Local Matters

Saturday Morning, October 1, '59.

RECEIPTS OF COTTON.—The receipts of cotton by the Mississippi and Tennessee Railroad yesterday embraced three hundred and sixty-three bales.

MACHINERY DETAINED.—A portion of the new machinery for the planing-mill of Moore, Halstead & Co., was sent recently in the Ohio river, but raised again, and stored at Cairo. The machinery was but very slightly damaged, and will be forwarded to this city at once.

NEW ENTERPRISE.—A contract has been entered into with R. C. Brinkley, Esq., for the erection of a commodious edifice on the south side of Court Square for the accommodation of the Metropolitan Book Repository, the building to be completed during the present year.

CHARGED WITH SWINDLING.—J. W. Bonts, of the late firm of Priest & Co., of "Niagara City" notoriety, was arraigned before Squire Hill on the charge of obtaining $47.50 from Daniel McNamara under false pretenses, and held to bail for his appearance at the Criminal Court.

CATTLE OVERGRAZED.—In the attempt to transfer a lot of cattle from the ferry-boat Mound City Belle to the Belfast yesterday, twelve head of the drove jumped overboard, and were carried a considerable distance down the stream. They were all rescued in the vicinity of Fort Pickering, however.

SHELBY CIRCUIT COURT.—In this tribunal, now in session at Raleigh, the case of Benj. Persons, charged with the murder of F. D. Robinson at Collierville, on the 4th August last, was taken up on Thursday. A jury had been empanneled, and the testimony was partially heard yesterday. A decision will no doubt be rendered in the case to-day.

TERRIBLE ACCIDENT.—An employee on the Memphis and Charleston Railroad named Martin Conley, was run over by the passenger train on that road, near the depot in this city last evening, and had his leg crushed in such a frightful manner that amputation was necessary. The operation was performed by the Drs. Taylor, and the patient was doing well subsequently.

A NOVELTY IN THE WAY OF AN ARREST.—Michael Cohen and Philip Coswell engaged in an affray yesterday, in which the former is said to have been the aggressor. We are informed, however, that Cohen was permitted to remain at large, and Coswell, who was simply a witness, was taken into custody. Rather a novel procedure.

THE EXODUS OF THE SLAVES.—We stated yesterday that a party of sixty-three slaves were taken through the city Thursday, destined for the South. Large numbers passed through the city yesterday, having the same destination in view. A single drove, numbering twenty-three negroes, embarked by the steamer Belfast last evening for southern plantations.

FOR NASHVILLE.—A number of leading Democrats of this city, including Major W. H. Carroll, J. Knox Walker, Esq., and H. T. Hulbert, Esq., departed for Nashville yesterday, and will arrive in time to participate in the great Democratic jubilee at the State Capital. Messrs. Payne and Farley, members of the Legislature elect, also left for Nashville yesterday.

A NEW TRADE.—Among the shipments by one of our local packets yesterday were twenty-bales new cotton, for resHipment at Paducah for Nashville. The staple in question was sent forward by Mr. Z. P. Bowles to a correspondent at Nashville. As Nashville is a sort of out-of-the-way market for cotton, yet in the midst of the cotton region, we regard the shipment alluded to above as somewhat of a novelty.

☞ Maj. Jno. L. Bunch, late of Alabama, has become connected with the editorial corps of the *Avalanche*, succeeding Mr. Franc M. Paul as local editor, who retires. Maj. Bunch is a high-toned, and intelligent gentleman, and we warmly welcome him into the corps editorial of Memphis. We part from Mr. Paul as from a cherished friend, and from one who is capable of filling any position in a newspaper with credit to himself and profit to the public.

☞ The increment raise on yesterday presented the sale of the houses and lots on Dunlap street, but on Monday they will be sold regardless of the weather. Also, in consequence of the rain the great sale of country residences, advertised to take place on to-day, Saturday, will be postponed until next Thursday, when they will be sold without fail. The large number of persons who have indicated their intention to attend this sale we hope will bear in mind that on the day named above these lots will be sold regardless of weather or price.

☞ Our friend, Mr. Franc M. Paul, has gone to Nashville, and is a candidate for assistant clerk of the Senate. He would undoubtedly succeed to his wishes, if the Tennessee Senators knew his worth, his capacity and his genial qualities. We trust they will estimate these, from the universal opinion of all who know him, and will elect him to the position he seeks. They will thus secure for themselves a faithful and capable officer, and favor the aspirations of a noble-hearted and genial gentleman.

LARGE PROPERTY SALE.—Our friend Armour, as will be seen from our advertising columns, is about offering a large amount of very valuable real estate which is centrally located. It is an excellent opportunity for obtaining homes at a very reasonable price and on terms which seem to us very liberal. Comment about the increased value of real estate is unnecessary, now the old logjam is all out of the way and water ceased to croak. We are assured that it is his intention to make a heavy sale in order to pay off pressing liabilities and further improve other valuable vacant property in the same vicinity. We admire his course and think if other property holders would sell off and build up, it would help the whole city. There is two much vacant property in Memphis, and we are glad to see those who hold large quantities of vacant property forced to sell it out; it gives the new comers a chance to get homes, and not be compelled to pay half or all their earnings in rents.

THE RAILROAD CONVENTION AT ST. LOUIS.—Two or three citizens who spent several days of the present week in St. Louis, returned home by railroad yesterday, among whom was Col. Pollock R. Lee. The convention of delegates friendly to the extension of the St. Louis and Iron Mountain Railroad to the Mississippi river met on Thursday morning. There was a large number of delegates in attendance from this city, among whom were Col. Sam Tate, F. Titus, I. N. Barnett, J. T. Swayne, A. H. Douglass, O. C. Boone, Col. Trezevant, Frank White, Moses Wicks, B. B. Waddell, Robert Fletcher, Milton McKnight, Q. C. Atkinson, R. B. Hawley, James D. Anderson, Charles May and Messrs. Page, Maddox, James, Garrett, Tucker and McMurry. The convention was organized by the appointment of Col. Darnes as temporary President. A committee of delegates from the counties in the southeastern portion of the State was appointed to select permanent officers, and at the suggestion of the convention the committee reported a list of officers from the State of Missouri, that meaning being deemed practicable from the fact that it would become necessary for the officers of the convention to make an appeal to the State Legislature for aid.

The President of the St. Louis and Iron Mountain Railroad was chosen as permanent President, together with two Vice-Presidents and as many Secretaries. The President opened the convention in a forcible address, advocating the importance of the extension of the Iron Mountain Railroad to the Mississippi river. There was also a large delegation in attendance from Southern Missouri, Arkansas, Tennessee, and Mississippi, who were invited to participate in the proceedings. Judge Bullock, of Columbus, Ky., addressed the convention in favor of terminating the road at Columbus. There was a strong feeling in St Louis in favor of extending the road through Arkansas to this city, provided Arkansas and Memphis would complete the road from the Missouri State line to the Mississippi.

NORRIS, MAULL & CO.—The New Orleans *Daily Crescent*, of the 26th ult., speaking of this enterprising firm, which is advertised to shortly open a house of business in this city, says:

By the way, this enterprising house of Norris, Maull & Co., is about enlarging the area of its operations. We understand they will open a branch establishment in Memphis, Tennessee, having engaged the very handsome brown stone front store, No. 206 Main street, where they will display a stock of goods unsurpassed in the country. If the Memphis enterprise is half as successful as the New Orleans concern, they will do as well as their warmest friends can wish, and that such will be the case, none will doubt, who know the personal popularity of the gentlemen of the firm, and understand its unrivalled facilities for supplying the demands of their trade as they manufacture their own goods. The house in this city, and the subscriber's in Philadelphia, have been in uninterrupted existence for thirty years, with changes of firm of course, and during that time they have sold clothing to the dealers of every southern city. This lengthened experience enables the house to supply intelligently all the wants of the trade, for most they deal in; the goods for which there is not a ready call in the South, and they know what customer wants, in many instances, better than he knows himself. The Memphians will find the store of Norris, Maull & Co. to be an acquisition indeed.

THE OPENING OF THE MARKET.—By the ordinance governing the City Markets, the two market houses, the one located on Beal street and the other on Poplar street, will be thrown open to the public to-day. The ordinance provides that market shall be held in each market house every day in the week but Sunday, and that for the present, the market houses shall be limited to from half-past 4 o'clock to half-past 10 o'clock A. M. each day, and from 3 until 10 o'clock P. M., on Saturdays. There will therefore be an evening market to-day. Mr. W. J. Whitsitt is Market Master at the North Memphis Market, and Mr. J. J. Loving, Market master at the market in South Memphis.

THE THEATER.—Notwithstanding the unpropitious weather last evening, the new Theater, on the occasion of Mr. Murdoch's benefit, was well filled, and the beneficiary fairly demonstrated his good powers both in tragedy and comedy. And he has not been so well supported by the company during his engagement as on this last occasion. Mr. Murdoch will appear this evening in his great character, Charles De Moor, in Schiller's play of the Robbers. The entertainment will conclude with a pleasing afterpiece.

☞ Col. J. S. Shackleford, the popular southern agent of the Little Miami Railroad, arrived in the city yesterday. He will make Memphis his headquarters in future.

☞ We call attention of the owners of lots in Morris Cemetery to the advertisement of the Managers of Elmwood Cemetery Company in this day's paper.

☞ We are indebted to Mr. H. Borden, agent of the Adams Express Company, for Cincinnati papers in advance of the mails.

RETURNED.—Captain D. F. Jackson, the efficient jailor of Shelby county, returned from St. Louis yesterday.

☞ Recorder East, we are pleased to learn, has recovered from his late illness, and presided in his tribunal yesterday.

☞ C. S. Severson, the new Mayor of Friars Point, is in the city.

River News.

ARRIVALS YESTERDAY.

Julia Rose.....Cincinnati. | T. L. McGill.....St. Louis.
Imperial.....Cairo. | Interchange.....Louisville.
Champion.....St. Louis. | Nebraska.....N. Orleans.

DEPARTURES YESTERDAY.

Julia Rose.....N. Orleans. | T. L. McGill.....N. Orleans.
Moses McLellan.....Louisville.

The river was rising more rapidly at this point yesterday than on the previous day, having swollen fully ten inches during the twenty-four hours ending at 6 o'clock last evening. The weather was damp and cloudy yesterday, with considerable rain and a mildly bracing feeling. Business at the river, however, was brisk.

The shipments of cotton yesterday embraced 918 bales, of which the Belfast took 368 bales for New Orleans, and the Moses McLellan 430 bales for the Ohio river.

The Daniel Rowe arrived from New Orleans Thursday night. Included in her manifest were 113 bales cotton for this port, and 259 sacks onion seed for St. Louis.

Among the arrivals yesterday were the Julia Rose from Cincinnati, the interchange from Louisville, the T. L. McGill from St. Louis, and the Imperial from Cairo. The Rose and Equitable each discharged considerable freight for our merchants. The Interchange had a very heavy cargo and a large number of passengers, and the Imperial, from Cairo, had a very heavy freight list.

Among the shipments by the Moses McLellan yesterday are bale of 20 bales new cotton, for resHipment at Paducah for Nashville.

In the attempt to transfer a lot of Arkansas cattle from the ferry boat Mound City Belle to the Belfast, twelve head fell overboard into the river, but were all rescued.

On Tuesday last, the Grand Turk, while making a landing at Guyandotte, for the purpose of discharging a passenger and some freight, she ran out on the bank, springing her bottom, causing her to take about two feet water in the hold, damaging considerable freight. Fortunately, the Rowe, bound up, came along soon after the accident, and pulled her off, when she righted up, was pumped out, and proceeded on her trip. The accident is attributed to breaking of the shipping bolt wire. Protest was entered at Guyandotte.

The Champion arrived last night with a heavy cargo of merchandise, including a portion of the damaged freight of the sunken Progress.

The Nebraska, Captain Rewis, will leave for New Orleans on Monday next. She arrived last evening with a large number of passengers and a good freight list.

Among her passengers by the steamer Belfast for New Orleans last evening was Capt. Parker, an old and popular Red river boatman. Capt. P. has quit the river.

The steamboat Erin of Madison & Buchanan will be re-repaired soon. Mr. Buchanan retiring and Capt. T. M. Irwin taking his place.

The Cincinnati Commercial says that Capt. Wm. Boyd, formerly of the "Big Nashville," has stamed his new boat, now being built at Louisville for the Nashville and New Orleans trade, James Woods, in compliment of the senior member of the firm of Woods, Yeatman & Co., the oldest and wealthiest house in Nashville.

Capt. T. M. Rewis, long and well known as the commander of the Moses McLellan, has resigned the command of that boat, the resignation to take effect after his arrival at Louisville on Wednesday next.

FOR NEW ORLEANS.—The palatial steamer Imperial, Capt. Rogers, will leave for New Orleans at 4 P. M.-to-day. There is no boat on the Western waters superior to the Imperial in point of magnificence and passengers will find her officers and accommodations all they could desire. Thomas H. Williams & Co. are the agents.

The Ohio is falling at Louisville, with five feet four inches water on the canal and three feet six inches on the Falls.

We learned by telegraph from Louisville last evening that the steamboat John C. Calhoun, on her way from Pittsburg to New Orleans struck fast while descending the Falls yesterday. Parties were engaged lightening her, but with doubtful success.

The Ohio Belle, commanded by the fast and splendid steamer Dan't Rowe, Capt. Hicks, is the regular mail and passenger packet for Vicksburg, of the usual hour this afternoon. She is the old favorite in the mail line, and her popularity is well deserved. Passengers will find our excellent friend Wynne in the clerk's office.

FOR ST. LOUIS.—The fine passenger packet Platte Valley, Capt. W. C. Postal, will leave for St. Louis at 4 o'clock this afternoon. There is no better boat of her class in the line.

Celebrated Female Pills.

THIS invaluable medicine is confidently offered to the use of all those painful and dangerous diseases incident to the female constitution.

It moderates all excesses and removes all obstructions, from whatever cause, and a speedy cure may be relied on.

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

ANY PERSON

These Pills should not be taken by females that are pregnant, during the first three months, as they are sure to produce miscarriage; but at every other time, and in every other case, they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pains in the Back and Limbs, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, Lassitude, Hot Flashes, Sick Headache, Whites, and all the painful disorders and symptoms of a disordered system, these Pills will effect a cure when all other means have failed.

Full directions in the pamphlet around each package, giving a full and complete history of the disease.

A bottle containing 50 pills, and corded with the government stamp of Great Britain, can be sent post free for $1 and 4 postage stamps.
