Local Matters

Tuesday Morning, November 1, '59.

FALSE ALARM.—There was a false alarm of fire about 4 o'clock last evening.

☞ The Wallace piano is certainly here now, and Mr. and Mrs Nash are here also.

☞ His Honor Mayor Baugh is on a visit to Mississippi at present.

TRUE THEORIES.—Any person wishing any work done to the glory this can have it done by addressing W. Hyde through the post office.

MEMPHIS MEDICAL COLLEGE.—The regular session at the class in this institution will commence Monday, in the college hall, in the usual hour.

BOARD OF ALDERMEN.—The regular semi-monthly meeting of the board of mayor and aldermen will take place at half past seven o'clock this evening.

☞ To-day Monsoreal, Dupree & Co. will sell two houses and lots in Hyde street. They are ordered to sell whatever they will bring, regardless of price. Attend and buy a bargain.

RECORDER'S COURT.—For Monday the business of the recorder's court was very normal yesterday. But two cases were disposed of, and her Hon. Honor quietly spent the balance of the day.

ACKNOWLEDGEMENT.—To our kind and respected friend, R. E. Miller, Esq., a gentleman deservedly esteemed for his amenable qualities, we offer our warm thanks for very agreeable attentions. "May his shadow never fall."

CHEAPEST AND BEST ORANGES.—All persons desiring fine and cheap oranges, will do well to call at the corner of the alley, next to Governor's furniture store, Main street. They can be sold cheaper than from anywhere else in the city.

LADIES' FAIR.—The ladies of the First Baptist church have made most extensive arrangements for the contemplated fair, which will commence this evening, at Odd Fellows' Hall. As the object of the enterprise is a good worthy one, we trust the encouragement will be liberally encouraged.

FRST. HALE'S LECTURES.—Owing to a postponement of the hall, Dr. Hale's interesting lectures on history have been discontinued for the present, but will be resumed again Friday evening. These entertainments have been attended with remarkable success and wonderful results, and there is a very general desire that they should be resumed at Dr. Hale's earliest convenience.

BOTANICO-MEDICAL COLLEGE.—The fourteenth annual course of lectures in this institution will commence this day at 3 o'clock P. M., in the College Hall, on Beale street.

The public introductory will be pronounced by Prof. W. B. Marrow on Monday the 7th instant, at 7½ o'clock P. M. The price will be duly announced. Ladies and gentlemen are invited to attend.

HEAVY LOSS.—Some idea of the extent of the annoyance of thieves in this city, for the past time may be based from the fact that a gentleman from Arkansas lost the sum of $30 000 one day last week at cards. The game upon which the money was staked and lost was poker. The money belonged to an "arrangement," and will be remembered by the ancient as "old charge."

CRIMINAL COURT.—The death of the late Rev. Mr. James Jones was announced in this tribunal yesterday. Eloquent eulogies were passed upon the memory of the departed Wesleyan, and the attendance of members of the bar, when the court adjourned over until this morning without transacting any business.

ATTEMPTED BURGLARY AND ARSON.—An attempt was made at a late hour Saturday night to enter the grocery store on the north side of Madison street, between Second and Third streets, but unsuccessful in force open the door, and the burglars endeavored to effect an entrance. Failing in both attempts, they fired the door, but the fire was discovered in time to arrest a conflagration of no little magnitude. The matter has reached the ears of a number of their associates who intend the burglars by a number of their associates who intend the burglars.

NEW MEMPHIS THEATER.—There was a large attendance at the theater last evening, and we regret to state an occurrence which was a source of regret to the friends of Miss Mitchell, as of disappointment to the audience. Owing to sudden illness, she was unknown at the first act of the French play, Miss Mitchell could not make her application, and a Miss in the Dark was substituted. Miss B., we are gratified to learn, was quite recovered, and will appear shortly.

THE SOUTHERN PACIFIC RAILROAD.—We have been requested to insert the following statement from the New Orleans Crescent: "As a private note received from E. Fellowes, states, we are informed that trains commenced running regular trips on the 20th inst., on the Southern Pacific railroad, from Brazos to Lake Jackson, in Matagorda County, Texas. This is good news, and shows it despite the true do of the enterprise to finish continuous. This is also all right now, and all the necessary arrangements are made, and a regular stage coach will be established to connect tomorrow morning with the cars at Brazos."

OPTICAL AND CHRONOLOGICAL.—We mentioned a few weeks ago that Dr. Mueller, No. 16 Main street, near Gayoso street, had returned from an extensive tour in Europe. While in the principal cities there, he made purchases of clocks and other specimens, rich and rare, and of a character not and equal to any product. These are now at his store and all persons desiring under collection or inspection visitors, should call upon him. In his professional or optical principles, he has no rival, and applicant with the great Hotel for his opportunity. His spectacles are from pressed from lens quartzite, fog will disappear, he is well skilled. He has a fine stock of watches and jewelry on hand, and he has brought over a quantity of European chronometers, compasses, and other nautical instruments, which he will sell cheap. Mr. Mueller is noted for his mastery of accurate and polite attention to all who enter his store.

MEMPHIS RACES—FALL MEETING.—We have seen a larger attendance at a southern race course, and more feeling evinced as to the turn of a race, than on Thursday last before the stand. The weather was fine and the proprietor of the course had reason to feel gratified that the fall meeting opened so auspiciously. The weather was lovely, a bright sun never shone from a cloudless sky, delicate constitutions, was this, pure and bracing. Visitors found the grounds improvements in the pavilion, and such expressions as "splendid!" "magnificent!" "grand!" were continually heard from the lips of new comers as they surveyed the improvements that had been made since the last spring meeting. We noticed visitors beyond the individual of our acquaintance in the Western, southern, and Northern States, and Virginia, and whose judgment is defined in such matters, and he expressed himself delighted with all he saw and also said—emphatic. There was no large turfman, above the latitude, but, in the per of the reunion in the circles of the turf, and Southern gentlemen, there was no need of fulsome praise or view talk.

The most popular was a sweepstake of twenty-four, for all ages, but, subscription of $200, for which there were twenty-four nominations, and twenty-four were made, however, General Hardee had disposed of Tomassin, and so he had taken into the hands of Weaver, Jackson & Chieffan, the owners of Hungland, (which had won the last sweepstake,) and he was thought by many to win. Hungland was deemed in best condition, as Tomassin had not recently done some hard work on other courses, and the horse was pitted against the mare. Hungland was the favorite and was freely backed by three to one against Martha. They made a beautiful start, the mare leading the inside, Hungland leaning the outer about half a length behind. Martha closed up this side before reaching the half-mile post, but Hungland nodded to her, and was ahead at the end of the first mile. Martha passed the home, however, at the first turn of the second mile, and kept the lead. Hungland contest to under a head pull. Time, 1:48. The betting was even on the field, but Martha having carried away the honors of a single heat to Martha. Hungland got the start in the second heat, but the mare made a break at him and passed the lead in the first half-mile. Hungland, however, threw her off, and kept well ahead, reaching the home in 1:50. The betting was between the field and pressure were taken on the result. Martha came home ahead with a refined determination to win—Hungland in a gallop behind. They had it back and neck the race, which was the best of the four heats in the present mile it's result was exhibited, and Martha came in winner. Time 1:50. The following is the

SUMMARY.

At the call of the stakes entered, Bill Alexander was the favorite by the field at odds to $20 to $40. About $5,000 was taken.

INTERESTING FROM WASHINGTON.

WASHINGTON, Oct. 25, 1859.—The despatch of General Cass to Lord John Russell, relative to the Nicaragua Treaty, I have already stated, while firm, dignified and decided in its tone, will commend itself to the hearty approval of the American people. If the language of the British Minister in their late despatch is what I have good reason to believe it is, the position of Great Britain can hardly be reconciled to a strictly pacific policy, and will require a good deal of forbearance on our part.

The affair in its present shape may be considered serious, if not threatening. The instructions to General Scott are understood to be pacific and conciliatory. Our Government may, and probably will disavow the conduct of General Harney, inasmuch as there was a clear understanding that neither should occupy the island while negotiations were pending; and to show the good intention of this government, copies of all instructions both to General Harney and Commodore Paulding have been forwarded to Mr. Dallas. These may serve to produce a change in the aspect of affairs when they reach London.

Senor Mata had an interview with the Secretary of State to-day. Nothing definite has been received by him from his government. The Tennessee, which is due at New Orleans to-morrow, will probably bring important intelligence.

The Secretary of War has directed the reoccupation of Fort Brown, Texas, by two companies of artillery from Fort Clark, in consequence of the recent depredations of Mexican bandits in and in the vicinity of Brownsville.

The President and Cabinet visited the seminary of Mrs. Smith this evening, after the adjournment of the Cabinet meeting by invitation, and the President expressed himself highly pleased, and said he had no idea of the extent of the arrangements.

Funeral Obsequies of the Late Gov. James C. Jones.

We have already announced the death of ex-Governor James C. Jones, which all good citizens regretted. The remains of the distinguished dead were consigned to the tomb on Sunday evening. By arrangement, the body was taken in charge by the municipal authorities, and escorted to the First Presbyterian Church. Before the remains reached the church a vast concourse had assembled in the vicinity to pay the last and tribute of respect to the honored dead, and of course the edifice was inadequate to the accommodation of the throng of mourners. The religious services in the church were conducted by the Right Rev. J. H. Otey, of the Episcopal Church, who preached from the text, "For all flesh is as grass, and all the glory of man as the flower of grass." Upon which the learned Bishop preached one of the ablest discourses that has marked the history of his ministry. At the conclusion of the services in the church the procession was formed in the following order: 1st, The military, consisting of the Washington Rifles, the Sheridan Artillery, and Memphis Light Guards. 2d, Independent Order of Odd Fellows. 3. Carriages containing Rt. Rev. Bishop Otey and friends of the deceased. 4. The hearse, with pall-bearers on either side. 5. A large contingent "Sons," the body servant of the deceased, drawn by "Charley," a favorite horse of the late Gov. Jones. 6. Friends and relatives of deceased. 7. The Fire Department. 8. Citizens on foot. 9. Citizens in carriages and in horseback.

The procession moved down Main street to Vance and out Vance to the cemetery. It was long remembered that the Episcopal service was read by Bishop Otey, after which the ceremonies peculiar to the order of Odd Fellows, of which the deceased was a member, were performed. A volley was fired over the grave by the military, which concluded the solemn ceremonies incident to the occasion.

The procession was one of the largest we have ever seen on a similar occasion, for the sentiment of sorrow pervaded the entire community—but this sorrow is inducted by the death of the mere public man, but the sorrow that attends the loss of the true patriot, the generous neighbor and the sincere friend.

DEPARTURES YESTERDAY.

Prince.....New Orleans | Alexandria.....St. Louis
Nashville.....New Orleans

There has been no change in the river at this point since Saturday. The weather yesterday was cool, but clear and dry. Business was very brisk at the landing yesterday.

There was fewer feet water in the canal at Louisville Saturday, and the river stationary.

The latest from Cairo report five feet water in the Mississippi between St. Louis and Cairo, and clear weather.

While river is still rising slowly, with about four feet water in the channel.

We have a rise to report in the St. Francis at last, with six feet in the channel to Jeffersonville.

The Arkansas River is low, and the rivers of the Red River, which arrived yesterday, report that stream still falling.

Of the regular packets, the E. M. Bryant, from White river, left for St. Francis No. 2 and the Mt. Francis river, and the John Simonds and Charmer, from New Orleans, arrived since our last. The Roland brought 250 bales, and the St. Francis No. 2 300 bales cotton, which she brought from the vicinity of Cairo, and the Prince and Simonds had a fair trip of freight, including 1,300 bars railroad iron for the Mississippi Central, railroad. The Charmer was heavily freighted, and we found in her manifest 2,000 sacks salt, 400 bags coffee, and 75 barrels molasses.

We are informed by Capt. McCaleb of the Charmer, for focus.

The Nashville left for New Orleans last evening with a large number of passengers and 1291 bales cotton. The Hinsdale which passed up yesterday, left 1000 bales cotton for St. Louis, which two shipments, amounting 2,291 bales, embraced the amount cotton for shipment.

The Kowaha has taken the place of the J. H. Blakey for the present trip, and will arrive to-day. The J. H. Lamar is also announced to arrive from St. Louis to-day.

The steamer Westbrook, loaded on Friday night at Ship Island Saturday night, to which place she had been towed. She was repaired, have lost overboard, and departed for Lost Ville.

The steamer Fishmen will arrive from Cincinnati to-day and leave for this city on the usual hour to-morrow.

The Rose Mitchell and Kentucky, from Louisville, have been detained in low water. The Mitchell, however, was due last evening.

The Philadelphia is announced aside for the Memphis and St. Louis trade, and will leave St. Louis for this port to-morrow.

The new steamer Peach, for the Vicksburg and Greenville trade, passed down yesterday.

Fort New Orleans.—The splendid passenger packet Jas. Montgomery, Capt. J. S. Archer, having become one of our local packets, will leave for New Orleans at Sundown this afternoon. Her passenger accommodations are unsurpassed, and persons here about will see member Capt. Archer as an old favorite.

The fine passenger and freight packet Charmer, Capt. Scherer, will also leave for New Orleans at Sundown this evening. Our old friend Capt. McCaleb has charge of the office.

FOR VICKSBURG.—The fast and popular packet Kate Frisbee, Capt. Lee, will leave as above at the usual hour this afternoon. She is the favorite of the line, with unexcelled accommodations for passengers and unsurpassed attention to freight, and is a favorite. Mr. J. K. Mosby, who will be found in the clerk's office.

FOR LITTLE ROCK.—The regular mail packet Red River, Capt. J. W. Rhodes, will leave as above at four o'clock this afternoon. She has every light, transfer, and office room indispensable to through passengers. Mr. Edward Parker is the chief clerk.

FOR LOUISVILLE.—The fast and light draught steamer Moses Mitchler, Captain T. M. Brown, is the regular packet for Louisville at the usual hour this afternoon. She is a deserved favorite with passengers, as she has every accommodation for them, and is so cleared by general attention officers. Messrs. Hardin and Taylor are on board.

THE WHITE RIVER.—The neat and comfortable steamer, E. M. Bryant, Capt. Hamilton, every prospect will leave for White river at 4 o'clock this afternoon. She has no superior in the trade, and she has always been notably manned slot was the admiration of the public. Mr. Mat J. Lowe is the clerk.

Additional Intelligence per Steamship Nova Scotian.

NEW YORK, October 31.—The following is in addition to the summary of the intelligence received per steamship Nova Scotian, which arrived at Harbor Point, C. H., on Saturday.

CHINA.—The latest advices received from China state that United States Minister Ward expected to forward to his government a verbal treaty with China by the next mail. It was expected that the Russians had a treaty embracing with the Chinese. The recent difficulties at Shanghai have been adjusted, and other matters settled. The officers who lost their vessels in the affair at the mouth of the Peiho, early June, lost by a court martial and acquitted.

PARIS.—The authorities of Paris express their willingness to receive the British minister on favorable terms.

INDIA.—The Government of India has been requested to furnish 10 000 troops for China. Two regiments are under orders to depart immediately.

The Calcutta Bank Meeting Post says: Although peace seems to be settled, the diplomats at the Dutch conference have only brought up matters for fresh difficulties. The government of Great Britain will not take part in Congress unless the Dutch minister will be a renunciation of the rights of the Dutch to Sumatra, which are to lose from the Farmer and Embrace to self-government. The first cannon fired to impose on those Rajahs other taxes than their choice will be the signal for an attack on Dutch on the late war.

COCHIN CHINA.—The French negotiations with Cochin China have so far progressed that the French Admiral has near a reinforcement of troops and embarks to Saigon.

JAPAN.—Advices of a late date from Japan, state that the Council of the British government has made no present respecting the currency question, consequently trade is in disorder.

The United States ship-of-war Germantown (not the Germantown as previously reported) was at Japan.

FLORENCE.—A
