf of the sufferers by the late disaster to the steamer *St. Nicholas*. It is but just that we should say that no such appropriation was ever sought by the order in an official capacity; and, should the attempt be made at any future time, we do not doubt that it will be declined with the grateful and respectful sentiments characteristic of the benevolent organization.

TWO CORRECTIONS.—In our allusion Saturday to the accession of Mr. Chas. D. Kirk to the editorial department of the Louisville *Democrat*, we intended to say that he was one of the most valuable "newspaper" men in the South or West. The printer, however, dropped the qualification forte, and extended Mr. K.'s value indefinitely. Our reference to the call upon Gen. Foote to become a candidate for Congress in the Vicksburg district was also mutilated. It was our intention to claim for General as a native citizen of Memphis, whereas the printer characterized him as such at the present time.

☞ Messrs. Taylor & McGuire inform us that they have lately received large additions to their stock of domestics, mosquito bars, boots, shoes, hose goods, white goods, etc., also additional supplies of seasonable clothing, shirts, collars, drawers, etc., to suit all ages, from three years up. They also keep a fine stock of traveling dress goods, ladies and gentlemen's dusters, carpetings, traveling and packing trunks, valises, satchels, baskets, reticules, counterpanes, twine, cutlery, shovels, sheetings, pillow cases, linen sheetings, cassing, shirting, linen fronts, night dresses and caps, embroidered collars, chemisettes, sleeves, shirts, ladies and misses' open worked hose, lace mitts, white and colored hats, flats, gray gauntlets, fancy and dress goods, which they offer low for cash, or on time to prompt payers.

By request we republish the above, with some alterations.

ATTEMPTED MURDER AND SUICIDE.—A man named Sullivan, who resides in the northern suburbs of the city, attempted to kill his wife and then take his own life on Sunday evening, under the following circumstances: A difficulty occurred between Sullivan and his wife, at the time mentioned, in the course of which he struck her to the ground with a billet of wood, and supposing he had killed her, instantly attempted to take his own life by cutting his throat with a razor. The wound inflicted upon himself by the would-be suicide was a very dangerous one, but thanks to the prompt interposition of medical aid, will, we hope, not prove fatal. Mrs. Sullivan has already recovered from the effects of the blow received, and her husband, although lying in a very precarious situation, having been reduced to extreme debility by the loss of blood, was believed last evening to be in a fair way to recover.

SHOOTING AFFRAY.—An affray occurred yesterday morning at the "Four Seasons Cabbage-house," at the corner of Exchange street and Front Row, in which Thos. Stokes, the watchman at Messrs. Curtis & Knapp's foundery, attempted to shoot his antagonist, James Collins. Fortunately, the pistol was thrown up by a bystander, and the ball entered the ceiling. Stokes was subsequently taken before the Recorder and fined $20 for shooting in the corporation. The case will perhaps be sent before the Grand Jury.

RUNAWAY AND ACCIDENT.—Yesterday afternoon a pair of horses, with a carriage attached, became frightened near the corner of Main and Madison streets, while the driver was absent, and dashed up Main street furiously, and did not stop until they had reached Poplar street. There were two females in the carriage at the time, and one of them, in attempting to jump from the vehicle, fell and was badly bruised. The other remained in the carriage, and sustained no injury.

RECORDER'S COURT.—The Recorder had a heavy docket yesterday, and disposed of no less than twenty-four cases. They were generally of the ordinary character of drunkenness, vagrancy, and disorderly conduct. Fines to the amount of $125 were assessed, and six additions were made to the chain-gang.

☞ James Lavis, who was arrested in this city a few weeks ago on the charge of shooting and wounding a man with whom he had an affray, applied for a writ of *habeas corpus* yesterday. Judge McKiernan, however, refused the accused a hearing for the present.

☞ Peter Flannery, for retailing liquor on the Christian Sabbath, and Patrick Finnessey, for keeping a disorderly house, were each fined five dollars by the Recorder yesterday.

DEPARTED YESTERDAY.

Wm. M. Morrison, St Louis | Ditto.....New Orleans
New Falls City.....N. O. | Kentucky.....Louisville
Woodford.....Louisville | Philadelphia.....St. Louis
St. Francis No. 2.....Napoleon

During the foregoing hours rushes at his whack last evening, the river had fallen one foot six inches at this point, and was still declining at the rate of two inches in twenty-four hours.

The Ohio river is still declining below the falls. At Portland bar there is but three feet six inches water four feet six inches at Pilot Island, four feet at French Island, four feet six inches at Brownsville, and four feet seven at Stewart's, just above Cumberland Ford. The bar at Stewart's Island is now regarded by pilots as the worst place bence to Louisville.

Last night's telegraph reported a fall of six inches at St. Louis during the preceding 24 hours. There was another clear reported coming down. The upper Mississippi was stationary at Dubuque, and rising slowly at Keokuk. The Illinois and Missouri were declining.

A letter dispatch reports the river stationary at St. Louis, with all the upper streams rising.

There has been very little if any variation in the river at Cairo for several days, but the water is falling from Merriweather's Landing down.

The St. Francis river is falling very rapidly, but there is still sufficient water for the passage of steamers. The decline is at the rate of one foot six inches in twenty-four hours.

The John Simonds arrived from New Orleans, Sunday, full of people, and a heavy consignment of railroad iron for the Mobile and Ohio Railroad. She proceeded on to Columbus, Sunday, to discharge the iron, and will return to-day.

The Cincinnati Commercial thinks that the report that Capt. Strauder has bought the Cincinnati packet Lucette will be news to Capt. John Scott, her owner and commander.

The Ohio above the falls is getting quite low, and a great many boats are aground up there. There is but then four feet on Rising Sun Bar, and three feet six inches from Parkersburg to Cincinnati.

The boating season in the Ouachita river is about closed, although there is plenty of water for navigation, and boats arrive at and depart from Camden almost daily.

The St. Francis No. 2, from the St. Francisville, and the Philadelphia, from St. Louis, arrived on Sunday, each having made good trips, the former of passengers and the latter of freight.

The Kentucky arrived from Louisville about noon yesterday with considerable amount of freight, including 200 bales hay, and a large amount of bacon for consignment on the Kate Fisher to-day.

When the Kentucky passed down Saturday, the Hickman was aground at Stewart's Island. The John Simonds also aground at the same place.

The shipment of cotton yesterday included 111 bales, of which the Philadelphia took 52 bales for St. Louis, and the Kentucky 13 bales to Hill & Louisville order.

The Alice Vivian, the new summer boat in the Memphis and New Orleans Packet Company, will be due here to-day.

We announced on Sunday the sinking of the Blanche Lewis in the Cumberland river. She had struck a rock, and the cargo, a valuable one, embracing much of tobacco, will be considerably damaged.

The Hickman, having cut off the bar at Stewart's, arrived here last evening, with a big trip of freight. We are under obligations to Mr. Morrison, the intrepid clerk, for favors.

The steamers Ingomar and Nebraska, of the Memphis and New Orleans Packet Line, were moored to the city landing from Hopefield yesterday morning, and will undergo repairs here.

The controversy in regard to the location of the new wharfboat has been definitely settled, at least for the present—the Board of Aldermen having moved it off Mr. Lofland, the proprietor, that it shall remain at the foot of Court street.

FOR VICKSBURG.—The popular steamer Kate Fisher, Capt. James Lee, will leave at the usual hour this evening for Vicksburg. Her success in the trade, she makes all her connections with great regularity, has the best accommodations for passengers, with careful and attentive officers. Messrs. Reily, Quick, and Jennings are her agents here.

The Second Engineer of the steamer Philadelphia was found asleep while he should have been on watch, during the down trip of that boat, to Captain Marshall, who in over on the good river. Capt. Jas. McCord, the inspector of Lowness for the District of St. Louis, was on board of the vessel, and, after Capt. Marshall had discharged the sleepy engineer, Capt. McCord promptly revoked his license forever.

FOR THE ST. FRANCIS RIVER.—The splendid packet packet St. Francis No. 2, Capt. Norman, will leave for Helena, Wittsburg, and all points on the St. Francis river, at the usual hour this afternoon. We understand the Messrs. Allen, the owners of the St. Francis and her popular clerk, Mr. DeWitt Allen.
