## A NEW DE BEVOISE CREATION

### The Outline of Youth

—it shall not pass. Fashion is but the re-creation of the charm and allure of youth. Fashion denies age—and defeats it. Youth is lithe and alive, pulsating with the sinuous, unconscious grace of wild things. There is no hardness or fixity of line. The outline of youth is soft and yielding to a thousand pliant poses.

DeBevoise Brassieres were conceived in the spirit of youth—to hold it—to rectify it perhaps, but never to change it. There is a DeBevoise for every type of figure—every style serves to bring the figure for which it was designed closer to the slim beauty of the perfect youthful outline.

Corsetiers Priced at \$2.50.  
Brassierers Priced 50c—75c—\$1.00 Up.

### Buster Brown Hosiery for Ladies

It isn't the original cost but the upkeep you've got to consider in buying hose—that's why we sell Buster Brown Silks. They wear. Divide the cost by the number of days' wear you get and the answer is almost nothing. We invite you to inspect the texture of these beautiful silk hose.

Colors—white, black, brown and grey. Priced, \$1.00, \$1.50, \$2.00.

ness and principal lessening; while best of all, just as fast as the roads are built the maintenance is lifted off the county as a burden to the taxpayers, and removes also a political football for the voters to kick at every election.

While the meeting did not formally express itself upon the question of a bond issue, it being felt to be outside the legitimate function of a political body, it followed up its approval of a road system by voting to require of the candidates for the legislature in the campaign this summer to express themselves upon this subject of public roads in an explicit declaration upon the stump. We shall see what comes of it.

### WHOOPIING COUGH.

This is a very dangerous disease, particularly to children under five years of age, but when no paregoric, codeine or other opiate is given, is easily cured by giving Chamberlain's Cough Remedy. Most people believe that it must run its course, not knowing that the time is very much shortened, and that there is little danger from the disease when this remedy is given. It has been used in many epidemics of whooping cough, with pronounced success. It is safe and pleasant to take.
