A FIRST FACT—That Sands' Pale Cream Ale is the best manufactured in the United States. Ale is the most delicate malt liquor manufactured, and where brewed from a good stock is not the rank, bitter, black, unsoothing stuff usually called Ale, but a pleasant, palatable, slightly stimulating access to and tonic beverage, pronounced by chemists and physicians as healthy and nourishing as most people and tonic available. Such is Sands' Pale Cream Ale, which is acknowledged by the connoisseurs and citizens of Memphis to be an invaluable institution, and beyond rivalry or competition from any other beverages. FLEMING & LOCKHART are the popular agents, St. Charles, Adams street. Call and test the fact. apl0-1m*

MONTVALE SPRINGS,

in the extent and variety of means by which these objects are secured. They invite the attention of the public to their advantages in all these respects, viz:

As to the curative properties of these waters, five experienced resident physicians testify as follows:

"They are in their effects on the human system—Diuretic, Diaphoretic, Aperient, Diuretic Alterant, Sedative, Tonic—in short, they are a specific, perhaps, no rival in efficacy, either in the mineral or vegetable kingdom, for all cases requiring alterative treatment. Dropsies with all their many and varied concomitants as Hydrothorax, Hydrocele, Chronic Liver Complaints, enlargement of the Spleen, Rich and Nervous Headache, Debility, Derangement of the Nervous system, etc.

"These Diuretic properties render them a powerful remedy in most cases of Chronic Dropsy, and affection of the Kidneys. They are also efficacious in Nervous Diseases, arousing the dormant powers of vitality, and thus restoring nature to sensibility and throw off any local or poisonous matter from the system. In short, all cases of general debility and nervousness will find a very agreeable and reliable remedy in these waters.

"Cases of malaria, Chills and Fevers, and many contagious diseases, as Erysipelas, of tedious, etc., have been cured by them.

"We do sincerely, therefore, in all sincerity, recommend all persons suffering with Chronic Diseases, to come and make a trial of the Montvale Waters."

FALSE ALARMS.—There were two false alarms of fire last evening.

Signor Patti, the musical director of the de'ogent Parodi opera troupe, is in the city.

FESTIVAL CLOSED.—The ladies of the First Methodist church gave the last festival of their series at Odd-Fellows' Hall last evening.

RETURNED.—Col. B. F. Dill, one of the editors of this paper, returned to the city yesterday, and may be found at his office on Howard's Row.

BISHOP GRACE.—Rt. Rev. Thos. L. Grace, late pastor of St. Paul's and St. Peter's church in this city, but at present Bishop of St. Paul's, Minn., arrived in this city Wednesday.

PUNISHED FOR LARCENY.—George, a slave of Mr. Foster, was sentenced by the recorder yesterday to receive thirty-nine lashes for the larceny of a razor.

VIOLATION OF THE SABBATH ORDINANCE.—John Gentle, was fined twenty dollars by the recorder yesterday, ten dollars for selling liquor on the Christian Sabbath, and an equal sum for cock-fight.

MAYOR PRO TEM.—At the meeting of the board of aldermen, Wednesday evening, Alderman Pentecost was appointed mayor pro tem. in the absence of Mayor Baugh, who is in Charleston at present on official business.

THE FUNERAL OF HENRY MYERS.—The body of Henry Myers, who was assassinated by Skinner in this city, reached the home of his deceased in Philadelphia by railroad in due time, and was interred on Friday last.

JACKSONPORT HERALD REVIVED.—We have received the Jacksonport (Ark.) *Herald* of the 5th inst., the first issue since the conflagration which reduced the establishment to ashes. The number before us is creditable to the taste and enterprise of the proprietors Messrs. Love & Gill.

PERSONAL.—Mr. Geo. L. Robinson, the well-known real estate agent of this city, was in Louisville Tuesday.

Prof. Robert J. Breckinridge, of the Louisville University of Medicine, passed through this city yesterday, en route for Louisville.

HANDSOME PICTORIAL.—Miss Rosaline Davis, the agent of the Hankin's *Family Pictorial*, is in the city on business connected with the paper. The specimen number before us is a beautiful one, and contains much interesting reading matter. Miss Davis will receive subscriptions.

SACRED CONCERT.—A concert will be given at the New Theater, Sunday evening, by a number of our most noted amateur vocalists and performers, for the benefit of St. Mary's church. The proceeds of the concert must will be devoted to the purchase of an organ for that church.

Verzillo & Co.'s artistic pictures are creating a furor wherever unknown in Memphis. Their exhibition at Odd-Fellows' Hall should those curiosities pictures. The superior taste, and the low prices charged, is sufficient to draw full houses at No. 262 Main street.

We would still advise all persons visiting our city, to purchase Piano Fortes, of any style or price, from the plainest and cheapest to those of the finest instrument and elaborately carved exterior, not to forget to call at B. Whitesides & Co.'s, No. 182 Main street, and examine their fine assortment from the manufactory of Conroy, Gilbert, one of the oldest manufacturers in America, whose name is as familiar as household words to nearly every artiste in our Union, and whose instruments have stood the test of the most severe climates for thirty-five years.

A SWINDLER AT LARGE.—A man who gives his name as J. W. Wilson, and who represents himself as a railroad contractor, has, during the past year, been successfully practicing an extensive game of confidence in and out of our city, and in the South. We received letters from St. Louis to Tom. H. Williams & Co., of this city, and then obtained a small sum from that firm, and subsequently visited the State of Arkansas, where his operations were equally limited. He is at present in New Orleans, especially his wife, and we warn the credulous there against him.

MAY FESTIVAL AT THE THEATER.—The current "merrie month of May" is prolific of festivity among the young folks, and one brilliant display follows in the wake of another. A number of young ladies, without respect to "sect" or denomination, will give a dress entertainment at the new theater this evening, which will doubtless form the climax to the sports of the season. The music will be exquisite, the dialogues amusing and instructive, and the recitations chaste and elegant, while the dancers and singers will be capital. Of course the youth, beauty and fashion will all be there.

LADIES' AUCTION.—Great attraction at Arnold & Brax, old stand, 345 Main street. As we are removing to our new store, and have a great variety of goods, which we decline keeping, we shall sell at auction, on Friday morning, May 11, commencing at 10 o'clock, notions of all kinds, work boxes, writing desks, satchels, portemonnies and fancy soaps, baskets, toys, with an endless variety of other fancy goods. Also, beautiful lace sets and collars, embroidered collars, hosiery, and many other articles of ladies' wear. Ladies will do well to attend this sale, as the goods are very desirable, and will be sold regardless of cost. Terms cash. S. Whitesides & Co., auctioneers.

CAPT. TRAVIS' GALLERY.—Our readers will remember the announcement in our column that a prize of an elegant silver pitcher would be awarded little person having the nearest six consecutive shots, at this gallery, from the 15th of April to the 15th of May, 1860. The pitcher is on exhibition at the gallery and we are reminded that the term will expire in the next three days. It is well worth the ambition of amateurs, and we advise all persons who have not tried their hand at shooting at the pitcher, to call and contend for the pitcher. It is not yet won, and the latest in the field may wear the laurels. But little time remains, and the fortunate possessor of the pitcher will not regret the time occupied in securing the claim to it. Make haste or you lose the prize.

FAR, FAR AWAY.—Far away in from the coast of *Le Belle Prairie* will once come to the United States in a period of extremity, and here, where the United States threatens to be swallowed up in chaos—and conspire to assert the right of liberty, laughter, and light interchanged to have their day, the Mobsiver Martin, the special friend of the people, brought up from Texas, in the ship, the week before for the excellent Farre Champagne wine, the pure "irreproachable" article, that is always alive, always inspiring, inspiriting, enlivening, elevating and ever rejoicing. Monsieur Martin's Sudard Wine and Charlie Fresh. The fairy spell, spirits and lofted graces, after the ceremonies were decided of all the spirits, proceeded in procession to the corner of Main and Beal streets, at which window has long provided to sweet music to the crowe in the vicinity of the St. Agnes Orphan Academy, where the day was devoted to Terpsichore. Miss Duncan's school occupies a front position in the ranks of our select school ladies, and the pleasant hours of yesterday were also gratifying to the many friends of the school and highly creditable to the taste and enterprise of the principal.

DISTRESSING SUICIDE.—About seven o'clock last evening the occupants of the building in which the Memphis Insurance Company have their office, were startled by the report of a pistol in the third story of the building, in a room occupied by Mr. Henry Creighton as a sleeping apartment. Those who knew the report repaired to the room of more from which the noise proceeded, and were shocked to find Henry Creighton prostrated on the floor in a dying condition. As he lay upon the floor he yet grasped a pistol in his hand, which weapon, it was but too apparent, had been the instrument of mischief. Upon examination it was found the unfortunate young man had placed the muzzle of his pistol in his mouth and discharged it, the shot producing almost instant death. The deceased was a native of Jackson, Tennessee, but had resided in this city about sixteen years. He had been labouring under depression of spirits for some time, which was the result of physical affliction, so he was aware that emancipation had relieved upon his existence. The unfortunate young man was about twenty-six years of age, and was admired by a large circle of friends for his manly and noble qualities. We are informed that the deceased had made two or three attempts recently to destroy his life, having in one instance during the past fortnight taken a quantity of laudanum, but he was rendered by the skillful aid of medical aid. Before the final failure of his health the deceased had followed the profession of bookkeeping. Whatever his weaknesses may have been, his enemies, if such he had, could find little in his character to censure. We trust he has found that peace and consolation in the untried existence that was vouchsafed to them on earth. An inquest was held upon the body in the presence of Esquire Hume.

IMPROVEMENTS.—It has been stated by one of our leading architects, that there will be constructed within the city and its immediate vicinity, at least two thousand houses within the present year. We do not believe that the number is over estimated, and as we heard a leading real estate dealer say in reply to the above statement, that although there had been great activity in property on the market this year, there would be more houses erected than sold, and this year. The reason assigned was that lots were disproportioned and the year were improving them, and had no means to become this season the purchasers of additional lots. It will be rather be in our judgment fortunate for those who have the means to lay little money to do so, for, with the amount of improvements now going forward and those which will be completed this year, must advance the price of all desirable vacant property. We advise those who can buy to attend the sale of lots advertised to take place today by Monsarrat, Dupree & Co. They are located in one of the most improving portions of the suburbs, and are to be sold on a credit extending through three years.

REAL ESTATE SALE.—The sale on yesterday, by M. C. Carter & Son, of the Rev. T. A. Tyler's and J. S. Dyer's property, two miles north-east of Court Square, on the Raleigh road, was quite well attended. The average price, per acre, was $1310. These purchasing were Messrs. S. Hodges, E. H. Porter, Samuel Part, and A. Cornell.

DR. A. G. GOODLETT'S

Improved Houck's Panacea,

is acknowledged by all who have given it a trial, to be one of the best medicines ever used for the cure of all diseases arising from a disordered stomach, or impurities of the blood. The many astonishing cures performed by the "Panacea" in the city of Nashville and vicinity, and in every section of the country where it has been introduced, is a sufficient guarantee of its efficacy.

The Rev. J. C. Bowden, of McMinnville, Tenn., speaks thus:

DR. A. G. GOODLETT—Dear Sir: It may be gratifying to you to hear that Houck's Panacea, prepared and sold by you, is doing the good work in the relief of your fellow-men. During my conference in middle Tennessee, in Middle Tennessee, I have often met those who have used it. The universal testimony is, "It is the best remedy I have ever used." It has been very useful to me in cases of hoarseness, brought on by preaching in the open air and laboring in revivals. Please make an agent in this place. Very respectfully,
