$10 REWARD.

We will pay the same reward for the apprehension, with sufficient proof to convict, of every thief detected in stealing the APPEAL from the doors of city subscribers. MORGANAIN, TROUSDALE & CO.

February 7, 1860.

RECORDER'S COURT.—There were twelve cases before the recorder yesterday, and seven additions were made to the chain gang.

PERSONAL.—Mr. Nelson, the popular superintendent of the Memphis and Ohio railroad, has gone to New Orleans on a bridal tour.

GRAND OPENING.—The pistol gallery of Capt. Travis, together with the magnificent new Pratt saloon, on Adams street, near Second, was opened yesterday.

CRIMINAL COURT.—In this tribunal yesterday eleven jurors were obtained for the trial of Jas. Johnson, charged with larceny. A panel of eighteen was then ordered, when the court adjourned.

RUNAWAY APPRENTICE.—A fugitive slave, who gave his name as Charles, was arrested by officer Kirk at the river yesterday. He began says he belongs to Thomas Lorive of New Orleans.

THANKS.—Our thanks are due our friend W. McCormick, postmaster at Brownsville, Tennessee, for a club of ten subscribers to our weekly. Mr. J. P. Stanley of Selma, Arkansas, will please accept our thanks for a similar favor.

GETTING GOODS UNDER FALSE PRETENCES.—It was not Mrs. Mary Hogan who was arrested yesterday under the charge of obtaining goods under false pretences. That lady called yesterday and assured us that it was a Mrs. Hogan by some other name.

STEAMBOAT ROBBERY.—A thief entered a stateroom on board the steamer Jennie Whipple, in this port Monday night, and stole a fine gold watch, a check for $100, and some other articles, from the occupant, Mr. P. L. Burchman, and escaped with his booty.

YELLOW FEVER.—Patrick Rice and John McMahon, two youths about thirteen years of age, were arrested yesterday for palming coins, in the vicinity of the Memphis and Ohio railroad depot. They will be examined to-day.

FISHING.—Those who are fond of angling have a fine opportunity now to indulge it at the lakes near Mound City. The route is by Cheek's ferry boat. We yesterday received a fine lot of speckled perch and trout, sent to us by Mr. Geo. W. Cheek, who says the fish are now biting freely.

☞ We notice the enterprising firm of Sproule & McCown are daily in receipt of spring clothing and furnishing goods. We are pleased to learn that they are now prepared to furnish our citizens with No. 1 goods of all kinds in their line. Call and see their stock at 187 Main street, under Worsham House.

A CHANCE FOR BARGAINS.—Mr. J. M. Woodward having determined to decline business, offers his stock of hollows, carriages and other vehicles, for sale at very low rates. Those interested should call upon Mr. DuBois, at Whitney's stables, or at N. S. Rose's, on Monroe street, or upon Mr. Woodward in person.

ARMS RECEIVED.—That gallant corps, the Memphis Jackson Guards, Capt. Maghesey, received their arms from Governor Harris, which embraced eighty muskets and all the necessary accoutrements. The arms in question are of the description known as the "Minnie musket," and embrace all the late improvements in musketry.

SOMETHING NEW UNDER THE SUN.—Messrs. Jackson, Hopper & Co., contractors on the Memphis and Charleston railroad, have received a new invention in the way of a steam plow, which they design using for grubbing and excavating purposes. The machine is something novel, but it will perform the labor of three score of workmen.

☞ To-day Jas. Wilkerson will sell at 10 o'clock, at the sale-room of Mossarat, Dupree & Co., fifteen very likely young negroes. These negroes are the property of a gentleman of this county, and are composed of cooks, house servants and field hands. They will be sold for half cash, balance on the first day of January next. Of course this sale will attract a very large attendance of buyers.

REAL ESTATE SALE.—Yesterday morning at 10 o'clock Mossarat, Dupree & Co., sold at auction at their sales room, sixty-five acres of land, a part of the Anderson tract situated on Wolf river, about a mile north of Dr. Thomas' residence. The land sold at one hundred and twenty-three dollars per acre, Dr. Thomas being the purchaser. Terms one-third cash, balance in one and two years, with interest.

OLD BUT TRUE SAYING.—If you would live happy, do to others as you would that they should do to you—be now ready to forgive than to offend. Pay as you go, remembering that quick settling makes long friends, and of all things that the place to buy good clothing, furnishing goods and paper collars, is at Tickner, Robbins & Co., next to the Planter's bank, on Jefferson street. Now remember the above and act accordingly.

NEW MEMPHIS THEATRE.—The engagement of Mr. Birthings and his charming daughter promises to be not only the most profitable, but the most pleasing engagement of the season at the new theater. There was a large attendance last evening, and Miss Birthings' representation of the character of "Louise Miller," in the opera drama of that name, was the wonder and delight of the audience. The entertainment this evening will consist of *The Maid of Milan* and *The Spirit of the Rhine*.

REPORT OF THE RECORDER.—The monthly report of the recorder shows the following transactions in that department of our police for the month of February: number of persons arraigned during the month, 279; number found guilty of various charges, 203; number discharged for want of proof, 76; number who paid fines, 211; number committed to the work-house, 92. The sum paid into the treasury during the month of April, in the way of fines, was $1,157.

RECEIPTS IN THE NINTH DISTRICT.—The following is the result of the election in the ninth district of Shelby county, not heretofore published: For Sheriff—Fatts, 84; Young, 70. For County Judge—Falk, 70; Turley, 3; Pettit, 41. County Court Clerk—Brown, 101; Trezevant, 24. Circuit Court Clerk—Allsup, 56; Mills, 14; Stewart, 47. Tax Collector—Powell, 3; Newson, 1; Fuller, 6; Abington, 1; Royster, 100; Dean, 5; Mason, 3; Hunter, 4. Register—King, 69; Luke, 45; Taylor, 3. Trustee—Day, 35; Woodward, 46; Crenshaw, 1; Brewer, 6; Morgan, 40; Griffin, 17. T. R. Crenshaw was elected magistrate in the ninth district by a large majority, and W. T. Randall was elected constable by a plurality of ten votes.

STREET RAILROADS.—The mayor of St. Louis, in reply to a letter addressed to him by Mayor Baugh upon the subject of street railroads, replies: "In my opinion the value of property contiguous to our street railroads has not been in any manner impaired by the introduction of the railroad among us. Fears of this road were, at first, strongly entertained, but I believe are now very generally abandoned, and very many of those who at first opposed the introduction of this improvement are now its warm advocates." The mayor in conclusion makes some useful suggestions and concludes by saying: "We regard single tracks and turnouts as perfect nuisances, not to be tolerated except on very narrow streets." In this city, those who have never seen the street railroad regard the double track as being a more formidable evil than the single one—in this they diametrically disagree with the citizens of St. Louis, who have the street railroad in operation before them every day.

The Pope and the Americans.

The Cork (Ireland) *Examiner* says the following passage occurs in a letter dated January 31st, addressed to Mr. Sullivan, M. P., by a gentleman of high authority in Rome: "The Holy father continues to be perfectly well, both in health and spirits. Last Sunday being the feast of St. Francis of Sales, he paid a visit to the new Anglo-American college, an institution which he has erected himself at an expense of 40,000 dollars, from the funds of the Propaganda. He said a low mass in the beautiful chapel attached to the college, and administered the holy communion to all the American students, and about three hundred other persons, Romans and strangers from all parts of the world. Afterwards he retired to a large hall, newly built, and there he partook of breakfast, together with the American minister and consul, the French general, all the Roman princesses who had received his communion, and all the Americans who are in Rome, both Catholics and Protestants. After breakfast addresses were made to him by Dr. Smith, pro-rector of the college, Dr. Beacon, the Bishop of Portland, in America, and Cardinal Barnabe, the Rector of Propaganda. To these addresses the holy father made a most energetic reply. He said that it was a great consolation to him to inaugurate an institution like the American college, calculated to propagate the faith in that distant continent, while in the Italian Peninsula all was being done to eradicate it; where also holy bishops were villified as hypocrites, and assassins were honored with an apotheosis. He then recommended the State of Italy to the prayers of the faithful, and retired with difficulty through a crowd of devout people, receiving to kiss his hand and sacred feet, and to have their Rosaries blessed by him.

Council Meeting.

Council met in regular session last night, the president, Ald. Kortrecht, in the chair.

A message from the mayor was read, stating that he had granted permission to the Charleston railroad, which he thought would be advantageous for the city to pay for workhouse purposes; in this he had reason to believe the county would join liberally. A portion of those about, and of the house, being impossible, he had directed it to be painted.

The annual statement of the city's finances with his portfolio, was seen as the printers have not the type.

He only regret making a monthly report, the mayor had not thought it necessary to make another report but would do so as he had been thought desirable.

The message was received.

A communication from Marshal Timberwood was read, containing certain suggestions touching various nuisances, dangerous lots, etc., referring items, and other causes.

Referred to appropriate committees.

CITY FINANCES.

The city registrar submitted his monthly financial report.

The president said he supposed no other of the board was necessary with respect to the report, but that it be received and filed.

No copy was made, and the usual disposition was made of the document.

The city inspector reported that during the month of February he had received $284 36.

The market master reported collecting $40 from the south market house, and $80 75 from the north market house.

The street commissioner stated that during the last month he had made improvements on the different wards to the following amounts: 1st ward, $363 80; 2d ward, $66 75; 3d ward, $36 87; 4th ward, $128 62; 5th ward, $160 91; 6th ward, $103 26; 7th ward, $79 12½; 8th ward, $56 62; school $4 00.

The chief of the fire department reported that the department was in miserable condition. Several of the cisterns are in a bad state; some of them have been repaired; the fire cisterns in the vicinity of the Bluff have all been cleaned out and will do them. The building of cisterns requires to be attended to, as there are indications of disorder in the premises. The hose is respectfully commended regarding the injurious tendency of building on special privileges exempting persons from the operation of that ordinance.

The City Attorney reported that Mr. Cheek objected to the hose conducting his tariff of charges, and to some other of the provisions in the contract they proposed to make with him—also upon some financial particulars regarding the Little Rock railroad.

A message in reply to Mr. Cheek's communication, on Poplar street, from Dunlap to Orleans, was passed.

COUNCIL LIBERALITY.

All Persons reporting in favor of paying $25, one half of a bill for an improvement at the jail, provided the county pay the other half. Ald. Street moved that the balance of the cement and pay the whole bill, the hand moved that not $25 but $50 should be paid.

A resolution to draw up a proper contract with the City Railroad company was referred to a special committee.

The president requested it to be understood that when a certified copy of the amendment to the city charter reached Memphis, steps should be taken to get a vote of the people upon the question of building waterworks.

AN ELECTION TOWARDS.

The board, on motion of Ald. Street, proceeded to an election of captain of the chain-gang. The mayor nominated Mr. Penn. Mr. Street proposed to defer the election until next meeting—allow time to invite inquiries respecting the nomination, which was agreed to.

A motion was made to accept a proposition from the Little Rock railroad to lease to the city, at her security, $200,000 of first class mortgage bonds, having thirty years to run, bearing eight per cent. interest. Last. Ald. Street moved to take the above $200,000 as security for the guarantee given by the city.

After some further business council adjourned.

Memphis and Charleston Railroad Stock Dividend.

THE stockholders in this company are hereby notified that a dividend of five dollars, or $1 per share, payable in cash, was declared by the board of directors on the 1st inst., payable on the shares issued and to be paid on and after the first March, 1860, upon presentation of the scrip certificates, at the office of the company.

DR. A. G. GOODLET—Dear Sir: It may interesting to you to hear that Houck's Panacea, prepared and sold by you, is doing a great work in this section of your country. During my recent travels in several counties in Middle Tennessee, I have met with men who have used it. The universal testimony is, "It is the best remedy I have ever used."
