A FIXED FACT—That Sands' Pale Cream Ale is the best manufactured in the United States. Its is the most delicate malt liquor manufactured, and that it proved from a good stock is not the rank, bitter, black, nauseating stuff usually called ale, but a pleasant, palatable, slightly stimulating stout, in and tonic beverage, pronounced by chemists and physicians as healthy and nourishing to most people and many invalids. Sands's Sands' Pale Cream Ale, which is extensively used by the physicians and citizens of Memphis to be an invaluable tonic, and beyond rivalry or competition from any other beverage. MAGICAL BLUE,
For Blueing Clothes.
DYEING AND MAKING BLUE INK.

SIX good and sufficient reasons why VAN DEUSEN'S MAGIC BLUE should be used by every good housewife:

1. It is less times cheaper than Indigo.
2. It is in a compact form, finely powdered, and ready for use.
3. It cleans infers Clothing, while it gives them an Alabaster Whiteness, or a beautiful blue color, according to the quantity used.
4. A small portion, equal in bulk to a mustard seed dissolved in hot water, is sufficient for a common family washing.
5. A quantity equal in bulk to a pea, mixed in a teacup half full of hot water, will make a brilliant Ink, ink that will not corrode, and known as "True Blue" that will not fade.
6. A teaspoonful mixed in a gallon of soft water will make an Azure Dye for silk, cotton and woolen goods.

Ohio White Sulphur Springs.

ANNOUNCEMENT OF THE PROPRIETOR FOR 1860.

THE Ohio White Sulphur Springs are situated in Delaware county, 13 miles north of Columbus, the capital of Ohio, on the Scioto river, 10 miles from Delaware, two miles from White Sulphur station, on the Springfield, Mt. Vernon and Pittsburg railroad, and six miles from Lewis Center station on the Cleveland, Columbus and Cincinnati railroad.

These Springs will be open for the reception of visitors from May until October.

The gentlemanly experience of the past two seasons has fully convinced the Railroad representatives of the proprietor, and encouragement is promised in his efforts to make this resort second to no place in the country.

The large number of permanent cures which have been effected during the last several years, and the medicinal qualities of these waters. Their alterative, tonic and agent of properties render them useful in a great variety of diseases. The five fountains, the White Sulphur, the Chalybeate, the Magnesian, the Sulphur Chalybeate, and the Spring of Pure Water, are all within the lawn and easy of access.

BATHS.

Bathing houses by the plan adopted is brought into full communication with the Sulphur water, and the other Springs. The water, heated in the bath-tub by steam pipes, the bather not being exposed to the weather, is quite as safe, is applied to the surface of the bather without the loss of any of its active ingredients.

The hotel rooms are substantial and convenient. The grounds, embracing about 100 acres, divided between lawn and woodland, are handsomely laid off into walks and drives.

A Telegraph Office has been permanently established, connecting the Springs with all parts of the country.

A Livery, well stocked with horses and barouches, is attached to the place.

For further information, arrangements for rooms, etc., apply to ANDREW WILSON, Jr., Proprietor.

OVERLAND MAIL.

The Overland Mail leaves every Wednesday and Saturday at 8 A. M., by the Little Rock Railroad, per stage to Fort Smith, Fort Yuma, and Fort Chadbourne.

PERSONAL.—Mr. Clark J. Morton, of New York, is in the city.

FRESH SUPPLIES.—Mr. A. H. Hise, at No. 4 and 6, Clinton street, has just received a large assortment of extra family flour and superior oats meal.

EDITORIAL.—A. F. Critchfield, Esq., editor of the Petersburg, (Va.) Express, is at the Worsham House.

ATTEMPTED SUICIDE.—A drunken man attempted to commit suicide in the vicinity of Messrs. J. D. Morton & Co.'s wharfboat yesterday morning.

RESISTING THE POLICE.—John Griffin was fined twenty-five dollars by the recorder yesterday for disorderly conduct and resisting the police.

RECORDER'S COURT.—There were twenty delinquents before the recorder yesterday, ten of whom were sent to the chain gang.

ELECTION FOR ATTORNEY-GENERAL.—It should be borne in mind that the election for attorney-general for the Ninth, Thirteenth and Fourteenth Circuit Districts will take place to-morrow.

HARPER'S MAGAZINE.—*Harper's Magazine* for June is already on Clayton & Yaden's counter! It is a fine number, well illustrated, with a full amount of excellent matter.

RAILROAD EXCURSION.—A large number of our citizens will avail themselves of the excursion train over the Memphis and Ohio railroad, to-day, to visit Paris, to which point the road has just been completed.

MISS WATSON'S CONCERT.—The admirers of delightful vocal music hardly need to be reminded of the concert to be given by Miss Watson, at the new theater, this evening, for the benefit of the Leath orphan asylum.

HEAVY LOSS.—We regret to learn that Messrs. Gully & Perry, proprietors of the *Autuma* machine, sustained a loss of $1000 by the fire on Monroe street Saturday night, upon which there had but $500 insurance. The publication of the *Advertiser* will be resumed at an early day.

TEMPERANCE.—There will be a meeting of the friends of the temperance cause in the basement of the First Methodist church, corner of Poplar and Second streets, this evening, for the purpose of organizing a new order of the Sons of Temperance in this city. The public generally are invited to attend.

FURNITURE.—All the furniture saved from the fire at Mosserat, Dupree & Co., on Sunday morning last, will be sold at auction on to-morrow, commencing at 10 o'clock p. m. Some of the furniture is but very slightly damaged, but the whole will be closed out regardless of price. Here is a chance for bargains.

A TRUANT HUSBAND CAUGHT.—It will be remembered that a man named Kennedy deserted his wife in this city a few weeks ago, eloping with his daughter, and taking with him several negroes and property belonging to his wife. He made a brilliant escape, it appears, has been arrested, and Mrs. Kennedy has assurance that he is in prison in Cleveland, Ohio.

INVESTIGATION.—The committee from the board of aldermen and fire department, appointed to investigate the difficulties existing between certain members of the fire department, met in session yesterday at the mayor's office. A large number of witnesses have yet to be examined, and the investigation will be prolonged several days.

A FINE DINNER.—We were fortunate enough a day or two ago to form one of a dinner party given to a few friends by Mr. Samuel Harnage of Schwabb's restaurant, and could testify to the fact that he does not merely furnish eatables in this city. It was a regular epicurean feast, and after the cloth had been taken the fire wardens. He would stand up to honors, our take other acts o, but would stop the debate "right there" for want of jurisdiction.

Ald. Perkins had no intention to make a speech. He had no fear of being right, but he did fear being wrong. He called attention to the omission in the fire ordinance hearing upon the point. He urged upon the board to adopt the resolutions as had proposed, not because he wished to be home of passing the amended resolutions; indeed the part he had to take in the matter was a cross to him; but because he thought them the proper resolutions to meet the case.

Ald. Bayless thought the board ought to inquire why the conduct of those who had had little before the late riot had not been investigated by the body authorized to take cognizance of the fact? The firemen are fair men, and they all know that a wrong has been committed. The question is, who has done it?—individuals, or companies or engaged boiling? Let the testimony be taken by the wardens, and brought before the board, and he had no doubt the firemen would be satisfied with their action. It would be wrong to condemn unheard. It should be remembered that their companies are chartered by the State; they were constituted by a power higher than councils. It is the emphatic duty of the chief of the fire department to take such steps as shall prevent a recurrence of any disturbance until the investigation is concluded. He was sure, as law-abiding citizens, the firemen would avail in great the dignity of the wardens and committee and the action of this board without disrupture.

Ald. Lofland's resolutions "that a committee of three be appointed, in connection with the fire departments, to investigate the riot occurring on Sunday the 20th inst., between fire companies No. 2 and 6, and

Resolved, That said committee report the result of their investigation, the mayor and chief of fire department shall keep possession of the hoses and engines of said companies," was taken up and discussed.

Ald. Douglas opposed the resolution requiring the hoses to be closed. Ald. Tighe supported the view of the case. Ald. Kirkpatrick proposed to so change it as to leave it to the mayor and fire chief. Ald. Lofland said that was his intention in offering the resolution.

Ald. Thompson had no confidence in the chief, given the fire department and had not like leaving anything to his discretion. If he had done his duty on the occasion of the previous riot he deserved favorable consideration and have taken place.

Ald Snow was opposed to closing the engine houses as it would leave the city exposed to fire. The fire steamer was injured in some way and was at a foundry for repair.

Ald. Rider contended that there was an obvious reason why the resolution should stand. If the two companies were permitted to go to another fire before the matter in hand was arranged, there might be more fighting. He was informed that one hose company had compelled themselves. He insisted on retaining the resolution.

Ald. Douglas insisted on his motion not to close. Not recorded.

Ald. Lofland's resolu... ...ne were adopted as proposed, Ald. Douglas, Griffin, and Drew the president appointed Messrs. Griffin, and Drew the committee.

Ald. Parrish objected that the committee were a... ...ess side.

The president was desirous of avoiding that and substituted the name of Ald. Parrish for that of Ald. Drew.

A resolution was adopted that the mayor should call another meeting of the board as soon as the committee and the fire department were ready to report.

The mayor said the two companies could not act, for they were not in a condition to do so. He wanted an additional policeman in each Ward to detect incendiaries, and to arrest persons raising false alarms. It was a practice to give false alarms for the purpose, as believed, of getting up fights.

Ald. Lofland was opposed to appointing additional policemen at this particular period. A motion to appoint the additional police was carried.

The president requested gentlemen outside not to vote. Adjourned.

☞ In complying with the many calls made upon Mr. J. M. Crews, he consents to become a candidate for alderman of the Fourth ward. His announcement will be found in another column, and if elected he will make a faithful and efficient representative of his constituents and the interests of the city.

THE POPULAR MAGAZINE.—That is *Harper's Monthly*, of course, Gen. Pattison & Co., have received it. Ancient Monuments in the United States by Squier, and insects belonging to the Cotton Plant, are good articles.

ANNOYING LOSSES.—The Messrs. Jones, of the billiard saloon, lost many articles during the fire Saturday evening, not of great value, but indispensable to them, which they trust will be returned without further notice.

OWNER WANTED.—A gentleman found a gold watch in a room at the fire on Monroe street Saturday evening, which he deposited with Mr. Wilkes, at the Front Row station house. The owner may recover it by application to him.

A CARD.—What was the reason that Henry S——— did not appear to his character of "Rankin" on Friday evening last at the nomination of the May Queen? By not so doing he has disappointed MANY FRIENDS

EDITORS APPEAL: You will please state our withdrawal from the canvass for attorney-general. TOBIN, ETC., E. D. BARLAND.

☞ Among the many testimonials as to the fire proof qualities of HALL, CARROLL & CO.'S SAFES, we take pleasure in presenting the subjoined letter from a well-known house at Jacksonport, Ark.:

JACKSONPORT, ARK., May 11, 1860.

MESSRS. HALL, CARROLL & CO.: You no doubt have noticed in the papers of the loss by fire of our store-house, together with large stock of goods, on the 25th of March last. The safe (Hall's Patent) we purchased from you, was in the office on the first floor, and fell to the cellar, together with the building and a large lot of jewelry, silk, etc., which crashed an intense heat, and which was entirely consumed around it, making a fire in every appearance like a furnace. The safe remained in this most intense heat for at least twelve hours without being touched. We would have been willing to risk anything that the safe would not hold out, but upon opening it, to our great satisfaction, we found that the books, papers and money we had left in it were entirely uninjured. We are fully satisfied with the reliability of your Safes, and confidently recommend them to any person wishing a Fire Proof Safe.

Truly your friends,

Porter and Davidson Division.

READER, don't you know that well-known draft of land on the east side of the Hernando road, called Porter's choice and Davidson's Sawney Homestead? Then, of course, you can't help admire the property, surrounded as it is by so many improvements as it has—so numerous we will not undertake to mention only one or two—all who ever traveled the road know its beautiful—first for location is commanding, 1½ miles from Court Square, on the great thoroughfare leading to the State Female College, which is only a few hundred yards beyond the property, which fronts on the Hernando road and College street. In a few months, at least, we have all the advantages of the horse railroad, which privilege the State granted the charter, causing thousands to be anxious to reside. Then to be made more happy, attend our sale of one or three beautiful lots, which will certainly be sold TUESDAY, the 29th day of May. Don't forget the day.

Latest News by Telegraph

Further Accounts of the Terrific Hurricane.

LOUISVILLE, May 22.—Further accounts represent that Cincinnati suffered to a greater extent than Louisville from the storm of yesterday. Twenty eight boat loads, destined for the South, were tied between this place and Madison. Business lines were lost. The storm raged with great severity on both sides of the river between here and Cincinnati, and in a northwesterly direction as far as Salem, Indiana. Five or six steamboats have been sunk or crippled.

Advices received from points below New Albany on the river say that the storm did no material damage to the boats, and that no injury was sustained by the residents.

All the telegraph lines leading from this city north, east, and southwest (except Louisville) were stopped before the storm came into our town. The receipts at this point of last year amount to 197,000 bales. The receipts at all southern ports stand at last year amount to 775,000 bales. Sugar—The market closed firm at 6½@7c. Molasses—Sugar. TRUSTEES SALE OF REAL ESTATE.

IN pursuance of the provisions of a deed of trust made by Jno. Johnson Vaughan, dated April 27th, 1859, and registered in the office of the Register of Shelby county, Tennessee, in book No. 29, pages 186, 187 and 188, conveying to me the undersigned, in the district, lying in said county of Shelby, being a fractional part of the Hernando road, and a part of the Hill cotton gin tract of land purchased under a deed of the same party recorded at Carthage, Tennessee, in the year 1853, by John W. Robertson, Sam'l W. Hills, in the county of Smith, which R. W. Hills, being the last of ground known and designated on said Hill plan of subdivision of said five-acres tract as surveyed by William Crane, May, 1856, on lot No. 20 (Fifty), and bounded on the north Fronting on Hernando road two feet on the west side of Dunlap street and running back westwardly, between parallel lines, at right angles to said street, one hundred and eighty feet to an alley fifteen feet wide, and fronting on the south side of lot No. 22 of the same plan. I will expose said lot of ground to public sale to the highest bidder, on the premises, the 23d day of June, 1860, in front of the Register's Office in the city of Memphis. The lot of ground is to be sold free from the equity of redemption, which is expressly waived in the deed of trust, and to be sold for the purpose of paying the debt, and the balance, if any, to be paid over to the party entitled thereto. The purchaser will be required to pay the purchase money, and the cost of the sale, on the day of sale. Sale to be made between the hours of 10 and 12 o'clock, A. M., and the same will be closed on the day of sale. The lands will be sold subject to the lien of the State and County taxes for the year 1860.

NOTICE TO GAS CONSUMERS.

LEFFINGWELL'S
GAS REGULATOR!

The complaint is general that our bills in this city are high. Five hundred burners have been manufactured in the same, but content themselves by laying off the blame on the Gas Company. This is unjust. It is universally true, that some mistakes are made by the others of the company, and also, that you are occasionally charged by defective meters, but we think the gas company should not be blamed for these. Gas may be offered by a fraud burner. Frequently gas escapes from the meter, and the other are contrived to pass burners, so as to cheat the Gas company through the meter without stop... ...the other to escape through the meter without stop... ...ing, or, to turn of the gas at the proper hours, or to turn the Gas to a private pipe, or to turn the Gas to the others. It is to prevent all this that the Regulator is offered to the public. Persons neglecting to use the Regulator will be held responsible for any damage to the Gas Company. This is unjust.
