Local Matters.

Sunday Morning, September 11, 1859.

RECORDER'S COURT.—There were eighteen delinquents before the Recorder yesterday, four of whom were sent to the chain gang.

Messrs. J. J. Smith, at the lower city wharfboat, have a consignment of apples for sale at cheap rates.

There were ten committals for drunkenness at the station-house yesterday and last night.

We are indebted to Mr. H. Borden agent of the Adams Express Company, for late New York papers.

The eleventh session of the Memphis Female College will commence to-morrow morning.

T. M. Martin and family, J. B. D Hundley and family, and Mrs. Chenney, of this city, were in Louisville, on Thursday.

Mr. Alice Wilkinson will preach this morning at 10½ o'clock, at the Jefferson street chapel, corner of first alley east of the Post-Office.

DAVIDSON CHAPEL.—There will be religious services at Davidson Chapel, at 10½ o'clock, a. m., and at 8 o'clock, p. m. Rev. W. B. Owen, Pastor.

MILITARY PARADE.—The members of the Memphis Light Guards are requested to meet at the Armory at 2 o'clock to-morrow, in full dress, for public parade.

THE FLOATING PALAC.—Spalding & Rogers' Floating Palace, in tow of the steamer Jas. Raymond, left this port for White river yesterday morning.

NEW COTTON.—The receipts of new cotton by railroad are large. A single consignment of one hundred bales was received yesterday, from the vicinity of Hernando, Miss.

Messrs. R. Walker & Brother, and J. Walker & Co. have received their fall and winter stock, and are now able to furnish the very latest patterns of seasonable goods.

RELEASED.—Wallace Highgate, a free negro, who was arrested in this city on the 28 h of August, as a fugitive slave, produced evidence that he was a free negro yesterday, and was released from prison. Highgate is from Pittsburgh.

THE CITY SCHOOLS.—The report to the effect that the City Schools would commence their fall and winter terms on Monday, the 25th inst., is erroneous. All the public schools of the city will be open for the reception of pupils to-morrow.

Parents desiring to make arrangements for sending their daughters to the State Female College, the next session of which will commence on Thursday, can procure omnibus accommodations by calling on Messrs. Fletcher & Keck, at their livery stable, corner of Main and Gayoso streets.

NEW BUSINESS HOUSE IN NEW ORLEANS.—Mr. S. Cook Creighton, a gentleman well known in this city, has recently established himself in New Orleans in the receiving, forwarding, and general commission business. We invite attention to his card in another column.

FUGITIVE RECLAIMED.—The slave boy Thomas, whose arrest as a fugitive slave we announced several days ago, was sent to his owner, at Louisville, Ky., yesterday, in charge of Mail Agent Gillmore, of the steamer *Platte Valley*. The fugitive is the property of Mr. Nicholas Furry, of Louisville.

NEW SUPPLIES.—Messrs. J. Frank & Co., at No. 63 Front row, are in receipt of large supplies of mess pork, mess beef, hams, and Cape Gerardeau flour, together with a large consignment of champagne wine, and other liquors. Their stock of groceries is also very full and complete.

CHILD LOST.—A negro child, about four years old, named Isaac, and of copper color, either wandered off, or was stolen, about noon yesterday, from the premises of D. M. Currin, corner of Adams and Third streets, opposite the Catholic Church. Suitable reward will be given for his recovery.

THE WORK AT THE LANDING.—Notwithstanding the style among the laborers in the cellar of Mr. Loveless at the landing on Friday, a full force was employed yesterday upon the grade and pavement, and the work of varying the landing will be pushed forward with vigor. The contractor is not of that class of men who are embarrassed by trifles.

MODERN LANGUAGES.—We invite the attention of each of our readers as may seek instruction in the German and French languages to the advertisement of Prof. Bullinghaus. He is highly qualified and experienced as a teacher, and is withal a most excellent and deserving gentleman. His rooms will be found on the corner of Main and Monroe streets.

DOUBLY FINED.—John Woods was arraigned before the Recorder yesterday on the charge of selling without license. During the course of the examination the accused offender against the dignity of the court and was fined not only for the breach of ordinance, but for contempt. The aggregate amount of his fines was twenty dollars.

STABBING AFFRAY IN ARKANSAS.—We learn from the officers of the Tennessee Belle that a stabbing affray occurred on Saturday between Crook and Wm. Cole, at Poneville, Ark., on the 7th inst., which will in all probability result in the death of Crook. Cole was arrested. The difficulty was caused by the circulation of alleged slanders against Crook's family by Cole.

Friend Spicer, of the "Useful Place," yesterday presented us with the finest specimen of egg-plant we have seen. It was raised upon the plantation of Col. Brabson, of Panola county, and measured ten and a half inches in diameter. Friend Spicer keeps at his depot on Madison street, a variety of choice articles of almost every kind for family use, which he supplies to his customers upon liberal terms. Give him a call.

FATAL CASUALTY.—A brickl ayer by the name of Peter O'Hanlan, who recently came to this city from St. Louis, fell from a building on which he was at work last Friday, and died in about six hours afterwards. He had no family, but is understood to have relatives in Augusta, Ga. At the time of the casualty, he was at work upon the house of Mr. Earnest Levy.

NOTICE TO PERSONS HAVING CONTRACTS FOR LEVEEING.—We invite the attention of levees to the card of J. G. Lucas & Co., proprietors of the Pacific Wheelbarrow Works at Louisville. The wheelbarrows manufactured by this firm are of superior quality, and peculiarly adapted to railroad works and leveeing purposes. Messrs. Frank Smith & Co., Main street, will fill all orders for these wheelbarrows.

We observe that our old friend, Dr. Gilbert, has purchased an interest in the Drug store of Plummer, Eldridge & Co., and the business will in future be conducted under the style of Plummer & Gilbert. In addition to this, we learn that Dr. S. T. Gilbert, a regular graduate of Jefferson College, Philadelphia, has ceased the practice of medicine, and will in future devote his whole time and attention to the Drug business in this house. We commend the establishment to our friends in general, as one of the most substantial in the city.

THE NEW DIRECTORY OF THE MEMPHIS AND CHARLESTON RAILROAD.—An election for Directors of the Memphis and Charleston Railroad was held simultaneously in this city and in Huntsville on Wednesday last, with the following result: Saml. Tate, R. C. Brickley, Q. C. Atkinson, C. W. Hunt, Wm. Dickson, Wm. Rohde, R. M. Patton, George P. Sterne and J. J. Deneegan, all of whom were re-elected. The officers of the company for the present year will be elected by the Board on the 15th inst.

ALLEGED ROBBERY.—Some time ago, Edward Whalen, of this city, was robbed of the sum of $500, which was stolen from his residence. Mr. Whalen was unfortunate in not knowing the identity of the perpetrator of the robbery, until a boarder in his house named Jerry Ryan offered him a piece of gold coin, partially marked, in payment of his board bill, which Whalen recognized as a portion of the stolen money. A warrant was issued yesterday for the arrest of Ryan and his wife, on the charge of having committed the robbery, and Ryan was taken into custody by Deputy Sheriff Bird. Mrs. Ryan eluded the vigilance of the police, and is still at large. The examination of the man and wife will take place before Esquire Horne to-morrow.

AN INDIAN CROWN.—We learn, says the Washington *States*, that quite a novel ceremony is to be performed in Washington next winter. A United States Senator, who has, by some good chance, secured the good will of our brothers, the red men, is to be crowned chief of the Choctaws, by a deputation to be despatched for that purpose. He is to be loaded with all the honors, dignities and immunities of the position. The ceremony will of course be strictly Indian. We do not see shall have the first instance on record of a chief sitting in the Senate. This is really true—no joking. We learn, too, that the distinguished gentleman is quite ready to accept.

RIVER NEWS.

ARRIVALS YESTERDAY

John J Roe	St Louis	Chancellor	N Orleans
Thos Jefferson	White river	Platte Valley	St Louis
Mary Patterson	White river	Rapides	N Orleans
New Falls City	N Orleans	Charter	Ohio river

DEPARTURES YESTERDAY.

John J Roe	N Orleans	Chancellor	Louisville
Mary Patterson	White river	Platte Valley	St Louis
New Falls City	St Louis		

The river fell three inches at this point during the twenty-four hours ending at 4 o'clock last evening. The weather was very warm yesterday. Business was trifling.

There is ten feet of water in White river, and the river was rising when the Patterson left same ept.

The shipments of cotton during the week ending last evening embraced 149 bales, of which 116 bales were taken for the Ohio river, 11 for St. Louis, and 22 for New Orleans.

The receipts of cotton by the river, during same period, embraced but 15 bales.

The Dan'l Boone departed for New Orleans last evening with the largest passenger and freight trip ever taken from this port for Vicksburg.

The steamer Mary Patterson left for White river last evening, with a fair trip both of freight and passengers.

The Tennessee Belle has changed her regular day of departure for White river, and did not leave last evening.

The Rapides and New Falls City from New Orleans, and the Charter, from Pittsburg, arrived last night.

The regular packet line, composed of the Memphis and New Orleans packet line, are making arrangements to commence the winter campaign. The Intendant Wilkey will be seen by advertisement, will leave this port for New Orleans on Wednesday.

Messrs. Mansfield, Dupree & Co., sold one half of the yankee steamer Comet, yesterday, to Mr. White, the wrecker, for the sum of $300. The Comet, it will be remembered, was a little St. Francis river packet, and was sunk at Gaines' Landing, seventeen miles below this city. She was sold by order of the underwriters.

There is 20 inches on the Lower Rapids, and three feet six inches from Keokuk down.

The Illinois river is falling, with two feet in the channel from Peoria down.

The Missouri river is in a very bad condition, and numerous boats are coming their way daily everywhere. There isn't six feet in the channel from St. Joseph down.

The Platte Valley arrived from St. Louis yesterday morning, with one of the most successful trips of the season, including a very large freight.

The Emma left Cincinnati on Thursday with 350 tons and a large number of p. sengers for this port, in tow of the Hickman, which had broken a shaft. She will arrive to-morrow, and leave for Cincinnati on Wednesday. Capt. Miller is the agent.

The Jas. Raymond, with Messrs. Spalding & Rogers' Floating Palace in tow, departed for White river yesterday morning.

LOSS OF THE SCHAGER BY FIRE.—The insurance has already announced the sinking of the steamer St. Mary. The St. Joseph Gazette of Wednesday last contains the following particulars of the accident: The boat was upon a regular trip to Kansas, left on Sunday evening, near Brown's Landing, and was so damaged as to make it necessary to run her on the nearest bar. Captain Weaver was himself at the wheel when the accident occurred. It was soon ascertained that she was badly damaged, and had sunk in about an hour and a half. The boat is, of course, a total loss. The St. Mary was freighted chiefly for Nebraska City and Omaha. Her cargo was nearly taken off by the ferry-boat St. Stephens, and, with the exception of some hardware in the hold and other heavy goods, the cargo was saved in good order. The St. Mary belonged to Capt. Caldwell, of Quincy, Ill., and was an old, fourth a good boat. She was valued at from $12,000 to $16,000, and was insured, we learn, for $11,000 to Pittsburg offices. The Campbell brought down the furniture of the St. Mary, and her passengers, to the first landing below, where they will await an upward-bound boat. The St. Stephens will carry her freight to the town of that name, to await shipment. The Saint Mary lies above St. Joseph bridge, and will, unless unfortunately repaired, work much inconvenience to the upper country people, with whom these packets are now indispensable. It is not expected that she will be put up at once. We learn that the river is in a terrible fix. The "oldest inhabitant" has never seen it in so deplorable a state. The most careful and experienced boatmen navigate it with the utmost difficulty.

From St. Louis—The splendid steamer J. W. Ripley, Capt. Marshall, will leave for St. Louis at 4 o'clock tomorrow afternoon. She is commanded as a passenger boat, and as the carrier the mails, makes all her connections with great regularity. Capt. Marshall, a most active and efficient officer, is the clerk.

FOR NEW ORLEANS.—The fine steamer Alice Vivian, Capt. —bels, will arrive this morning and leave for New Orleans with the usual best despatch. The Vivian is a most delightful steamer packet.
