Daily Appeal.

THE NEW LEVEE LAW.

An act to provide for the payment of taxes of certain counties of the Mississippi river Levee District.

SECTION 1. *Be it enacted by the Legislature of the State of Mississippi*, That the first section of an act entitled "An act to aid in repairing and perfecting the levee of the Mississippi river in the counties of DeSoto, Tunica, Coahoma, Bolivar, Washington and Issaquena," approved December 2, 1858, be so amended as to extend the provisions of said act and the period of taxation, so as to provide therein, to the 1st of April, 1860, making thereby the period of taxation under the said law, over the levee district as therein defined, to continue for the term of seven years, instead of five years as therein provided: provided, however, that the counties of Panola, Tallahatchie, Sunflower and Yazoo, shall be altogether exempt from the operations of this act for the years 1864 and 1865.

SEC. 2. That the fourth section of this act be amended so as to require each sheriff of the ...ties embraced in whole or in part ...to execute bonds under the ...act, for the collection ...and every year ...amendment ...tion of the levee tax, for each ...that the same be paid over by the ...ment made payable; and the said bond ...be executed on the first Monday of January, of each and every year; or bienially as the sheriff may elect, but no sheriff shall hold his office in said district, or collect said tax, unless he shall execute, or have on file on or before the first day of each and every year, a bond with the conditions and penalties as now provided by law, for the faithful discharge of his duty.

SEC. 3. That the board of levee commissioners of said district may pass such ordinances as may be necessary for the liquidation of the debts of said board. The object and intention of this extension of two years, being to liquidate the debts of the levee fund already contracted or existing, but not to enable said board to create new liabilities, or to create any debts not authorized by the act to which this is amendatory and in pursuance hereof, the said board may substitute the scrip of the levee district for the outstanding scrip of the counties of Tunica, Coahoma, Bolivar, Washington and Issaquena, so far as it may appear to the satisfaction of said board that the scrip of said counties was issued by the local authorities thereof in payment for levee work anterior to June, 1858.

SEC. 6. That it shall be the duty of the sheriffs of the several counties comprising the levee district, as defined in the said original act, to pay the State and county taxes upon any land that may have been, or shall hereafter be, struck off to the treasurer of the board of levee commissioners; and such payment shall be allowed by the treasurer of said board as a credit to said sheriff, from year to year, as the same shall be paid.

SEC 7. That in case any levee tax shall have been or shall hereafter be, levied or assessed by the board of police of any of the counties mentioned in the twenty-first section of the act, to which this is an amendment, and in pursuance of said section, the sale and redemption of all lands on which the tax so levied or assessed shall not be paid, shall be made, and deeds and releases therefor shall be executed and have like effect as is provided by the levee laws of said counties, respectively, in force at the time of the passage of said act. Any land offered for sale by the collector for non-payment of said levee taxes, and for which no purchaser offers to bid the amount of the tax due thereon, may be purchased by such person or persons as the board of police may appoint for the direction of the fund to be raised by such tax, and for the benefit of such fund, and may be sold and conveyed by them to any person, subject to the right of redemption as aforesaid.

SEC. 8. That all outstanding scrip of said counties, issued as aforesaid, on or before the first day of November, 1860, and if approved by said board, it shall be indorsed by the president thereof, and sealed with the seal of the circuit court of the county of Bolivar; and scrip not so presented, approved, indorsed and sealed, by said first day of November, 1860, shall not be paid until after the scrip approved, viz., as aforesaid, shall have been first paid: *Provided*, however, that notice of this provision shall be given for at least three months prior to said first day of November, by publication in each and every newspaper in the levee district, in the Mississippian at the city of Jackson.

SEC. 9. That if any of said counties have heretofore paid, or shall hereafter pay, with the proceeds of a special tax assessed or levied under the local levee laws of said counties respectively, in operation at the time of the passage of the act to which this is an amendatory, or under the twenty-first section of said original act, any portion of their indebtedness contracted as aforesaid, it shall be lawful for said board to remit to any such county so much of the tax assessed in this amendment as will reimburse to said county the amount with interest, so paid.

SEC. 8. That three members of said board of levee commissioners shall constitute a quorum for the transaction of business; anything in the act to which this is an amendment to the contrary notwithstanding.

SEC. 9. That it shall be the duty of the probate clerks of the several counties embraced in the said district, on or before the first day of June, of each and every year, to certify to the treasurer of the board of levee commissioners, a list of all lands that may have been, or shall hereafter be, struck off to the said treasurer in the said counties respectively, and to report to said levee treasurer semi-annually all payments of redemption in their several offices, and on failure of any clerk to discharge the duties herein assigned, he shall forfeit all claim to the commissions allowed him in said original act.

SEC. 10. That the lands belonging to the Union Female College of this State be, and are hereby exempt from levee tax so long as they belong to said institution.

SEC. 11. That this act shall take effect and be in force from and after its passage.

The Pope in Canada.

From the Montreal Herald, February 28.]

On Sunday last our French Canadian fellow-citizens met in the Catholic church, to express their sympathy with his Holiness, Pious IX. The meeting was called for seven o'clock. The church was filled to overflowing by early part; in fact, there could not have been less than ten thousand present.

The platform was erected outside the walls of the edifice. At seven o'clock Dr. Beaubien, as President of the Jean Baptiste society, was unanimously called to the chair. He briefly opened the proceedings, and called upon the various speakers in the following order to move and second the subjoined resolution:

Proposed by C. S. Carrier, Esq., and seconded by Dr. J. B. Meilleur:

"We the Catholics of the city of Montreal, having learned with profound grief the grave attacks lately made against the temporal sovereignty of your Holiness, and those at it more grave by which it is menaced would believe ourselves wanting to our duty, be unabashed to no by the authors of these attempts, the benefits we have received from Providence in the different trials through which we have passed, and by the paternal solicitude which your Holiness and your predecessors have always shown, if we did not now declare, at the feet of your Holiness, the expression of our most sincere attachment and respectful devotion."

Proposed by the Hon. P. J. O. Chauveau, and seconded by L. A. Morent, Esq.:

"The possession of the States which appertain to your Holiness, from titles as sacred as those of all the other sovereigns of Europe, being intimately allied to the free administration of ecclesiastical affairs, and generally to the interests of religion in the Catholic world, the hatred of our holy religion being the principal cause of the efforts which are made to wrest from your Holiness a portion of your dominions, we believe it to be our duty to join our voices as it ought to be done, to those which rise to day from all parts toward the throne of the successor of St. Peter."

Proposed by the Hon. T. J. J. Loranger, M. P. P., seconded by R. Trudeau, Esq.:

"We pray with all our hearts the God of clemency and mercy that he keep you always in possession of the heritage which ages have bequeathed to the church, and which you defend with so much grace and firmness; and that he preserve this same possession peaceable enough to permit of your accomplishing all the projects which you entertain for the welfare of your people and the honor of your holy religion; and that he continue to endow your Holiness with the favors and graces which we are displayed in your sacred person, as well as in the person of many of your predecessors, that beautiful sight that can be given to the world—that of weak material power, of goodness and justice supported by the moral force, lightening nobly neutral might, error and hatred."

Proposed by the Hon. L. Renaud, seconded by F. P. Pominville, Esq.:

"Whatever may be the trials reserved for the visible head of the church, we hope that with the support of Divine Providence our faith and love will still remain unshaken, and be in possible augmented; and with this in view we pray you to bestow upon us these Apostolic benedictions through which so many blessings are accorded to the faithful."

Proposed by G. Ouimet, Esq; seconded by Alderman Valois:—

"That all Catholics in Montreal and the surrounding districts be invited to take part in this expression of sympathy for our Holy Father, the Pope, and that copies of the address containing the four preceding resolutions, be sent in all the parishes, in order to secure as many signatures as possible."

Proposed by Hon. G. S. de Beaujeu, seconded by E. Hudon, Esq.:

That the president of this meeting and the movers of the resolutions adopted, be requested to place in the hands of Mgr. of Montreal this address, and to pray his lordship to forward it to his holiness, our Holy Father, through his Eminence, Mgr. Bedini, and the Canadians who may then be found in the Eternal City.

The whole of the resolutions were carried by acclamation. After the bishop had addressed a few words, thanks to the meeting for the filial piety they had exhibited towards their Holy Father. Hundreds of names were attached to the address.

Congress Fifty Years Ago.

From the N. Y. Commercial Advertiser.]

The press and the people have been loud in their condemnation of the manner in which Congress trifles away the time which ought to be devoted to the public business, and not without justice. This fault of the people's representatives, however, appears to be one of long standing. There lies before us a number of the Commercial Advertiser, dated February 21, 1810, just half a century ago, from which we gather that the "House" was little better than it is now. This number of the Commercial contains a report of the proceedings in Congress on the fifteenth of February—six days being occupied in the transmission of the report. The House was engaged in debating a resolution "to go to school to Mr. Fulton," as the report says. In other words, to grant the use of the House to Mr. Fulton for the delivery of a lecture on a new mode of destroying line of battle ships by means of a torpedo invented by him, and to attend the lecture.

The resolution had been under discussion the day before, and the debate was recommenced on the morning of the 15th. A motion to lay on the table was carried; the house divided again, and it was lost. Mr. Rose moved to strike out "lecture" and insert a provision that Mr. Fulton might "explain the practice and utility of the torpedoes" Mr. Dana thought the amendment made the resolution "less exceptionable; that the House of Representatives should receive a lecture from any individual, however eminent for genius and science, was an idea which he could never for one moment admit!" Mr. Qu ncy agreed with Mr. Dana as to the "lecture" part of the resolution, but opposed the resolution also, "all the boys and all the girls of the District of Columbia would flock to the house on Saturday to hear Mr. Fulton lecture the members of Congress!!!" Mr. Rose' amendment was adopted without a discussion, and then Mr. Fisk opposed the resolution as amended, declaring that the House was trifling away its time. He also felt his dignity as a member of Congress assailed, and concluded a rebuke of Mr. Fulton's extraordinary request by asking, "Shall we resolve ourselves into a committee of students to receive instruction?"

Then followed some tall talking by Mr. Rose, who hagged to Columbia, the kings of France, England and Portugal, and "the celebrated Isabella," and declaring that the American people "were aspiring above kings and emperors," exclaimed, gleaming in doubt at Mr. Quincy, "none are so likely to remain in ignorance as those who are too proud to receive instruction." After further expostulation by Mr. Mumford and Mr. Quincy, and finally the whole matter, which occupied the house till four o'clock p. m., culminated in a snarl as to what had become of the resolution, and in appeals from the Speaker's decisions, and so forth. In some very unintelligible way "the ...an end, but what the end was ...et at. As Mr. Fulton delivered his lecture next ...to the populace in the street, the inference is that ...was tacitly understood that he should be allowed to lecture in the house. The resolution ...ought forth.

HIGHLAND BITTERS!
—OR—
SCOTCH TONIC,

The Celebrated Harbinger of Health to all Nations.

"DRINK AND LIVE."

THE most astonishing want of the nineteenth centuary is a vivifying medicinal preparation to meet the daily "ills that flesh is heir to," and one which at same time entirely free from deleterious ingredients so much over severity felt in this age of prudence. Off the Highland Bitters, that valuable and most justifiable agent of health, was ushered into world.

Sir George Ballingall, Professor of Military Surgery in the University of Edinburg, Scotland, after years of patient scientific research, succeed at the request of his Majesty Queen Victoria, discovering a certain combination of herbs herbs and roots, indigenous to the mountains of Scotland, which, when combined with the most renowned oriental aromatics, was found to be the most meritorious invigorator of the human system, which the world has ever known.

As a conclusive proof of their intrinsic merit and superority over all other bitters or stomach tonics, either in Europe or America, it may be stated that upward of THREE MILLION BOTTLES were sold last year in Great Britain alone, to say nothing of those imported to all other countries of the habitable globe.

The extraordinary demand for this agreeable as well as rare, by attacking the root of the complaint and thereby removing the bitter causes of disease, by invigorating, stimulating and restoring the drooping energies of the system, and assisting nature in her task of vital and functional regulation, has given rise to numerous imitations of bitters and fiery compounds. Dyspepsia, Indigestion, Heartburn, Loss of Appetite, Debility, Sick Headache, Costiveness, Impurities of the Blood and all affections of the Stomach, Liver and Bowels, is invariably cured by a preventative of Chills and Fevers, whether Bilious, Remittent, Intermittent, Typhoid, or any other form, it is peculiarly applicable, being a perfect regenerator of the whole machinery of the human system. Complaints of every form of the palatable stomachic makes the sufferer feel elastic and vigorous—removes all impediments, cleanses all impurities, strengthens generally the whole human constitution, and has never been known to fail in a single instance where it has been tried.

Females and children can use this strengthening cordial for weakness or stomach diseases of any kind. To the mother, wh's nursing, these Bitters are indispensable, and more particularly when the mother's nourishment is insufficient to nourish the infant properly.

To those who wish to retain themselves from a life of drunkenness (one of address), these Bitters will most effectually dissipate the morbid appetite for strong spirits, and restore back the functions of the mind and body to a sound healthy condition, and will act like a charm in removing the craving, and drive away the fiery demons of delirium tremens, and all the train of miseries of debauchery.

These Bitters are prepared from the original recipe, by the sole manufacturers, agents for the Southern States, and for sale by all druggists, Memphis Tenn., who will supply all Druggists, Grocers, Merchants, Hotel Keepers, etc., upon the most liberal terms. feb18-3w&w6m
