Local Matters.

Wednesday Morning, August 3, 1859.

Arrivals and Departures of Trains.

MEMPHIS AND CHARLESTON.—Trains arrive at 8.50 a. m. and 8.55 p. m. Depart at 1.45 a. m. and 2.00 p. m.

MEMPHIS AND OHIO.—Trains arrive at 11.00 a. m. and 4.30 p. m. Depart at 8.45 a. m. and 4.20 p. m.

MISSISSIPPI AND TENNESSEE.—Trains arrive at 10.30 a. m. Depart at 2.00 p. m.

☞ Mr. Chas. F. Verlander, a well known New Orleans commission merchant, is in the city.

PERSONAL.—Frank A. Bartlett, Esq., of the New Orleans Crescent, is at the Bayou House.

PAINFUL ACCIDENT.—A workman on the new building on Shelby street, near Linden, was injured yesterday by the fall of a scaffold upon which he was working.

☞ We had the pleasure of a visit yesterday from our old friend Dr. Saunders, of Dyersburg, who is on a professional visit at present to Mississippi.

LATE PAPERS.—We are indebted to the Adams Express Company, through the courtesy of Mr. E. A. Manny, for late New Orleans papers.

OVERLAND MAIL.—We are indebted to Mr. Hale, agent of the Overland Mail Company, for San Francisco papers of the 23d ult., delivered yesterday.

RECORDER'S COURT.—The Recorder had another busy day yesterday, having disposed of twenty-five cases. Fines to the amount of $125 were assessed, of which $80 were paid. Seven additions were made to the chain-gang.

ARREST OF A RIVER THIEF.—A river thief named John McKeown was arrested at the landing Monday evening, after having jumped overboard to avoid discovery. Two of his companions escaped.

☞ Gov. Harris is expected to reach this city by the eight o'clock train to-night, in time to be present at the grand Democratic rally at the corner of Jefferson and Third streets. Let there be a general turnout to welcome him home.

BURGLARIOUS.—The residence of Mr. Keel, on Mississippi Row, near the bayou, was visited by a burglar on Sunday night last. Mr. K. heard the rascal in the hall, and surprised him at once. The burglar, however, fired a pistol at Mr. Keel, and made his escape amid the general excitement.

☞ The habit of throwing the rinds of water-melons on the sidewalks should be discontinued. Mr. Henry Rowland lost his footing on Union street yesterday, by stepping upon a melon rind, and incurred a fracture of the left leg.

ACCIDENT.—While Dr. E. Miles Willett was attending a patient, on Tennessee street, about nine o'clock last evening, the horse attached to his carriage was frightened and ran away. The animal found his way to Mr. May's stable, and in passing the door the vehicle came in contact with it, and was broken to pieces.

☞ Among other attractive features at the speaking night before last, in South Memphis, was the illumination of the large coffee house of Mar sterling Democrat, Bill Evans, corner of Beal and Hernando streets. From the outside, the appearance was striking, while the feeling inside, we are told, was most joyous and convivial.

☞ Gen. Wilson, the general traveling agent of the Pennsylvania Central and Pittsburg, Columbus, and Cincinnati Railroad, is in the city. Gen. Wilson, it will be remembered, was the officer entrusted by President Buchanan with the delicate duty of interfering Gen. Walker's last expedition to Nicaragua, and he executed the order most successfully.

A NUISANCE.—We approve most heartily of the custom adopted by the police of slaying the worthless curs that infest our streets, but we are of the opinion that the animals were better alive, than to be permitted to remain in the streets after death. The carcasses of several dogs have lately become a nuisance in many localities in the city.

AN HIERLOOM.—We saw, in the possession of Capt. Werman, yesterday, a hickory cane, with silver mountings, that had been presented by General Andrew Jackson to the late Capt. Reuben Miller. The relic had been presented by Gen. Jackson to Capt. Miller in person, at the Hermitage, and presented to his death Capt. Reuben Miller bequeathed it to his son, Capt. Marsh Miller, Capt. Werman having been charged with the conveyance. The cane is regarded as a treasure by the family into which it has fallen.

THE CITY PRISON.—We have frequently had occasion to allude to the admirable improvements made at the city prison under the administration of Sheriff Smith, as succeeded by Capt. Jackson. But the public and the prisoners are not alone indebted to these gentlemen for the palpable changes for the better at that institution, as Messrs. Ferguson and Hess, the assistants, are untiring in their efforts to render a life in prison tolerable to those who are so unfortunate as to incur incarceration. We invite attention to the communication of our correspondent "F," upon this subject, in another column.

CITY OFFICERS' REPORTS.—The monthly reports of the city officers hair before Council yesterday, state as follows:

The Tax Collector, John Newson, collected $18,605 67 during the month of July.

The Street Commissioner had work done during the month of July as follows: First Ward, $90; Second Ward, $31; Third Ward, $134 34; Fourth Ward, $32 36; Fifth Ward, $351 94; Sixth Ward, $2 25; Seventh Ward, $123 64; Eighth Ward, $35; Ninth Ward, $40 56. Total, $221 34.

The City Recorder, T. M. East, had before him during the month of July 325 persons, of whom 208 were found guilty, 114 of these were sent to the chain-gang, and 141 paid fines, amounting to $1403 40.

The Wharfmaster, T. Wolf, reported that during the month of July there were 131 steamboat arrivals, paying $1327; 13 flat boat arrivals, paying $198 10. Total, $1,525 10.

The City Engineer, J. H. Humphreys, reports the following estimates for the month of July: 7 walk gratings, $1,120; 1 sewer, $169 25; Fourth Ward, stone gutter, grading, and cisterns, $2,286 60; Sixth Ward, grading, cisterns, stone gutters and graveling, $3,218 30; Eighth Ward, grading, $542 16. Total, $8,129 41. The Engineer states that the contractors have done nothing towards laying the gutters Council has ordered for some time; he suggests the necessity of some action of Council on the subject.

The Station House Keeper's report $25 35 received during the month, and $6 16 expended.

"Horrors of the City Prison."

For the Memphis Appeal:

In the local column of the *Avalanche* of this morning, article headed "The Horrors of the City Prison" does great injustice to Mr. Jackson, who at present has charge of that institution. And as that article is addressed to its readers, as one of the readers of that sheet, I would say, in answer to his first question—Have you been to the city prison?—that I have been, and am now in the city prison. To his six succeeding questions, I answer emphatically—No. I was never in a dutch-oven, hen-coop, dog-kennel, pig-stye, hold of a dirty merchant vessel; neither have I visited the dissecting room of a medical college, when heavy-headed winter was about taking its seat in the lap of genial, gentle spring, and reeking corpses were scattered around on every hand," but naturally infer that the wise "local" of the *Avalanche* has been an inhabitant of all those desirable places of abode. But I will do him the justice to say that he has not been in the city prison within the last month, or if he has, he wilfully misrepresents (as he calls it) the "black hole." There is not a cell in that "black hole" but is as free from vermin and all those horrible odors (that seem to haunt the gentleman's mind) as any portion of the *Avalanche* office, and those who think differently, would do well to call at the prison and see for themselves, (particularly that portion of his readers who have been the inhabitants of dutch-ovens, dog-kennels, pig-styes, hen-coops, etc.)

I have said this much in reply to the article in the *Avalanche*, in justice to Mr. Jackson, who I know has done every thing that man can do to cleanse, purify and renovate the prison, and render it as comfortable as possible to those unfortunate persons who are confined in its walls, and I venture the assertion, that there is not a man in prison who will not give him that small meed of credit. Why the local of the *Avalanche* should write such stuff, (knowing as he should that it is false from beginning to end) I am at a loss to know, in fact, I do not believe he did write it, he has been frequently about the prison within the last month, and has invariably spoke in the highest terms of Mr. Jackson's efforts to cleanse it, and believing him to be a man of truth, I meet in charity say, that if he did write it, he had been associating with pigs, dogs and ghosts from the dissecting room, and imagined himself in the city prison, I am glad that he is not for he is too good a fellow to be in jail

F.

Council Meeting.

Council met in regular session last evening, the President, Ald. Kattenhorn in the chair. Ald. Potter appeared for the first time since his election; he was sworn in and took his seat.

PETITIONS AND MEMORIALS.

The bonds of Mr. Bowen, the newly elected City Tax Collector, were offered by the mayor. They were the same as before with the addition of a deed of trust of a piece of ground, offered by Mr. Armour, as further security. Accepted.

The bonds of Mr. Underwood, City Marshal were also offered and accepted.

REPORTS.

Ald. Forrest offered a report that the city cannot now comply with a request sent to it for aid for the Washington Monument, although it sympathizes with the object. Adopted.

Ald. Street, from the Improvement Committee, offered a report in favor of a resolution to open Wellington street from Beal to Madison, Lauderdale from Beal to Adams, Orleans from Beal to Adams, and Fulton from the Navy Yard to Center Landing, provided the right of way be given. Adopted.

The same reported against a resolution, offered by Ald. Drew for repairing and filling East alley between Market and Winchester streets. Report adopted.

The same offered a resolution to have brick gutters placed in the alley between Market and Exchange street, from Second to Third streets, and a sewer from Drew's west to the east side of Hernando street, thence to Exchange street, and from Exchange street to a point giving sufficient fall for the water. Adopted.

The same reported against granting the petition of Sidney Jones, to have a sewer extended. Adopted.

The petition of S. W. Jefferson, complaining of a certain grade, was laid on the table, action having been had previously upon the subject.

NICHOLSON PAVEMENT.

A resolution was adopted, allowing Messrs. Geger & Co. to lay down a section of the Nicholson pavement at the crossing of Main and Madison streets, at their own expense; and if the city should be satisfied, after a test of its durability, then it may pay for the same at the rate of $2.50 per square yard.

RALEIGH STREET BRIDGE.

A resolution, offered by Ald. Elder, was adopted, for building a bridge across the bayou at the Raleigh road—the building to be of wood and commenced immediately.

A resolution by the same—to have additional props placed under the present bridge in the above place—was adopted.

Ald. Barnett offered a resolution to have the present Raleigh Road bridge examined, and if found in a dangerous condition, traffic along it to be stopped until the same be repaired or rebuilt. Lost.

The application of the Jefferson street Theater Company for permission to lay down a drain pipe from the Theater along the alley to Fourth street, along Fourth to Jefferson and thence to the bayou, was granted.

Ald. Elder, from the Committee on Accounts, offered a number of accounts; he stated that for the future no account would be presented by the committee to Council that was not laid before them at least one day before the meeting of Council.

MOUNTING POLICE OFFICERS.

Ald. Milton, from the Vigilance Committee, reported in favor of mounting the Captains and Lieutenants of the day and night police, provided they furnish their own horses, the city agreeing to feed the said horses, or allowing a fair compensation for their feed. Adopted.

VOTING PLACE CHANGED.

Ald. Barnett, from the Ordinance Committee, offered an ordinance changing the voting place of the Third Ward from the Worsham House to the Engine House of Fire Company, No. 3, at the north-west corner of Adams and Second streets, where all elections in said ward shall hereafter be holden. Passed finally, by a suspension of the rules.

PRESIDENT AND SELL RESIGNED.

The same reported an ordinance repealing the ordinance that gives the Fire Company first drawing water on a fire $15 premium. Postponed.

The same offered an ordinance making it an offense to behave offensively in the neighborhood of any house, tenement, or building, or lot, by making noise as to the disturbance of the neighborhood, the offenders to be liable to a penalty of not over $50. Any person ringing any engine, or church, or other bell in any place in the city over ten minutes, except in case of fire to be liable to a penalty of not over $50.

Ald. Elder stated that on a certain street in the city there was an engine house, the bell of which was continually kept ringing, and with such effect that a live baby had not been born in the immediate neighborhood since it was hung there.

An amendment, offered by Ald. Douglass, to except the case of ringing at funerals, was voted down.

A motion by Ald. Drew, to except church bells entirely from the operation of the ordinance was lost.

The ordinance was finally passed.

RESOLUTIONS.

A resolution, offered by Ald. Douglass, to purchase a safe for the city was adopted.

Ald. Street offered a resolution which was adopted, authorizing the Mayor to appoint a committee to correspond with the Belgian authorities respecting the project of direct trade of the city.

A resolution, offered by Ald. Elder, was adopted requesting Dr. Marable to purchase no more medicine on account of the city without being authorized by the Mayor or Council to do so.

Adjourned until three o'clock this afternoon.

COTTON FACTOR AND COMMISSION MERCHANT.—Mr. C. H. Whitmore will hereafter occupy the office formerly occupied by Messrs. Townsend & Whitmore. Mr. Whitmore is one of our most active business men, is perfectly reliable, and has a long experience in the cotton and commission business.

MEMPHIS LIGHT GUARDS.—This company held an election for officers, at their armory, Monday evening, with the following result: Captain, J. J. Jennett; First Lieutenant, D. N. Kendall; Second Lieutenant, C. L. Powers; Third Lieutenant, R. T. Hood; Orderly Sergeant, J. D Kendall; Second Sergeant, J. Powers; Third Sergeant, John Bain; Fourth Sergeant, J. W. Whitsitt; Secretary, J. N. L. Kerr.

MESSRS. HILL & HAYLEY.—We invite attention to the card of Messrs. Hill & Hayley, cotton factors and commission merchants, in another column this morning. They are too well known as reliable dealers to need any commendat on. They will devote their best energies to their patrons, and will continue the business upon the same principles that have always governed them.

EDITORS APPEAL: Allow me a small space in your valuable paper for the purpose of bringing to light and before the public, a most grievous nuisance which is now being perpetrated against the citizens of South Memphis, in the locality of Beal street, perhaps the most important thoroughfare in the city. Just below the intersection of DeSoto and Beal streets, the dog killer, or dog killers, have been very busy for some days *depositing their dead dogs* upon the prope ty of private individuals, less than twenty feet from the pavement, or side walk, greatly to the annoyance as well as highly prejudicial to the lives and health of the citizens in this region. I think this work is being performed by one Ellis or Allison. The scent arising from the putrid bodies of these deadbeats fills the air for a considerable distance around, thereby rendering the atmosphere unfit for any one to remain longer in this locality; and are, unless this evil and outrage is speedily remedied, we may well expect, in our midst, during the prevalent hot weather, the most fatal diseases, as well as yellow fever in its most aggravated form—a recurrence of that fatal epidemic which swept off our good citizens in 1855.

T. L.

SUMMER SOURS—INTERESTING TO EVERYBODY.—Physiological research has fully established the fact that acids promote the separation of the bile from the blood, which is then passed through the system, thus preventing fevers, the prevailing diseases of summer. All fevers are "bilious" that is, the bile is in the blood. Whatever is antagonistic to fever is cooling. It is a common saying that fruits are cooling, and also berries of every description; it is because the acidity which they contain aids in separating the bile from the blood; that is, aids in purifying the blood. Hence the great yearning for greens and lettuce, and salads in the early spring, there being eaten with vinegar; hence also the taste for something sour, for lemonades, on an attack for fever. But this being the case, it is easy to see that we nullify the good effects of fruits and berries in proportion as we eat them with sugar, or even sweet milk or cream. If we eat them in their natural state, fresh, ripe, perfect, it is almost impossible to eat too many, to eat enough to hurt us, especially if we eat them alone, not taking any liquid with them whatever. Hence, also is buttermilk, or even common sour milk, so promotive of health in summer. Sweet milk tends to biliousness in sedentary people, sour milk is antagonistic. The Greeks and Turks are proverbially fond of sour milk. The shepherds use rennet, and the milk declares alum, to make it sour the sooner. Buttermilk acts like watermelons on the system.—*Half's Journal of Health.*

ARRIVALS YESTERDAY.

Fanny Bullitt	St. Louis	New Orleans
A. T. Lamy	New Orleans	Hickman

DEPARTURES THIS DAY.

Fanny Bullitt	N. Orleans	A. T. Lamy
Highflyer	St. Louis	St. Francis Ex.

STEAMBOATS LEAVING TO-DAY.

For White River	W. H. LANGLEY
For New Orleans	MESSENGER
For Cincinnati	MICHIGAN

During the twenty-four hours ending at four o'clock last evening, the river rose one inch and a half at this point. During the greater part of the day the weather was clear and very warm. There was a shower of rain in the afternoon, however, which had a tendency to cool the atmosphere.

The steamer Kate Frisbee arrived from Vicksburg about two o'clock yesterday morning, with a large number of passengers, and departed again last evening.

FOX CINCINNATI.—The popular lightdraught steamer Hickman, Capt. John Buhn, will leave as above at 4 o'clock this afternoon, affording the only sure opportunity during the week to get through to Cincinnati by water. The Hickman has fine accommodations, and officers who are not excelled in a knowledge of their duties and the disposition to perform them. Messrs. Byerl and Merrillee are the clerks.

FOR NEW ORLEANS.—The sumptuous packet Messenger, Capt. W. L. Miller, is the regular mail and passenger packet for New Orleans to-day, and will leave at 4 o'clock this afternoon. She is a fine summer packet, with every convenience and luxury that could be desired. Our popular friend, Mr. E. J. Booker, is the clerk.

Capt. Pete Fleming, of the defunct steamer Return, left this city Monday evening, by railroad, to take possession of the Oakland, which he will place in the Memphis and White river trade, instead of the Return. It is anticipated that the Oakland will be here in time to leave for White river on Friday.

We learn from the officers of the Hickman that there is 4 feet scant between Cincinnati and Louisville, 3 feet 6 inches at French Island, and less than 3 feet 6 inches, and very "lumpy," at Scuffletown. Scuffletown is the worst place in the river. The Hickman was drawing all of 3 feet 6 inches, and would never have come over but for the skill of pilot Joe Smith.

The Hickman left Cincinnati Thursday, July 28th, with forty cabin and fifteen deck passengers; lost three hours at French Island, and six hours at Scuffletown; the Kate May and Kentucky had passed up over Scuffletown; the Portsmouth, bound from Louisville to Memphis, was hard aground at Scuffletown, and would turn back from Cairo; the Jesse K. Bell lay above Scuffletown waiting for daylight; the Hickman lay six hours in a storm at Golconda, during which time the Moses McLellan passed up. The Hickman brought three hundred tons freight.

FOR WHITE RIVER.—The popular low-water steamer W. H. Langley, Capt. Williams, will leave for all points on White river at 4 o'clock this afternoon. She is the only packet in the river that runs in connection with this port, and passengers will find her all that could be desired.

The Highflyer left for St. Louis last evening on her first trip in the regular trade.

Capt. T. I. Wright has determined to build a new boat for the Memphis and St. Louis trade, and with that view will visit Louisville after the arrival of the Highflyer at St. Louis. In the meantime, Capt. Will. Halliday will command the Highflyer in the absence of Capt. Wright.

We are indebted to Mr. E. J. Booker, of the Messenger, for late New Orleans papers.

Southern Pacific Railroad.

We clip the following article from the Cincinnati *Railroad Record*, of the 28th ult.:

Dr. Fowlkes, its President, passed through this city today, en route for Texas, to Hopkinsville, to attend the meeting of the State Convention, and to confer with the President and Directors of the Southern Pacific Railroad. The Dr. is a gentleman of the best talent, and is a good one, I would recommend Sardis as being the place.

No better evidence can be adduced of the liberality, the generous and noble impulses of the ladies of Sardis and neighborhood, than the dinner which was spread upon a table two hundred feet long, laden with, covered, and groaned under the weight of the richest delicaments and all the varieties of pastry and vegetables. I only wish, friend Ward, that you had been there to see the delight, the pleasure the ladies and partakers of the richest dinner you ever saw. God bless every lady who had a finger in the pie. Marrying gentlemen can't make bachelors by marrying any of the fair daughters whose mothers were engaged in getting up that dinner.

I cannot close without speaking of our young friend, Dr. Dunlap, who on that occasion delivered an address on the subject of education, which did credit to himself and gained the applause of a very large audience. He is destined, at no distant day, to make his mark in this community. VISITOR.

MISSISSIPPI FEMALE COLLEGE, *Hernando, Miss.*

THE next session of this well known and popular institution of learning, will commence on MONDAY, THE 31ST OF AUGUST NEXT, under the direction of Rev. C. C. Comer, President, and Prof. W. M. Hewitt, as Principal of the Literary Department, assisted by experienced and experienced teachers, all of whom have filled with great credit, prominent positions in the best female institutions in the South.

The discipline will be firm and parental, the course of study ample and thorough, and no effort will be spared to render the school in every way worthy of liberal and continued patronage.

TERMS FOR SESSION OF FIVE MONTHS.

In the Primary Department	$10
In the Collegiate Department	12
Ancient and Modern Languages, each	12
Music, Instrumental and Vocal, each	50

Board will be furnished to the College or to such families, convenient to the School, at $12 per month, including washing, fuel, lights and the use of pianos $1 per month for incidental expenses. All bills are payable quarterly in advance, with the exception of the close of the session. No deduction, except in cases of protracted sickness, and none for lapsing during the first month, will be charged full price for tuition. We take great pleasure in recommending the present school to the patronage of the public generally.

W. J. A. SOON, Secy of the Board of Trustees.

Latest News by Telegraph

ARRIVAL OF THE STEAMSHIP OCEAN QUEEN AT NEW YORK.

ADDITIONAL PARTICULARS TO THOSE RECEIVED FROM CAPE RACE.

The Emperor Napoleon Justifies the Peace Treaty.

NEW YORK, August 2.—The steamship Ocean Queen arrived at this port to-day. The following is additional to the news telegraphed from Cape Race.

PARIS.—The Emperor Napoleon justifies the Emperor Napoleon's treaty of peace, and says: On the 20th inst., (yesterday) the Emperor resumed the great bodies of State to whose constitutionary objections he replied, ratifying the war and the subsequent peace.

LONDON.—The charter of the Atlantic Cable Telegraph Company are streaming.

INTERESTING NEWS FROM NORTHERN MEXICO AND ARIZONIA.

THREE THOUSAND AMERICANS TO INVADE MEXICO.

Miramon Faction to be Exterminated

Duel Between Lieut. Maury and Ed. K. Cross.

INDIANS COMMITTING GREAT ATROCITIES.

WASHINGTON, August 2.—The recent dispatches received from Northern Mexico say that within ninety days 3000 American troops will be organized on the Rio Grande, armed and equipped for marching upon the City of Mexico, for the purpose of exterminating the whole Miramon faction.

Advices received from Texas, of July 16, state that a hostile meeting had taken place between Lieut. Maury and Edward K. Cross, editor of the Arizonian. After four shots were inefectually exchanged, the difficulty was amicably adjusted. The Indians are committing great ravages in the northern part of Sonora—destroying men and ravishing women. The troops seem afraid to attack them.

An American citizen is now in jail at Magdalena, and it is feared he will be murdered.

It is impossible to travel with safety through Sonora. Lieut. Maury will meet no opposition as delegate to Congress from Arizona.

It is the intention of the United States Government to establish military posts on the frontiers of the Apache country.

President Buchanan returned to this city to-day in excellent health.

Kentucky Election.

LOUISVILLE, August 2.—The election returns received up to this evening, indicate the election of Beriah Magoffin, the Democratic candidate for Governor, and that the State Legislature in joint ballot will have a small Democratic majority.

The following is the latest from the Congressional Districts:

In the First District, Henry C. Burnet, Democrat, is probably elected over Barret Turner, Independent.

Second District—Samuel O. Peyton, Democrat, is probably elected over James S. Jackson, (Opp.)

Third District—J. W. Stidham (Opp) is elected over W. W. Sale, Democrat.

Fourth District—W. C. Anderson, (Opp.) is elected over T. N. Chrisman, Democrat.

Fifth District—J. T. Brown, Democrat, is elected over John H. Jewett, (Opp.)

Sixth District—T. T. Garrard, Democrat, is probably elected over Lucius Desha, (Opp.)

Seventh District—Robert Mallory, (Opp.) is elected over Thomas H. Hoe, Democrat.

Eighth District—W. E. Simms, Democrat, is probably elected over John W. Harlan, (Opp.)

Ninth District—Leslie Combs, (Opp.) Democrat, is probably elected over Lafon D. Jones, (Opp.)

Tenth District—John W. Stevenson, Democrat, is elected over Thomas L. Jones, (Opp.)

Death of Prof. Horace Mann.

CINCINNATI, August 2.—Prof. Horace Mann, the founder of Antioch College, died at Yellow Springs to-day.

No Signs of the Steamship Persia.

SANDY HOOK, August 2, P. M.—There are no signs of the steamship Persia. She sailed from Liverpool on the 23d inst., and is now due at this point.

St. Louis County Election.

ST. LOUIS, August 2.—In the county election held yesterday, the Republicans were successful by large majorities.

State of the Rivers.

ST. LOUIS, August 2.—The river at this point has fallen five inches during the last twenty-four hours. There is still feet of water in the channel from here to Cairo. The upper streams are falling, with are feet on the lower reaches of the Mississippi, and four and a half feet on the channel at Memphis. There is three feet water on the Illinois river bar.

THE GREAT ENGLISH REMEDY!

SIR JAMES CLARKE'S

Celebrated Female Pills.

THIS invaluable medicine is unfailing in the cure of all those painful and dangerous diseases incident to the female constitution.

It moderates all excesses and removes all obstructions, more whatever cause, and a speedy cure may be relied on.

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period in most cases.

CAUTION.

These Pills should not be taken by females that are pregnant, as they will certainly cause a miscarriage, but they will bring on Miscarriages, but at every other time, and in every other case, they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Giddiness, Dimness of Sight, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites, and all the painful diseases consequent to a disordered system, these Pills will prove a speedy and safe remedy. Price $1 per box.

Full directions in the pamphlet around each package, which should be carefully preserved.

A bottle containing 50 pills, and circled with the government stamp of Great Britain, can be sent by mail for $1 and 6 postage stamps.

BAILEY SPRINGS.

THE SECOND SEASON under the management of proprietors of these Springs, will commence on the 1st inst., and continue through the entire season.

The Improvements.

A Large Dining Room, capable of seating twenty-five hundred persons, has been added to the premises during the past Fall and Winter, and the Ladies Bath House has been materially enlarged, with a much

LARGER CROWD

than they were last season, the buildings all being large, and complete.

THE WATERS

Are over the same in quantity and quality, and are unsurpassed, if equaled, by any other Springs in the world for the cure of

SCROFULA, DROPSY, DYSPEPSIA, SORE EYES,

DISEASES OF THE KIDNEY,

LIVER AND BOWELS,

and all kinds of

Venereal and Cutaneous Diseases.

THE TABLE

Will be supplied with the best and most wholesome food that the markets of the country can afford, with a polite and attentive Steward and servants to attend it.

AMUSEMENTS.

A good Band of Music will be on hand, and a large Ball Room will be ready for those who may wish to enjoy the dance. Also, a Bowling Alley, Billiard Tables, Ten Pins, &c. Also, a Bar of the Liquors, Tobacco, Cigars, Confectionaries, etc. The few daring, roving and idling in the more dear water of life, will find the best and choicest liquors.

HORSEBACK AND BUGGY

riding, all conducive to health. BAILEY'S one of the most pleasant places.

IN THE SOUTH.

MEDICAL.

Drs. Crittenden & Stewart have opened an office at the Springs, where one of the proprietors will be ready to attend calls, and perform all surgical and difficult operations in the most skillful manner.

The premises formerly occupied by visitors of all classes have been appropriated as a

HOSPITAL

for invalid females, and will be placed under the charge of a regular Superintendent, to see that they are well provided for, and that every thing is done for their comfort.

EDUCATIONAL.

A Lady of many years experience as Teacher and Governess in the first schools and families in the South, and in every respect well qualified, has a class here at this time, and will be prepared to take charge of all that may be entrusted to her care.

These Springs are accessible from the East, West, North and South by the Memphis and Charleston Railroad and its tributaries in Florence, Alabama, thence by Stage—some Twenty miles south on the Spring.
