MEMPHIS AND OHIO.—Trains arrive at 11:00 A. M. and 4:30 P. M. Depart at 9:45 A. M. and 3:30 P. M.

☞ The examination of the charge against E. Levy for shooting at Chas. Merslingstar, will be made before Squire Horn this morning.

☞ Mr. S. H. Shock, the advertising agent of the New Orleans Packet Company, reached his home in this city yesterday, having been absent during the past month.

RECORDER'S COURT.—There were thirteen delinquents before the Recorder yesterday, and fines to the amount of $41 were assessed, $25 of which was paid. Two or three additions were made to the chain-gang.

COMMITTED.—Henry Dearden, who has been in the city prison for some time upon the charge of stealing a box of soap and a pair of compasses, was examined before Squire Horne yesterday and remanded to prison for final trial, in default of $500 bail.

PERSONAL.—Dr. J. W. Leftwich, of this city, who has been absent at the North for several weeks, and Capt. J. E. Mulford the traveling agent of the Lake steamers which ply between Buffalo and Detroit were passengers to this city by the steamer Moses McLellan yesterday.

THE FIRE LAST NIGHT.—The alarm of fire about eleven o'clock last night was caused by the burning of a coal-hoist laden with lime. The fire occurred at the foot of Beale street, and had its origin, doubtless, in spontaneous combustion. The fastenings were burned, and the boat floated off down the river.

THE ABDUCTION CASE.—Chas. Morningstar, the individual accused of the abduction of a young woman, (with many of the particulars of which 'the reading public are familiar,) whose case was commenced in the absence of a material witness, has been set for hearing before Squire Horne to-day. In the meantime the accused is confined in prison.

INTELLIGENCE OFFICE.—We learn that there is a great demand at present for house-servants. To such persons as are in want of good, competent and reliable servants, we recommend our old friend Billy Dashia, who keeps an intelligence office on the alley below Washington street, between Front Row and Second street. Billy is as clever and accommodating as a man ever gets to be.

FORMITALIZING THE MARKET.—F. Malatesta, the keeper of a Main street fruit store, was arraigned before the Recorder yesterday upon the charge of forestalling the market, in that he had monopolized a quantity of water-melons before market hours, contrary to the ordinance. The accused pleaded ignorance of the regulation, and the Recorder assessed a fine of only $5 against him.

ROBBERY OF A POOR WOMAN.—A poor woman with a family of children, who had been very ill for some weeks, and who was supported in her illness by the charity of the neighbors, was robbed of all her earthly means while asleep on Wednesday, by some unfeeling wretch. Ten or twelve dollars in money and some articles of trifling value were taken. The unhappy woman lives on South street.

ELECTION DAY.—We direct attention to the Sheriff's notice of the election, to be held on the 4th of August for State officers, members of Congress and the Legislature. It will be seen that polls will be opened, according to law, in every ward in the city. It will be advisable for every voter to vote it his own ward, so as to prevent confusion and loss of time both in voting and casting up the result.

FRANKLIN FEMALE COLLEGE.—This institution has been purchased by J. E. Douglass, Esq., and will be opened in September under his management. The place is undergoing a thorough renovation, and will be made an agreeable place for the reception of pupils. Mr. Douglass has long been an instructor of youth in this country, and his high merits, and those of his talented lady, are well known and appreciated.

DEATH OF JAMES R. MCKEE.—We are advised by letter of the death of J. R. McKee, in Belmont county, Ohio. The deceased had been engaged as a compositor on the *Bulletin* of the city for several years, and was esteemed by all who knew him as a young man of sterling worth. His health had been quite delicate for some months previous to his departure from Memphis, and it was feared by his many friends that he would not survive to reach his home, but consumption, that "plague of the printer," allowed him the respite of a few weeks, and he died under his father's roof, surrounded by his first and dearest friends.

THERMAL.—The following observations on the thermometer were taken by L. G. Marshall, Esq., in this city, in accordance with the conditions laid down by the Smithsonian Institute, at seven o'clock each morning, two in the afternoon, and nine in the evening: At those hours the thermometer stood on Monday at 86°, 96° and 87°; on Tuesday at 89°, 99° and 89°; on Wednesday at 87°, 95° and 83°; yesterday at seven A. M. it stood at 82°, and at two P. M. at 86°. Tuesday was the hottest day this season, yesterday at two the heat was only one degree less than on Tuesday.

REV. G. P. SCHETKY.—The Holly Springs *Herald* of Saturday speaks as follows of one of the most highly respected of the Memphis clergy: "On Sunday morning and afternoon last, the Rev. Mr. Schetky, of Memphis, supplied the place of our pastor, Rev. J. H. Ingraham, in the pulpit of the Episcopal Church. In the morning he preached from the text—'God forbid that I should glory, save in the cross of Christ.' His sermon was replete with pure sentiment, lofty thought and beautiful diction, and glowed with a fervor and Christian piety that found their way even more readily to the hearts of his hearers. His afternoon sermon we had not the pleasure of hearing, but that of the morning made an impression on us that will not soon grow dim."

FATAL RAILROAD ACCIDENT.—A shocking and fatal railroad accident occurred at the depot of the Mississippi and Tennessee Railroad, just before the departure of the train. A young man from Davidson county, Tenn., named William Newsom, about nineteen years of age, was standing on the track at a time when the locomotive and tender were at the water tank. The engine was started, and the young man falling to hear the bell, was struck by the train and had his back broken. The unfortunate young man lingered in great pain until about noon yesterday when death came to his relief. It is a painful coincidence that the father of young Newsom, late of DeSoto county, Miss., died in this city on Tuesday last, having visited the city to undergo treatment for a cancer.

LITTLE ROCK RAILROAD.—The Madison, (Ark.) *Journal* of Saturday has the following from a correspondent writing from this city:

"I was not a little astonished in traveling over the road, to find it in as good condition as it is. Indeed, I consider the road in a better traveling condition now, than before the overflow. This may seem strange to many of your readers, but it is true nevertheless. The water from the overflow having saturated the grading, seems to have run the particles of earth together, and now that the grading has become thoroughly dry, I find it solider than before the overflow. The damage from washing amounts to nothing—the only injury sustained being the trestle-work, which has been repaired. The fact of the improved condition of the road is further shown in the quick time that is now made from Hopefield to Madison—the distance being run in three hours and a half."

MORE CASES OF SUN STROKE.—Four new cases of sun stroke came to our knowledge yesterday, of which at least one case proved fatal.

The fatal case was that of a laborer named John Mahony, employed in the foundry of Messrs. Stewart, Hungerford & Co. He was attacked about ten o'clock, while exposed to the rays of the sun, in the Navy Yard, and died in a few minutes afterward. An inquest was subsequently held upon the body by Esquire Horne.

A young German girl, known as Esther, who was employed at one of the Shelby street boarding houses, was prostrated by the excessive heat, and lay in a critical condition for some hours. She had revived, however, and was in a fair way to recover last evening.

A man, whose name we did not learn, who exposed himself to the rays of the sun for several hours by sleeping on some timber on the bluff, was stricken down when an attempt was made to arouse him, and was removed in a dying condition.

Wm. Edwards, a white drayman, fell in Shelby street during the afternoon, and was removed to his residence in the suburbs of South Memphis. Hopes were entertained last evening that he would recover.

PERSONAL.—Col. J. L. T. Sneed of Tennessee, Judge J. G. Campbell and Gen. Pilcher and families, of Louisiana, Rev. C. K. Marshall and family, Judge J. F. Cushman, of Mississippi and Gen. Hawley, of Arkansas, are at the Bayou House.

DESIRABLE RESIDENCE.—S. Mosby, Esq., this morning advertises his residence for rent. It is one of the most charming places in the city; and a better opportunity could not offer itself. It is situated on Alabama street, near Thornton avenue.

AT THE WORSHAM.—Among the arrivals at the Worsham we notice the names of Hon. Jos. Rucks and two daughters, of Greenville, Mississippi, and Judge Dixon and family, of Mississippi.

River News.

ARRIVALS YESTERDAY.

E. WARD	St. Louis	J. M. Kennett	Ohio
Hope	Cincinnati	Moses McLellan	Louisville
Dunleith	Vicksburg	Ingomar	Arkansas river.

DEPARTURES YESTERDAY.

E. Ward	St. Louis	J. M. Kennett	St. Louis
Hope	Ohio River	Moses McLellan	Louisville
Iowa	Cincinnati	Victoria	Vicksburg
J. R. Lucas	St. Louis		

The river declined four inches at this point yesterday. The weather continues very warm. Business was quite brisk at the landing.

The regular packet departures yesterday included the Moses McLellan, for Louisville, the J. R. Lucas, for St. Louis, and the Victoria, for Vicksburg.

Last night's telegraph reported a further decline of 4 inches within the preceding 24 hours at St. Louis, with nine feet feet water thence to Cairo.

The steamer Hope, Captain Holmes' new Yazoo river packet, arrived yesterday from Cincinnati, with two barges in tow, and departed for Vicksburg. She is a handsome craft, of light draught, but good capacity.

The Capitol did not arrive at the usual hour last evening, having lost several hours by fog on the way up from New Orleans. She will be here this morning with a big trip, and depart at the usual hour this afternoon. Hereafter, the Capitol will go into the ten day arrangement, and will make a round trip between this city and New Orleans in ten days.

The Daniel Boone arrived from Vicksburg last evening, with about one hundred and fory passengers, and a consignment of cotton seed for prehipment to St. Louis.

We regret to learn that the Memphis and Little Rock packet, Jennie Whipple, is hard aground in the Arkansas river. She will, in all probability, get off and arrive in ample time to depart at her regular hour to-morrow for Little Rock.

The pilots of the Moses McLellan, from Louisville yesterday, found less than five feet water at the shoalest points in the Ohio, and reports that stream falling very fast.

The Moses McLellan arrived about eleven o'clock yesterday morning, with a fair trip of passengers and a large amount of freight, including about one hundred Kentucky mules, the property of Mr. Duval, of Scott county, Ky. He will retship them here by the first New Orleans boat for Despalsonville and the coast.

Capt. T. W. Erwin, of the McLellan, had not sufficiently recovered from his late illness when the boat left Louisville to take command, and the boat was in charge of Capt. Goodall, a most thorough boatman and clever gentleman. We are indebted to Messrs. Woodfolk and Chassagne for papers and other favors.

The Alice Vivian was removed to the vicinity of the mouth of Wolf river yesterday for repairs.

Capt. Newell, of the Victoria, left this city yesterday for Smithland.

We regret to learn that Capt. Marsh Miller and our young friend Billy Page, the latter of the Victoria, are both quite ill in this city. Mr. Page is at the Worsham House.

We are indebted to Capt. James F. Smith, of the J. H. Lucas; to Messrs. Woolfolk and Chassagne, of the Moses McLellan; and to Messrs. Pelly and Waddell, of the Daniel Boone, for papers and other favors.

The Arkansas river nail-boat Irene was due from the Arkansas river last night with a perfect crowd of passengers. She is going to Cincinnati for repairs.

It is with the greatest difficulty that laborers can be procured on the levee at St. Louis. On Monday last the J. H. Lucas had two sets of hands employed, paying full wages and working each but half the time. The same remark applies to this city and localities on the river below. The officers of the Daniel Boone informed us yesterday that their deck hands encumbered to the heat and stubbornly refused to perform their ordinary duties during the trip.

The popular steamer Platte Valley, in place of the J. H. Dickey, will arrive from St. Louis to-day.

The Kentucky picked up a mag after her departure from this port Monday evening, which tore away her after-guard and did considerable other damage. The accident will not interfere with the regular trips of the boat, as Capt. Lamb telegraphed to Louisville from Paducah, Wednesday, for the necessary timbers to be made ready, that the repairs might be made immediately after the arrival of the boat there.

Capt. A. H. Bugher's new steamer, Kate May, left Cincinnati for this port yesterday, as we learned by special dispatch last evening.

FOR NEW ORLEANS.—The fleet steamer Capitol, Capt. Clarke, is the regular mail and passenger packet for New Orleans, at the usual hour this afternoon. She is unsurpassed in point of accommodation, with efficient officers. Capt. M. M. Temple is the clerk.
