A FIXED FACT—That Sands' Pale Cream Ale is the best manufactured in the United States. Ale is the most delicate malt liquor manufactured, and when brewed from a good stock is not the rank, bitter, black, nauseating stuff usually called Ale, but a pleasant, palatable, nourishing or invigorating drink, and strengthening, pronounced by chemists and physicians as healthy and nourishing to most people and many invalids. Such is Sands' Pale Cream Ale, which is acknowledged by the physicians and citizens of Memphis to be an invaluable institution, and beyond rivalry or competition from any other beverages. FLEMING & LOCKHART are the popular agents, St. Charles, Adams street. Call and test the fact. apr26-1m*

SEASONABLE LUXURY.—That popular French Club, Sugarings, are in vogue at the Wortham House.

FLOWERS.—Ladies who wish to get the most beautiful flowers imported into Memphis this season are referred to the advertisement of Mr. Frassoni.

NO QUORUM.—There was no meeting of the board of aldermen last evening, there being no quorum in attendance.

PERSONAL.—Col. Jones, editor of the New York Spirit of the Times, will leave this city by railroad for Nashville to-day.

RECORDER'S COURT.—There were very few cases before the recorder yesterday, and nothing of interest transpired in that tribunal.

SHIPMENT OF TOBACCO.—Large shipments of tobacco are daily made from this city for New Orleans. Twenty-five hogsheads of the staple were sent forward yesterday by the steamer Kentucky.

THANKS.—To the courteous manager of Adams express office in this city, Hamilton Berton, Esq., we return our cordial thanks for frequent and valuable favors.

DR. ALLEN HARRIS, OF DYER.—In our paragraph of the organization of the Mississippi river railroad company on yesterday, we omitted to state that this gentleman was elected Vice-president of the company. We now make the amends.

THE MOUND.—We learn that the beautiful elevation on the bluff at Fort Pickering, known as the Jackson Mound, and been leased by an enterprising citizen, who will expend a large sum in improving the place as a summer resort for the public.

THE INFLUENCE OF THE WEATHER.—The rain of yesterday came most opportunely for our planting friends and the business community, but interfered badly with the young people, whose picnic excursions and children enterprises were broken in upon.

THE LADIES' FESTIVAL.—The festival of the ladies of the First Methodist church, at Odd-Fellows' Hall, opened most auspiciously last evening. Their pleasant entertainment will be continued this evening and to-morrow evening.

STRAWBERRIES AND OTHER LUXURIES.—A supply of fresh and delicious strawberries may be found at Useful Place this morning, together with many other luxuries which cannot be found at a less central place. The Useful Place is an institution that should be encouraged.

THE PARODY OPERA TROUPE.—We are pleased to learn that the season of the Parody Opera Troupe has closed so successfully and compliment with Manager Thompson whenever the troupe will give a series of operatic entertainments at the New Theater, commencing on Monday evening next.

PAINFUL ACCIDENT.—A little boy was thrown from a cart on Second street, near Adams, yesterday afternoon, and was painfully, if not fatally injured by a wheel of the cart passing over the body. The poor little fellow was removed to the residence of his parents, in North Memphis.

SOON TO BE REMOVED.—It will be remembered that there is an ordinance in existence which prohibits the extension of signs over the sidewalks, at any distance above ground, limiting them to the houses to which they are affixed. The city marshal has given notice that all projected signs must be removed by Saturday next.

PRACTICAL CHRISTIANITY.—We would refer our readers to the ladies of the Methodist fair for a collector of subscribers, which found its way to our office at a late hour last night. We are requested to give notice that the ladies of the fair will set a lunch at Odd-Fellows' Hall this morning, from 10 to 11 o'clock, which door will be happy to see their friends.

☞ Those wishing for homes in a healthy and pleasant neighborhood, and on easy terms, should attend the sale of M. C. Cayce & Son, this morning, at 10 o'clock, on the premises, in the suburbs of the city, of 120 acres of land, laid out in five acre lots. Real estate is now lower in our opinion than it ever will be again. A word to the wise is sufficient. Omnibus will leave the Arcade at 9½ o'clock.

SPLENDID NEW HOSE CARRIAGE.—The new hose carriage of Invincible fire company No 3, as it appeared in procession yesterday, was one of the finest specimens of workmanship of the kind we have ever seen. It was built by Messrs. L. S. Burr & Co., of this city, and does great credit to their skill. It has been christened "Daisy Crooker," and bears in front a correct likeness of the old pioneer, with his favorite maxim, "Go the poor's right, and then go ahead." On one of the sides we observed a portrait of Mr. J. C. Mills, the vice-president of the company, and one of the other firemen in the city. This elegant new hose-carriage was formally dedicated last night at a social meeting, in the rooms of the company, and a few friends, who enjoyed the hospitalities of the company until a late hour. We announce the receipt of an invitation to the festivities.

A STRANGE INFORMATION.—We were called upon Saturday to witness an object which we were compelled to turn from with utter disgust. The object was rolling more or less than the carcass of a negro hippopotamus (Philadelphia is our worthy competitor in the business) in Adams & Co.'s express—well packed in saw-dust—and which arrived in a perfect state of preservation, and without odor. We are surprised that our northern friends should be anxious to ship the carcass of their negro Bonifacio we are informed that they now no longer there to be profitable. The negro and the boy in whom he was packed remained in the street for several hours, when by order of our worthy city marshal it was removed forthwith. The negro was a real northerner—only half clad—with a dirty shirt, an old pair of pants, without socks or shoes, and from all appearances must have seen hard times. What will our good northern friends be guilty of next?

MELANCHOLY SUICIDE ON A STEAMBOAT.—We are pained to learn that death by suicide of a young man named Lewis H. Tucker, occurred on board the steamer S. H. Tucker at this city, on Thursday last, for little Rock. The act event occurred a short distance above the Bluff on Saturday morning last. The deed was accomplished by the unfortunate young man with his pistol, and, according from the brain, fetched his compass in a drug condition. Letters in the hole of the deceased displayed the fact that he was from Mobile, Ala., and his appearance indicated that he was an unfortunate gentleman, although he seemed to be labouring under some mental affliction. A considerable sum of money was found on his person, and his friends were informed by letter of his decease. The remains were interred at Little Rock.

ANNUAL PARADE OF THE FIRE DEPARTMENT.—The annual parade of the department on Thursday morning did not dampen the ardor of our patriot firemen, who had long had in preparation their programme of the annual parade, which event is anticipated by all the old and young in this city. As an early hour "the boys" were observed on the gay wing, in their parent feather, and the exercises of the day were inaugurated by the formation of the procession, about the hour of the clock. The procession formed in the following order: 1. Mounted Rifle Company, No. 7, numbering about eighty members, uniformed in red shirts, black pants, and Roman hats, with their band at the head. They also had in procession their baggage waggon "Fairy," together with their hose carriage "Relentless" both of which were tastefully decorated with flowers and flags. 2. Liberty Hose company No. 2, sixty members strong, headed also by a band of music, the members drawing their hose carriage, elegantly decorated. They appeared in red shirts and black pants, and the usual hat. 3. Mechanic Hose Company No. 4, with nearly a hundred members, wearing white shirts and black pants, headed by a band of music. They also had in procession the new steam fire engine, which was decorated with flowers. Their hose carriage a banner with the motto, "Always ready to serve." They also had in procession their elegant hose carriage "Charles Potter," a description of which we have given heretofore. This apparatus was in perfectly good order, and the hose company No. 3 numbering one hundred members, with their white shirts, black pants, and Roman's hats. The company likewise were provided by a band of music, and their machine was drawn by six horses. The second division of the parade was composed of bands, who were dressed in the uniform of zouaves, who over the three carriages "Horses," which was elegantly decked with flowers and verdure. 2. Washington fire company, No. 5, with about sixty members in procession, dressed in scarlet shirts and black pants, with a band of music in front. They also displayed a banner illustrated with the portrait of the "Father of his Country," with the motto, "Fear God, Obey Him," and drew their beautiful hose carriage "Martha Washington," upon which was ornamented, in the character of a May Queen, a charming little girl, imbedded in evergreen and flowers, under the protection of an embroidered Roman. 3. Pioneer Hook and Ladder fire company, No. 1, with about thirty-five members, in white shirts and black pants, with their implements in hand and their website drawn by four horses. 4. Relief fire company No. 7, with sixty-forty members, dressed in yellow shirts and black pants, with a band and banners. Their engine, drawn by four horses, was elegantly decorated. This pulled company, we regretted, "pooled" from the rear of the procession in the midst of the assembly, and continued the display on their own account. The procession moved through the principal streets to the gratification of the spectators, finally dispersing at Court Square. The present was one of the most imposing character, and will mark a memorable event in the history of our fire department. During the afternoon a number of representatives from the different companies accepted an invitation from the committee of the Mayor H. Fleed to visit Normal City, and were partaking of Mr. Chuck's hospitalities at the Lone the rain intervened and closed the festivities of the day.

Cheering News to the Afflicted.

GENTLEMEN of science may speculate and theorize, but facts are worth more to the afflicted than all the theories the world ever produced.

DR. A. G. GOODLET'S
Improved Houck's Panacea,

is acknowledged by all who have given it a trial, to be one of the best medicines ever used for the cure of all diseases arising from a disordered stomach, or an impure state of the blood. The most astonishing cures produced by the "Panacea" in the city of Nashville and vicinity, and every portion of the country where it has been introduced, is a sufficient guarantee of its efficacy.

See Rev. J. C. Bowden, of Mollinsville, Tenn., speaks thus:

DR. A. G. GOODLET—Dear Sir: It may be gratifying to you to hear that Houck's Panacea, prepared and sold by you, is doing the work of a physician in this place to a low one. During my recent travels in several counties in Middle Tennessee, I have often met those who have used it. The testimony in favor of Houck's Panacea is remarkably strong. I have seen very well. It has been very useful to me in cases of hoarseness, brought on by preaching in the open air and laboring in revivals. Please make an agent in this place. Very respectfully,

J. C. BOWDEN.
