Local Matters.

Saturday Morning, : : : July 9, 1859.

COMMON LAW COURT.—This tribunal will convene to-day, at which time the referees docket will be taken up.

DISCHARGED.—One of the immense barges of stone, for paving purposes at the landing, has been discharged at the foot of Court street.

☞ Mr. James E. Wareham, an accomplished clerk and gentleman of agreeable manners, has taken charge of the clerk's office at the Wareham House.

☞ Messrs. Monsarrat, Dupree & Co., will let off a fine lot of lumber this morning at 10 o'clock, in front of their office, corner of Bank Avenue and Madison street. Lumber men attend.

THE MCDOWELL MCKEEN CASE.—The Criminal Court proceeded with the testimony in this case yesterday, and adjourned last evening before the examination had been concluded.

FAVORS.—We are indebted to Mr. J. E. Hughes, the efficient route agent over the Memphis & Ohio Railroad, who has our thanks for a St. Louis paper of the 7th instant, in advance of the mail.

CHANGE OF TIME.—In consequence of the recent change in the railroad schedules, Adams Express does not leave at a quarter to eight o'clock as heretofore, but at two o'clock in the afternoon.

LATE PAPERS.—Mr. R. C. Hite, the enterprising news agent at the Worsham House, receives St. Louis and Cincinnati papers the morning after their publication. We are indebted to him for copies of each in advance of the mails.

DISTINGUISHED.—Among the distinguished Mississippians now sojourning temporarily at the Gayoso, are the Hon. C. P. Smith, Judge of the Supreme Court, Hon. H. S. Foote, Col. Geo. R. Fall, Gen Clarke and Gen. A. B. Bradford.

COL. W. H. H. TIGHE.—We had the pleasure of a visit yesterday from our old friend, W. H. H. Tighe, Esq., of Tishomingo, and Col. Felix Labauve, of DeSoto, who were returning from the Democratic State Convention, which met at Jackson, Mississippi, on Monday last.

☞ The name of the gentleman who sustained serious injury by falling from the sleepers of the new building on Main street, near Adams, Thursday morning, is J. T. Hamilton. The unfortunate man registered himself as a traveler from Madison, Ark., and is a resident of Somerville, Ala.

THE EXODUS OF THE SOUTHERNERS.—Our city is crowded at present by travelers from the far South, who are seeking health and pleasure in more northern latitudes. Our hotels are full of strangers, and the private houses, even of citizens, are overrun in many instances by their visiting friends.

THE DROUTH.—The present season has been one of almost unexampled drouth—so prolonged that vegetation is dying, and stock is said to be actually suffering for water in many localities. Vegetables are very scarce in our markets, and the poorest descriptions command high prices. The cows, it is said, are even parsimonious of their milk, and refuse to yield the lacteal fluid in the usual quantity. All nature hereabout seems to cry aloud for rain.

SCIENTIFIC AMERICAN.—This publication has recently been enlarged, and we take the occasion to commend it to our manufacturers, mechanics and artizans, as a paper they ought by no means to be without. It is edited with great ability, its illustrations are numerous and well executed, the paper is strong and white, and the execution of the typography is a model of excellence and beauty. Mann & Co., 37 Park Row, New York, publishers. Price $2 a year.

THE RECORDER'S COURT ROOM.—A great ado has been made recently in regard to inconvenience and filthiness of the calaboose. The room occupied by the Recorder as a court-room, is no better fitted for a hall of justice than the calaboose as a place of confinement for disorderly persons. The court-room is too small, ill-contrived, and has none of the conveniences which should attach to such an apartment. It should be enlarged at once, and better ventilation should be vouchsafed. A habitation for justice should be at least decent, if not elegant.

THE SUNDAY APPEAL.—It should be remembered that we issue an extraordinary edition of the DAILY APPEAL on Sunday. Having by far a larger average circulation than any other paper in Tennessee, the subscription to our Sunday paper has swollen beyond precedent in the history of the press in this city. Our Sunday edition will contain the usual amount of editorial matters, choice literary selections, the general variety of local, foreign and domestic news, in addition to the list of advertised letters remaining in the Postoffice. As an advertising medium the SUNDAY APPEAL has no rival in the south-west.

A SUGGESTION FOR COUNCILMEN.—In this city the City Council have, on several occasions, allowed the Fire Insurance companies amounts of money paid by them for the filling of the public cisterns with water. The Philadelphia local government is less liberal toward these companies; in that city, as we learn from our exchanges, the chief engineer of the water department is now making calculations so as to ascertain the amount of water used at the fires which may occur in that city, for the purpose of calling the attention of the city council to the necessity of taxing the insurance companies from $8,000 to $10,000 per year. At a fire in West Philadelphia, not a short time since, by which a large stable was destroyed, 150,000 gallons of water were used, and to furnish the supply the steam engines had to be kept working at their full power during the entire night. In nearly every city where steam fire engines have been introduced, the insurance companies have paid for one or more of them.

A RUMPUS IN THE COURT.—It seems that dignified tribunals of justice are not altogether exempt from irregularity and waywardness, as indicated by the proceedings in the Criminal Courtroom yesterday. During the progress of the trial of Matthew McDowell, who is arraigned upon charge of murder, Judge McKiernan presiding, E. M. Yerger, Esq., one of the counsel for the defense, was engaged in the cross-examination of one of the State's witnesses, when the Judge directed the witness to "stand aside." Mr. Yerger said, "I have not finished the cross-examination; I have a right to proceed, and, if the Court please, I desire to ask the witness 'How long he has known McDowell?'" The Court again directed the witness to "stand aside." Mr. Yerger insisted upon his right to proceed with the cross-examination, with the exclamation, "I will cross-examine him," said he, "for I have the right." Here the Judge instructed the clerk to fine Mr. Yerger $50; when Mr. Yerger remarked, "You may fine me a thousand, but you cannot convince me that I have not the right to cross-examine the witness." The Judge then told the Sheriff to "take Mr. Yerger to jail for one hour." Mr. Yerger said he "desired to write his exception to the ruling of the Court before he went—that he would not go to jail until he had written his exception to the ruling;" whereupon the Judge sent him to jail for one month. Mr. Yerger submitted to the order of the court, and went to jail in company with deputy-sheriff Swan and others.—Other members of the bar, including Attorney General Sale, Judge King, and perhaps others, were fined in the meantime, and the Court adjourned for the day.

THE POLICE.—During the last corporate year the most shameful inefficiency marked the proceedings of the police. Murders were committed within three minutes' run of the station house, by parties whose names were known, yet no arrests were made; fires burst out and devastated the houses from alley to alley, yet no alarm was given or fire bell rung by policemen who ought to have been on duty; beats were left unwatched, those to whose the guardianship of their sleeping fellow-citizens was confided having retired to their beds; men were absent at the morning roll-call who unblushingly declared they could not get up early enough to be present; drinking saloons and worse places than these, were frequented by those who ought to have made them objects of vigilance, and it has even been stated that they shared in the favors dispensed at such places as a bribe for their neglect of duty; breaches of the law and the city ordinances have been committed within their sight, and in the presence of these officers without arrest or even remonstrance from them. It is unnecessary to specify particular instances; that the police last year were generally inefficient, careless and inattentive to their duties is a fact well known to the authorities and others in the city. We learn from Mayor Baugh that the citizens may rely upon a different state of things during the coming year. If a policeman willfully or from negligence fails to perform his duty, he will at once be discharged. The accession of Mr. McMurray to an important position in the force we believe will be followed by good results. He has been an excellent officer in less important positions, and we expect to find him vigilant in watching the conduct of his men, strict in exacting attention to duty, and inflexible in reporting misconduct and inefficiency.

Council Meeting.

Council met in extra session yesterday afternoon, the President, Ald. Kortrecht, in the chair.

ASSESSORS.

Ald. Milton offered an ordinance providing two Assessors for each two wards, instead of three Assessors for the entire city. His object was to have the assessment commenced at an early day, and completed in a shorter period than formerly. In answer to an objection from Ald. Perkins, he stated that he wished to have an entirely new assessment, without any reference to the old books; such a change was greatly required.

Ald. Elder thought the proposed change was well worthy of attention. The ordinance was passed its first reading and referred.

BY-LAWS.

Ald. Barnett moved to adopt by-laws for the government of the Board.

Ald. Kortrecht believed it would be well to change the present 5th law so as to require a unanimous, or, at least, a two-third vote before strangers could be allowed to address the Board; he believed it would be better generally to leave subjects on which outside testimony was required, to the proper committee. The rule was so amended as to require a two-third vote.

An amendment was offered to restrict speeches to five minutes' length. Ald Douglass thought he would be a fool who would make long speeches for $100 a year. Ald. Lofland believed if the committees were set to do all the work that should properly come before them, long speeches would rarely be required. The amendment was not insisted upon.

ELECTIONS.

Ald. Milton moved to defer the election of police; the selection should be made with extreme care. The subject was referred to the Vigilance Committee.

The election of city printer was deferred.

Sheriff Smith was elected keeper of the city prison.

The bonds of Mr. Foute, city collector, were received.

POTTER'S FIELD.

Ald. Drew offered a resolution prohibiting the City Sexton from burying any body in the public ground north of the city, on Wolfe river. Withdrawn.

Ald. Elder said that the city had no other place to bury in.

Ald. Milton said the only objection to burying at the Potter's field was that poor persons, not rich ones, were buried there; he wished the Board would act as men, not as children, and have the ground used for the purposes for which it was originally purchased.

Ald. Drew strongly opposed the positions of the previous speaker.

Ald. Street offered a resolution to appoint a committee to purchase Potter's field. Adopted. Messrs. Street, Hamilton and Perkins the committee.

Ald. Street moved to buy one or two lots in Elmwood Cemetery, to be used until the Potter's field is purchased. Adopted.

The Mayor and Ald. Milton stated that the company would not allow the cemetery to be used as a Potter's field.

LITTLE ROCK R. R. BONDS.

Ald. Street offered a resolution for paying the coupons due on the Little Rock Railroad bonds, for which the Navy Yard is mortgaged. There was not sufficient money arising from payments on the Navy Yard leases to meet the debt. On July 1st, $10,000 was due; on January 1st, 1860, a similar amount would again be due; only about $5000 has been collected from the Navy Yard. Adopted.

THE JAIL.

A petition was received from Sheriff Smith stating that for $1000 the calaboose could be put in good condition, and well ventilated, and made as comfortable as any in the State. He also asked that the city appoint a person to go over the main jail with Judge Bailey, to examine what can be done toward improving its condition.

Ald. Perkins offered an amendment to the effect that the calaboose changes be put in the hands of the Jail Committee. He had been over this calaboose with an architect, who informed him that the necessary improvements could be made for probably less than $1,000. He believed that place was worse than any other prison in the world—it was horrible—no words he could employ could give an idea of its state.

Ald. Milton moved that the Marshal be sent to "tear the thing down"—that was the only thing to be done with it.

Ald. Drew was in favor of improving the calaboose.

Ald. Faris demanded the previous question. The newspapers had been filled with that subject for the last six months. The subject was once more referred to a committee.

TAXES AND OBSTRUCTIONS.

Ald. Barnett offered a resolution that the Registrar furnish to the Board a statement of the account of the special tax collected last year. Adopted.

Ald. Douglass reported that an order had been given to remove from the wharf the coal, wood, and other obstructions lying there.

RAILROAD EXTENSION.

The same offered the following:

WHEREAS, From circumstances now surrounding the City of Memphis in regard to neighboring railroads, which are not properly part of the great railroad system of the city; and whereas the best interests of the city demand an indispensable requisite to the perfection of its internal improvement system, that steps should at an early day, be taken, whereby the interest which our citizens feel in the subject connecting the City of Memphis with the City of St. Louis by a railroad on the west side of the Mississippi river, be expressed and made known, therefore,

Resolved, That a committee of five be and are hereby appointed, whose duty it shall be to bring the subject before the people, and devise the best means, either by a public meeting or otherwise, whereby such general action shall be had as will be likely to promote the great ends in view, and to report to this Board at a called meeting on Wednesday next. The resolution was adopted, and the Chair named Messrs. Douglass, Barnett, Lofland, Elder and Jones the committee, and Council adjourned.

CHARGED WITH STEALING SLAVES.—A man named John G. Wilde was committed to prison yesterday, by Justice Rourk, of Cuba, in this county, in default of $2000 bail, for final trial. He is charged with enticing away four slaves, and was found in company with them on Big Creek, in this county. When arrested, but one of the negroes was taken, the other three effecting their escape. The negro that was arrested is the property of Mr. J. Bloom, of Pine Bluff, Arkansas.

☞ The attention of all is called to the sale of that beautiful lot on Union street, adjoining Captain A. B. Shaw's residence, and opposite Bruce's new house. This is one of the prettiest lots in the city now for sale. The lot is 100 feet on Union by 225 deep, divided to suit purchasers. Terms easy. See advertisement. To take place at Levy & Co.'s auction store, this morning at ten o'clock.

THE LEVEE CONVENTION AT VICKSBURG.—The levee convention will meet at Vicksburg on Monday next. Passengers by the *Daniel Boone* to-day from the city, will be able to reach there in time to attend the deliberation of the convention.

POLITICAL ADDRESS.—We are requested to make the announcement that Moses L. White, Esq., a member of the Opposition party, will deliver an address at Odd Fellows' Hall, this evening, at the usual hour.

A Card.

EDITORS APPEAL: Sirs, please permit me a small space in your columns to return my heartfelt thanks to my friends and the press of the city for their sympathy so kindly expressed in my sad bereavement—the loss of my son, Richard Early Miller, and more especially to indorse the assertion made by the press that I attach no blame to the druggist who sold me the morphine, for I am quite convinced that he understood me to call for what he gave me. I would have no apprehension in continuing to deal with him in the future, as I regard him as a cautious, conscientious and reliable man. My pronouncing of the words quinine and morphine, as a usual thing, is quite similar in sound, and renders it quite possible for such a mistake to occur. The bottles are the same, labels same size and color, and having bought frequently just such bottles of quinine, I had no other thought but that it was quinine, and did not notice the inscription until directed to do so by Dr. Marable an hour after the administration of the dose. I cannot refrain from expressing my sentiments of regard to Dr. Marable for his coolness, and skillful treatment, and great exertions in trying to save the life of my poor boy.

Yours respectfully, R. R. MILLER.

Memphis, July 8, 1859.

Book Notice.

CHRISINA THE QUEEN OF THE DANUBE, by the author of Picciola. Translated from the French by Anne T. Wood. Dollisner & Procter, New York, publishers.

This is a reprint from *Littles' Living Age*, in which it first appeared, it is elegantly printed on good paper, and the leaves arenicely cut. To say that the able writer to whose pen we owe the celebrated Picciola is the author, is sufficient to secure attention to the contents of the book.

J. W. Dickey.....St. Louis.

DEPARTURES YESTERDAY.

Capital.....New Orleans.....City of Memphis.....St. Louis.
St. Francis No. 2, Napoleon.

There was another slight falling off in the decline of the river yesterday, it having receded but 6 inches during the twenty-four hours ending at 6 o'clock last evening. The weather was warm and dry yesterday, and business at the landing was dull.

There were but few arrivals and departures yesterday. The Return came in from White river at 12 o'clock Thursday night, with a fair freight and a large number of passengers. The Capitol departed for New Orleans last evening with a light trip, including a few bales of cotton. The St. Francis No. 2 departed early in the day for Napoleon.

The St. Francis No. 2 has made a permanent change in her time of departure from this port, and will leave hereafter at 11 o'clock each Monday and Friday morning. Our young friend, Mr. Samuel Word, late of the Memphis and Vicksburg line, is the temporary clerk of the No. 2.

The City of Memphis passed down yesterday, heavily freighted. We are indebted to her attentive clerk, Mr. J. Klinefelter, for papers.

The steamer Memphis, Capt. A. H. Bugher, will be due from Cincinnati to-morrow evening, and will depart for the Ohio river at the usual hour Wednesday evening.

The steamer Adriatic arrived from Pittsburg last evening, and put out a considerable quantity of freight here, including 300 kegs of powder and a lot of marble.

Our landing is considerably hampered up at present with railroad iron, marble, cotton seed, etc., which, together with the stone just placed there for paving purposes, rather limits the area of business.

The accident to the Chancellor occured at Cumberland bar. A hole was knocked in her hull, and she made considerable water. The Woodford brought down her freight and passengers, and the chancellor went to Paducah for repairs.

The Louisville Chancery Court was engaged Tuesday in the trial of the collision case between the Joshua Dean and Rainbow, without rendering a decision.

The bar-keeper of the steamer Admiral was drowned off that boat at New Albany on Monday last, while fishing.

There is but two feet water on Harpeth shoals in Cumberland.

FOR LOUISVILLE.—The magnificent low-pressure steamer Southerner, Capt. G. W. Triplett, will leave for Louisville at 4 o'clock this afternoon, ticketing passengers through to Cincinnati and the East. She is a splendid passenger packet, affording the very finest accommodations, and having popular and efficient officers. Messrs. Moody and McMichael are the clerks.

FOR VICKSBURG.—The fleet Daniel Boone, Capt. Hicks, is the regular mail and passenger packet for Vicksburg at the usual hour this afternoon. She is a great favorite with shippers and travelers, and very deservedly so. Passengers will find Messrs. Petty and Waddell, the clerks, efficient officers and clever gentlemen.

FOR ST. LOUIS.—Everybody's favorite, the sumptuous J. H. Dickey, Capt. Dan. Able, will leave at 4 o'clock this afternoon for Hickman, Cairo and St. Louis. The pioneer in the line, she has won an enviable popularity in the trade, affording splendid accommodations for passengers. We commend the traveling and business public to her excellent clerk, Mr. M. R. McDonald.

FOR WHITE RIVER.—The faithful Return, Capt. Booker, will depart for White river at the usual hour this afternoon. She is admirably adapted to the trade, of light draught, with free, large, airy state-rooms.

FOR ARKANSAS RIVER.—The pioneer of the "Merchants' and Planters' Line," the popular packet Jennie Whipple, will leave at 4 o'clock this afternoon for all points on the Arkansas river hence to Little Rock, connecting with the regular packet for Fort Smith. The Whipple affords an admirable opportunity for through travelers to avail themselves of a quick and pleasant passage to the "Rock." Her accommodations are good, and her officers unsurpassed. Messrs. Gray and Parker are the clerks.

THE GREAT ENGLISH REMEDY!

SIR JAMES CLARKE'S

Celebrated Female Pills.

THESE invaluable medicines are recommended in the cure of all those painful and dangerous diseases incident to the female constitution.

It moderates all excesses and removes all obstructions, from whatever cause, and a speedy cure may be relied on.

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

CAUTION

These Pills should not be taken by females that are pregnant, during the first three months, as they are sure to bring on Miscarriage; but at every other time, and in every other case, they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Hysterics of Spirits, Hysteria, Bad Headache, Whites, and all the painful diseases consequent to a disordered system, these Pills will effect a cure when all other means have failed.

Full directions in the pamphlet around each package, which should be carefully preserved.

A bottle containing 50 pills, and circled with the government stamp of Great Britain, can be sent post free for $1 and 6 postage stamps.

Sole agent for the United States and Canada,

JOB MOSES, Rochester, N. Y.

☞ Chandler & Co., Memphis, Wholesale and Retail Agents, and sold by all respectable druggists.

☞ BEWARE—Some unprincipled dealers try to sell other Pills, on which they realize more profit. Be not deceived. Buy Sir James Clarke's and no other.

Latest News by Telegraph.

FOUR DAYS LATER FROM EUROPE.

Arrival of the Steamship Hungarian.

NEW YORK, July 8.—The steamship Hungarian arrived at Farther Point, C. E., to-day, with Liverpool advices of the 27th ult.

GENERAL INTELLIGENCE

LONDON, June 24.—There has been no movement of the contending forces since the battle of the 24th ult., of details of which have been received. There has been no estimate received of the losses on either side. The Austrians and Sardinians admit that their losses have been extraordinarily heavy.

The Emperor Napoleon says. The Allied army took 40 thousand prisoners, three hundred and thirty cannon. The Austrians had re-crossed the Mincio. Gen. Hess has been appointed Commander-in-Chief of the Austrian army.

LATER.—The French army have crossed the Mincio. A telegraphic dispatch of Gortchakoff says, from the Emperor Napoleon to the Emperor Eugenie says. The enemy withdrew last night. I slept in the room occupied by the Emperor of Austria in the morning.

General Neil has been appointed Marshal of France.

The Austrian army crossed the Mincio, for the purpose of attacking us with their whole force, but they were obliged to abandon their positions and withdraw to the left bank of the river after blowing up the bridges at Goito. We took thirty cannon and a great many prisoners. Private telegraphic dispatches say that thirteen thousand Austrians were placed hors de combat, with a loss of several flags and standards taken. Circumstantial accounts of the battle had reached Paris.

Private telegraphic dispatches intimated that the French army had suffered so severely as to be unable to resume the offensive. These reports were in circulation which estimated the French loss as being twenty thousand in killed and wounded. The battle was fought at Solferino. The Austrians were preparing for another battle under Gen. Hess.

The steamship America's advices reached Liverpool on the 26th ult.

The steamship Hermonia's advices reached Liverpool on the 27th ult.

The Emperor Napoleon had issued a stirring address to the army after the battle of Solferino. The Austrian dispatches acknowledge that they were obliged to retreat after having suffered extraordinarily heavy losses.

The Emperor Napoleon was constantly in the hottest part of the battle, and had a spent cannon ball strike and bad his horse killed under him. General Niel's corps covered themselves with glory. The Sardinians fought with their fathers against superior numbers. It was stated that the Emperor of Austria would soon return to Vienna on very important business.

The Paris correspondent of the London Times says: Another battle is considered inevitable before the siege operations can commence. Reinforcements were constantly leaving France, and it is expected that the attack on Venice would commence on the 25th ult.

It was stated that 170,000 troops, the flower of the Austrian army, from the Austrian reserves, were on their way to Italy.

Five French Generals were wounded at the battle of Solferino.

It was rumored that the Emperor of Austria and the Prince Regent of Prussia would soon have an interview.

Latest Novelty.

SINGER'S LETTER A TRANSVERSE SHUTTLE

FAMILY SEWING MACHINES!

SINGER'S new letter A Transverse Shuttle Family and Plantation Sewing Machine is constructed upon an entirely new principle, whereby the faults of all other family sewing machines have been remedied and avoided. This superior machine combines elegance in finishing with ease of management.

The machine is quiet and nearly noiseless, while it is extremely easy to operate. It is capable of the heaviest as well as the finest kind of work, sewing the strongest lock of fine thread with the same facility as the coarse cotton, cotton or silk. In the language of a New York critic, "Its elegant appearance, lightness, strength, simplicity and durability with the most comprehensive utility, entitling it to the appellation of a FIRST CLASS FRONT SEWING MACHINE." It is, without doubt, the very BEST, as well as the CHEAPEST family sewing machine ever put forward.

Fever and Ague.

from which mankind suffer over a large part of the globe, is the consequence of a diseased action in the system, induced by the poisonous miasm of vegetable decay. This exhalation is evolved by the action of the solar rays on the soil, and rises with the watery vapor from it. While the sun is below the horizon this vapor lingers near the earth's surface, and the person is taken with it through the lungs into the blood. There it acts as an irritating poison on the internal viscera and excreting organs of the body. The blood becomes tainted and the secrete not only this virus, but also the bile from the blood. Both the virus and the bile accumulate in the circulations, and produce violent constitutional disorder. The spleen, the kidneys, and the stomach sympathize with the liver, and become disordered also. Finally, the instinct of our organism, as if in an attempt to expel the noxious infusion, concentrates the whole blood of the body in the internal excretories to force them to cast it out. The blood leaves the surface, and rushes to the central organs with congestive violence. This is the chill. But in this effort it fails. Then the Fever follows, in which the blood leaves the central organs and rushes to the surface, as if in another effort to expel the irritating poison through that other great excretory—the skin. In this also it fails, and the system abandons the attempt in exhaustion, and waits for the recovery of strength to repeat the hopeless effort another day. These are the fits or paroxysms of FEVER AND AGUE. Such constitutional disorder will of course undermine the health if it is not removed.

We have labored to find, and have found, an antidote,

Ayer's Ague Cure,

which neutralizes this malarious poison in the blood, and stimulates the liver to expel it from the body. As it should, so it does cure this afflicting disorder with perfect certainty. And it does more, or rather does what is of more service to those subject to this infection. If taken in season it expels it from the system as it is absorbed, and thus keeps those who use it free from its attacks; keeps the system in health although exposed to the disease. Consequently it not only cures, but protects from, the great variety of affections which are induced by this malignant influence, such as Remittent Fever, Chill Fever, Dumb, or Masked Ague, Periodical Headache, or Bilious Headache, Bilious Fevers, Neuralgia, Rheumatism, Gout, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitations, Painful Affections of the Spleen, Hysterics, Colic, Paralysis, and Painful Affections of the Stomach and Bowels, all of which, when arising from this cause, will be found to assume more or less the intermittent type. Ayer's Ague Cure removes the cause of these derangements, and cures the disease.

This it accomplishes by stimulating the excretories to expel the virus from the system; and those organs by degrees become habituated to do this their office of their own accord. Hence arises what we term—a disposition. Time may accomplish the same end, but often life is not long enough, or is sacrificed in the attempt, while this "Ague Cure" does it at once, and with safety. We have great reason to believe this is a surer as well as safer remedy for the whole class of diseases which are caused by the miasmatic infection, than any other which has been discovered; and it has still another important advantage to the public, which is, that it is cheap as well as good.

FOR THE CURE OF NEURALGIA;
FOR THE CURE OF THE SPRAIN;

They are sugar-coated, so that the most sensitive can take them pleasantly, and being purely vegetable, no harm can arise from their use in any quantity.

Price 25 cents per Box; Five boxes for $1.00.

Great numbers of Clergymen, Physicians, Statesmen, and eminent personages, have lent their names to certify the unparalleled usefulness of these remedies, but our space here will not permit the insertion of them. The Agents below named furnish gratis our AMERICAN ALMANAC in which they are given, with the full formula of these celebrated compounds, and the treatment that should be followed for their cure.

Do not be put off by unprincipled dealers with other preparations they make more profit on. Demand AYER'S, and take no other. The sick want the best and there's for them, and they should have it.

All our Remedies are for sale by

R. W. FARNSWORTH & CO.,
S. MANSFIELD & CO., Memphis,

at Wholesale and retail, and by all Dealers elsewhere. d5-deod:wcow

CANDEE, MIX & CO.

GRAND CLOSING OUT SALE!

TREMENDOUS ONSLAUGHT UPON THE

DRY GOODS!

$150,000 *Worth of Goods to be Turned into Money.*

THE GRAND SALE COMMENCES

6TH OF JULY,

And will continue for the next two months, during which time we shall break down PRICES so low that no one can hesitate to buy. Our object is to clear out our stock to make room for the Fall Trade.

Come One! Come All!

Our motto is more Money and less Goods. We shall offer remnants of every description of goods in our stock at 25 to 50 per cent less than cost.

Our friends will find it to their interests to call early. We are determined to close out our common stock by the first of September next.

☞ LOW PRICES WILL DO IT.

☞ We offer, in addition, $10,000 worth of CLOTHING and over 100 pieces of CARPETING at a sacrifice.

FORT PICKERING RESIDENCE

FOR SALE.

IT consists of ten acres, which I can vary to suit purchasers, in Fort Pickering. It embraces two and a half acres of grounds, well improved, with Brick Dwelling and all necessary out-houses, orchard, garden, etc., and is one of the most handsome locations on the river, commanding a fine view of the river, shore and bottom.

I have also another small place, in the same neighborhood, well improved, which I will sell on reasonable terms. The improvements are all new and substantial. Purchasers are requested to call and examine the premises. WALTER SCOBEY.

[jun16-7m] WALTER SCOBEY.
