$10 Reward.

We will pay the above reward for the apprehension, with sufficient proof to convict, of every thief detected in stealing the APPEAL *from the doors of city subscribers.* MCCLANAHAN, TROUSDALE & DILL.
FEBRUARY 7, 1860.

☞ **NOTICE.** ☜

To-morrow—Wednesday—the APPEAL COUNTING ROOM *will be removed to No. 3 Howard's Row, up stairs, where, hereafter, all persons having business with the office are requested to call.*

CHAMBER OF COMMERCE MEETING.—The chamber of commerce held a meeting this evening at 4 o'clock, at the Exchange Hall, as Odd Fellows' Hall is engaged by Mr. Cowell. The newly elected officers will be installed and other important business be done.

☞ The Adams Express Company advertises an extensive catalogue of articles to pay charges, which will be found in another column. The sale will take place on the 29th of April. Owners of articles and packages will take notice of this sale, if they wish to reclaim their property.

MARRIAGE LICENSES.—We learn from Mr. E. R. Trezevant, the official deputy clerk of the county court, that marriage licenses were issued to the following persons during the week ending Saturday: L. R. Stovall to Miss Susan L. Watt; Cswald Williams to Miss Clementine Thomas; J. W. Bowen to Miss Sophia Grimbleby.

A TRIP.—We learn from Mr. Shock, the agent, that the Memphis and New Orleans packet company are prepared to sell tickets for a trip to New Orleans and back—the holder to be allowed to remain in New Orleans during the whole of the race week—for twenty-five dollars each. A fine opportunity for a agreeable journey.

☞ SHOTGUN CANE.—We saw a private despatch received in this city last evening, dated Holly Springs, March 26, 1860, which read as follows: "Edward Bradford shot a man just now, and he will certainly die. The circumstances are not yet developed, but supposed to be justifiable." The party named is a son of Gen. A. S. Bradford.

A. VACCARO & CO.—This is one of the oldest, most reliable and substantial firms in our city in the wholesale grocery line. The representations of the house may be strictly relied on with regard to the articles they sell. They sell the best of liquors, wines, cigars, fancy groceries, etc., none of which they import directly from Europe. We speak by the card and refer to their advertisement.

MEMPHIS AND WHITE RIVER PACKET COMPANY.—We learn by telegraphic despatch received in this city, that the charter for this company, in which our citizens are so much interested, passed the legislature finally on Thursday last. The Company will organize at once and take steps to put a complete fleet of boats in the trade. The community are mainly indebted to the untiring exertions of Capt. Shirly, and our immediate representatives in the legislature, for the passage of the bill which was originally introduced by Sam. Carpenter Esq., of this city.

MISS JENNIE SHARLEY.—The many friends of this accomplished actress and estimable lady there, before the close of the present theatrical season, to welcome her back to a benefit. This lady was the highest applause during her engagement here this winter, by her correct and life-like delineation of the characters she has impersonated and by her unobtrusive and amiable deportment. The citizens of Memphis, who have witnessed her successful struggles, can not consent to her departure without a testimonial of their appreciation. We hope the management will name a time for this deserved tribute.

SECRETS STRIKE.—In the spring of next year Speed, Dunobo & Strange will build a perfect palace, with a splendid ornamented gothic front of iron, at the corner of Main and McCall streets. We have seen the design, and it is superior by far to anything we have in Memphis. The front is seventy-five feet wide, by which some is a hundred and fifty feet deep. The firm have made a magnificent offer of a free lease of the above dimensions to the chamber of commerce, for a hall, on terms merely nominal. There will be a caloric engine on the ground to hoist goods and do other labor, and to pump water in case of fire, against which element the premises will be protected by an iron roof.

CHARGE BY MAIL RECEIVED.—George W. Choate and D. W. Barnes were arrested at Napoleon, Arkansas, on Saturday last by one of our police, on the charge of robbing the mail, running between Columbus and Aberdeen, Mississippi, and put in the county jail. On Thursday last Mr. Jones, cashier of Apperson & Co., received two letters—each containing a check, the whole for about $500—desiring to sell them and remit the proceeds to Choate. Mr. Jones suspected that a mail had been robbed, and gave information which led to the employment of a mail detective agent, who, by means of decoy letters, made sure of his man, who were arrested Saturday on board the *H. R. W. Hill*. At Vicksburg the prisoners were landed and brought to this city by railroad. Choate said the letters received by Apperson & Co.—and also by two or three other firms in this city, and inclosing seven checks in all—were written by Barnes.

CRIMINAL COURT.—At this court yesterday, John, the slave of James Elder, was discharged after having received thirty-nine lashes; the three months imprisonment was remitted. Robert L. Boggs, concerned in shooting and wounding Mr. Pancoast, applied for a new trial, which was not granted.

J. S. Barrett's case—for passing counterfeit money,"—was continued until next term. His bail was fixed at $1,000.

The trial of J. R. Hutchinson, charged with passing counterfeit money, was set for Wednesday next.

John Durkin, for stealing a pair of boots from the store of Mr. Rotts, was sentenced by the jury, but recommended to the penitentiary, one year's imprisonment in the penitentiary, by the jury, but recommended to mercy.

The trial of Hy Goodrich, charged with picking the pocket of Mr. Birdhill, at the Charleston depot, was commenced.

SAM COWELL'S COMIC FARINA CONCERT.—In company with the visitors at Odd Fellows' Hall last night, we felt considerable curiosity to see and hear the man who he said to have made every adult in England laugh, and, in common with the rest, we fell a victim to misplaced confidence in our powers of resistance. Mr. Cowell's frolicsome humor takes every hearer by storm, and the paroxysm is only the more violent after an attempt at resistance or restraint. Many a lighter heart and sweeter sleep may this morning be attributed to this great musical comedian. *Always be home and be late Imagine* was a finished piece of acting, and we shall never dispossess ourself of his comical conception of the man with "*the cork leg*"—"*Betsy Blake*" is a pure character, dashed off in half a dozen stanzas, as effectually as a romance writer would do in two volumes duodecimo; and "*clean your boots*" causes you yet a twitching around the corners of our mouth. But "*Lord Lovell and Nancy Bell*" and *William Reelcoe*" appeared to us a whole work of comic artillery, which swept the field of every skeptic of the propriety of the most boisterous laughter. Of course there will be crush there to-night.

MELANCHOLY PARTICULE IN ARKANSAS.—A merchant in Aberdeen, Arkansas, writing to a friend in this city, gives the following account of a distressing killing affair which occurred in the Sumter place on the 19th instant:

"We had a very distressing occurrence to take place in our little village day before yesterday. Eugene Washington Peebles killed his own mother Mrs. J. W. S. It seems that he had been in a state of mind. As soon as he had done the act, he came to me and confessed the facts, and requested that I should go home with him. I went with him immediately, and, on arriving at his house, found his brother lying on the floor of the dining-room, just at the door leading out to the gallery, dead. Mr. Peebles then came back with me, and gave himself up to the proper officers, and was on yesterday tried and acquitted.

"Require Peebles is regarded by every one who knows him, as a very nice gentleman; and the general expression is that he would not harm any one, unless compelled to do so in defense of his own life. I have not time or space to give you the full particulars. Suffice it to say that his brother was an indigent, do-nothing fellow, and had followed him home with a double barreled shot gun, heavily loaded with buck-shot, and demanded three hundred dollars from him. Require Peebles replied that he did not have it and could not get it; whereupon Henry cocked both barrels of his gun and presented it at his brother, saying he would give him a fair chance, and if he did not give him the money he would shoot him. Require Peebles had his pewter gun in his hand at the time, proposing to kill birds to bolt a foot line, and instantly threw it up and shot his brother. The community sympathize with the living more than with the deceased brother."

Thirty-Sixth Congress—First Session.

WASHINGTON, March 26th.—SENATE.—The bill providing for the confirmation of lines of Telegraph in the Pacific was taken up to-day, and passed by a vote of 29 against 16. The consular and diplomatic bill was amended, and passed.

HOUSE.—Mr. Chrisman, of Iowa introduced a bill for a Railway to the Pacific which was referred to a select Committee.

Mr. Carwell, of Virginia introduced a bill to enable citizens of the United States to carry their property freely and without molestation into Kansas. Referred to a committee on Judiciary, after the introduction of several resolutions of inquiry and the adoption of amendments to subpoenas for witnesses.

Mr. Blake, of Ohio, offered a preamble and resolution, setting forth that the holding of persons as property is contrary to national justice, and proposed a repeach to the United States throughout the civilized world; therefore it is resolved that the committee on Judiciary consider the expediency of repealing a bill giving freedom to every person held and enslaving slavery wherever Congress has Constitutional power. The introduction of these resolutions caused great excitement; the roll was called amid great confusion, and the proceeding was finally laid on the table—ayes 109, nays 76.

The committee of the whole took up the army appropriation bill.

After a Republican speech made by Mr. Scofield, the House adjourned.
