A FIRST FACT—That Smith' Pale Cream Ale is the best manufactured in the United States. Ale is the most delicate and light liquor manufactured, and when viewed from a good stock is not the rank, bitter, black, tasteless stuff usually called Ale, but a pleasant, palatable, slightly exhilarating beverage, and most healthy, prescribed by chemists and physicians as healthy and nutritious to most people and many invalids. Such is Smith' Pale Cream Ale, which is acknowledged by the profession and citizens of Memphis to be an invaluable institution, and beyond rivalry or competition from any other beverage. FUNKING & LOCKHART are the popular agents, St. Charles, Adams street. Call and test the fact. may7-dtf

Ohio White Sulphur Springs.

ANNOUNCEMENT OF THE PROPRIETOR FOR 1860.

THE Ohio White Sulphur Springs are situated in Delaware county, 18 miles north of Columbus, the capital of Ohio, on the Scioto river, 15 miles from Delaware, five miles from Sunbury station, on the Burlington, Mt. Vernon and Pittsburg railroad, and adjoining Jones Lewis Camp station on the Cleveland, Columbus and Cincinnati railroad.

These Springs will be open for the reception of visitors from May until October.

The gratifying experience of the past two seasons has fully confirmed the highest expectations of the proprietor, and encourages him to persevere in his effort to make this second to no place in the country.

The house contains 300 apartments, which have been selected and furnished beyond doubt the rare and valuable medicinal qualities of these waters. Their alterative, tonic and aperient properties render them useful in a great variety of diseases. The Eve Spring—the Sulphur, the Chalybeate, the Magnesian, the Iron, the Chalybeate, and the Spring of Pure Water, are all within the town and adjacent to it.

BATHS.

Bathing here by the plan adopted is beneath rare fair competition with that as naturally Warm and Hot Springs. The water, heated in the Sulphur by steam pipes, the heat not being raised high enough to precipitate its salts, is applied in the surface of the bather without the loss of one of its valuable ingredients.

The hotel age adjacent to the Springs is ample. The grounds, embracing about 300 acres, divided between lawn and woodland, are tastefully laid off into walks and drives.

A Telegraph Office has been permanently established, connecting the Springs with all parts of the country.

A Livery, well stocked with horses and carriages, is attached to the place.

For further information, arrangements for rooms, etc., apply to ANDREW WILSON, Jr., Proprietor, White Sulphur, P. O., Delaware county, O. ap12-2w*

MONTVALE SPRINGS, 1860.

S. LANIER & SON, AND A. P. WATT OWNERS AND PROPRIETORS, Also, Owners mainly, and Proprietors of EXCHANGE HOTEL, MONTGOMERY.....ALABAMA.

TRAVELERS on the railroads from Dalton and Chattanooga to Knoxville, Tenn., reach Montvale by an hour's ride over a Macadamized road.

Messrs. S. Lanier & Son have been engaged in hotel business in Macon, Ga., in New York, and now in Montgomery, Ala.; for one year their patronage. Experience has taught them the wants of the traveling public; and they promise all who seek health, comfort or pleasure, that no summer resort is more complete than

MONTVALE SPRINGS,

in the extent and variety of means by which these objects are secured. They invoke the attention of the public to their advantages in all these respects.

As to the curative properties of these waters, few experimental enquiries (practical ones) are needed.

They are in their effects on the human system—Diuretic, Diaphoretic, a powerful Alterative, Refrigerant, and with a wonderful tonic. They have, perhaps, no rival in efficacy, either in the mineral or vegetable kingdom, for all those complicated diseases, designated term Dropsies with all their many and varied concomitants as Hypochondria, Neuralgia, Chronic Liver Complaint, enlargement of the Spleen, Skin and Nervous Disorders, Debility, Derangement of the Nervous system, etc.

Their Diuretic properties render them a powerful remedy in most cases of Gravel, Stone and Affection of the Kidneys. They are also efficient in Nervous Diseases, arising from Mercurial Poison, and in those annoying cases to subdue and throw off any morbid poisonous matter in the system. In short, all cases of long-standing and inveterate disease will find a agreeable and reliable remedy in these waters.

Cases of obstinate Chronic Diarrhoea, and many cutaneous diseases, as Herpes, or tetters, etc., have been cured by them.

We do certainly, therefore, in all sincerity, recommend all persons suffering with Chronic Diseases, to come and make a trial of the Montvale Waters.

☞ The Trescevant tract will be sold to-day on a credit extending through five years.

THE LETTER LIST.—The official list of letters will be published in the APPEAL to-morrow morning.

LATE PAPERS.—We are indebted to Master Albert Beer, the intelligentlittle news agent, for late Cincinnati dailies.

CLOSING EXERCISES.—The young ladies of the Presbyterian church gave their last entertainment at Odd Fellows' Hall last evening.

CONCEALED WEAPONS.—Thos. Farley was fined ten dollars by the recorder yesterday for carrying concealed weapons.

HOUSE TO RENT.—Mr. John D. Armour has two desirable dwellings for rent in a desirable locality.

REARRESTED.—Mary Williams, a miserable outcast, who escaped from the city workhouse a few days ago, was rearrested yesterday and sent back to her old quarters for a period of one hundred and three days.

THE WEATHER.—Yesterday was the warmest day of the season in this latitude, the mercury in the thermometer standing at eighty-seven degrees in the shade at 2 o'clock. The heat and dust rendered the day as exceedingly unpleasant as

GAYOSO DEBATING CLUB.—We are truly glad to hear of the continued prosperity of this society, composed, as it is, of some of the best young men of the city. They will meet tonight at 8 o'clock, punctually. A full and personal attendance is particularly requested, as business of great importance will come before the society.

☞ We announce this morning the name of our old friend, John W. Harris, of Somerville, as a candidate for the office of Assessor, in all the newspapers we have received from Hon. Isaac B. Williams. We have known Mr. Harris long and well and we know him to be a true friend, a true man, and an individual in all respects well qualified to fill the position he seeks. Give him a hit.

SALE CONTINUED.—We are requested to say that Mr. Whitsitt & Co., will continue their attractive sale of choice dress goods, embroideries, and almost every style, grade, and quality of fancy goods, at the store of Arnold & Minor, No. 266 Pyramid Block, this morning at 10 o'clock. This entire sale is being partly sold without regard to prices, and crowds of ladies and gentlemen are daily attracted thither, to secure their supplies at their own prices.

MAMMOTH AUCTION.—Messrs. Cayce & Son have requested us to call attention to their great auction sale of real estate to-day, at ten o'clock. The location of the property is certainly most desirable, as it is situated in a high and healthy quarter, in the eastern section of the Overton division, just outside the corporation, on the Hernando road, and near the contemplated railroad to the State Female College. This property will undoubtedly rapidly advance in value. Omnibuses at the sale.

REAR THIS.—The manufacturing interests of our city had it within their power to keep up with its progress. Another evidence of this, we find in the contemplated removal of the lard oil, soap and candle factory of J. P. Prescott & Co., to their new location, on their grounds adjoining the hospital for their business. In consequence, therefore, of this change, their old stand, at the foot of Jefferson street, will be offered at auction on next Saturday, at eleven o'clock, by H. G. Cayce & Son. It is scarcely necessary to invite attention to this sale, as the tangible benefits of the property cannot be overlooked by all those in the favorable notice of every one who desires to invest in real estate. See advertisement.

TO GARDENERS, DAIRYMEN, &c.—Any person wishing to inform themselves of the character of the 300 acres of land lying between the Loosa Hatchie and the Mississippi Rivers, which I have advertised for sale in public auction on the 26th of June, will be furnished with all necessary information, and also some one to show said land if calling at my auction room's. Bank Avenue. Any person wishing a place for a dairy, warehouse, market or residence, will find it to their interest to get and look at the land, as it is heavily timbered and will produce anything that grows in this climate.

M. J. FARRINGTON.

THE CANNING THEATRICAL TROUPE.—We attended yesterday morning that there was a fair attendance at the new theater Tuesday evening, on the occasion of the benefit of the theatrical troupe, who were wrecked on the steamer H. P. Bee. The net receipts of the entertainment were nearly one hundred and fifty dollars. The company which is composed of Mesr Melville Williams, Mr. Graham and lady, Mr. Preston, and Mr. Keller, left for Henderson, Kentucky, last evening by the steamer Kentucky, with the exception of Mr. Keller, who will return to the vicinity of the wreck, in search of the lost baggage of the company. The troupe have a summer engagement at Henderson.

HOME FOR THE HOMELESS.—We are pleased to learn that the interesting ceremony of the ornamentation of May queen, which took place at the new theater on last Friday evening, will be repeated on to-morrow evening, for the benefit of the Home for the homeless. Several new and interesting features will be introduced, which will render the exhibition still more entertaining than the former one. It is due to the young ladies who have engaged in this noble benefaction, as we!as to the cause which has enlisted their efforts, that the beneficent public should render them a liberal patronage on the occasion. Tickets may be obtained at the bookstore of Messrs. Kerr & Williams, Young & Rice, and at the door. Admission fifty cents.

DEATH OF A WELL KNOWN PRINTER.—It is with sorrow we announce the death of Mr. Daniel N. Troup, of consumption, in this city, yesterday morning. The deceased was a young man who has been for several years connected with the printing business in this city, and was universally respected by his associates. His remains were interred in Elmwood, last evening, under the auspices of the Memphis Typographical Union. Through a lingering and painful illness, the deceased was the recipient of many acts of kindness from his fellow craftsmen, and Mrs. Mary Polson, at whose residence he died, who watched over him and soothed his last hours with a tenderness and kindness which, in the absence of nearer relatives, robbed death of half its poignancy, and is worthy of the highest praise.

THE SUFFERERS BY THE LATE STEAMBOAT DISASTER.—Messrs. J. A. Lindsay and W. H. Parks returned to this city yesterday by the steamer South Bend from a search for the body of Mrs. Lindsay, who was drowned in the disaster to the steamer R. P. Sam. Mr. Parks has in his possession, as a memento of his sad duty, the R. P. Sam. Mrs. Lindsay having been placed under his charge when the boat left New Orleans. The search for the body of Mrs. L. was fruitless, but a quantity of baggage which had been recovered from the wreck was identified by the owners, and the value, in the estimate of $600, was in the possession of an individual on an island opposite Sunny's landing; but the holder refused to give them up to the owner unless she would pay a reward of twenty-five dollars. Messrs. Lindsay and Parks desire us to express their obligations to Capt. Haines, of the South Bend for the kind attentions he bestowed upon them.

FINE PROPERTY ON FIVE YEARS' CREDIT.—To-day, Mr. Neal Trezevant's two hundred acre tract situated on Central avenue, just this side of the race course, is one of the best and most rapidly improving neighborhoods in the county, with the exception of the incorporated one it extends through five years—that is, one fifth on 1st January, 1861; one-fifth on 1st January, 1862; one-fifth on 1st January, 1863; one-fifth on 1st January, 1864, and one-fifth on 1st January, 1865. Now is the time for a bargain, and those who embrace this chance for all, however limited his means may be, to secure a lot of land that must rapidly increase in value as the city increases in population. The whole tract contains one hundred acres. It has been subdivided into lots of ten and twenty acres, many of which, are covered with forest trees, while all have eligible building sites, and the land is rich and productive. A special train of cars will leave the depot of the Memphis and Charleston railroad at half an hour before ten o'clock, to take all who may wish to attend the sale free of charge. Omnibuses will leave the office of the undersigned at half past nine o'clock, to take all who may wish to ride to the depot. Call at Mr. Gates' branch office of the Memphis, and a complete map will be furnished.

THE OHIO WHITE SULPHUR SPRINGS.—We take pleasure in directing the attention of northerners to the merits of the Ohio White Sulphur Springs, situated eighteen miles from the city of Columbus. These are, we learn, quite large springs upon the property, all of which, the lower four of which the White Sulphur, the Chalybeate, the Magnesian, and the Salina Chalybeate, are decidedly medicinal; the fifth is remarkable only for the purity of its water. As a health resort, during the summer months, the Ohio White Sulphur Springs have no rival in the West, and but few in the United States. The location is peculiarly healthy; the Scioto river upon which it is situated, is a rapid, rocky stream; the "Old Limestone," a formation upwards of four in thickness, through which the river cuts its way, is everywhere either at or near the surface; the grounds of the estate are beautifully undulated, and interspersed with numerous groves, which carry out all the superlative traits, thus rendering the mid day, and the atmosphere free from that humidity so prejudicial to health; these circumstances, taken in connection with the latitude of the place (about 1,000 feet above the level of the ocean), make the healthy in eligible. Every and substantial improvement at the disposal of Mr. Joe. Gilbertson, who has general supervision of these springs is in the city at present.

Administrator's Notice.
