Local Matters.

Saturday Morning, September 10, '59.

☞ Mr. E. McIlohn, of this city, was in Louisville on Wednesday last.

☞ There were fifteen delinquents before the Recorder yesterday, six of whom were sent to the chain gang.

THE LETTER LIST.—The list of uncalled-for letters in the Memphis Post office, will be published in the Sunday APPEAL.

ROOM FOR RENT.—We invite the attention of those interested to advertisement under above caption in another column of to-day's paper

THE ADAMS EXPRESS COMPANY.—We are indebted to Mr. A. H. Butler, the agent of the Adams Express Company, for Louisville and New York papers.

THE CITY SCHOOLS.—For the information of those interested, we are requested to state that the city schools of Memphis will commence the coming session on Monday, the 26th September.

CHARGE DISMISSED.—J. C. Woods, the man who was arrested Thursday on the charge of stealing some articles of trifling value at the fire Wednesday night, was examined yesterday and the charge against him was dismissed.

☞ Hon. W. K. Sebastian, U. S. Senator from Arkansas, has been passing a few days at the Gayoso House with his family. We are pleased to see the Judge appearing in such excellent health. He is one of the very best working Senators in that august body.

THE STREET RAILWAYS.—The committee appointed at the last meeting of the Board of Aldermen, in connection with the establishment of street railways, in this city, through our columns this morning, invite proposals from those who wish to embark in any of the enterprises in contemplation.

☞ Thos. Sukes, Daniel Mehan, and two other participants in the row in North Memphis Thursday, the particulars of which we have already given, were fined by the Recorder yesterday—Sukes fifty dollars, for carrying concealed weapons and resisting the police, and Mehan and his companion sixteen dollars each for disorderly conduct.

WORSHAM HOUSE BRANDY—A RARE BRAND. Our friend Worsham has supplied his bar with a splendid article of London Dock of the vintage of 1848. This is a rare brand in Memphis, and the article itself cannot be beaten anywhere on the Atlantic seaboard where it is so much admired. Call and try it.

PURE OLD BOURBON.—Mr. John W. Meighben, of the celebrated firm of Meighben & Co., at Cynthiana, Ky., has furnished us specimens of their pure old Bourbon whisky, a consignment of which was received by Capt. Jas. O'Neal yesterday. There is no doubt of the purity of those liquors, and the admirers of "Old Bourbon" now have an opportunity to supply themselves.

MARSHALL & MATHEWS.—Mr. Marshall is a practical and skillful dyer and scourer, and Mr. Mathews is an unrivaled tailor, and by their united efforts they are able to renovate and renew every description of coats and vests and pants in such style that you cannot tell them from new garments. Give them a call. Their office is on Main street, between Gayoso and Beal.

DELEGATION TO ST. LOUIS RAILROAD CONVENTION.—We are requested by the Chairman of the committee to publish the following additional list of delegates to the Railroad Convention at St. Louis on the 29th ult: Hon. T. Hulbert, Miles Owen, K. J. B. L. Winn, J. J. Murphy, E. W. Mumford, J. H. Outlawn, R. M. Kirby, D. M. Leatherman, W. C. Bradford, S. B. Curtis, A. H. Hise, E. E. Dill, J. H. Stephenson.

STRIKE AMONG LABORERS.—The laborers in the employ of Mr. John Loudon, who has the contract for paving the city wharf, to the number of about eighty persons, struck for a slight advance of wages yesterday morning. A portion of the number, however, continued at work, and a row occurred between them and those who quit. One or two arrests were made. Mr. Loudon employed other hands, and the work of paving will continue without interruption.

MEMPHIS AND LITTLE ROCK RAILROAD.—The residents along the line of this road seem to be interested to the importance of the early completion of the road. A few days ago a number of citizens of St. Francis county, Ark., subscribed for a large amount of the stock. Col. A. H. Douglas and others of this city, friendly to the enterprise, have been invited, and accepted invitations to address the people of St. Francis county at an early day in reference to the importance of the work.

FIRE DEPARTMENT.—It has been suggested by some one, that we should have stationary engines, instead of locomotives to run through our streets. The philosophy of the operation consists in the fact that instead of running the engine we shall only use the "feet," and ten of these stationary engines will subserve all the wants of the city. Fire companies will be abolished, and fires will be less numerous than now.

Why should not this matter be discussed as well as "Street Railroads" by our Board of Aldermen?

COMMITTED ON THE CHARGE OF MURDER.—We gather, Wednesday last, the full details of the killing of Frederick Treiler, a German citizen, at the negro dance house near city limits on Saturday night last. Subsequently, no less than seven negroes were arrested on the charge of complicity in the crime, and Esquire Horne has given the case a patient investigation. The examination was closed yesterday, and Phil, the slave of Mrs. Gwynn, and John, the slave of Mr. Pope were committed for final trial on the charge of having committed the murder.

BEAUTIFUL HAIR.—This is one of the greatest ornaments a man or woman can boast of. A splendid head of hair, a luxuriance of hair, if it be in a high state of health, glossy and thick, no matter what its color be so that it is natural, is an attraction that will not escape the envy of those who are bald; and gray hair is universal till we have to be the neighborhood of four score and ten; short of that it is a disease. We would remedy this disease, and in what way? How could we restore gray hair to its original health? Use Professor Wood's Hair Restorative, for sale at all the drug stores; it restores the hair, it restores its health, and when that is reproduced, its luxuriance and gloss is sure to follow. Wood's Restorative is the only valuable hair preparation. See advertisement.

FATAL ACCIDENT TO A YOUNG LADY.—A young lady, a native of Germany, who has resided in this city about one year, whose name was Teresa V. D. Auer, fell from the second story window of the Philadelphia House, at the corner of Front Row and Mark i alley, about 12 o'clock Thursday night, and sustained injuries which caused her death a few minutes after the accident occurred. The young lady had been laboring under the effects of fever for some weeks, and was ill at the time. By the accident she received a serious injury of the head and a dislocation of the spinal column. Policeman Hoyne was near by when the deceased fell to the sidewalk, and at once went to her relief and summoned medical aid. It is presumed the young lady lost her balance and fell while in the act of throwing some water from the window. An inquest was held over the body by Esquire Horne, and the jury returned a verdict of "death by accident."

SOMETHING FOR THE LADIES.—We invite the attention of the ladies to the peculiar attractions at No. 185 (opposite the Worsham House) Main street. Mr. Silberberg's stock of dress goods and fancy articles, which is entirely new, has never been surpassed at any establishment of the kind in the South or West. He has everything in the millinery and dress line, including bonnets, flowers and ribbons, laces, embroideries, silks, etc., and all descriptions of under-wear. The dressmaking department is under the direction of Madame Morel, the late French superintendent of S. T. Taylor's establishment at 147 Broadway, N. Y., whose reputation is almost world-wide, and whose taste is faultless. Ladies would do well to call and examine Mr. Silberberg's goods and acquaint themselves with his prices.

ROBBERY AT A BOARDING HOUSE.—A German cattle-drover from Hardeman co. Tenn., whose name we could not learn, was robbed of the sum of $230 Thursday night at the boarding house kept by one Bridget Filson, in the vicinity of the Memphis and Charleston Railroad depot. The gentleman robbed slept at the house in question early in the evening, intending to await the departure of the midnight train. He partook of some refreshments, but chose not to retire, and fell asleep in the chair. When he awoke, his money, which he had once oped in a handkerchief, and held in his hand was gone. The woman who kept the boarding house knew that the traveler had the money in his possession, and he very naturally supposed that she had stolen it. Diligent search was made about the premises, but no portion of the lost treasure was discovered. Mrs. Filson, the keeper of the boarding-house, was subsequently arrested on the charge of purloining the money.

RAILROAD ACCIDENT.—An accident occurred at four o'clock yesterday morning to the passenger train going south over the Mississippi and Tennessee Railroad, about three miles this side of Bolivar, which, fortunately, was attended with no serious consequences. By the accident, the locomotive "C. M. Vaden," the tender and baggage car were thrown from the track, and fell down a fifteen foot embankment. It is remarkable that no one on the train was seriously injured, although the conductor, Mr. Butler, who was in the baggage car, and one or two other employes on the road were slightly bruised. Luckily the coupling between the baggage and passenger cars caught upon the track, and prevented the passenger cars from being precipitated down the embankment. The accident was caused by the displacement of the iron on the track for a short distance, by some villains, who are known to be the enemies to the road. Active measures will be taken to bring the scoundrels to justice, and there is a prospect that these measures will be successful. The up-train arrived soon after the accident occurred, and the passengers by the unfortunate train were taken to Bolivar, after they had all been handsomely entertained by Mr. Patrick, of that vicinity. The track was torn up for a short distance of about twenty yards, but was substantially repaired at once, and the trains are now running over the road with perfect regularity.

THANKS.—W. O. Lofland, Esq., requests us to return his thanks to the firemen of the city generally and to his neighbors, for their kindness in assisting him to save his residence from destruction at the fire Wednesday night.

MARRIED.

At the residence of the bride's mother, on Wednesday evening 7th instant, by Rev. R. C. Grinde, D. D. W. A. D. GWYNN, to MISS ELIZA A. HENDERSON, all of this city.

$50 Reward--Fugitive from Justice.

I WILL pay Fifty Dollars reward for the apprehension of one SAMUEL SLATER, and delivery to the Sheriff of Shelby county, who fled on the evening of the 30th instant, murdered my negro man Jim, on the State Line road, five miles from Memphis. Said Slater is small of stature, rather light hair, a hunting or fiddler by and reputed whalers. He was in the employ of Mr. Cannon, near Memphis. A. H. DENSON,

River News.

ARRIVALS YESTERDAY.

M. Pollock, Wm. Wilson, J. Hopkins.....New Orleans.

DEPARTURES YESTERDAY.

Messenger.....New Orleans; R. M. Boland.....White river.

The river fell four inches at this point during the twenty-four hours ending at six o'clock last evening. The weather was very warm yesterday, with indications of rain, but no rain.

There was but three feet water in the canal at Louisville on Wednesday, and the Ohio was falling there at the rate of one inch in 24 hours. The Ohio will soon be quite low again, and even the Muscle Middlebar will find it difficult to make another trip.

It was the intention of the officers of the steamboat Messenger, from Cincinnati, to transfer her New Orleans passengers and freight at this point, and return to Cincinnati. There was no New Orleans boat, however, and the Messenger continued to make the trip. She had a good freight and a large number of passengers.

The Mary Peterson, Capt. Bateman, arrived from White river last evening, with a fair trip.

Mr. Petty, of the Gem, Pike, has arrived from Louisville, where he left the Pike undergoing repairs, preparatory to entering the White river trade. The Pike was to leave Louisville for the upper rivers on 11-day. She will leave Memphis for White river every Saturday. Messrs. Bowers and Farley will be the clerks.

The E. M. Bayliss left at her landing yesterday, making preparations for a trip to White river.

Capt. J. H. Pettrich, the agent of the Memphis and New Orleans packets in the latter city, is in Memphis.

Capt. Charles Lattimer, of the steamer W. A. Bowen, on the Columbus and Cairo packet, arrived in the city yesterday morning.

The Chariton, Capt. Silver, will form one of the independent packet line between Memphis and New Orleans. She was due here from Louisville last night.

The Interchange left Louisville for this port yesterday. She will continue her trip to White river.

The Jennie Whipple will be due from the Arkansas river hereafter. In all probability she will make another trip to Louisville.

Spalding and Rogers' great circus company, on board the Floating Palace and Jim Raymond, contracted a series of four circuit exhibitions at the landing last evening, and were to have departed for White River.

The St. Louis Democrat says that a petition is being circulated and extensively signed by the lower river cotton planters, praying the Mayor and Council of St. Louis to compel the New Orleans boats from landing at the quarter allotted to their upward trips. The quarantine line is proposed to be moved to a locality rendering it necessary for boats to go about two miles out of their way to reach it.

SOMETHING NEW IN BOAT BUILDING.—The Wheeling Intelligencer has the following notice of a short boat built there for Green river. Probably the Mabile, which descended the falls yesterday, is the boat alluded to. The name should be Mabile, and not Little Rock Railroad, the only railroad in operation between St. Louis and New Orleans that penetrates the broad alluvial area of the Mississippi river, and the road which will in a few years connect Hopefield with the Pacific Ocean and the southern terminus of the St. Louis and Iron Mountain Railroad being backed by the richest commerce in the world now rapidly being opened and put in useful activities. The proprietors deemed it unnecessary for them to say a word to show the public that Hopefield is destined to be the Queen City of the Mississippi Valley, the Great Western World will confirm. The Trustees will show the lots to any persons desiring to see them, consisting of about 5,000 acres within a few miles of Memphis.

The Reform Movement in Baltimore.

SALTIMORE, September 9.—Monument Square was densely packed last night with masses of the most respectable citizens of this city. Wm. Woodward was chosen President of the meeting, and resolutions were passed condemning club rules. They proposed vigorous and effective measures to get a fair expression of the voice of the people, and demanding of the Mayor to appoint reliable Judges of Elections, and empowering a Special Committee to nominate the most respectable and reliable men, irrespective of party, for officers of the city. Speeches were made by Hon. George Brown, Jno. Hodges and George Hoffman. Quite a large crowd was present at the meeting. During the meeting several attempts were made by the rowdies to interrupt the proceedings, but they were put down. After the adjournment of the meeting, the rowdies took the platform and one of their leaders commenced to address the crowd. The Police interfered and captured fifteen of them, who were carried to the Station House until the last plaudits of the people and the waving of handkerchiefs of the ladies in the streets through which the Police hurried their victims.
