Local Matters.

Wednesday Morning, Nov'ber 9, '59.

☞ Court Square is now under the superintendence of his honor, Mayor Baugh.

RECORDER'S COURT.—There were twenty-three delinquents before the recorder yesterday, six of whom were sent to the chain gang.

☞ The mayor who was authorized by the board of aldermen to issue Odd Fellows' Hall for the purpose of the Reform Convention to be held in this city on the 16th inst.

☞ Mr. Welcor, who was arrested Saturday night on the charge of complicity in the larceny of a quantity of soap from Mr. Spittle, was admitted to bail yesterday.

☞ Vassalle & Co. recognize no superior in the art of picture making. The beautiful and secret process of their daily turn out evident great credit on those talented artists. Give them a call at No. 382, Main street.

THREE BALTIMORES.—Every body is doting on the merits of the rich, luscious, fine flavored Baltimore oysters, sold by Pumroll at his depot, next door to Spottswood's restaurant, in Madison street—he has a full supply on hand, fresh and of the best quality.

POCKET PICKED.—Mr. Tilghman, the freight clerk of the steamer Republic, had his pocket-book stolen from his pocket in the library of Odd Fellows' Hall Monday evening, which contained about twenty dollars in cash and some valuable papers.

☞ A resolution passed the board of aldermen last evening compelling property holders on the west side of Shelby street, between Beale and Gayoso streets, to have the sidewalks in front of their property within thirty days, with the usual penalty of fine and forfeiture.

STEAMBOAT ROBBERY.—The state-room of a Mr. Smith, passenger on the South Bend, was entered during the temporary absence of its occupants, on Monday evening, while the boat was lying at the landing, and robbed of $120 cash. No one had seen the thief enter the state-room, and it is hardly probable the money will be recovered.

PROPOSITION TO CONSOLIDATE.—A proposition was made to the board of aldermen last evening by Mr. King, a representative from the Fort Smith and Little Rock Railroad, to consolidate that road with the Memphis and Little Rock Railroad. Mr. King referred the proposition before the board in an able address, and the resolution authorizing the transfer was referred to a special committee.

THE CURIOUS ART.—The curious art possessed by Dr. Bibb, professor of the effects of which have been exhibited to crowding audiences at Odd Fellows' Hall recently, is so prepared to impart to the class that may meet him to-night, at the office of Dr. Bibb. We know many would like to be acquainted with it. Such will see by the advertisement in another place, that they have now the opportunity to do so.

GERMAN BALL.—It should be generally known that the patronage of the ball which is to be given on the 19th inst., on the occasion of the Schiller celebration, is to be bestowed on the German Orphan Asylum of this city. Every German in Memphis should not only be present, but endeavor to advance to induce their American fellow-citizens to aid an enterprise so proper and commendable. Let the ball be liberally patronized, deserving be generally and cordially responded to. We learn that the ball is to be gotten up in the most splendid style.

QUACK NOSTRUMS.—The majority of hair washes, hair dyes, hair balms, hair oils, and the numberless other hair preparations which are now put forth under such enticingly hyperbolical and fashionable titles as we are parading in show-bills, circulars, and newspaper headings, as hair preparations, are all humbugs of the first water; their real basis, notwithstanding their pompous, as that time-honored preparation, Rogers' world, oil, last wheel of, scented and colored, make up, when in beautiful wrappers, and white glass bottles, the excellent character of sense, and when time, costly, are lapished with some sprightly and attractive name, they are readily purchased and of both sexes. Such is not the character of Professor Wood's Hair Restorative. This gentleman comes before the world without any "high falutin" Ethiopian-serenade, or any astounding and startling catch-penny terms; he simply advertises a Hair Restorative—what it expresses positively—and as a restorative it acts. But Professor Wood's Hair Restorative, and as we value your scalp, give your hair a trial, simply relying on what, for it may be that you will get some worse substance than professed land oil on your cranium. Remember Wood's Restorative for the hair is the best article extant.

THE CURRENCY QUESTION.—We invite the attention of the reading public to Dr. Bibb's card, which appears in this morning's paper. It is from the pen of a gentleman of this city, who is, perhaps, as well posted in reference to our financial affairs as any member of the community. The beautiful and secret process so deeply engraved upon the policy of the State, and so well recognized by all who desire a sound currency, that it cannot be abandoned without profaning a "backward revolution" which must seriously effect the interests of all classes who are interested in the prosperity of the wise and better order of things inaugurated by it. The public meeting convened by our co-respondent cannot do any harm, while it may lead to a very popular demand for the repeal of the obnoxious law which is a violation of the Planters' and Farm Banks will be interested. The "mountain labor" system has been played out with the people, and has not few, if any friends, outside of those directly interested in bank profits, and we agree with our correspondent, that "it would greatly facilitate the union of the Union and Planters' Banks enjoins them to go hand to it," or to Nashville for cash and exchange. We are confident in the opinion, that while the people of West Tennessee are satisfied with the currency produced by the legislation of the last session, they will not be sat aged with the establishment of any lower standard, or any system that looks to the centralization of bank power at Nashville or any other point. The people of Memphis are to be cheated by making the bank issues payable where paid out, and the excellent currency we now have will be unbent and rendered permanent.

A MEMPHIAN IN A LIVER RIOT.—We learn from the Columbus (Miss.) Citizen, of the 2nd inst., that on the 26th and 27th ult., an unfortunate misunderstanding took place between M. Bell Hewgan and L. G. Greenlaw, citizens of Lowndes county, and the one gang of their laborers on the other part, which resulted in the stabbing of Mr. Greenlaw by one of the gang. Mr. Greenlaw first received about one of which, it is supposed, he died in a few days. Mr. Greenlaw, however, neither of the wounds were fatal. The party who made his escape—three of the gang were arrested, examined, committed, bailed out and shipped by the first steamer. Three others of the gang were discharged from work, and peace established. Mr. Hewgan displayed great decision and energy of character. He was attempting a peaceable termination of the affair in the morning and in a fair way to succeed, but another gang formed on the steamer Spanish Bend, stopped to see him, and was carried off and landed on the opposite side of the river four miles above—called down, but failing to hail anybody from this side—went back, took a skiff and rowed down. By this time, the fog was in the wane, and the difficulty was again brewing and past suppression. After the fight, he came to Delta, four miles, left word to intercept the fleeing parties, crossed the river, and went to Helena, one mile, before dark and left a warrant with the sheriff of the parties should they attempt to pass there, and was back to his post on the levee before eleven o'clock that night. This was fast work, and shows that the determination of the Great Peace Lover is to be carried out at cost of great will and energy. We are pleased to hear, that the injury to Mr. Greenlaw was very slight. He is at his home in this city at present.

ARREST OF ONE OF THE SCRIPTED HARPER'S FERRY CONSPIRATORS.—A man by the name of W. S. Palmer was arrested at the Bedford House, in this city, on a requisition from Gov. Wise, upon complaint that he was a confederate of Cook, Brown, and others, in the recent outbreak at Harper's Ferry. It was developed during the trial of old Brown, at Charlestown, Va., that this man Palmer was connected with the transatlantic movements in question, and that he was located in this city. Gov. Wise at once took measures to secure his arrest, and he was yesterday delivered over to Gen. John C. Burch, who had him secured in prison. Palmer has been loitering about the city since July last, with no apparent visible means of support, and declared vaguely as to his real standing and connections, although he steadily failed to pay his indebtedness. At least another person has been arrested in the same connection in this city within the last two days, and are on the look-out for other guilty parties. Palmer will have an examining trial before Squire Horne this morning at 10 o'clock.

COMMITTEE OF RECEPTION.—Mayor Baugh requests us to state that he has appointed the following gentlemen as a committee of reception to the occasion of the railroad convention to be held in this city on the 16th inst.:

G. P. Foote, A. H. Douglass, Manuel Orgill, C. Kortrecht, J. T. Swearingen, I. N. Bennett, J. F. Worden, W. K. Taylor, John Robertson, M. J. Wicks, R. C. Brickell, R. W. Hill, J. E. Walker, W. C. Galloway, Oliver Tate, L. D. Nickerr, Anthony Street, Sam Tate, Robertson Troy, Frank White.

THE CANTERELLE.—There was another great crush at Odd Fellows' Hall last night to see the Canterelle, and many were turned away, owing to the crowded condition of the hall. It will be remembered that they will give but one more entertainment at Odd Fellows' Hall; and we would upon the democratic rule of rotation—that those who were excluded and no former occasion should have a chance to-night.

NEW MEMPHIS THEATER.—As Miss Gougenheim had not yet arrived, the entertainment was given last evening by the regular company. Sid Stoops as Cougnor and the Pet of the Petticoats were represented most admirably. The popular new play of the American Cousin will be given this evening, the entertainment to conclude with Clari, the Maid of Milan.

TAKEN TO MISSISSIPPI.—Louis White, alias Geo. Brown, who was arrested Saturday in this city on the charge of stealing a horse from Mr. Ewin, in Tallahatchie county, Miss., was taken to Tunica county yesterday for trial.

PERSONAL.—Henry J. Lyons, Esq., the well-known Lonsville belcher, is at the Gayoso House.

ST. MARY'S COLLEGE, MEMPHIS.—The following resolutions were unanimously adopted by the clergy of the Western District, at the late convention of the Episcopal Church, and their object heartily approved of by the Bishop, who will endeavor, gentlemen under a certain bequest, for establishing a female seminary, and intimate his willingness to appropriate said bequest to meet this enterprise, should the farmers of Memphis take hold of it with their usual liberality, and begin the work by handsome donations in land or money.

WHEREAS, The Protestant Episcopal Church in the Western District of Tennessee, desirous to do great and a glorious work in the cause of God, and to which shall be taught not only the sciences and accomplishments, but also the faith and doctrine of our Church, and Memphis has been the most liberal and accessible point.

Resolved, That the clergy in the said district appoint a committee of three to select a suitable location for the same, and that we are our utmost endeavors to establish the all subject as soon as possible.

Resolved, That the said committee do confer with the episcopal laymen of the city of Memphis, on the subject of location, etc.

REV. RICHARD HICKS, Rec. St. Mary's Church, Memphis

DEPARTURES YESTERDAY.

E. H. Boland, White river.	South Bend.....Ark. river.
R. M. Morgan...N. Orleans.	J. B. Hickey.....St. Louis.

The river was about stationary last evening, having fallen to within 7 inches of low water mark. The Mississippi has forfeited its title for the present to the appellation of "Big Muddy," having become as clear and placid as the Ohio when at low ebb. The weather was warm and dusty yesterday, with unusual activity at the landing.

Capt. H. I. Dunn, having resigned the clerkship of the Kate May, has been succeeded by Mr. Oliver Peppard, one of the popular clerks of the C. P. Marshall on St. Louis to Cairo. Enough for $4.700. She is in the Bartlett's hands yet.

The Republic having been unavoidably detained will leave for New Orleans at 8 o'clock this morning.

Capt. J. T. Shorter is performing his arrangements for the trade of the Ohio to the Louisville and Henderson trade at an early day.

The Goody Friends, Capt. Sherman, will leave for Cincinnati at 4 o'clock this afternoon. She is a safe and convenient passenger packet, with careful and attentive officers.

Our young friend Smythe, late freight clerk of the Hickman, has been transferred to the new steamer Silver Wave.

Capt. A. H. Seyler, of the Kate May, will remain over in this city a few days to settle up the business of the boat, which is about closing the season.

The Illinois Bonanza has gone permanently into the Memphis and New Orleans mail line.

The shipments of cotton yesterday embraced about 2,200 bales, of which the Philadelphia took about 1200 bales for St. Louis, and the E. M. Kenyon 1100 bales for New Orleans.

Some one last report the Kate Frieber from Vicksburg, the Kate May and Goody Friends from Cincinnati, and the Belfast from New Orleans, have arrived. The Frieber has brought 195 bales cotton, and the Goody Friends and Kate May had large numbers of passengers and were well freighted.

The regular packet departures yesterday embraced the Kate Frieber, Capt. Pettibone, for White river; the E. Barteau, for New Orleans, the South Bend, for the Arkansas river, and the E. M. Leland for White river—all having packing trips. The Dickey was detained until 10 o'clock yesterday morning taking cotton.

The Wm. M. Morrison is now advertised above Cairo.

We are informed by Mr. Peppard, the new clerk of the Kate May, and to Mr. E. J. Booker, of the Belfast, for favors.

Mr. R. J. McMillan, the late clerk of the New Uncle Sam, has sold his interest in that boat to Capt. G. W. Shryock, the present commander.

FOR NEW ORLEANS.—The magnificent new steamer Lizzie Simmons, Capt. Kirk, in the regular mail and passenger packet for New Orleans today and will leave at five o'clock positively. Her table accommodations are not equaled by those of any other boat on the Mississippi, and she is in every respect the most desirable passenger packet in the trade, with clerks of attentive officers. Capt. Maurice Lanthrop has charge of the office.

FOR CINCINNATI.—The fine new light draught steamer Kate May, Capt. A. H. Seyler, will leave for Cincinnati at the usual hour this afternoon. There is no possibility of her detention by low water, and passengers going up the river will be fortunate in secure rooms on board. Mr. Oliver Peppard, the efficient clerk, will be found in the office.

FOR LOUISVILLE.—The light draught steamer John Gault, Capt. Sears, will leave for Louisville at 10 o'clock this morning. She has superior accommodations and offers inducements. Mr. Booker has charge of the office.

A GOOD SUGGESTION.—In a communication to the Board of Aldermen last evening, Mar'hal Underwood said that the numerous and dangerous Chinese street sprinklers at a loss to afford entertainment to persons who were taken into custody by the police while such persons were ill. We very properly represented it as a great grievance that in these instances such prisoners are distinctly persons, and suspected that other apartments and better accommodations be furnished for the unfortunate sick that may be collected to arrest.

CRIMINAL COURT.—In this tribunal yesterday Calvin Rosecrants, charged with the murder of Matthew Edwards, was acquitted.

The following cases were continued: Jas. H. Berry, for rape; Isaac, for murder of Bowden; and T. R. Chatham alias Chas. Johnson, for negrostealing and enticing away a slave.

J. H. Berry, charged with rape, was admitted to bail in $2,000.

The case of David Turner, charged with the murder of Andrew Lahiff, will be taken up this morning.

LIPPARD'S DANCING ACADEMY.—We are well pleased to learn that this institution is in a most flourishing condition. Pupils under Prof. Lippard's instruction learn thoroughly as well as rapidly all the fashionable dances, and we are told he pays particular attention to the cultivation of good and graceful manners. We confess to a great partiality to the Professor, not only as a teacher of his art but as a man, and ever feel a strong desire to aid and encourage him. The second session will commence on Friday next. By referring to his advertisement in today's issue it will be seen that the "Prince Imperial" will be introduced.

FIT OF APOPLEXY.—A young gentleman, a stranger in the city, fell in Main street, near Gayoso last evening, in a fit of apoplexy. He was at once conveyed to his lodgings, though but little hope was entertained for his recovery.

THE FINEST
BUGGY
Ever Manufactured in the United States, is now on exhibition, and
FOR SALE
AT THE
GAIETY STABLES,
NEXT DOOR TO THE POST OFFICE, ON SECOND STREET, MEMPHIS, TENN.
THIS model widely differs from any ever before in the United States, being modeled after French and Paris cabs are alike. The dash is most extraordinarily ornamented with fancy colored and gilt leaves. Upon the same is to be seen the two lovers, sealing their delighted vows with a normal and reciprocal kiss. The Shafts, Spring-bars, Head-block and Wings-tree are most richly carved and handsomely ornamented. In short, the Buggy is nothing less than a gem.
