A FINE FACT—That Sands' Pale Cream Ale is the best manufactured in the United States. Ale is the most delicate malt liquor manufactured, and when brewed from a good stock is not the rank, bitter, black, tormenting stuff usually called Ale, but a pleasant, palatable, slightly invigorating drink in and made ready, pronounced by chemists and physicians as healthy and nourishing to most people and many invalids. Such is Sands' Pale Cream Ale, which is acknowledged by the physicians and citizens of Memphis to be an invaluable institution, and beyond rivalry or competition from any other beverages. FLEMING & LOCKHART are the popular agents, St. Charles, Adams street. Call and test the fact. ap30-1m*

☞ For Letter List see Fourth Page.

COUNCIL MEETING.—The board of mayor and aldermen will meet at 3 o'clock this afternoon.

LETTER LIST.—The list of uncalled for letters appears in this morning's paper, which advertisement is due to the superior circulation of the APPEAL.

PERSONAL.—Mr. Jos. F. Culbertson, of the Ohio white sulphur springs, left this city for the springs last evening.

RECORDER'S COURT.—There were twelve delinquents before the recorder yesterday, eight of whom were sent to the chaingang.

CALL UPON MR. I. N. HENKLE.—"Many citizens" request us to make a public call upon I. N. Henkle to become a candidate, to represent the third ward in the board of aldermen, at the coming election.

THE HOG BUSINESS.—There is a very heavy trade in hogs in this city, which is constantly enlarging. Yesterday Mr. Walker, of Paducah, c'ipped six hundred hides in a single lot to the steamer Moser McLellan to Mr. Roker's tannery, in that city.

☞ A full attendance of the ladies and gentlemen, who have been invited to assist in the concert for the "Home of the Homeless," is desired this evening at eight o'clock, for the practice of chorusses, at the public rooms of F. Ramsdell, 350 Main street.

SERIOUS ROW.—In a fight between Patrick Flaherty and Edward Whalen, on Main street, above Jackson, Wednesday evening, Whalen was seriously injured. Flaherty will have an examination before the recorder this morning.

FIREMEN'S ROW.—We regret to learn that a row occurred at the fire yesterday morning, on Court street, between some of the members of the No. 2 and No. 3 fire companies. None of the combatants were seriously injured.

HOMICIDE IN MISSISSIPPI.—William Nesbit, a planter in Delta county, Miss., and well known in this city, killed his son on Sunday last, by beating him to a piece of wood, for some insolent offense. Nesbit was arrested, and is now in jail awaiting examination.

BIGAMIST ARRESTED.—A man named Chas. G. Johnson was arrested in this city Wednesday evening, on the charge of bigamy. A wife whom he had deserted in Chicago in 1856, having confounded him in the presence of a lady to whom he had married in this city about two weeks ago. The accused confessed the charge, and was committed for trial by Squire Richards yesterday morning. Johnson is a machinist by trade.

MAY FESTIVAL.—The charming entertainment given by the young ladies at the new theatre Friday evening last will be repeated this evening, for the benefit of the Home of the Friendless. The entertainment, so eminently given, was one of most pleasing or the kind we ever witnessed, and the object for which the repetition will be given is eminently worthy.

A NEW TRADE.—The little steamer Carl has just arrived from the head waters of the Mississippi, from the region known as the "Sunk Lands" of Mississippi, a short distance from New Madrid, bringing fifty-three bales cotton—the first crop of the kind ever grown in that region. This, we believe, is the first instance in which a boat has ever penetrated so far into the interior of Mississippi. The Carl is now making up a cargo of groceries for the inhabitants of the "Sunk Lands."

☞ While walking down Main street yesterday our attention was attracted to a neat looking young man, but it was not the man who interested us, but his beautiful and glossed coat which we afterwards learned was a real boss fit for broad cloth, that had been cleansed and totally repaired by the enterprising firm of Marshall & Cook. Send in your coats, vests and pants and have them dyed, cleansed and neatly repaired by their great and original chemical process. If they fail to please you no charge will be made. Their office is in Main street, between Bayne and Brabs.

EDINBURG REVIEW.—The April number of the reprint of this valuable periodical is in hand from the publishers, Leonard, Scott & Co. for the fidelity and accuracy with which the fac simile of this and other important European magazines are set before us. The present number contains: "Commercial relations of England and France;" "The tenth of Milton;" "Expose of public education in England;" "English local nomenclature," "a masterly article—" Correspondence of the Duke of Wellington;" "Church and Roman Empire;" "Shakespeare Regular;" "On the origin of language—a profoundly interesting essay—" Prussia, Savoy and Switzerland."

THE CLOSING SALE OF B. WHITESIDES & Co.—The closing sale of the above firm will take place this morning at 10 o'clock, at the store of Arnold & Miller, No. 346 Pyramid Block. A great variety of very choice goods remain unsold, and must be closed out to the highest bidder, regardless of cost. Among the goods to be sold this morning are some choice and fashionable bonnets, adapted to the season, rich and desirable styles of ribbons, fancy worsted socks, some very rich, pearl inlaid shell dress combs, ladies' and misses' hats, etc. Brown's sale and bonnet, together with every style of goods comprising a complete stock. Ladies and gentlemen are invited to attend this closing sale, and avail themselves of bargains not before offered them.

NEW FIRM—STRONG COMBINATION.—From our advertising columns it will be seen that from this date, Colwell, Parker, Fox, became a partner in the extensive business of Mr. J. Farrington, the well-known auctioneer and real estate agent. The business hereafter will be conducted under the style of Farrington & Parker, and will still be characterized by that promptness, energy and ability which has already secured for the firm such an enviable reputation. The members of the firm are both gentlemen of the most resistant business talent, and their whole energies will be exerted to render it a pleasant business for those who may address their business to them. We commend them to the patronage of their having property of any kind to dispose of.

FIRES YESTERDAY AND LAST NIGHT.—There was a conversion of fires and alarms of fire yesterday and last night. About ten o'clock yesterday morning a large two-story frame building, over the corner of Second and Court streets, was discovered, the first story of which was occupied by Mrs. Pierce and S. H. Crippen, and the second story by young gentlemen as sleeping apartments. The building and the greater part of the furniture belonging to the occupants of Mrs. Pierce's furniture, were destroyed. The adjoining real estate were in great danger at one time, but their destruction was averted through the activity of the firemen. The building destroyed was the property of Mrs. Mary Peabody, and was valued at $2,000, being insured for $1,500. The fire occurred in Mrs. Pierce's kitchen.

An alarm was made about nine o'clock yesterday morning, to set fire in the engine house of Fire-company No. 4, on Jefferson street, near Main. The alarm was discovered, however, and the fire extinguished without serious damage material damage.

There were several alarms of fire at a late hour last night. About eleven o'clock a stable and cooper shop belonging to Mr. John Gibney, on Jackson street, between Main and Causlan streets, were discovered, together with two horses, which were in the stable at the time. The loss was estimated at $1,500.

MAJOR THOS. M. EAST.

We have received from Col. Perkins, the following obituary, written by Dr. B. D. Mathews of Holly Springs:

Died in Memphis, Tenn., on the 8th inst., Major Thos. M. East, aged forty years. It is the duty of the writer to recapitulate the virtues of the deceased, but, to use the last and tribute which affection offers to departed worth. Maj. East was born in ——— county, Virginia; his parents moved to Giles county, Tenn., when he was a child, where he was raised. To early manhood he remained and settled in Wayne county, where he held the office of circuit clerk and probate for twelve years. In 1840 he moved to Memphis where he has since resided, adhering the esteem and confidence of all who knew him. During the last three years he has filled the responsible office of city recorder, in which he was aided by the wife of the citizens. As a man he adorned and was welcomed to be social circle, and as a christian he attended with consistency the duties of christian, to his claim, raising one to the dance and Providence.

He was calm, dignified and unassuming in his manner, but firm and determined in the discharge of duty. Charity and benevolence were his ruling instincts that shone conspicuously forth in his character, and it is remarked by one who knew him intimately for thirty years, "that he cast more bread upon the waters" than any man of his age and circumstances of living. To relieve the distressed and comfort the needy, were Christian virtues that he delighted to perform. A warm and devoted friend of the strictest integrity, his whole life has been characterized by the performance of duty.

When called to be in prepared for the last great change, he replied, "I have long and anxiously awaited this moment; death has no terrors for me, as the Lord has had mercy upon me, so will he have mercy upon all who call upon him."

The dying Thomas M. East, a good, true and honest man, "the noblest work of God" His remained spirit shall be in the robes of immortality now sings the songs of the redeemed. Through a long and painful illness he manifest was ever kind to those his lips, and he expressed great joy in dying. He said he was parting with his friends and departed with. Weep not, disconsolate one, "earth has no sorrow that heaven cannot cure." It is but a little while and you will be reunited in a pure and sublime home above. His remains were taken to the Union Mon. Ins. this morn, where an appropriate funeral address was delivered by the Rev. Mr. Hamilton, minister in charge, from thence to the Memphis and Charleston depot and conveyed to Holly Springs, where they were deposited in the family burying ground of Dr. B. Mathews, where they silently await the resurrection morn.

The city council last night adopted the following resolution:

Resolved, That the board deeply sympathize with the widow of the deceased in the bereavement which she has sustained, and the city will regard her as a public charge.
